Le Ministre est d'avis que dans les circonstances ce serait dans l'intérêt du public, et surtout du district dans lequel il est proposé de fonder cette colonie, d'accorder la demande des pétitionnaires, et il recommande que toutes les terres, y compris les sections paires et impaires, qui restent à la disposition du gouvernement dans les townships 13 et 14, rang 12, les townships 12, 13 et 14, rang 13, et les moitiés est des townships 12 et 13, rang 14, toutes à l'ouest du 3^e méridien, soient réservées pour l'établissement d'une colonie par l'Association Mennonite Reinland du Manitoba, les conditions de cette réserve seraient que personne, à moins d'être aidé par l'association, ou autrement approuvé par le ministère de l'Intérieur n'aurait la permission de s'inscrire pour un homestead dans la région mentionnée, et que cette réserve serait continuée pour une période de trois ans à compter du présent arrêté en conseil. Les colons prendront, à leur choix, les sections paires ou impaires.

Le Ministre recommande en outre que l'association ait la permission, après que les quatre quarts de toute section paire auront été inscrits, de passer un contrat pour l'achat d'une section impaire à raison de \$3 l'acre payables par dix versements annuels, avec intérêt au taux de 5 pour cent par année sur la balance impayée, nulle patente pour la section achetée ou partie d'icelle ne sera délivrée avant que les devoirs de homestead aient été remplis sur la section adjoignante ou une partie proportionnelle de cette section au sujet de laquelle le privilège d'acheter la section impaire a été accordé.

Le comité soumet ce qui précède à l'approbation.

Lundi, le 19^e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plaît au Gouverneur général en conseil, en vertu des dispositions de l'article 29 de l'acte 3 Edouard VII, chapitre 11, intitulé "Acte concernant les maladies infectieuses ou contagieuses chez les bestiaux", de faire et établir les règlements suivants concernant la morve, et ces règlements sont faits et établis en conséquence, et seront exécutoires immédiatement :—

1. Chaque propriétaire, éleveur ou importateur ou marchand d'animaux, du moment qu'il s'aperçoit que la maladie de la morve existe chez les chevaux, mulets et ânes possédés par lui ou sous ses soins spéciaux, devra sans délai avertir le ministre de l'Agriculture et le plus proche inspecteur vétérinaire du ministère de l'Agriculture, des faits découverts par lui comme susdit.

2. Chaque chirurgien vétérinaire exerçant en Canada, aussitôt qu'il constate ou soupçonne qu'un animal est atteint de la morve, devra donner un avis semblable au Ministre ou au plus proche inspecteur vétérinaire.

3. Dans les territoires du Nord-Ouest l'avis exigé par les deux articles précédents des présents règlements sera censé suffisant s'il est donné au commissaire, sous-commissaire, ou autre officier de la gendarmerie à cheval royale du Nord-Ouest, ou à un des sergents-majors vétérinaires de la dite force.

4. Les chevaux, mulets et ânes qui montrent en aucun temps des symptômes cliniques de la morve seront, sur un ordre signé par un inspecteur dûment nommé du ministère de l'Agriculture, immédiatement abattus, et les carcasses seront traitées tel que prescrit par le dit arrêté.

5. Aucun animal atteint de la morve ou qui y aura été exposé ne sera libre d'errer en liberté ou de venir en contact avec un animal qui n'est pas ainsi atteint.

6. Tout inspecteur vétérinaire ou autre personne dûment autorisée pourra déclarer lieu infecté dans le sens de l'Acte concernant les épizooties, 1903, toute commune, champ, écurie, étable ou autre endroit ou local où la contagion de la morve est connue ou soupçonnée exister.

7. Nul cheval, mulet ou âne ne sera déplacé d'un endroit infecté sans un permis signé par un inspecteur ou autre personne dûment autorisée.

8. Les inspecteurs vétérinaires sont par le présent autorisés à inspecter et soumettre à l'épreuve de la malléine les chevaux, mulets ou ânes atteints de la morve ou soupçonnés être ainsi atteints, ou qui sont venus en contact avec des animaux ainsi affectés ou soupçonnés être ainsi affectés, ou qui ont été de quelque manière exposés à la contagion ou infection de la maladie de la morve, et, dans le but de faire cette inspection ou épreuve, ordonner que ces animaux soient rassemblés, détenus et isolés.

9. Les inspecteurs sont par le présent autorisés à ordonner l'abattage des chevaux, mulets et ânes qui réagissent à l'épreuve de la malléine, mais qui n'indiquent pas de symptômes cliniques de la morve et ordonner la disposition des carcasses de ces animaux, et le ministre de l'Agriculture est par le présent autorisé à ordonner qu'une indemnité soit payée aux propriétaires de ces animaux au taux fixé au paragraphe 2 de l'article 12 de l'Acte concernant les épizooties, 1903, tel que modifiée par le chapitre 6 des statuts de 1904.

10. Les inspecteurs sont de plus autorisés, si les propriétaires le préfèrent, à ordonner que les chevaux, mulets et ânes qui réagissent à l'épreuve de la malléine mais qui n'indiquent pas de symptômes cliniques de la morve, soient isolés et soumis à une deuxième et troisième épreuve de la malléine, ces deuxième et troisième épreuves seront faites aux frais du propriétaire, et seront complétées sous quatre mois après la première épreuve. Pourvu, toutefois, que tout animal qui montre des symptômes cliniques de la morve en aucun temps entre la première et troisième épreuve sera abattu sans indemnité.

11. Les chevaux, mulets et ânes qui réagissent à la troisième épreuve de la malléine, seront immédiatement abattus sur un ordre signé par un inspecteur, et les carcasses seront traitées tel qu'ordonné, et le Ministre pourra ordonner qu'une indemnité au taux susdit soit payée aux propriétaires pour tout animal qui aura en aucun temps montré des symptômes cliniques de la morve.

12. Les inspecteurs sont par le présent autorisés à permettre aux propriétaires de chevaux, mulets et ânes qui ne réagissent pas à la troisième épreuve de la malléine, et qui n'ont en aucun temps montré des symptômes cliniques de la morve, de retenir et employer ces animaux, sujet aux conditions contenues dans l'ordre ou l'avis signé par l'inspecteur.

13. Avant d'ordonner le paiement de l'indemnité dans aucun des cas susdits, le Ministre exigera la production d'un rapport satisfaisant, l'ordre, le certificat d'évaluation et d'abattage, et le certificat de nettoyage et de désinfection, tous signés par un inspecteur.

14. Le certificat d'un inspecteur comportant qu'un animal a réagi à l'épreuve de la malléine, ou a montré des symptômes cliniques de la morve sera, pour les fins du dit acte et du présent arrêté, une preuve *prima facie* devant tous les tribunaux de justice et ailleurs des faits qui y sont attestés.

15. Chaque cour, étable, appentis ou autre endroit ou local, et chaque wagon, charrette, voiture, char ou autre véhicule, et chaque ustensile ou autre chose infecté de la morve, seront complètement nettoyés et désinfectés par et aux frais du propriétaire ou occupant à la satisfaction d'un inspecteur vétérinaire ou autre personne dûment autorisée.

Mercredi, le 17^e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport daté le 10 d'août 1904, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4 chap. 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 15 de décembre 1899, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 288,303.31 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 156,315 79 reviennent à la province comme terrains marécageux.

Que par un arrêté en conseil daté le 26 d'avril 1902, il a été attribué à Sa Majesté le roi Edouard VII, pour les fins de la province du Manitoba, une étendue de 20,744.01 acres, étant des terrains formant une partie de la susdite étendue de 156,315.79 acres qui furent trouvés disponibles d'après les registres du ministère de l'Intérieur.

Le Ministre soumet la liste ci-jointe des terrains formant une autre partie de la dite étendue de 156,315.79 acres, déclarés terrains marécageux par les commissaires, et contenant une étendue totale de 5,584 acres.

Le Ministre dit de plus que ces terrains étaient inclus dans une région que le conseil de la ville du Portage-la-Prairie avait demandé par pétition pour en faire un parc, le 16 avril 1900, mais vu que les terrains sur la dite liste ci-jointe avaient déjà été déclarés terrains marécageux par les commissaires, et que le gouvernement du Manitoba demande aujourd'hui que ces terrains soient transférés à la province du Manitoba, le Ministre, s'étant convaincu de l'exactitude de cette liste, recommande que les terrains énu-

merés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

Le comité soumet ce qui précède à l'approbation.

HOTEL DU GOUVERNEUR A OTTAWA.

Mercredi, le 17e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 10 août 1904, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4, chap. 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 12 de mai 1903, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 121,120 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 92,960 acres reviennent à la province comme terrains marécageux.

En comparant les listes fournies par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que l'étendue totale de 92,960 acres choisis comme tels terrains marécageux est disponible.

Le Ministre dit de plus que sur l'étendue de 92,960 acres disponibles 87,840 acres sont non arpentés, laissant une étendue de 5,120 acres disponibles pour être transférés à la province. Les terrains qui forment cette étendue de 5,120 acres, d'après le rapport des commissaires, se trouvent à former, toutefois, une étendue totale de 5,127 acres, après correction conformément au plan d'arpentage du township dans lequel les terrains sont situés.

Le Ministre soumet des listes révisées marquées A et B respectivement, de ceux des terrains compris dans les listes des commissaires qui sont trouvés disponibles, comprenant une étendue de 97,967 acres, et s'étant convaincu de l'exactitude de ces listes révisées, ci-jointes, le Ministre recommande que les terrains énumérés dans la liste marquée A et comprenant une étendue de 5,127 acres, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada, et que les terrains énumérés dans la liste marquée B et comprenant une étendue de 87,840 acres soient réservés afin d'être transférés à la province du Manitoba, et que lorsque l'Arpenteur général fera rapport que ces terrains sont arpentés, le titre à ces terrains soit attribué à la province.

Le comité soumet ce qui précède à l'approbation.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 9 d'août 1904, du ministère de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux dans la province du Manitoba qui seront attribués à cette province en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 2 mars 1904, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste

des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 185,272·85 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 55,678·24 acres reviennent à la province comme terrains marécageux.

En comparant la liste fournie par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que sur l'étendue totale de 55,678·24 acres choisis comme tels terrains marécageux, une étendue de 13,098·01 acres est disponible.

Le Ministre soumet une liste révisée de ceux des terrains compris dans la liste des commissaires qui sont trouvés disponibles, comprenant une étendue de 13,098·01 acres, et s'étant convaincu de l'exactitude de cette liste révisée, le Ministre recommande que les terrains énumérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

AVIS DU GOUVERNEMENT.

EXAMENS D'ADMISSION AU SERVICE CIVIL.

CES examens auront lieu à Charlottetown, St. John, Halifax, Québec, Montréal, Ottawa, Kingston, Toronto, Hamilton, London, Winnipeg, Victoria et Vancouver, commençant mardi, le 8 de novembre prochain, à 9 heures a.m.

Une session sera aussi tenue le même jour et à la même heure à Port-Arthur, Sault Sainte-Marie, Régina, Calgary, Prince-Albert et Nelson, pourvu que le nombre de personnes demandant la permission de se présenter à ces endroits soit suffisant pour permettre de tenir une telle session.

On pourra obtenir des formules de demandes d'admission en s'adressant au soussigné, et ces formules devront être renvoyées à son adresse pas plus tard que le 15 octobre.

Les honoraires sont payables le premier matin de l'examen, et en conséquence ne doivent pas être envoyés d'avance.

Les demandes d'admission doivent être signées de la main même des candidats, avec leurs noms en toutes lettres, lisiblement écrits, afin qu'il ne puisse survenir d'erreur en les transcrivant sur les listes.

Par ordre du bureau,

WILLIAM FORAN,

Secrétaire.

AUX ANNONCEURS DANS LA GAZETTE.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.

3. TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA GAZETTE, TELS QUE DONNÉS PLUS BAS; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—5 insertions.

Les avis de demandes de lettres patentes en vertu de l'Acte des compagnies de prêt (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, \$4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

Outre l'avis à publier dans la *Gazette du Canada* susdite, un avis semblable devra aussi être publié dans quelque journal important, comme suit :—

A. Lorsque la demande sera faite pour un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal :—Dans la principale cité, ville ou village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. Une compagnie de télégraphe ou de téléphone :—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. Une compagnie pour la construction de travaux quelconques de nature à affecter une localité particulière par suite de leur construction ou exploitation; ou pour obtenir quelques droits ou privilèges exclusifs; ou pour faire quelques opérations pouvant affecter les droits ou la propriété de particuliers :—Dans la localité ou les localités qui pourraient être affectées par la législation projetée.

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommiss; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques :—Dans la *Gazette du Canada* seulement.

B. Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal :—Dans la principale cité, ville ou village dans chaque district ou comté dans lesquels devront être construits les dits prolongement ou embranchement.

2. Pour la prolongation du délai fixé pour la construction ou l'achèvement de quelque ligne de chemin de fer, ou de quelque canal, ou de quelque ligne de télégraphe ou de téléphone, ou de tous autres travaux déjà autorisés :—Dans la localité où le siège d'affaires de la compagnie est situé ou est autorisé à se fixer.

3. Pour l'extension des pouvoirs d'une compagnie (lorsqu'ils n'entraîneront pas l'octroi de quelques droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs pour émettre des obligations ou pour faire des emprunts, ou pour quelque amendement pouvant affecter les droits ou intérêts des actionnaires ou porteurs d'obligations ou créanciers de la compagnie :—Dans la localité où est situé le siège de la compagnie.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans une feuille publique, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives; et en ce qui concerne les provinces de Québec et du Manitoba, ils devront y être publiés en anglais et en français; et des exemplaires marqués de chaque numéro de tous les journaux contenant le dit avis devront être adressés aux greffiers du Sénat et de la Chambre, et devront porter à l'endos 'Avis de Bill Privé'; ou une déclaration statutaire attestant la publication pourra être envoyée au lieu des dits exemplaires.

RÈGLES RELATIVES AUX PÉTITIONS ET BILLS PRIVÉS.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts. L'honoraire de \$200 ne sera payé que dans la Chambre où le bill a pris naissance; mais les frais de réimpression et de traduction seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Nulle pétition demandant la construction légale d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne de quelque chemin de fer ou canal existant ou autorisé, ne sera prise en considération par les comités des Ordres Permanents, à moins qu'il n'ait été soumis au comité une carte ou plan indiquant le territoire sur lequel

devront être construits les travaux projetés, et chaque comté ou district dans lesquels devront être construits le chemin de fer ou canal projeté, ou quelque embranchement ou prolongement d'iceux.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débiteures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie Britannique, ou les Terri-

toires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district: autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

DESPATCHES, Etc.

AT THE COURT AT BUCKINGHAM PALACE.

The 10th day of August, 1904.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY
IN COUNCIL.

WHEREAS by an Order in Council dated the 5th day of May, 1873, after reciting that by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that whenever it was made to appear to Her late Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act had been adopted by the Government of any foreign country and were in force in that country, it should be lawful for Her Majesty by Order in Council to direct that the ships of such foreign country should be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it should no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's Dominions, but such ships should be deemed to be of the tonnage denoted in the certificates of registry or other papers in the same manner, to the same extent and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships was to be deemed the tonnage of such ships, and reciting that it had been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships then in force under "The Merchant Shipping Act, 1854," had been adopted by the President of the French Republic, and were in force in the French Dominions : Her Majesty was thereby pleased, by and with the advice of Her Privy Council to direct that the ships of France, the certificates of French nationality, and registry of which were dated on or after the first day of June, 1873, should be deemed to be of the tonnage denoted in the said certificates of French nationality and registry :

And whereas The Merchant Shipping Act Amendment Act, 1862, was repealed by "The Merchant Shipping Act, 1894," but by section 745 of the latter Act it is, amongst other things provided that any Order in Council made under any enactment thereby repealed should continue in force as if it had been made under the said Act of 1894.

And whereas by an other Order in Council dated the 29th day of January, 1904, after reciting that by section 84 (3) of "The Merchant Shipping Act, 1894," it was enacted that if it was made to appear to Her late Majesty that the tonnage of any foreign ship, as

measured by the rules of the country to which she belonged, materially differed from that which would be her tonnage if measured under that Act, Her Majesty in Council might order that, notwithstanding any Order in Council for the time being in force, any of the ships of that country might be remeasured in accordance with that Act, and reciting that it had been made to appear to His present Majesty that the tonnage of French ships, as measured by the rules concerning the measurement of tonnage of merchant ships of France, materially differed from that which would be the tonnage of such ships if measured under "The Merchant Shipping Act, 1894," His Majesty in Council ordered that notwithstanding the hereinbefore recited Order in Council dated the 5th day of May, 1873, any of the ships of France might, for all or any of the purposes of "The Merchant Shipping Act, 1894," be remeasured in accordance with the said Act:

And whereas by section 738 of the same Act it is provided that where Her late Majesty had power under that Act to make an Order in Council, Her Majesty might by Order in Council revoke, alter, or add to any Order so made:

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the Crown shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being and that Act shall be binding on the Crown:

And whereas it has been made to appear desirable to His present Majesty that the provisions of the said recited Orders in Council, dated respectively the 5th of May, 1873, and the 29th day of January, 1904, should be revoked and a new Order in Council made and substituted in lieu thereof:

Now, therefore, His Majesty, in virtue of the powers vested in Him by the said recited Acts, and by and with the advice of His Privy Council, is pleased to direct that the said recited Orders, dated respectively the 5th day of May, 1873, and the 29th day of January, 1904, shall be and the same are hereby revoked.

A. W. FITZROY.

AT THE COURT AT BUCKINGHAM PALACE,

The 10th day of August, 1904.

PRESENT

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS it is enacted by section 84 (1) of the "Merchant Shipping Act, 1894," that whenever it appeared to Her late Majesty the Queen in Council that the tonnage regulations of that Act had been adopted by any foreign country and were in force there, Her Majesty in Council might order that the ships of that country should without being remeasured in Her Majesty's Dominions be deemed to be of the tonnage denoted in their certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship, was deemed to be the tonnage of that ship.

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the Crown, shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being, and that Act shall be binding on the Crown.

And whereas it has been made to appear to His Majesty that the rules concerning the measurement of tonnage of merchant ships now in force under "The Merchant Shipping Act, 1894," have been adopted by the President of the French Republic, and are in force in the French Dominions, having come into operation on the 1st day of July, 1904.

Now, therefore, His Majesty in Council doth order that the ships of France, the certificates of registry or

other national papers of which are dated on or after the 1st day of July, 1904, shall without being remeasured in His Majesty's Dominions, be deemed to be of the tonnage denoted in such certificates of registry, or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

Wednesday, the 28th day of September, 1904.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 15th September, 1904, from the Minister of the Interior, stating that by an Order in Council of the 16th March, 1901, Mr. J. A. J. McKenna, now Assistant Indian Commissioner, was appointed sole Commissioner to complete the investigation of the claims of Half-Breeds who were born between the 15th July, 1870, and the end of the year 1885, in the North-west Territories, or in that part of the Province of Manitoba as now constituted which was not included in the province as constituted by the Manitoba Act, 33 Victoria, chapter 3, and that, amongst other claims which were disallowed by Mr.

McKenna, the claims which were preferred before him at Birtle in the Province of Manitoba, on behalf of the heirs of Marguerite Bellehumeur, Pierre Bellehumeur, Alfred Bellehumeur and Marie Louise Bellehumeur, deceased children of Jean Bellehumeur, or Monette, by his wife Marie Bellehumeur née Tanner, were disallowed by the said Commissioner on the ground that they had not been proved to his satisfaction.

The Minister further states that additional evidence has since been filed in the Department of the Interior in support of these claims which, in the opinion of the Minister of the Interior, established the claims in question.

The Minister therefore recommends that he be authorized under the provisions of paragraph (f) of clause 90 of The Dominion Lands Act, to issue scrip in satisfaction thereof for 240 acres of land in each case.

The Committee submit the same for approval.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

WHEREAS it appears that the unsurveyed portions lying west of range twenty-six, west of the fourth meridian, between township twenty-six and the International Boundary are so mountainous that the rates fixed by the Orders in Council of the 3rd February, 1903, and the 19th February, 1904, for the payment of township subdivision surveys executed under contract are inadequate,—

Therefore the Governor General in Council is pleased, in pursuance of sub-clause 1 of clause 19 of The Dominion Lands Act, to authorize the payment of an extra allowance of four dollars per mile of township or section line for all subdivision surveys made under contract in such of the townships within the aforesaid limits as were unsurveyed on the 1st January, 1904.

Wednesday, the 28th day of September, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report, dated 9th August, 1904, from the Minister of the Interior, submitting that Messrs. Macdonell and Martin, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba, to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report, dated 30th April, 1903, in which they submit, in accordance with the terms of the Order in Council, in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 284,034 acres.

The Minister states that of the area thus examined the Commissioners find an area of 146,274 acres falling to the Province as Swamp Lands.

That by a comparison of the schedules furnished by the Commissioners with the books of the Department of the Interior, and its Agencies in Manitoba, it has been found that of the total area of 146,274 acres selected as such Swamp Lands, an area of 43,192.27 acres is available.

The Minister submits a revised schedule of such of the lands included in the schedule of the Commissioners as are found available comprising an area of 43,192.27 acres, and being satisfied of the accuracy of the same, recommends that the lands enumerated therein be

vested in His Majesty King Edward VII., for the purposes of the Province of Manitoba under the provisions of the 4th section of chapter 47 of the Revised Statutes of Canada.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

SCHEDULE showing lands selected by Messrs. Macdonell and Martin, Swamp Lands Commissioners, during the season of 1902, under the provisions of the Order in Council of 19th June, 1886, and amending Order in Council of 27th February, 1899, all being found vacant in the books of this Department.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 11th August, 1904, from the Minister of the Interior, stating with reference to the Order in Council of the 6th day of June, 1901, approving of the Report of 31st May, 1901, by Mr. J. A. J. McKenna, Half-Breed Scrip Commissioner, that the report in question deals with a variety of more or less complicated questions relating to scrip, and then proceeds to state in clause six that the claims of persons otherwise entitled to scrip "who have left Canada" and taken up their residence on Indian Reservations "in the United States and participated in the benefits of Indian life thereon and all children admitted to "United States Indian Schools" had been excluded from the distribution of scrip.

The Minister states that he submitted this report for approval and it was accordingly approved as a whole.

The Minister further states that subsequent consideration of the clause above adverted to makes it clear that the ruling set out in clause six thereof is erroneous, in that it results in depriving of the right to scrip, persons whose claims had fully matured in the year 1885, and therefore were in the nature of a vested right, because of the removal of such persons from Canada.

The Minister states that it is quite clear that such removal does not constitute any valid reason for the refusal to recognize property rights fully matured and vested before such removal took place. This principle has been clearly and very properly laid down in former cases where the right to scrip was in question. It is moreover doubtful whether in any case the half-breeds excluded under the above clause have any permanent interest in or right to the benefits derived from the United States Government to which reference is made.

The Minister therefore recommends that the claims preferred before Mr. McKenna and excluded under section 6 of his said report may be investigated by an officer or officers of the Department of the Interior, to be named by the Minister of the Interior, and that such officer or officers have in reference to such claims all the authority formerly exercised by Mr. McKenna under the various Orders in Council relating to his duties or Commission for the investigation of claims to Half-Breed scrip including the taking of evidence under oath either *viva voce* or in writing, and that the Minister of the Interior be authorized to act upon and carry out such reports as from time to time may be made in pursuance hereof.

The Minister further recommends that in case of conflicting claims from assignees of such scrip the assignee whose assignment is filed in the Department first in order of time shall be held to be the legal assignee.

The Committee submit the same for approval.

Clerk of the Privy Council.

WHEREAS the regulations governing the disposal of the right to divert and use water for Mining purposes in the Yukon Territory approved by Order of the Governor in Council on 3rd August, 1898, provide that the Mining Recorder may grant the right to divert and use water from any stream or lake, at any part thereof, and the right of way through and entry upon any mining ground for the purpose of constructing ditches and flumes to convey such water ;

And whereas there is some doubt as to whether, under the provisions of the Regulations above quoted,

an officer of the Crown has authority to grant right of way through and entry upon mining lands for which a Crown Grant has been issued, if such Crown grant conveys the surface as well as the under rights,—

Therefore the Governor General in Council is pleased to order that section 53 c. of the Quartz Mining Regulations shall be and the same are hereby amended by adding the following provision thereto:—

“and all such patents, conveying the surface as well as the under rights, shall reserve to the Crown forever such right or rights of way and of entry as may be required under any regulations in that behalf now or hereafter in force in connection with the construction, maintenance and use of works for the conveyance of water for use in mining operations.

ON a Memorandum dated 6th September, 1904, from the Minister of Marine and Fisheries, submitting for approval By-law No. 41 passed by the Pilotage Authority for the District of Halifax, Nova Scotia, establishing a fee for moving vessels from one berth to another in the Harbour of Halifax.

The Minister states that the fee is not a new charge as it has been the custom in the past to charge for the services of a pilot in moving vessels in Halifax Harbour, but the Commissioners occasionally find it difficult to collect the fee after the services have been rendered. The by-law is not compulsory as to the employment of pilots.

The Minister further states that the by-law alluded to has been examined by the Department of Justice, and the Acting Deputy Minister of Justice reports that there is no legal objection to its approval.

The Committee advise that the said by-law be approved accordingly.

JOHN J. MCGEE,
Clerk of the Privy Council.

BY-LAW No. 41.

The rates for moving vessels in the harbour of Halifax, N.S., by a pilot licensed for the Halifax pilotage district when a pilot is employed for the purpose shall be as follows:—

All vessels under 2,000 tons.....\$ 5 00
“ “ over 2,000 “ 10 00

To Bedford Basin and Quarantine Station at Lawlor's Island:—

All vessels under 1,000 tons.....\$10 00
“ “ over 1,000 “ 20 00

ON a Memorandum dated 6th September, 1904, from the Minister of Marine and Fisheries, submitting the by-laws and regulations passed by the Commissioners for the Pilotage District of St. Ann's, Victoria County, Nova Scotia.

The Minister states that the by-laws and regulations have been under the consideration of the Department of Justice, and the Acting Deputy Minister of Justice has reported that there is no legal objection to their receiving approval.

The Committee advise that the said by-laws and regulations be approved accordingly.

JOHN J. MCGEE,
Clerk of the Privy Council.

PILOTAGE REGULATIONS for the guidance of pilots for the Pilotage District of St. Ann's, in the County of Victoria, N.S.

The subjoined by-laws and regulations for the guidance of pilots for the pilotage district of the port of St. Ann's, in the County of Victoria, were passed at a meeting of the pilotage authority for that district which was held in the Pilot Commissioners' office at Englishtown, on the 21st day of March, A.D. 1904.

1. Every pilot when taking a vessel to sea must be provided with a boat to bring him to port when his services are ended, and every boat must be provided with a flag and light and be numbered as required by sec. 80, Pilotage Act.

2. Every pilot when licensed shall pay a fee of \$5 for the first time, and \$4 for every renewal of license. Masters and mates of sailing vessels shall pay a fee of \$8 for license and for every renewal shall pay a fee of \$7. Masters and mates of steamships shall pay a fee of \$18 for license and for every renewal of license shall pay a fee of \$15.

3. The number of pilots for this district shall not exceed four (4) and the rate of pilotage shall be as set forth in the scale of fees attached to each pilot's license.

4. Any pilot belonging to another district in charge of a vessel shall, immediately surrender his charge when spoken by any of the pilots within the limits of this district.

5. Any pilot incapacitated by mental or bodily infirmities or by habits of drunkenness, shall forfeit his license, and any pilot guilty of drunkenness while on duty shall be suspended for three months.

6. Pilots hailing or tendering their service to vessels previous to entering the port of St. Ann's shall be entitled to half pay when rejected, and when tendering their service outward and rejected shall be paid half pay.

7. Disputes between masters of vessels and pilots regarding pilotage shall be referred to and decided by the pilotage authority of the district.

CIVIL SERVICE ENTRANCE EXAMINATIONS.

THESE Examinations will be held at Charlottetown, St. John, Halifax, Quebec, Montreal, Ottawa, Kingston, Toronto, Hamilton, London, Winnipeg, Victoria and Vancouver, commencing on Tuesday, the 8th day of November next, at 9 a.m.

A session will also be held, on the same day and at the same hour, at Port Arthur, Sault Ste. Marie, Regina, Calgary, Prince Albert and Nelson, providing that the number of persons applying for permission to write at these "centres" is sufficient to justify the holding of an examination.

Forms of application may be obtained from the undersigned, and must be returned to his address not later than the 15th of October.

The fees are payable on the morning of the examination, and are not, therefore, to be sent in advance.

The applications are to be signed by the applicants themselves, and with their full names, very plainly written, so that there may be no possibility of mistake in transcribing them on the roll.

By order of the Board,

WILLIAM FORAN,

Secretary.

10. A red spar buoy off the point to the south-westward of Brudenell point, in 12 feet water, with Brudenell point bearing N. 56° E. distant 3 cables, and the ferry wharf, S. 41° E. distant $8\frac{3}{4}$ cables.

11. A red spar buoy off Thornton point, in 15 feet water, with Grave point bearing N. 17° E. distant 8 cables, and Creed point S. 84° W.

12. A black spar buoy off Creed point, in 15 feet water, with Creed point bearing N. 69° W. distant $5\frac{1}{2}$ cables, and White point S. 13° W. distant 14 cables.

13. A red spar buoy off White point, in 15 feet water, with White point bearing S. 11° E. distant 5 cables, and the southeast extreme of Panmure island, S. 79° E.

14. A black spar buoy off White point, in 15 feet water, with White point bearing S. 3° E. distant 5 cables, and the west extreme of Panmure island, N. 59° E. distant $6\frac{1}{4}$ cables.

The channel from Grave point to Sturgeon bay and St. Mary Bay is very intricate, having on both sides extensive sand bars and shoals. Strangers should not attempt its passage without the assistance of a local

pilot. There is a wharf on the south side of Sturgeon bay, about $\frac{1}{2}$ mile east of the mouth of Sturgeon river.

NOVA SCOTIA.

(204) BAY OF FUNDY, SOUTH SIDE—PORT LORNE—NOMENCLATURE.

On the south shore of the Bay of Fundy, on the coast of Annapolis county, Nova Scotia, there is a harbour for small vessels, which was originally known as Marshall cove. This name was replaced by that of Port Williams, but as there was another settlement of the same name in Kings county, the name Port Lorne was later adopted as that of the settlement in Annapolis county, and the Post Office is now known as Port Lorne. The name of the lighthouse, No. 167 in the List of Lights, will, therefore, be changed from Port Williams to Port Lorne, and to prevent confusion both names, Marshall cove and Port Williams, should be dropped from the charts and sailing directions.

ALASKA.

(206) LYNN CANAL—CHILKAT ISLANDS—UNCHARTED SHOAL.

Captain F. Hall, master of the U. S. Army transport *Buford*, reports that on 3rd August, 1904, while getting under way from an anchorage at Chilkat islands, Lynn canal, the ship touched lightly forward. A sounding showed $2\frac{1}{2}$ fathoms, rocky bottom. Another sounding just abaft the forward bridge showed $7\frac{1}{2}$ fathoms, ship heading about East true. No bearings were taken.

The approximate position of the shoal spot is about midway between and slightly to the northward of the 16 and 71 fathom spots to the northward of the middle island (142) of the Chilkat islands.

Approx. position: Lat. $59^{\circ} 02' 10''$ N., Long. $135^{\circ} 15' 10''$ W. N. to M. No. 77 (206) 28-9-04.

(207) ALEUTIAN ISLANDS—SEMISOPCHNOI ISLAND—UNCHARTED BANK (PETREL BANK) DISCOVERED TO NORTHWARD.

Lieutenant Commander F. H. Sherman, U. S. Navy, commanding the U. S. S. *Petrel*, reports that on 27th May, 1904, while making passage from Dutch Harbour to Kiska, while trying to pick up Semisopchnoi island a dense fog set in, with heavy ground swell, and shoal water was suspected. Soundings were taken with the sounding machine, which developed the existence of a bank, which he named Petrel bank, to the northward of Semisopchnoi island, which will be of great assistance in the navigation of these waters to and from Kiska, via Dutch Harbour, as Semisopchnoi is generally hidden by dense fog. With this bank developed, the lead will indicate the approximate position of the ship.

The bank rises gradually from the sea on the north, east and west sides. The 100-fathom curve at the northern extremity lies in latitude $52^{\circ} 28'$ N., longitude $179^{\circ} 39'$ E., or N. 10° W. true (NNW. mag.), distant 28 miles from the eastern extremity of Semisopchnoi island, or about 19 miles outside of the tentative 1,000-fathom curve shown on U. S. Coast Survey chart No. 9100. The least water found is 29 fathoms about 15 miles N. 21° W. true (NNW. $\frac{7}{8}$ W. W'y mag.) from the eastern extremity of the island.

The soundings increase uniformly from the 29-fathom spot to the 100-fathom line in the northwest, north and easterly direction.

This shoal part appears to be on a ridge running through the middle of the bank in a north and south direction. The general direction of the shoal is north-northeasterly and south-southwesterly, and about 15 miles across in an east and west direction, on a parallel 19 miles north of the eastern extremity of the island.

Owing to bad weather the south and southwestern edge of the bank could not be determined, but it is expected to make a further examination of it at a later date.

The shoal is located relative to the position of Semisopchnoi island, as several good bearings were obtained during the work.

(192) GULF OF ST. LAWRENCE—MAGDALEN ISLANDS—TELEGRAPH CONNECTION.

The following should be inserted on page 54, St. Lawrence Pilot, vol. I, sixth edition, 1894, respecting telegraphic facilities on the Magdalen islands.

Telegraph connection.—The Magdalen islands are connected by cable with the mainland and Anticosti. A cable extends from Meat cove, C.B., to Old Harry cove, Coffin island ; thence overland to Grosse isle, where the main cable office is located in a cove east of North cape ; from Grosse isle the cable crosses to the east end of Bryon island, thence to Heath point lighthouse on the island of Anticosti and through the Anticosti system with Gaspé, thus providing alternative cable routes. This cable system is connected with a system of telegraph lines extending throughout the Magdalen islands group, with the exception of Entry island.

Telegraph offices are in operation at Grand Entry harbour, Old Harry cove, Grosse isle, Wolfe island, Grindstone island, Grindstone west, House harbour, Pointe Basse, Etang du Nord village, Etang du Nord lighthouse, Amherst island lighthouse, and Amherst harbour. N. to M. No. 71 (192) 12-9-04.

TO ADVERTISERS IN THE GAZETTE.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

- 1st. Address "The Canada Gazette, Ottawa, Canada."
- 2nd. Indicate the number of insertions required.

3rd. INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—5 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, \$4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

S. E. DAWSON,

King's Printer and Controller of Stationery

Department of Public Printing and Stationery
Ottawa, October, 1903.

APPLICATIONS TO PARLIAMENT.

RULES RELATIVE TO NOTICES FOR PRIVATE BILLS.

All applications to Parliament for Private Bills of any nature whatsoever, shall be advertised by a Notice published in the *Canada Gazette*; such Notice shall clearly and distinctly state the nature and objects of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same; and when the application is for an Act of incorporation, the name of the proposed company shall be stated in the Notice. And if the works of any company (incorporated, or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specifically mentioned in the Notice; and the applicants shall cause a copy of such Notice to be sent by registered letter to the Clerk of each municipality which may be specially affected by the construction or operation of such works, and also to the Secretary of the Province in which such works are, or may be located; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

In addition to the Notice in the *Canada Gazette* aforesaid, a similar Notice shall also be published in some leading newspaper, as follows :—

A. When the application is for an Act to incorporate :

1. *A Railway or Canal Company* :—In the principal city, town or village in each county through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company* :—In the principal city or town in each Province or Territory in which the company proposes to operate.

3. *A company for the construction of any works* which in their construction or operation might specially affect a particular locality; or for obtaining any exclusive rights or privileges; or for doing any matter or thing which in its operation would affect the rights or property of others :—In the particular locality or localities which may be affected by the proposed Act.

4. *A Banking Company; An Insurance Company; A Trust Company; A Loan Company; or an Industrial Company* without any exclusive powers :—In the *Canada Gazette* only.

B. When the application is for the purpose of amending an existing Act :

1. For an extension of any line of railway, or of any canal, or for the construction of branches thereto :—In the principal city, town or village in each county or district through which such extension or branch is to be constructed.

2. For an extension of the time for the construction or completion of any line of railway, or of any canal, or of any telegraph or telephone line, or of any other works already authorized :—In the place where the head office of the company is, or is authorized to be.

3. For an extension of the powers of a company (when not involving the granting of any exclusive rights); or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers, or for any amendment which would in any way affect the rights or interests of the shareholders or bondholders or creditors of the company :—In the place where the head office of company is situated.

All such Notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week, for a period of five consecutive weeks; and when published in the Provinces of Quebec and Manitoba, shall be in both the English and French languages; and marked copies of each issue of all newspapers containing such Notice shall be sent to the Clerks of the Senate and House of Commons, endorsed "Private Bill Notice"; or a statutory declaration as to due publication may be sent in lieu thereof.

RULES RELATING TO PETITIONS AND PRIVATE BILLS.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of \$200, and a sum sufficient to pay the cost of printing the Act in the Statutes. The fee of \$200 is paid only in the House in which a Bill originates; but charges for reprinting and translation are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

No Petition praying for the incorporation of a railway company, or of a canal company, or for an extension of the line of any existing or authorized railway or canal, shall be considered by the Standing Orders Committees, until there has been filed with the Committee a map or plan, showing the proposed location of the works, and each county or district through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill;—Bills not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51a. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(a.) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed;

(b.) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets;

(c.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51b. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill:—

(a.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same;

(b.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where

and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars (\$200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

DÉPÊCHES, Etc.

AU PALAIS DE BUCKINGHAM,

Le 10e jour d'août 1904.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LE ROI
EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil daté le 5e jour de mai 1873, il est dit que par l'Acte modificatif de l'Acte de la marine marchande, 1862, il est statué que lorsqu'il sera représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur en vertu de l'acte principal, ont été adoptés par le gouvernement d'un pays étranger et sont en vigueur dans ce pays, il sera loisible à Sa Majesté de déclarer par un arrêté en conseil, que les bâtiments de ce pays étranger seront censés avoir le tonnage indiqué sur leurs certificats d'enregistrement ou autres papiers nationaux, et que dès lors il ne sera plus nécessaire pour ces bâtiments d'être mesurés de nouveau dans un port ou lieu quelconque des possessions de Sa Majesté, mais que ces bâtiments seront censés être du tonnage inscrit sur leurs certificats d'enregistrement ou autres papiers, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur les certificats d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments ;

Et qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur sous l'autorité de l'Acte de la marine marchande de 1854, ont été adoptés par le Président de la République Française et étaient en vigueur dans les possessions françaises, Sa Majesté a bien voulu, par et avec l'avis de Son Conseil privé, décréter que les navires de France dont les certificats de nationalité et d'enregistrement français auront été datés le et après le premier jour de juin mil huit cent soixante-treize, seront censés être du tonnage indiqué dans les dits certificats de nationalité et d'enregistrement français ;

Et considérant que l'Acte modificatif de la marine marchande de 1862, a été abrogé par l'Acte de la marine marchande de 1894, mais que par l'article 745 de ce dernier acte il est entre autres choses statué que tout arrêté en conseil rendu en vertu d'un statut abrogé par le présent acte continuera en vigueur comme s'il avait été fait en vertu du dit acte de 1894 ;

Et considérant que par un arrêté en conseil daté le 29e jour de janvier 1904, après avoir énoncé que par

l'article 84 (3) de l'Acte de la marine marchande de 1894, statuant que s'il a été démontré à Sa feu Majesté que le tonnage d'un navire étranger, tel que mesuré d'après les règlements de son pays, différerait essentiellement de ce que serait son tonnage s'il était mesuré en vertu du dit acte, Sa Majesté pourra, par arrêté en conseil, ordonner que nonobstant tout arrêté en conseil alors en vigueur, tout navire de pays étranger pourra être remesuré en conformité du dit acte, et énonçant qu'il a été représenté à Sa présente Majesté que le tonnage des navires français, tels que mesurés d'après les règles concernant le mesurage du tonnage des navires marchands de France différerait essentiellement de ce que serait le tonnage de ces navires s'ils étaient mesurés en vertu de l'Acte de la marine marchande de 1894, Sa Majesté en conseil décréta que nonobstant l'arrêté en conseil précité daté le 5e jour de mai 1873, tout navire de France pourrait, pour toutes et chacune des fins de l'Acte de la marine marchande de 1894, être remesuré conformément au dit acte ;

Et considérant que par l'article 738 du même acte, il est statué que lorsque Sa feu Majesté était autorisée, en vertu du dit acte à rendre un arrêté en conseil, il sera loisible à Sa Majesté par arrêté en conseil de révoquer, modifier ou étendre tout arrêté ainsi rendu ;

Et considérant que par l'article 30 de l'Acte de l'interprétation de 1889, il est statué que dans le dit acte et dans tout acte passé soit avant soit après le commencement du dit acte, les expressions "souverain régnant à l'époque de l'adoption de l'acte," ou "la Couronne" seront censées jusqu'à preuve du contraire signifier le Souverain alors régnant, et le dit acte sera obligatoire pour la Couronne ;

Et considérant qu'il a été représenté à Sa présente Majesté qu'il serait à propos de révoquer les dispositions des dits arrêtés en conseil précités, datés respectivement le 5 de mai 1873 et le 29 de janvier 1904, et qu'un nouvel arrêté en conseil lui soit substitué,—

A ces causes il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par les actes précités, et par et avec l'avis de Son Conseil privé, de décréter que les dits arrêtés précités, datés respectivement le 5 de mai 1873 et le 29 de janvier 1904, soient et ils sont par le présent révoqués.

A. W. FITZROY.

AU PALAIS DE BUCKINGHAM.

Le 10e jour d'août 1904.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LE ROI EN CONSEIL.

CONSIDÉRANT que par l'article 84 (1) de l'Acte de la marine marchande de 1894, il est statué que lorsqu'il appert à Sa Majesté la Reine en conseil que les règlements de tonnage du dit acte ont été adoptés par un pays étranger, et y sont en force, Sa Majesté en conseil pourra ordonner que les navires du dit pays, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage indiqué dans leurs certificats d'enregistrement ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage indiqué dans le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire ;

Et considérant que par l'article 30 de l'Acte de l'interprétation de 1889, il est statué que dans le dit acte et dans tout acte passé soit avant soit après le commencement du dit acte, les expressions "souverain régnant à l'époque de l'adoption de l'acte", ou "la Couronne" seront censées jusqu'à preuve du contraire signifier le Souverain alors régnant, et le dit acte sera obligatoire pour la Couronne ;

Et considérant qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands maintenant en vigueur sous l'autorité de l'Acte de la marine marchande de 1854, ont été adoptés par le Président de la République Française et sont en vigueur dans les possessions françaises, ayant été rendus exécutoires le 1er jour de juillet 1904,—

A ces causes, Sa Majesté en conseil décrète que les navires de France, dont les certificats d'enregistrement

ou autres papiers nationaux sont datés le ou après le 1er jour de juillet 1904, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage inscrit dans les dits certificats d'enregistrement, ou autres papiers nationaux, de la même manière, au même degré, et pour les mêmes fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

ARRÊTÉS EN CONSEIL.

[Renv. 941,836]

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 15 de septembre 1904, du ministre de l'Intérieur, disant que par un arrêté en conseil du 16 de mars 1901, Mr. J. A. J. McKenna, aujourd'hui sous-commissaire des Sauvages, a été nommé seul commissaire pour compléter l'enquête sur les réclamations des Métis nés entre le 15 de juillet 1870 et la fin de l'année 1885, dans les territoires du Nord-Ouest, ou dans cette partie de la province du Manitoba telle que actuellement constituée qui n'était pas comprise dans la province telle que constituée par l'Acte du Manitoba 33 Victoria, chapitre 3, et que entre autres réclamations qui furent désavouées par Mr. McKenna, les réclamations qui lui furent soumises à Birtle, dans la province du Manitoba au nom des héritiers de Marguerite Belhumeur, Pierre Belhumeur, Alfred Belhumeur et Marie Louise Belhumeur, enfants décédés de Jean Belhumeur, ou Monette, par son épouse Marie Belhumeur, née Tanner, furent désavouées par le dit commissaire pour la raison qu'elles n'étaient pas établies à sa satisfaction.

Le Ministre dit de plus qu'une preuve additionnelle a depuis été produite au ministère de l'Intérieur à l'appui de ces réclamations, laquelle preuve, de l'avis du ministère de l'Intérieur établit les réclamations en question,—

A ces causes, le Ministre recommande qu'il soit autorisé, en vertu des dispositions du paragraphe (f) de l'article 90 de l'Acte des terres fédérales, à délivrer du scrip à cet égard pour 240 acres de terre dans chaque cas.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

HOTEL DU GOUVERNEMENT À OTTAWA

Samedi, le 13e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 11 d'août 1904, du ministre de l'Intérieur, énonçant, relativement à l'arrêté en conseil de 6 de juin 1901 qui approuve le rapport du 31 de mai 1901 par Mr. J. A. J. McKenna, commissaire des scrips des Métis, que le rapport en question traite d'une variété de questions plus ou moins compliquées concernant le scrip, et plus loin dans la clause six déclare que les réclamations de personnes ayant d'ailleurs droit au scrip "qui avaient quitté le Canada et s'étaient établies sur les Réserves indiennes dans les Etats-Unis et participé aux avantages de la vie indienne dans ces réserves et tous les enfants admis aux écoles indiennes des Etats-Unis", avaient été exclus de la distribution du scrip.

Le Ministre dit qu'il a soumis ce rapport pour approbation, qui fut en conséquence approuvé comme un tout.

Le Ministre dit de plus qu'un examen subséquent de la dite clause fait voir clairement que la décision rendue dans la clause six était erronée, et qu'elle a

pour résultat de priver du srip des personnes dont les réclamations étaient pleinement mûries en l'année 1885, et en conséquence étaient de la nature d'un droit acquis, parce que ces personnes étaient sorties du Canada.

Le Ministre dit qu'il est évident que ce déplacement ne constitue pas une bonne raison pour refuser de reconnaître des droits de propriété entièrement acquis antérieurement à ce déplacement. Ce principe a été clairement et très justement posé dans des causes où le droit au srip s'est trouvé en question. Plus que cela, il est douteux dans tous les cas que les Métis exclus par la dite clause possèdent un intérêt permanent ou un droit aux avantages découlant du gouvernement des Etats-Unis dont il est parlé.

Le Ministre recommande donc que les réclamations produites devant Mr. McKenna et rejetées en vertu de la clause six de son dit rapport, soient étudiées par un officier ou des officiers du ministère de l'Intérieur, et que cet officier ou ces officiers aient à l'égard de ses réclamations toute l'autorité ci-devant exercée par M. McKenna en vertu des divers arrêtés en conseil relatifs à ses devoirs ou sa commission pour l'examen des réclamations des Métis, y compris la prise de témoignages sous serment soit de vive voix ou par écrit, et que le ministre de l'Intérieur soit autorisé à agir d'après les rapports qui seront faits de temps à autre à ce sujet, et les exécuter.

Le Ministre recommande de plus, que dans le cas de réclamations contradictoires de la part d'ayants cause à ce srip, l'ayant cause dont la cession aura été inscrite la première par ordre de date au ministère, sera réputé être l'ayant cause légal.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT qu'il appert que les parties non-arpentées sises à l'ouest du rang vingt-six, à l'ouest du quatrième méridien entre le township vingt-six et la frontière internationale, sont si montagneuses que les taux fixés par les arrêtés en conseil du 3 de février 1903 et le 19 de février 1904, pour le paiement des arpentages de subdivisions de townships exécutés à l'entreprise, sont insuffisants,—

A ces causes, il plaît au Gouverneur général en conseil, conformément au paragraphe de l'article 19 de l'Acte des terres fédérales, d'autoriser le paiement d'une allocation supplémentaire de quatre piastres par mille de ligne de township ou de section pour tous les arpentages de subdivisions faits à l'entreprise dans ceux des townships situés dans les susdites limites qui étaient non arpentés le 1er de janvier 1904.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 9 d'août 1904, du ministère de l'Intérieur, exposant que Messieurs Macdonnell et Martin, commissaires nommés pour choisir les terrains marécageux dans la province du Manitoba qui seront attribués à cette province en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 30 avril 1903, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 284,034 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 146,274 acres reviennent à la province comme terrains marécageux.

En comparant la liste fournie par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que sur l'étendue totale de 146,274 acres choisis comme tels terrains marécageux, une étendue de 43,192.27 acres est disponible.

Le Ministre soumet une liste révisée de ceux des terrains compris dans la liste des commissaires qui sont trouvés disponibles, comprenant une étendue de 43,192.27 acres, et s'étant convaincu de l'exactitude de cette liste révisée, le Ministre recommande que les terrains énumérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

LISTE indiquant les terrains choisis par Messieurs Macdonnell et Martin, commissaires des terrains marécageux, durant la saison de 1902, en vertu des dispositions de l'arrêté en conseil du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, tous trouvés vacants dans les livres de ce département.

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 13e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 8 d'août 1904, du ministre de l'Intérieur, disant qu'une demande avait été soumise par l'Association Mennonite Reinland du Manitoba, à l'effet de mettre à part certains Townships dans le voisinage de Swift Current dans le district d'Assiniboia, pour y établir une colonie mennonite. A l'appui de leur demande les pétitionnaires disent que la communauté mennonite du Manitoba désirent faciliter la colonisation de leur emplacement par des jeunes gens qui veulent s'établir dans les territoires du Nord-Ouest, et avec cet objet en vue ils se proposent de leur avancer des deniers et de leur donner toutes

les autres facilités qui permettront aux personnes qui s'établissent dans cette nouvelle colonie de réussir dans leur entreprise. Les terrains demandés se composent de toutes les sections paires et impaires dans les townships 13 et 14, rang 12, les townships 12, 13 et 14, rang 13, et les moitiés est des townships 12 et 13, rang 14, tous à l'ouest du 3e méridien. La plupart de ces terrains sont vacants, à l'exception de celles des sections impaires qui ont été acceptées par la Compagnie du chemin de fer Canadien du Pacifique. Ils ne sont pas supposés être propres à la culture, et en conséquence le ministère de l'Intérieur n'a pas reçu de demandes à cet égard. De fait le ministère ne s'est pas cru justifiable d'encourager les nouveaux colons à se fixer dans ce district, mais l'association, se guidant sur les résultats qui ont suivi les efforts de la communauté mennonite du Manitoba et dans les territoires du Nord-Ouest dans l'établissement de colonies, est convaincue qu'elle pourra cultiver ces terres avec succès, d'après le plan qu'elle se propose d'adopter.

Le Ministre est d'avis que dans les circonstances ce serait dans l'intérêt du public, et surtout du district dans lequel il est proposé de fonder cette colonie, d'accorder la demande des pétitionnaires, et il recommande que toutes les terres, y compris les sections paires et impaires, qui restent à la disposition du gouvernement dans les townships 13 et 14, rang 12, les townships 12, 13 et 14, rang 13, et les moitiés est des townships 12 et 13, rang 14, toutes à l'ouest du 3e méridien, soient réservées pour l'établissement d'une colonie par l'Association Mennonite Reinland du Manitoba, les conditions de cette réserve seraient que personne, à moins d'être aidé par l'association, ou autrement approuvé par le ministère de l'Intérieur n'aurait la permission de s'inscrire pour un homestead dans la région mentionnée, et que cette réserve serait continuée pour une période de trois ans à compter du présent arrêté en conseil. Les colons prendront, à leur choix, les sections paires ou impaires.

Le Ministre recommande en outre que l'association ait la permission, après que les quatre quarts de toute section paire auront été inscrits, de passer un contrat pour l'achat d'une section impaire à raison de \$3 l'acre payables par dix versements annuels, avec intérêt au taux de 5 pour cent par année sur la balance impayée, nulle patente pour la section achetée ou partie d'icelle ne sera délivrée avant que les devoirs de homestead aient été remplis sur la section adjoignante ou une partie proportionnelle de cette section au sujet de laquelle le privilège d'acheter la section impaire a été accordé.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,

Greffier du Conseil privé.

(192) GOLFE SAINT-LAURENT—ÎLES DE LA MADELEINE—RACCORDEMENT TÉLÉGRAPHIQUE.

Ce qui suit doit être inséré à la page 54 du *St. Lawrence Pilot*, vol. i, sixième édition, 1894, concernant les facilités télégraphiques sur les îles de la Madeleine.

Raccordement télégraphique.—Les îles de la Madeleine sont reliées par câble avec la terre ferme et Anticosti. Un câble s'étend de Meat Cove, C.B., à Old Harry Cove, île Coffin; de là par terre jusqu'à la Grosse-île, où le principal bureau du câble est situé dans une anse à l'est du Cap Nord; à partir de la Grosse-île le câble traverse à l'extrémité est de l'île Bryon, de là au phare de Heath Point sur l'île d'Anticosti, et par le réseau d'Anticosti avec Gaspé, donnant ainsi deux routes alternes. Ce réseau de câble est relié à un réseau de lignes télégraphiques par tout le groupe des îles de la Madeleine, à l'exception de l'île Entry.

Des bureaux de télégraphe sont ouverts au havre de Grand Entry, Old Harry Cove, Grosse-île, l'île Wolfe, l'île à la Meule, la Meule ouest, House Harbour, Pointe Basse, le village de l'Étang du Nord, le phare de l'Étang du Nord, le phare de l'île Amherst, et le havre Amherst.

AUX ANNONCEURS DANS LA GAZETTE.

Ceux qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "*Gazette du Canada, Ottawa, Canada.*"
2. Indiquer le nombre voulu d'insertions.

3. TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA GAZETTE, TELS QUE DONNÉS PLUS BAS; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—5 insertions.

Les avis de demandes de lettres patentes en vertu de l'*Acte des compagnies de prêt* (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, \$4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

Outre l'avis à publier dans la *Gazette du Canada* susdite, un avis semblable devra aussi être publié dans quelque journal important, comme suit :—

A. Lorsque la demande sera faite pour un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal :—Dans la principale cité, ville ou village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. Une compagnie de télégraphes ou de téléphone :—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. Une compagnie pour la construction de travaux quelconques de nature à affecter une localité particulière par suite de leur construction ou exploitation; ou pour obtenir quelques droits ou privilèges exclusifs; ou pour faire quelques opérations pouvant affecter les droits ou la propriété de particuliers :—Dans la localité ou les localités qui pourraient être affectées par la législation projetée.

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommis; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques :—Dans la *Gazette du Canada* seulement.

B. Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal :—Dans la principale cité, ville ou village dans chaque district ou comté dans lesquels devront être construits les dits prolongement ou embranchement.

2. Pour la prolongation du délai fixé pour la construction ou l'achèvement de quelque ligne de chemin de fer, ou de quelque canal, ou de quelque ligne de télégraphe ou de téléphone, ou de tous autres travaux déjà autorisés :—Dans la localité où le siège d'affaires de la compagnie est situé ou est autorisé à se fixer.

3. Pour l'extension des pouvoirs d'une compagnie (lorsqu'ils n'entraîneront pas l'octroi de quelques droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs pour émettre des obligations ou pour faire des emprunts, ou pour quelque amendement pouvant affecter les droits ou intérêts des actionnaires ou porteurs d'obligations ou créanciers de la compagnie :—Dans la localité où est situé le siège de la compagnie.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans une feuille publique, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives; et en ce qui concerne les provinces de Québec et du Manitoba, ils devront y être publiés en anglais et en français; et des exemplaires marqués de chaque numéro de tous les journaux contenant le dit avis devront être adressés aux greffiers du Sénat et de la Chambre, et devront porter à l'endos 'Avis de Bill Privé'; ou une déclaration statutaire attestant la publication pourra être envoyée au lieu des dits exemplaires.

RÈGLES RELATIVES AUX PÉTITIONS ET BILLS PRIVÉS.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts. L'honoraire de \$200 ne sera payé que dans la Chambre où le bill a pris naissance; mais les frais de réimpression et de traduction seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Nulle pétition demandant la construction légale d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne de quelque chemin de fer ou canal existant ou autorisé, ne sera prise en considération par les comités des Ordres Permanents, à moins qu'il n'ait été soumis au comité une carte ou plan indiquant le territoire sur lequel

devront être construits les travaux projetés, et chaque comté ou district dans lesquels devront être construits le chemin de fer ou canal projeté, ou quelqu'embranchement ou prolongement d'iceux.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie Britannique, ou les Terri-

toires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

DESPATCHES, Etc.

Extract from the *London Gazette*, August 30, 1904.

INDIA OFFICE,
August 25, 1904.

RULES PUBLICATION ACT, 1893.

In conformity with the provisions of the Statute 56 and 57 Victoria, cap. 66, notice is hereby given that the Secretary of State for India in Council proposes, with the advice and assistance of the Civil Service Commissioners, at the expiration of forty days from the date of this *Gazette*, to make alterations as shown below in the regulations for the admission of candidates to the Civil Service of India, under section 32 of the Statute 21 and 22 Victoria, cap. 103.

For Regulation 2, head (ii), which at present stands as follows:—

"That he had attained the age of twenty-one, and had not attained the age of twenty-three, on the first day of the year in which the Examination is held."

It is proposed to substitute the following, that is to say:—

"That he had attained the age of twenty-two, and had not attained the age of twenty-four, on the first day of August of the year in which the Examination is held."

It is intended that the changes should come into force for the Open Competitive Examination of 1906 and subsequent years.

Copies of the foregoing proposed new rules may be obtained from the Secretary, Judicial and Public Department, India Office.

ORDERS IN COUNCIL.

[Ref. 470,977.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 6th day of October, 1904.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Memorandum dated 3rd October, 1904, from the Minister of the Interior, stating that on the 10th September, 1901, a lease was issued to the North American Transportation and Trading Company of an hydraulic mining location on Miller Creek in the Yukon Territory, excluding thereon such placer claims the entries for which were in force on the 22nd of June, 1899, and including any of the claims which have since that date been abandoned or forfeited, or may hereafter become abandoned or forfeited.

The Minister further states that two years previous to the date of the said lease the Gold Commissioner at Dawson gave public notice that he had withdrawn from placer mining entry the whole of the said location, but between the date of such notice and the date of the lease, the Assistant Gold Commissioner granted entries for a number of placer claims within the said location, including twenty-one claims the property of the company, which they considered to be a portion of their location.

That the Inspector of Agencies in the Yukon Territory visited the said location in August last and reported that the company have expended a large sum of money in constructing ditches and a large reservoir for conveying water to be used in hydraulic mining and working an hydraulic elevator; that the works were nearly completed and would be in operation before the close of the present season; and that over ninety men are employed in connection with the work.

The Minister recommends,—as the Department of the Interior agreed to issue a lease to the company of the whole of the location described in the said lease, including the bed of the Creek and Creek claims, excepting those for which the entries were in force at the date the location was closed from placer mining entry by the Gold Commissioner, and to allow the lessees to include in the location any of the said claims, which since that date might become abandoned or forfeited,—that for the better carrying out of the said agreement and for the better assuring the title of the lessees authority be given for the issue of a supplementary lease to the said company, and that the lease annexed hereto, prepared by the Department of Justice, be approved and issued to the company.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

THIS INDENTURE made in duplicate the day of 1904, between His Majesty, King Edward VII., represented herein by the Minister of the Interior of Canada, hereinafter called "the Minister", of the First Part; and The North American Transportation and Trading Company, of the City of Chicago, in the State of Illinois, one of the United States of America, hereinafter called "the lessees", of the Second Part.

Whereas by Indenture of Lease dated the tenth day of September, 1901, His Majesty did grant, demise and lease to the lessees the tract of land in the said lease described and the exclusive right and privilege of extracting and taking therefrom by hydraulic or other mining process all royal or precious metals or minerals from, in, under or upon the said tract of lands.

And whereas prior to the date of the said lease and in pursuance of an application for an hydraulic concession, Edmund Canning Senkler, Gold Commissioner for the Yukon Territory, did by virtue of section 13, of the Hydraulic Regulations approved by Order in Council dated 3rd December, 1898, publish a notice on the 22nd day of June, 1899, in accordance with said section 13, withdrawing from location under

the regulations governing placer mining the following ground, being five (5) miles on Miller Creek, commencing at the mouth of the Creek (A Tributary of Sixty Mile River) thence running up stream on the said Creek for a distance of five (5) miles, and from summit to summit on either side.

And whereas the said lessees were prior to the said 22nd day of June, 1899, the owners of Creek placer mining claims the upper and lower halves of numbers 1, 2, 4, 5, 6, 7, 11, 12, 13, 14, 23, 28, 29, 30, 32, 33, 34, 35, 36, 37 and 38 below Discovery on Miller Creek and an application has been made by them to the Minister to include the said lastly above described claims within the lease to be granted to them for the said concession, which said application has been granted by the Minister.

And whereas after the posting of the said notices, grants were improperly given for the following creek placer mining claims, all of which said claims are within the limits of the ground described in the lease granted to the lessees on the 10th September, 1901, in pursuance of the application above referred to, namely : Creek claims the upper and lower halves No. 1 : the upper and lower halves No. 4 : the upper and lower halves No. 5 : the upper and lower halves No. 6 : the upper and lower halves No. 7 : the upper and lower halves No. 11 : the upper half No. 12 : the upper and lower halves No. 13 : the upper and lower halves No. 14 : the upper half No. 16 : the upper and lower halves No. 20 : the upper and lower halves No. 21 : the upper and lower halves No. 23 : the upper and lower halves No. 24 : the upper and lower halves No. 26 : the upper and lower halves No. 28 : the upper and lower halves No. 29 : the upper and lower halves No. 30 : the upper and lower halves No. 31 : the upper and lower halves No. 32 : the upper and lower halves No. 33 : the upper and lower halves No. 34 : and hill side placer mining claims the upper half left limit No. 3 : the upper half left limit No. 8 : the lower half left limit No. 15 : and the lower half left limit No. 27 : all being below Discovery on Miller Creek.

And whereas it has always been the intention of and the agreement between the parties hereto, that the lessees should obtain a lease from the Crown of all the unoccupied ground there was on Miller Creek on the 22nd day of June, 1899, within the following area, commencing at the mouth of the said creek and extending up stream a distance of three and thirty-eight one-hundredths miles, and extending in width from summit to summit : and also all the ground which should become abandoned or forfeited from the 22nd June, 1899 to the termination of the said lease of the 10th day of September, A. D. 1901.

And whereas the ground referred to in the said lease is so described that it is ambiguous whether it is intended to include the bed of Miller Creek or not.

And whereas it has always been the intention that the bed of the said Miller Creek should be included in the said description.

And whereas for the better carrying out of the said agreements and for the better assuring the title of the lessees, the parties hereto have agreed to execute these presents and the Governor in Council has authorized the issue and execution thereof.

How this intendment witnesseth that in pursuance of the premises and in consideration of and subject to the rent, covenants, provisos, exceptions, restrictions and conditions hereinafter reserved and contained, and by the lessees to be paid, observed and performed, His Majesty doth grant, demise, lease and confirm unto the said lessees the said tract of lands and the exclusive right and privilege of extracting and taking therefrom by hydraulic or other mining process, all royal or precious metals or minerals from, in, under or upon the tract of lands hereby demised and leased, with regard to which the said rights and privileges are hereby granted, which said tract is described as follows, that is to say :—

All and singular that certain parcel or tract of land situate, lying and being on Miller Creek, a tributary of the Sixty Mile River in the Yukon Territory, and extending from the mouth of the said Miller Creek to Discovery on that stream a distance of three and thirty-eight one-hundredths

(3/38) miles more or less, and in width to the limits of the valley, including the bed of the creek, as shown on the plan of the survey thereof, signed by R. J. Jephson, D. L. S., dated the 19th day of June, 1900, and of record in the Timber and Mines Branch of the Department of the Interior ; reserving thereout and therefrom Placer Mining Claims numbered Seventeen, Eighteen, and Nineteen below Discovery on the said Creek, and the lower half of Hillside Claim Number Sixteen and the upper half of Hillside Claim Number Seventeen, both on the Left Limit of said Miller Creek, as shown on the supplementary plan attached, bearing date the tenth day of June, 1904, and marked "A." And should any of the five placer mining claims above described, which are now excluded from the operation of this lease, become abandoned or forfeited, the same shall then be deemed to form a portion of and to be included in the tract described in the lease.

To have and to hold the said demised premises for and during the term of twenty years to be computed from the 10th day of September 1901 and from thenceforth next ensuing and fully to be complete and ended.

Yielding and paying therefor yearly and every year during the said term unto His Majesty his successors or assigns the yearly rental reserved by the said lease of the 10th day of September, 1901, payable as in the said lease provided.

Provided always and this lease is subject to the following exemptions, restrictions, provisos and conditions, that is to say :

1. That the lessees shall and will well and faithfully pay the rent by the said lease of the 10th day of September, 1901, reserved at the times and in the manner therein reserved.

2. That the lessees shall in addition to the said yearly rent by the said lease reserved pay to His Majesty, his successors or assigns the same royalty upon the output of their said hydraulic or other mining operations, as under regulations under Order of the Governor General in Council is now or may be hereafter provided to be paid in the case of placer mining claims : except that there shall be exempted from the royalty to be paid hereunder by the lessees royalty upon \$25,000 of the annual output ; the royalty to be paid in the manner provided for the payment of royalty on placer mining claims in the regulations under order of the Governor General in Council now or hereafter passed to govern the same.

3. That if during any year of the said term by the said lease of the 10th day of September, 1901, and hereby granted the lessees shall fail to expend in such mining operations in about or upon the said mining rights and privileges hereby granted the sum of five thousand dollars—of the fact of which failure the Minister shall be the sole and final judge—the said lease and this lease or demise and the remainder of the term by the said lease and hereby granted and all benefits, rights and privileges hereby granted to the lessees shall become and be utterly and absolutely null and void unless the Minister shall otherwise decide ; and that in the event of such pro-determination of the said lease of the 10th day of September, 1901, and of this lease or demise and of the term granted to the lessees or remainder thereof His Majesty, his successors or assigns may thereupon re-enter upon the said demised premises and have, hold, use, occupy, possess and enjoy the same and every part thereof as if the said lease of the 10th day of September, 1901, and these presents had never been executed, and without any compensation or payment of any kind to the lessees for any work done or improvements made thereon ; but nothing herein contained shall in anywise affect the right of His Majesty or his successors or assigns to all arrears of rent or royalty to be paid as in the said lease of the 10th day of September, 1901, and as hereinbefore provided, or to any remedy for the recovery of such arrears of rent or royalty.

4. That the lessees shall not nor will assign, transfer or sub-let the said demised premises, or any part thereof, without the consent in writing of the Minister.

5. That the lessees shall not nor will in any way interfere with the general right of the public to use the waters of any creeks or river adjoining or running through the said demised premises, and shall not nor will impede the same nor cause nor suffer the same to be impeded by deposits of tailings or other deposits resulting from the said mining operations or by the accumulation of such deposits in such way as to form bars or banks in the channels of the said creeks or rivers; and shall not nor will obstruct, nor cause nor permit to be obstructed in any material degree, the current stream or flow of the said creeks or river respectively.

6. That any person who under any Placer Mining Regulations in force under any Order of the Governor General in Council as aforesaid has prior to the 22nd day of June 1899, obtained entry for a location and has duly renewed the same on the bank or shore of either of the said creeks or of the said river, shall be entitled notwithstanding anything contained in these presents to run tailings into the said creeks or river at any point thereon.

7. That the lessees will permit and allow the Commissioner of the Yukon Territory or the Gold Commissioner thereof, or of the districts in which the said demised premises are situated, or any person duly authorized by them or either of them in writing so to do during the said term to enter upon and remain and reside upon the said premises for such period as to him or them shall seem expedient and necessary from time to time for the purpose of viewing the premises or watching the progress of the said mining operations, and will also permit any of the persons aforesaid or any surveyor with his assistants employed for that purpose to survey, examine, and deal with the state and conditions of the said premises and of the said mining operations, and to ascertain the quantity of work done, and material and royal or precious metals or minerals got out of, mined, or extracted or gained from the said premises and to ascertain whether the lessees are working the said premises in accordance with the terms, provisoes and conditions of the said lease of the 10th day of September 1901 and of this lease: and for such purpose or any of them will permit any of the persons aforesaid to enter into and go about, ascend or descend, all buildings, works, pits or shafts, to use all engines, machinery, ropes, tackle and other things belonging to the lessees in and about the said premises, as any of the persons aforesaid may deem necessary or expedient without any compensation fee or payment to the lessees therefor, and will otherwise give and allow any of the persons aforesaid liberty of free ingress and egress in, to, out of, or over all buildings, erections and works used by the lessees in connection with the said hydraulic or other mining operations, and will also upon being so requested in writing by the Commissioner of the Yukon Territory or the Gold Commissioner thereof, or of the district in which the said demised premises are situated, furnish such Commissioner or Gold Commissioner of the Territory or district, as the case may be, or any person duly authorized by either of them to inspect the said demised premises for the purposes aforesaid with any information respecting the said mining operations or in any way concerning the said demised premises as the said Commissioner or the Gold Commissioner of the Territory or district may so request to be furnished with.

8. That the lessees shall not nor will in any way damage or obstruct any public ways, drains, bridges, works or improvements now made or hereafter to be made upon, in, over, through or under the said creeks or rivers and that they shall and will substantially bridge, or cover, and protect, to the satisfaction of the Minister at the points where the same may be crossed by any public highway or frequented path or trail, all cuts, flumes, ditches and sluices, and all dangerous places made by them or resulting from the said works or mining operations under these presents.

9. That if the lessees shall at any time during the said term fail to pay the rent or royalty so reserved or any part thereof within sixty days after the same respectively shall have become due or if they shall commit any breach or default in the observance of the

above conditions or any of them other than that referred to in the clause numbered "3" of these presents, then and in every such case the Gold Commissioner may post a notice in a conspicuous place upon the said demised premises and may mail a copy of such notice to the last address of the lessees known to the Commissioner requiring such default to be remedied, and in case such default is not remedied within three months of the date of the posting of the notice upon the location all the rights of the lessees under the said lease or under any order of the Governor General in Council containing regulations for the disposal of mining locations in the Yukon Territory to be worked by the hydraulic or other mining process, referred to in these presents, shall be and become *ipso facto* null and void provided that the claim of His Majesty or his successors or assigns for any rent or royalty then due, or accruing due, or any remedy for the recovery thereof shall be in no wise affected by such cancellation.

10. Provided and it is hereby understood and agreed that there are reserved and excepted from this lease and demise all roads, ways, bridges, drains, and public works and improvements whatsoever, now existing or which may hereafter be lawfully made in, upon or under any part of the said creeks or river and the right of free access to and use of the same also to all persons charged with the construction or maintenance or repair of the same or entitled to construct, maintain or repair the same all rights of entry and other rights and privileges necessary or convenient for that purpose.

11. That the lessees may cut free of dues such of the timber on the said demised premises as may be necessary for working the same in connection with their said mining operations, but not for sale or traffic except in cases where such timber has been granted or disposed of prior to the date of the said lease; provided that the Commissioner of the Yukon Territory may grant a permit to the said lessees to cut and sell any timber which it is necessary to remove in order to work or properly carry on their said mining operations upon the said demised premises and may permit any person to cut and remove from a location cordwood for their own use, when such cordwood cannot otherwise be had within a reasonable distance, unless such cordwood is required by the lessees for their mining operations.

12. Provided also that His Majesty does not in any way warrant that there shall be a sufficient quantity of water in the said creeks or river to admit of operations under this lease and that the lessees shall have no right to compensation should it be found impossible for that or for any other reason to carry on such operations, it being hereby declared and agreed that this lease is taken by the lessees entirely at their own risk.

13. Provided also that no waiver on behalf of His Majesty, his successors or assigns of the breach by the lessees of any condition, proviso, clause, covenant, matter or thing herein contained shall take place or be binding upon His Majesty, his successors or assigns unless the same be expressed in writing under the authority of the Minister and any waiver so expressed shall only extend to the particular breach so waived and shall not limit or affect the right of His Majesty or of his successors or assigns with respect to any other or future breach.

14. Provided also that if at any time during the continuance of the term hereby granted the lessees be permitted in the manner hereinbefore provided to transfer, assign or sub-let for the remainder of the said term or any part thereof, the lands or any part thereof with the rights and privileges hereby granted, all the provisoes, terms, exceptions, restrictions and conditions herein contained shall extend to and be binding upon the transferees, assignees, or sub-lessees and upon their executors, administrators, successors and assigns respectively and that any breach thereof by them or any of them shall have the same effect as against the lessees as if such breach were made by the lessees during continuance as lessees.

15. Provided also that the word "lessees" in these presents includes the lessees their successors and assigns.

*16. Provided also, that no implied covenant or liability of any kind on the part of His Majesty is created by the use of the words "demise" or "lease," or "grant demise and lease" herein, or by the use of any other word or words herein. And that His Majesty does not warrant the title to the said lands or any of them and shall be under no obligation to quiet or defend the same or to pay or indemnify the lessees in respect of the costs of quieting or defending the same.

17. Provided also that any notice, demand or other communication which His Majesty or the Minister may require or desire to give or serve upon the lessees may be validly given or served by his deputy or by the Secretary or the Assistant Secretary of the Department of the Interior or by the Commissioner of the Yukon Territory or by the Cold Commissioner thereof or of the district within which the demised premises are situated.

Provided also that this demise is subject to all other regulations contained and set forth in any order of the Governor General in Council containing regulations for the disposal of mining locations in the Yukon Territory to be worked by the hydraulic or other mining process referred to in these presents, as fully and effectually to all intents and purposes as if they were set forth in these presents.

And the lessees for themselves, their successors and assigns do hereby covenant, promise and agree to and with His Majesty his successors and assigns that the lessees their successors or assigns or some or one of them shall and will well and truly pay or cause to be paid to His Majesty his successors or assigns the said annual rent and the said royalty upon the several days and in the manner hereinbefore appointed for the payment thereof respectively, without any deduction or abatement whatsoever, and shall and will abide by, perform, fulfil and keep or cause to be abided by, performed, fulfilled and kept every clause, condition, proviso, covenant, matter and thing on his or their part to be abided by, performed, fulfilled and kept as hereinbefore set forth and provided.

And it is finally hereby agreed by and between the parties to these presents, that if at the expiration of the said term of twenty years the said lessees, their heirs, executors, administrators or assigns shall be desirous of taking a renewal lease of the said demised premises and shall of such desire prior to such expiration give to the Minister six months' notice in writing and shall have paid the rent and royalty hereby reserved or agreed to be paid and observed, performed, fulfilled and abided by the covenants, provisos, terms and conditions herein expressed and contained on the part of the lessees their successors or assigns to be observed, performed, fulfilled and abided by them the said Minister shall and will grant unto the said lessees, their successors or assigns the said demised premises for a further term of twenty years by a lease containing the like covenants, provisos, terms and conditions as are in these presents expressed and contained.

In witness whereof the said Minister of the Interior of Canada by his Deputy of the said City of Ottawa, Esquire, has hereunto set his hand and affixed the seal of the Department: and the lessees hereunto set their hands and seals.

Signed, sealed and delivered by the said The Honourable the Minister of the Interior of Canada by his Deputy in the presence of and by the said lessees in the presence of 17-4

Wednesday, the 28th day of September, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 15th September, 1904, from the Minister of the Interior, stating that by an Order in Council of the 16th March, 1901, Mr. J. A. J. McKenna, now Assistant Indian Commissioner, was appointed sole Commissioner to complete the investigation of the claims of Half-Breeds who were born between the 15th July, 1870, and the end of the year 1885, in the North-west Territories, or in that part of the Province of Manitoba as now constituted which was not included in the province as constituted by the Manitoba Act, 33 Victoria, chapter 3, and that, amongst other claims which were disallowed by Mr. McKenna, the claims which were preferred before him at Birtle in the Province of Manitoba, on behalf of the heirs of Marguerite Bellehumeur, Pierre Bellehumeur, Alfred Bellehumeur and Marie Louise Belle-

humeur, deceased children of Jean Bellehumeur, or Monette, by his wife Marie Bellehumeur née Tanner, were disallowed by the said Commissioner on the ground that they had not been proved to his satisfaction.

The Minister further states that additional evidence has since been filed in the Department of the Interior in support of these claims which, in the opinion of the Minister of the Interior, established the claims in question.

The Minister therefore recommends that he be authorized under the provisions of paragraph (f) of clause 90 of The Dominion Lands Act, to issue scrip in satisfaction thereof for 240 acres of land in each case.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

Wednesday, the 28th day of September, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS it appears that the unsurveyed portions lying west of range twenty-six, west of the fourth meridian, between township twenty-six and the International Boundary are so mountainous that the rates fixed by the Orders in Council of the 3rd February, 1903, and the 19th February, 1904, for the payment of township subdivision surveys executed under contract are inadequate,—

Therefore the Governor General in Council is pleased, in pursuance of sub-clause 1 of clause 19 of The Dominion Lands Act, to authorize the payment of an extra allowance of four dollars per mile of township or section line for all subdivision surveys made under contract in such of the townships within the aforesaid limits as were unsurveyed on the 1st January, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 9th August, 1904, from the Minister of the Interior, submitting that Messrs. Macdonell and Martin, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba, to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report, dated 30th April, 1903, in which they submit, in accordance with the terms of the Order in Council, in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 284,034 acres.

The Minister states that of the area thus examined the Commissioners find an area of 146,274 acres falling to the Province as Swamp Lands.

That by a comparison of the schedules furnished by the Commissioners with the books of the Department of the Interior, and its Agencies in Manitoba, it has been found that of the total area of 146,274 acres selected as such Swamp Lands, an area of 43,192.27 acres is available.

The Minister submits a revised schedule of such of the lands included in the schedule of the Commissioners as are found available comprising an area of 43,192.27 acres, and being satisfied of the accuracy of the same, recommends that the lands enumerated therein be

vested in His Majesty King Edward VII., for the purposes of the Province of Manitoba under the provisions of the 4th section of chapter 47 of the Revised Statutes of Canada.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

SCHEDULE showing lands selected by Messrs. Macdonell and Martin, Swamp Lands Commissioners, during the season of 1902, under the provisions of the Order in Council of 19th June, 1886, and amending Order in Council of 27th February, 1899, all being found vacant in the books of this Department.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Memorandum dated 15th September, 1904, from the Minister of the Interior, stating that the Baptist Church of Canada has selected as a free grant for Church purposes lots 1 and 2 in block 11 in the townsite of Lloydminster and has remitted to the Department of the Interior the sum of \$10 as a patent fee.

The Minister recommends that he be authorized to issue to the Reverend Colin Campbell McLaurin, in trust for the Baptist Convention of Manitoba and the North-west Territories letters patent for the two lots mentioned, viz:—Lots 1 and 2 in Block 11, Lloydminster townsite, such grant to be made under clause 31 of The Dominion Lands Act, the trusts and uses for the lots so appropriated to be expressed in the letters patent.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 11th August, 1904, from the Minister of the Interior, stating with reference to the Order in Council of the 6th day of June, 1901, approving of the Report of 31st May, 1901, by Mr. J. A. J. McKenna, Half-Breed Scrip Commissioner, that the report in question deals with a variety of more or less complicated questions relating to scrip, and then proceeds to state in clause six that the claims of persons otherwise entitled to scrip "who have left Canada" and taken up their residence on Indian Reservations "in the United States and participated in the benefits" of Indian life thereon and all children admitted to "United States Indian Schools" had been excluded from the distribution of scrip.

The Minister states that he submitted this report for approval and it was accordingly approved as a whole.

The Minister further states that subsequent consideration of the clause above adverted to makes it clear that the ruling set out in clause six thereof is erroneous, in that it results in depriving of the right to scrip, persons whose claims had fully matured in the year 1885, and therefore were in the nature of a vested right, because of the removal of such persons from Canada.

The Minister states that it is quite clear that such removal does not constitute any valid reason for the refusal to recognize property rights fully matured and vested before such removal took place. This principle has been clearly and very properly laid down in former cases where the right to scrip was in question. It is moreover doubtful whether in any case the half-breeds excluded under the above clause have any permanent interest in or right to the benefits derived from the United States Government to which reference is made.

The Minister therefore recommends that the claims preferred before Mr. McKenna and excluded under section 6 of his said report may be investigated by an officer or officers of the Department of the Interior, to be named by the Minister of the Interior, and that such officer or officers have in reference to such claims all the authority formerly exercised by Mr. McKenna under the various Orders in Council relating to his duties or Commission for the investigation of claims to Half-Breed scrip including the taking of evidence under oath either *viva voce* or in writing, and that the Minister of the Interior be authorized to act upon and carry out such reports as from time to time may be made in pursuance hereof.

The Minister further recommends that in case of conflicting claims from assignees of such scrip the assignee whose assignment is filed in the Department first in order of time shall be held to be the legal assignee.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

WHEREAS the regulations governing the disposal of the right to divert and use water for Mining purposes in the Yukon Territory approved by Order of the Governor in Council on 3rd August, 1898, provide that the Mining Recorder may grant the right to divert and use water from any stream or lake, at any part thereof, and the right of way through and entry upon any mining ground for the purpose of constructing ditches and flumes to convey such water ;

And whereas there is some doubt as to whether, under the provisions of the Regulations above quoted, an officer of the Crown has authority to grant right of way through and entry upon mining lands for which a Crown Grant has been issued, if such Crown grant conveys the surface as well as the under rights,—

Therefore the Governor General in Council is pleased to order that section 53 c. of the Quartz Mining Regulations shall be and the same are hereby amended by adding the following provision thereto:—

“and all such patents, conveying the surface as well as the under rights, shall reserve to the Crown forever such right or rights of way and of entry as may be required under any regulations in that behalf now or hereafter in force in connection with the construction, maintenance and use of works for the conveyance of water for use in mining operations.

Clerk of the Privy Council.

IN THE SUPREME COURT OF CANADA.

IN THE MATTER of a reference by His Excellency the Governor General in Council to the Supreme Court of Canada of certain questions for hearing and consideration affecting the jurisdiction of a Province to legislate respecting abstention from labour on the first day of the week, commonly called Sunday.

WHEREAS in the said reference the following questions and draft Bill have been referred to the Supreme Court of Canada for hearing and consideration pursuant to the provisions of the Revised Statutes of Canada, chapter 135, intituled "An Act respecting the Supreme and Exchequer Courts, as amended by 54-55 Victoria, chapter 25, intituled "An Act to amend chapter 135 of the Revised Statutes of Canada, intituled "An Act respecting the Supreme and Exchequer Courts."

QUESTIONS.

1. Has the Legislature of a Province authority to enact a statute in the terms of the annexed draft Bill?
2. If the provisions of the draft Bill are beyond the jurisdiction of a province in part only
 - (a) Which of the sections or which of the provisions thereof are ultra vires, and
 - (b) To what extent are they ultra vires?
3. (a) Upon the repeal of Consolidated Statute of Upper Canada, chapter 104, would it be competent to the legislature of Ontario to enact the said draft Bill in its entirety or in part, and
 - (b) if in part only what sections or provisions thereof and to what extent?
4. Has a Province jurisdiction to legislate prohibiting or regulating labour so as to prevent any work, business or labour from being performed within the province upon the first day of the week commonly called "Sunday" except work of necessity or mercy and except work or labour of the character and to the extent comprehended in section 2 of the draft Bill.
5. Has a province power to restrict the operations of companies of its own creation to six days in each week by provisions in the charters or Acts of incorporation of such companies, or otherwise, so as to render it unlawful for them, their servants or agents to do any work, business or labour within the province on the first day of the week?
6. Are the following classes of companies or corporations created by the Dominion or any of them, and if so, which, and the servants and agents thereof, subject to the laws of the province within which they operate in so far as the prohibition or regulation of labour upon the first day of the week is concerned:—
 - (a) Those whose works are declared to be for the general advantage of Canada but authorized to operate within one province only and whose operations are confined to such provinces;
 - (b) Those to which "The Companies Act, 1902" (Dominion) applies;
 - (c) Bank and Banking Companies;
 - (d) Companies for carrying on the business of insurance or the business of a Loan Company;
 - (e) Companies whose purposes or objects are the construction and operation of any of the works or undertakings mentioned in clauses (a), (b) and (c) of the 10th enumeration of section 92 of the British North America Act other than those falling under clause (a) hereof.
7. Had the Legislature of Ontario authority to enact:—
 - (a) The second clause of subsection (2) of section 14 of Revised Statutes of Ontario, 1897, Chapter 208?
 - (b) Section 136 of Revised Statutes of Ontario, 1897, Chapter 209;
 - (c) Section 6 of 63 Victoria, Chapter 49;
 - (d) Section 39 of Revised Statutes of Ontario, 1897, Chapter 257, and sections 2 and 3 of 1 Edward VII., "Ontario", Chapter 26.
 - (e) Section 79 of 4 Edward VII., Chapter 10.

BILL.

1904.

No.

HIS Majesty, by and with the advice and consent of the Legislative Assembly of , enacts as follows:—

INTERPRETATION.

1. In this Act unless the context otherwise requires:

 - (f) the expression "employer" includes every person to whose orders or directions any one is by his employment bound to conform.

APPLICATION.

2. Nothing in this Act contained shall be deemed to apply to or affect or prevent the operation of or the performance of any work or labour the regulation or prohibition of which is within the exclusive authority of the Parliament of Canada upon or with respect to:—
 - (a) Lines of steam or other ships, railways, canals, telegraphs and other works and undertakings connecting this province with any other or others of the provinces or extending beyond the limits of this province;
 - (b) Lines of steamships between this province and any British or Foreign country;
 - (c) such works as although wholly situated within this province are before or after their execution declared by the Parliament of Canada to be for the general advantage of Canada or for the advantage of two or more of the provinces; or
 - (d) any work or service within the exclusive authority of the Parliament of Canada.
3. Nothing in this Act contained shall be construed to repeal or in anywise affect the provision of any Act respecting the Lord's Day in force in this province on the 1st day of July, 1867.

WEEKLY DAY OF REST.

4. The first day of each week commonly called Sunday shall be observed as a day of rest and abstention from labour, and it shall not be lawful for any person on any such day—
 - (a) to do any work or perform any labour or transact any business or to sell or offer for sale or purchase any chattels or other personal property, or any real estate, or to employ or to be employed by any other person to any work, business or labour;
 - (b) to engage in any game or contest for gain or for any prize or reward or to be present thereat, or to provide, engage in or be present at any performance at which any fee is charged directly either for admission to such performance or for any service or privilege thereat;
 - (c) to run, conduct or convey by any mode of conveyance any excursion on which passengers are conveyed for hire and having for its principal or only object the carriage on that day of such persons for amusement or pleasure;
 - (d) to open to the public any park or pleasure ground or other place maintained for gain or to which an admission fee is charged directly or indirectly or within which a fee is charged for any service or privilege;
 - (e) to shoot at any target, mark or other object or to use any gun, rifle or other engine for that purpose.

2. When any performance (at which an admission fee or any other fee is so, charged) is provided in any building or place to which persons are conveyed for hire, the charge for such conveyance shall be deemed an indirect payment of such admission fee within the meaning of this section.
5. It shall not be lawful for any person to advertise in any manner whatsoever any performance or other thing prohibited by this Act.
 - (2) it shall not be lawful for any person to advertise in this province in any manner whatsoever any performance or other thing which if given or done in this province would be a violation of this Act.
6. Notwithstanding anything in this Act contained any person may on the first day of any week do any work of necessity or mercy.

PENALTIES.

7. Every constable or other peace officer who suspects that a violation of this Act is being committed in or upon any premises shall, within the limits for which he is such constable or peace officer, have the right at any time to enter into or upon and to search such premises for the purpose of ascertaining whether such offence is being committed.
- (2) Everyone who obstructs such constable or peace officer acting under the authority of this section shall be guilty of a violation of this Act.
8. Everyone who violates any of the provisions of this Act shall for each offence be liable to a penalty of not less than one dollar and not exceeding forty dollars together with the costs of prosecution.
9. Everyone who as employer authorizes or directs anything to be done in violation of any of the provisions of this Act shall for each offence be liable to a penalty of not less than ten dollars and not exceeding one hundred dollars together with the costs of prosecution in addition to any other penalty prescribed by law for the same offence.
10. Every company or corporation which authorizes, directs or permits his employees to carry on any part of the business of such company or corporation in violation of any of the provisions of this Act shall for the first offence incur a penalty of two hundred and fifty dollars and for each subsequent offence a penalty of five hundred dollars together with the costs of prosecution in addition to any other penalty prescribed by law for the same offence.
11. Every person who owns or controls wholly or partly any vessel or railway or any building or any park, pleasure ground or other place which is used for the doing of anything which violates any of the provisions of this Act shall for each offence forfeit and pay the sum of not less than two hundred and fifty dollars and not exceeding five hundred dollars together with the costs of prosecution in addition to any other penalty prescribed by law for the same offence.

PROCEDURE.

12. The penalties and costs incurred in respect of any offence under this Act shall be recoverable upon summary conviction before a Justice of the Peace or Stipendiary Magistrate.

Notice is hereby given pursuant to a direction of the Supreme Court of Canada that an application will be made to the said Court on the 14th day of November next to have said reference set down for hearing at a date then to be fixed by the Court and that the said Court will on the said 14th November next be also asked to direct what person or persons or what class of persons shall be entitled to be heard thereupon.

NOTICE TO MARINERS.

No. 75 of 1904.

(Atlantic Notice No. 44.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

PRINCE EDWARD ISLAND.

(203) EAST COAST—CARDIGAN BAY AND GEORGETOWN HARBOUR—BUOYAGE.

The buoys in Cardigan bay and Georgetown harbour were, on the 15th July, 1904, accurately located by cross bearings.

The following is a complete list of buoys maintained by the Dominion of Canada in this harbour:—

1. A black spar buoy off Panmure head, in 30 feet water, with Panmure head lighthouse bearing S. 70° W. distant $\frac{3}{4}$ cables, and the east tangent of Cardigan point N. 17° W.

2. A red conical buoy off Cardigan shoal, in 40 feet water, with Panmure head lighthouse bearing S. 10° W. distant $12\frac{1}{2}$ cables.

3. A red cask buoy off Cardigan shoal, in 36 feet water, with St. Andrew point lighthouse bearing N. 59° W. distant $16\frac{1}{2}$ cables, and the east tangent of Cardigan point, N. 13° E.

4. A black spar buoy off Panmure shoal, in 24 feet water, with Panmure island lighthouse bearing S. 27° E. distant $12\frac{1}{2}$ cables, and Billhook point, S. 63° W.

5. A black spar buoy off Grave point, in 15 feet water, with Grave point bearing N. 56° W. distant $4\frac{1}{2}$ cables, and St. Andrew point lighthouse N. 38° W. distant 7 cables.

6. A red cask buoy on south edge of Knollshoal, in 18 feet water, with St. Andrew point lighthouse bearing N. 82° W. distant 5 cables.

7. A red can buoy off Thrumcap spit, in 18 feet water, with St. Andrew point lighthouse bearing S. 44° W. distant 4 cables.

8. A red cask buoy off Gaudin point, in 15 feet water, with St. Andrew point lighthouse bearing S. 10° E. distant $8\frac{1}{2}$ cables.

9. A black spar buoy off Aitkins point, in 27 feet water, with the ferry wharf bearing S. 22° E. distant $4\frac{1}{2}$ cables, and the railway wharf, S. 70° E. distant $5\frac{1}{2}$ cables.

10. A red spar buoy off the point to the southwestward of Brudenell point, in 12 feet water, with Brudenell point bearing N. 56° E. distant 3 cables, and the ferry wharf, S. 41° E. distant $8\frac{3}{4}$ cables.

11. A red spar buoy off Thorntown point, in 15 feet water, with Grave point bearing N. 17° E. distant 8 cables, and Creed point S. 84° W.

12. A black spar buoy off Creed point, in 15 feet water, with Creed point bearing N. 69° W. distant $5\frac{1}{2}$ cables, and White point S. 13° W. distant 14 cables.

13. A red spar buoy off White point, in 15 feet water, with White point bearing S. 11° E. distant 5 cables, and the southeast extreme of Panmure island, S. 79° E.

14. A black spar buoy off White point, in 15 feet water, with White point bearing S. 3° E. distant 5 cables, and the west extreme of Panmure island, N. 59° E. distant $6\frac{1}{2}$ cables.

The channel from Grave point to Sturgeon bay and St. Mary Bay is very intricate, having on both sides extensive sand bars and shoals. Strangers should not attempt its passage without the assistance of a local

pilot. There is a wharf on the south side of Sturgeon bay, about $\frac{1}{2}$ mile east of the mouth of Sturgeon river. N. to M. No. 75 (203) 22-9-04.

NOVA SCOTIA.

(204) BAY OF FUNDY, SOUTH SIDE—PORT LORNE— NOMENCLATURE.

On the south shore of the Bay of Fundy, on the coast of Annapolis county, Nova Scotia, there is a harbour for small vessels, which was originally known as Marshall cove. This name was replaced by that of Port Williams, but as there was another settlement of the same name in Kings county, the name Port Lorne was later adopted as that of the settlement in Annapolis county, and the Post Office is now known as Port Lorne. The name of the lighthouse, No. 167 in the List of Lights, will, therefore, be changed from Port Williams to Port Lorne, and to prevent confusion both names, Marshall cove and Port Williams, should be dropped from the charts and sailing directions.

ALASKA.

(206) LYNN CANAL—CHILKAT ISLANDS—UNCHARTED SHOAL.

Captain F. Hall, master of the U. S. Army transport *Buford*, reports that on 3rd August, 1904, while getting under way from an anchorage at Chilkat islands, Lynn canal, the ship touched lightly forward. A sounding showed $2\frac{1}{2}$ fathoms, rocky bottom. Another sounding just abaft the forward bridge showed $7\frac{1}{2}$ fathoms, ship heading about East true. No bearings were taken.

The approximate position of the shoal spot is about midway between and slightly to the northward of the 16 and 71 fathom spots to the northward of the middle island (142) of the Chilkat islands.

Approx. position: Lat. $59^{\circ} 02' 10'' N.$, Long. $135^{\circ} 15' 10'' W.$ N. to M. No. 77 (206) 28-9-04.

(207) ALEUTIAN ISLANDS—SEMISSOPOCHNOI ISLAND— UNCHARTED BANK (PETREL BANK) DISCOVERED TO NORTHWARD.

Lieutenant Commander F. H. Sherman, U. S. Navy, commanding the U. S. S. *Petrel*, reports that on 27th May, 1904, while making passage from Dutch Harbour to Kiska, while trying to pick up Semisopchnoi island a dense fog set in, with heavy ground swell, and shoal water was suspected. Soundings were taken with the sounding machine, which developed the existence of a bank, which he named Petrel bank, to the northward of Semisopchnoi island, which will be of great assistance in the navigation of these waters to and from Kiska, via Dutch Harbour, as Semisopchnoi is generally hidden by dense fog. With this bank developed, the lead will indicate the approximate position of the ship.

The bank rises gradually from the sea on the north, east and west sides. The 100-fathom curve at the northern extremity lies in latitude $52^{\circ} 28' N.$, longitude $179^{\circ} 39' E.$, or $N. 10^{\circ} W.$ true (NNW. mag.), distant 28 miles from the eastern extremity of Semisopchnoi island, or about 19 miles outside of the tentative 1,000-fathom curve shown on U. S. Coast Survey chart No. 9100. The least water found is 29 fathoms about 15 miles $N. 21^{\circ} W.$ true (NNW. $\frac{2}{3} W.$ Wly mag.) from the eastern extremity of the island.

The soundings increase uniformly from the 29-fathom spot to the 100-fathom line in the northwest, north and easterly direction.

This shoal part appears to be on a ridge running through the middle of the bank in a north and south direction. The general direction of the shoal is north-northeasterly and south-southwesterly, and about 15 miles across in an east and west direction, on a parallel 19 miles north of the eastern extremity of the island.

Owing to bad weather the south and southwestern edge of the bank could not be determined, but it is expected to make a further examination of it at a later date.

The shoal is located relative to the position of Semisopochnoi island, as several good bearings were obtained during the work.

(225) NIAGARA RIVER, MOUTH—NIAGARA-ON-THE-LAKE—RANGE LIGHTS ESTABLISHED.

Range lights established by the Government of Canada at the mouth of Niagara river will be put in operation on the 10th October, 1904.

The front tower stands upon the Niagara Navigation Company's landing at Niagara-on the lake, 30 feet back from the edge of the wharf, and 16 feet from its extreme southeast end.

Lat. N. 43° 15' 22''
Long. W. 79 3 54

The tower is a square, wooden building, with sloping sides, painted white, surmounted by a square, iron lantern, painted red. It is 32 feet high from its base to the ventilator on the lantern.

The light is a fixed red catoptric light, elevated 30 feet above the level of the lake, and should be visible 7 miles in, and over a small arc on each side of, the line of range.

The back tower stands on the shore, 690 feet S. 21½° E. from the front light. It is a similar building to the front one, but is 45 feet high.

The light, which is also similar to the front light, is elevated 43 feet above the level of the lake, and should be visible 8 miles in, and over a small arc on each side of, the line of range.

The two lights in one, bearing S. 21½° E., lead into the river clear of all obstructions from the bell buoy on the outermost shoal at the entrance.

(227) LAKE SUPERIOR—VICTORIA ISLAND—CHANGE IN POSITION OF LIGHTHOUSE.

Victoria island lighthouse has been moved from the knoll on which it stood, near the west end of the island, to the extremity of the point at the west end on the north side of the island, a distance of 400 feet S. 61° W. from its former position.

Lat. N. 48° 4' 54''
Long. W. 89 21 41

It now stands on ground elevated about 20 feet above the level of the water and about 30 feet from the north shore of the island.

The light is now elevated 45 feet above the level of the lake, and should be visible 12 miles from all points of approach on the inside channel and from the westward.

The dwelling house is about 100 feet southeast from the new position of the lighthouse.

(229) GULF OF ST. LAWRENCE COAST—MIRAMICHI RIVER—OAK POINT—RANGE LIGHTS IMPROVED.

The range lights maintained by the Government of Canada at Oak point, on the Miramichi river, have been improved by substituting, for the light shown from masts, stronger lights shown from enclosed lighthouse towers, erected on the sites formerly occupied by the masts and trestle work on which they stood. The new lights were put in operation on the 6th October, 1904.

The towers are wooden buildings, square in plan, with sloping sides, surmounted by square wooden lanterns, and are painted white throughout.

The lights are fixed white, and should be visible 12 miles from all points of approach in the river and bay. The illuminating apparatus is dioptric of the seventh order.

The front tower stands on the north bank of the river, on the extremity of a point $\frac{1}{4}$ mile below Oak point.

Lat. N. 47° 7' 22''
Long. W. 65 15 42

It is 33 feet high from its base to the top of the ventilator on the lantern, and the light is elevated 45 feet above high water mark.

The back tower stands on the bank of the river, 1,800 feet N. 55° E. from the front one. It is 53 feet high from its base to the top of the ventilator on the lantern. The light is elevated 60 feet above high water mark.

The front light is used to guide up from Horseshoe channel to Grandoon buoy; the two lights in one astern lead up from the intersection of their alignment with that of the Sheldrake island range on a course of S. 55° W., to the conical buoy at the narrows of Sheldrake channel, near which the alignment of Grants beach range lights is picked up.

NOTICE TO MARINERS.

No. 87 of 1904.

(Atlantic Notice No. 51.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

NOVA SCOTIA.

(230) STRAIT OF NORTHUMBERLAND—WALLACE HARBOUR—MACFARLANE POINT—RANGE LIGHTS ESTABLISHED.

Two range lights established by the Government of Canada on Macfarlane point, in Wallace harbour, on the south side of the Strait of Northumberland, in the Province of Nova Scotia, will be put in operation on the 20th October, 1904.

They will be shown from wooden towers, square in plan, with sloping sides, surmounted by square wooden lanterns, the whole painted white. The fixed red catoptric lights should be visible four miles in, and over a small arc on each side of, the line of range.

The front tower stands upon the northeastern extremity of Macfarlane point, on the south side of the harbour, about 20 feet back from the edge of the bank, on land 16 feet above high water level, and 400 feet south of the site of the old ballast jetty.

Lat. N. 45° 49' 0''
Long. W. 63 27 25

The tower is 30 feet high from its base to the ventilator on the lantern. The light is elevated 41 feet above high water mark.

The back tower stands 1860 feet N. 80° W. from the front one, on land 60 feet above high water mark. The tower is 45 feet high, from its base to the ventilator on the lantern, and the light is elevated 100 feet above high water mark.

Vessels entering Wallace harbour should keep the alignment of the range lights on Mullins point until they reach the alignment of Macfarlane point range lights, which they should keep, bearing N. 80° W., until they reach buoy No. 7 on the south extremity

of the Middle ground, whence they can haul up for the wharves in the harbour, or anchor inside the buoy.

TO ADVERTISERS IN THE GAZETTE.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. **INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.**

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—5 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, \$4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

RULES RELATIVE TO NOTICES FOR PRIVATE BILLS.

All applications to Parliament for Private Bills, of any nature whatsoever, shall be advertised by a Notice published in the *Canada Gazette*; such Notice shall clearly and distinctly state the nature and objects of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same; and when the application is for an Act of incorporation, the name of the proposed company shall be stated in the Notice. And if the works of any company (incorporated, or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specifically mentioned in the Notice; and the applicants shall cause a copy of such Notice to be sent by registered letter to the Clerk of each municipality which may be specially affected by the construction or operation of such works, and also to the Secretary of the Province in which such works are, or may be located; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

In addition to the Notice in the *Canada Gazette* aforesaid, a similar Notice shall also be published in some leading newspaper, as follows :—

A. When the application is for an Act to incorporate :

1. *A Railway or Canal Company* :—In the principal city, town or village in each county through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company* :—In the principal city or town in each Province or Territory in which the company proposes to operate.

3. A company for the construction of any works which in their construction or operation might specially affect a particular locality; or for obtaining any exclusive rights or privileges; or for doing any matter or thing which in its operation would affect the rights or property of others :—In the particular locality or localities which may be affected by the proposed Act.

3

4. A Banking Company; An Insurance Company; A Trust Company; A Loan Company; or an Industrial Company without any exclusive powers :—In the *Canada Gazette* only.

B. When the application is for the purpose of amending an existing Act :

1. For an extension of any line of railway, or of any canal, or for the construction of branches thereto :—In the principal city, town or village in each county or district through which such extension or branch is to be constructed.

2. For an extension of the time for the construction or completion of any line of railway, or of any canal, or of any telegraph or telephone line, or of any other works already authorized :—In the place where the head office of the company is, or is authorized to be.

3. For an extension of the powers of a company (when not involving the granting of any exclusive rights); or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers, or for any amendment which would in any way affect the rights or interests of the shareholders or bondholders or creditors of the company :—In the place where the head office of company is situated.

All such Notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week, for a period of five consecutive weeks; and when published in the Provinces of Quebec and Manitoba, shall be in both the English and French languages; and marked copies of each issue of all newspapers containing such Notice shall be sent to the Clerks of the Senate and House of Commons, endorsed "Private Bill Notice"; or a statutory declaration as to due publication may be sent in lieu thereof.

RULES RELATING TO PETITIONS AND PRIVATE BILLS.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of \$200, and a sum sufficient to pay the cost of printing the Act in the Statutes. The fee of \$200 is paid only in the House in which a Bill originates; but charges for reprinting and translation are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

No Petition praying for the incorporation of a railway company, or of a canal company, or for an extension of the line of any existing or authorized railway or canal, shall be considered by the Standing Orders Committees, until there has been filed with the Committee a map or plan, showing the proposed location of the works, and each county or district through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill;—Bills not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51a. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(a.) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed;

(b.) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets;

(c.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51b. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill:—

(a.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same;

(b.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where

and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars (\$200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

ARRETÉS EN CONSEIL.

[Renv. 943,302]

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 9 d'août 1904, du ministère de l'Intérieur, exposant que Messieurs Macdougall et Martin, commissaires nommés pour choisir les terrains marécageux dans la province du Manitoba qui seront attribués à cette province en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 30 avril 1903, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 284,034 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 146,274 acres reviennent à la province comme terrains marécageux.

En comparant la liste fournie par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que sur l'étendue totale de 146,274 acres choisis comme tels terrains marécageux, une étendue de 43,192.27 acres est disponible.

Le Ministre soumet une liste révisée de ceux des terrains compris dans la liste des commissaires qui sont trouvés disponibles, comprenant une étendue de 43,192.27 acres, et s'étant convaincu de l'exactitude de cette liste révisée, le Ministre recommande que les terrains énumérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

LISTE indiquant les terrains choisis par Messieurs Macdonell et Martin, commissaires des terrains marécageux, durant la saison de 1902, en vertu des dispositions de l'arrêté en conseil du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, tous trouvés vacants dans les livres de ce département.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport daté le 15 de septembre 1904, du ministre de l'Intérieur, disant que par un arrêté en conseil du 16 de mars 1901, Mr. J. A. J. McKenna, aujourd'hui sous-commissaire des Sauvages, a été nommé seul commissaire pour compléter l'enquête sur les réclamations des Métis nés entre le 15 de juillet 1870 et la fin de l'année 1885, dans les territoires du Nord-Ouest, ou dans cette partie de la province du Manitoba telle que actuellement constituée qui n'était pas comprise dans la province telle que constituée par l'Acte du Manitoba 33 Victoria, chapitre 3, et que entre autres réclamations qui furent désavouées par

Mr. McKenna, les réclamations qui lui furent soumises à Birtle, dans la province du Manitoba au nom des héritiers de Marguerite Bellehumeur, Pierre Bellehumeur, Alfred Bellehumeur et Marie Louise Bellehumeur, enfants décédés de Jean Bellehumeur, ou Monette, par son épouse Marie Bellehumeur, née Tanner, furent désavouées par le dit commissaire pour la raison qu'elles n'étaient pas établies à sa satisfaction.

Le Ministre dit de plus qu'une preuve additionnelle a depuis été produite au ministère de l'Intérieur à l'appui de ces réclamations, laquelle preuve, de l'avis du ministère de l'Intérieur établit les réclamations en question,—

A ces causes, le Ministre recommande qu'il soit autorisé, en vertu des dispositions du paragraphe (f) de l'article 90 de l'Acte des terres fédérales, à délivrer du scrip à cet égard pour 240 acres de terre dans chaque cas.

Le comité soumet ce qui précède à l'approbation.

Greffier du Conseil privé.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT qu'il appert que les parties non arpentées sises à l'ouest du rang vingt-six, à l'ouest du quatrième méridien entre le township vingt-six et la frontière internationale, sont si montagneuses que les taux fixés par les arrêtés en conseil du 3 de février 1903 et le 19 de février 1904, pour le paiement des arpentages de subdivisions de townships exécutés à l'entreprise, sont insuffisants,—

A ces causes, il plaît au Gouverneur général en conseil, conformément au paragraphe de l'article 19 de l'Acte des terres fédérales, d'autoriser le paiement d'une allocation supplémentaire de quatre piastres par mille de ligne de township ou de section pour tous les arpentages de subdivisions faits à l'entreprise dans ceux des townships situés dans les susdites limites qui étaient non arpentés le 1er de janvier 1904.

HOTEL DU GOUVERNEMENT A OTTAWA

Samedi, le 13e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport daté le 11 d'août 1904, du ministre de l'Intérieur, énonçant, relativement à l'arrêté en conseil de 6 de juin 1901 qui approuve le rapport du 31 de mai 1901 par Mr. J. A. J. McKenna, commissaire des scrips des Métis, que le rapport en question traite d'une variété de questions plus ou moins compliquées concernant le scrip, et plus loin dans la clause six déclare que les réclamations de personnes ayant d'ailleurs droit au scrip "qui avaient quitté le Canada et s'étaient établies sur les Réserves indiennes dans les Etats-Unis et participé aux avantages de la vie indienne dans ces réserves et tous les enfants admis aux écoles indiennes des Etats-Unis", avaient été exclus de la distribution du scrip.

Le Ministre dit qu'il a soumis ce rapport pour approbation, qui fut en conséquence approuvé comme un tout.

Le Ministre dit de plus qu'au examen subséquent de la dite clause fait voir clairement que la décision rendue dans la clause six était erronée, et qu'elle a pour résultat de priver du scrip des personnes dont les réclamations étaient pleinement mûries en l'année 1885, et en conséquence étaient de la nature d'un droit

acquis, parce que ces personnes étaient sorties du Canada.

Le Ministre dit qu'il est évident que ce déplacement ne constitue pas une bonne raison pour refuser de reconnaître des droits de propriété entièrement acquis antérieurement à ce déplacement. Ce principe a été clairement et très justement posé dans des causes où le droit au scrip s'est trouvé en question. Plus que cela, il est douteux dans tous les cas que les Métis exclus par la dite clause possèdent un intérêt permanent ou un droit aux avantages découlant du gouvernement des Etats-Unis dont il est parlé.

Le Ministre recommande donc que les réclamations produites devant Mr. McKenna et rejetées en vertu de la clause six de son dit rapport, soient étudiées par un officier ou des officiers du ministère de l'Intérieur, et que cet officier ou ces officiers aient à l'égard de ses réclamations toute l'autorité ci-devant exercée par M. McKenna en vertu des divers arrêtés en conseil relatifs à ses devoirs ou sa commission pour l'examen des réclamations des Métis, y compris la prise de témoignages sous serment soit de vive voix ou par écrit, et que le ministre de l'Intérieur soit autorisé à agir d'après les rapports qui seront faits de temps à autre à ce sujet, et les exécuter.

Le Ministre recommande de plus, que dans le cas de réclamations contradictoires de la part d'ayants cause à ce scrip, l'ayant cause dont la cession aura été inscrite la première par ordre de date au ministère, sera réputé être l'ayant cause légal.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

AVIS AUX NAVIGATEURS.

No. 83 de 1904.

(Avis de l'Atlantique No. 49.)

Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont données venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

QUÉBEC.

(222) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES ENTRE QUÉBEC ET MONTRÉAL—ALIGNEMENT SUPÉRIEUR DE CHAMPLAIN—FEUX ÉTABLIS.

L'axe du chenal des navires depuis la Pointe aux Citrouilles jusqu'au village de Champlain a jusqu'ici été marqué par une paire de balises de jour plantées sur la rive nord du fleuve en amont du village de Champlain.

Aujourd'hui ces deux balises ont été adaptées pour la navigation de nuit en hissant sur chacune d'elles une lanterne montrant un feu blanc fixe, qui devrait être visible à 5 milles dans l'alignement.

La balise antérieure est sur le bord du fleuve, à environ $\frac{1}{2}$ mile en amont de l'église du village.

Lat. N. 46° 26' 18''
Long. O. 72 21 27

On n'a pas encore obtenu de détails concernant ces feux, mais ils seront plus amplement décrits dans un avis ultérieur.

LEINE—RACCORDEMENT TÉLÉGRAPHIQUE.

Ce qui suit doit être inséré à la page 54 du *St. Lawrence Pilot*, vol. i, sixième édition, 1894, concernant les facilités télégraphiques sur les îles de la Madeleine.

Raccordement télégraphique.—Les îles de la Madeleine sont reliées par câble avec la terre ferme et Anticosti. Un câble s'étend de Meat Cove, C.B., à Old Harry Cove, île Coffin ; de là par terre jusqu'à la Grosse-île, où le principal bureau du câble est situé dans une anse à l'est du Cap Nord ; à partir de la Grosse-île le câble traverse à l'extrémité est de l'île Bryou, de là au phare de Heath Point sur l'île d'Anticosti, et par le réseau d'Anticosti avec Gaspé, donnant ainsi deux routes alternes. Ce réseau de câble est relié à un réseau de lignes télégraphiques par tout le groupe des îles de la Madeleine, à l'exception de l'île Entry.

Des bureaux de télégraphe sont ouverts au havre de Grand Entry, Old Harry Cove, Grosse-île, l'île Wolfe, l'île à la Meule, la Meule ouest, House Harbour, Pointe Basse, le village de l'Etang du Nord, le phare de l'Etang du Nord, le phare de l'île Amherst, et le havre Amherst. AUX ANNONCEURS DANS LA GAZETTE.

Ceux qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."

2. Indiquer le nombre voulu d'insertions.

3. **TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA GAZETTE, TELS QUE DONNÉS PLUS BAS; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.**

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—5 insertions.

Les avis de demandes de lettres patentes en vertu de l'Acte des compagnies de prêt (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, \$4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

Outre l'avis à publier dans la *Gazette du Canada* sus-dite, un avis semblable devra aussi être publié dans quelque journal important, comme suit :—

A. Lorsque la demande sera faite pour un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal :—Dans la principale cité, ville ou village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. Une compagnie de télégraphe ou de téléphone :—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. Une compagnie pour la construction de travaux quelconques de nature à affecter une localité particulière par suite de leur construction ou exploitation; ou pour obtenir quelques droits ou privilèges exclusifs; ou pour faire quelques opérations pouvant affecter les droits ou la propriété de particuliers :—Dans la localité ou les localités qui pourraient être affectées par la législation projetée.

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommiss; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques :—Dans la *Gazette du Canada* seulement.

B. Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal :—Dans la principale cité, ville ou village dans chaque district ou comté dans lesquels devront être construits les dits prolongement ou embranchement.

2. Pour la prolongation du délai fixé pour la construction ou l'achèvement de quelque ligne de chemin de fer, ou de quelque canal, ou de quelque ligne de télégraphe ou de téléphone, ou de tous autres travaux déjà autorisés :—Dans la localité où le siège d'affaires de la compagnie est situé ou est autorisé à se fixer.

3. Pour l'extension des pouvoirs d'une compagnie (lorsqu'ils n'entraîneront pas l'octroi de quelques droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs pour émettre des obligations ou pour faire des emprunts, ou pour quelque amendement pouvant affecter les droits ou intérêts des actionnaires ou porteurs d'obligations ou créanciers de la compagnie :—Dans la localité où est situé le siège de la compagnie.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans une feuille publique, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives; et en ce qui concerne les provinces de Québec et du Manitoba, ils devront y être publiés en anglais et en français; et des exemplaires marqués de chaque numéro de tous les journaux contenant le dit avis devront être adressés aux greffiers du Sénat et de la Chambre, et devront porter à l'endos 'Avis de Bill Privé'; ou une déclaration statutaire attestant la publication pourra être envoyée au lieu des dits exemplaires.

RÈGLES RELATIVES AUX PÉTITIONS ET BILLS PRIVÉS.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts. L'honoraire de \$200 ne sera payé que dans la Chambre où le bill a pris naissance; mais les frais de réimpression et de traduction seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Nulle pétition demandant la construction légale d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne de quelque chemin de fer ou canal existant ou autorisé, ne sera prise en considération par les comités des Ordres Permanents, à moins qu'il n'ait été soumis au comité une carte ou plan indiquant le territoire sur lequel

devront être construits les travaux projetés, et chaque comté ou district dans lesquels devront être construits le chemin de fer ou canal projeté, ou quelqu'embranchement ou prolongement d'iceux.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.
THOMAS B. FLINT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées ainsi; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débetures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie Britannique, ou les Terri-

toires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district: autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

DESPATCHES, Etc.

Extract from the *London Gazette*, August 30, 1904.

INDIA OFFICE,

August 25, 1904.

RULES PUBLICATION ACT, 1893.

In conformity with the provisions of the Statute 56 and 57 Victoria, cap. 66, notice is hereby given that the Secretary of State for India in Council proposes, with the advice and assistance of the Civil Service Commissioners, at the expiration of forty days from the date of this *Gazette*, to make alterations as shown below in the regulations for the admission of candidates to the Civil Service of India, under section 32 of the Statute 21 and 22 Victoria, cap. 10:

For Regulation 2, head (ii), which at present stands as follows:—

"That he had attained the age of twenty-one, and had not attained the age of twenty-three, on the first day of the year in which the Examination is held."

It is proposed to substitute the following, that is to say:—

"That he had attained the age of twenty-two, and had not attained the age of twenty-four, on the first day of August of the year in which the Examination is held."

It is intended that the changes should come into force for the Open Competitive Examination of 1906 and subsequent years.

Copies of the foregoing proposed new rules may be obtained from the Secretary, Judicial and Public Department, India Office.

ORDERS IN COUNCIL.

[Ref. 931,055.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 15th July, 1904, from the Minister of the Interior, stating that it has been represented to him that it would be in the interests of the School Lands Endowment Fund of the Territories to offer for sale by public auction during the coming autumn a number of School Lands in Western Alberta, as well as some in Eastern Assiniboia. The lands it is proposed should be offered for sale are those situated in the vicinity of the line of the Calgary and Edmonton Railway, and of the Crows Nest Branch of the Canadian Pacific Railway in Alberta as well as a certain number in the vicinity of Yorkton and Saltcoats in Eastern Assiniboia.

The Minister is of the opinion as no general auction sale of School Lands in Alberta has been held since the Auction Sale at Calgary in July, 1899, which only comprised a few sections in the neighbourhood of that place and in view also of the fact that there is at present a very strong demand for School Lands especially for those in Alberta and in the Yorkton District in Assiniboia, that if offered now they would realize good prices, and in this view the Government of the North-west Territories concurs.

The Minister therefore recommends that he be authorized to offer for sale during the coming Autumn the School Lands in the vicinity of the line of the Calgary and Edmonton Railway and of the Crows Nest Branch of the Canadian Pacific Railway in Western Alberta and in the vicinity of Yorkton and Saltcoats in Eastern Assiniboia, which are now being inspected and valued for that purpose; the sales to be held on such dates and at such places as may be hereafter determined by the Minister of the Interior and to be subject in every case to an upset price based upon the valuation of the land.

The Committee submit the same for approval.

JOHN J. MCGEE,

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 1st day of October, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Governor General in Council is pleased to order that section 1 of the Regulations governing the disposal of Dominion Lands containing petroleum, established by the Order in Council of the 23rd March, 1904, shall be and the same is hereby rescinded, and the following section substituted therefor:—

1. All unappropriated Dominion Lands in Manitoba, the North-west Territories and within the Yukon Territory, shall be open to prospecting for petroleum by an individual or company desiring to do so. In case there should arise any dispute as to whether lands are or are not unappropriated, the question shall be decided by the Minister of the Interior whose decision shall be final; provided, however, that the Minister may reserve for an individual or company who has machinery on the land to be prospected, an area of 1920 acres for such period as he may decide.

This tract of land may be selected by the said individual or company so soon as machinery has been placed on the ground, but the length of such tract shall not exceed three times the breadth thereof; where the circumstances of the case, however, appear to be exceptional the Minister of the Interior may permit the selection to be made in areas of not less than a quarter-section, or a fractional quarter-section, which may have resulted from the convergence of meridians, in such section affected, and the several parcels of land selected must be contiguous.

JOHN J. MCGEE,

Clerk of the Privy Council.

[Ref. 470,977.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 6th day of October, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Memorandum dated 3rd October, 1904, from the Minister of the Interior, stating that on the 10th September, 1901, a lease was issued to the North American Transportation and Trading Company of an hydraulic mining location on Miller Creek in the Yukon Territory, excluding thereout such placer claims the entries for which were in force on the 22nd of June, 1899, and including any of the claims which have since that date been abandoned or forfeited, or may hereafter become abandoned or forfeited.

The Minister further states that two years previous to the date of the said lease the Gold Commissioner at Dawson gave public notice that he had withdrawn from placer mining entry the whole of the said location, but between the date of such notice and the date of the lease, the Assistant Gold Commissioner granted entries for a number of placer claims within the said location, including twenty-one claims the property of the company, which they considered to be a portion of their location.

That the Inspector of Agencies in the Yukon Territory visited the said location in August last and reported that the company have expended a large sum of money in constructing ditches and a large reservoir for conveying water to be used in hydraulic mining and working an hydraulic elevator; that the works were nearly completed and would be in operation before the close of the present season; and that over ninety men are employed in connection with the work.

The Minister recommends,—as the Department of the Interior agreed to issue a lease to the company of the whole of the location described in the said lease, including the bed of the Creek and Creek claims, excepting those for which the entries were in force at the date the location was closed from placer mining entry by the Gold Commissioner, and to allow the lessees to include in the location any of the said claims, which since that date might become abandoned or forfeited,—that for the better carrying out of the said agreement and for the better assuring the title of the lessees authority be given for the issue of a supplementary lease to the said company, and that the lease annexed hereto, prepared by the Department of Justice, be approved and issued to the company.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

THIS INDENTURE made in duplicate the day of 1904, between His Majesty, King Edward VII., represented herein by the Minister of the Interior of Canada, hereinafter called "the Minister", of the First Part; and The North American Transportation and Trading Company, of the City of Chicago, in the State of Illinois, one of the United States of America, hereinafter called "the lessees", of the Second Part.

Whereas by Indenture of Lease dated the tenth day of September, 1901, His Majesty did grant, demise and lease to the lessees the tract of land in the said lease described and the exclusive right and privilege of extracting and taking therefrom by hydraulic or other mining process all royal or precious metals or minerals from, in, under or upon the said tract of lands.

And whereas prior to the date of the said lease and in pursuance of an application for an hydraulic concession, Edmund Cumming Senkler, Gold Commissioner for the Yukon Territory, did by virtue of section 13, of the Hydraulic Regulations approved by Order in Council dated 3rd December, 1898, publish a notice on the 22nd day of June, 1899, in accordance with said section 13, withdrawing from location under

the regulations governing placer mining the following ground, being five (5) miles on Miller Creek, commencing at the mouth of the Creek (A Tributary of Sixty Mile River) thence running up stream on the said Creek for a distance of five (5) miles, and from summit to summit on either side.

And whereas the said lessees were prior to the said 22nd day of June, 1899, the owners of Creek placer mining claims the upper and lower halves of numbers 1, 2, 4, 5, 6, 7, 11, 12, 13, 14, 23, 28, 29, 30, 32, 33, 34, 35, 36, 37 and 38 below Discovery on Miller Creek and an application has been made by them to the Minister to include the said lastly above described claims within the lease to be granted to them for the said concession, which said application has been granted by the Minister.

And whereas after the posting of the said notices, grants were improperly given for the following creek placer mining claims, all of which said claims are within the limits of the ground described in the lease granted to the lessees on the 10th September, 1901, in pursuance of the application above referred to, namely : Creek claims the upper and lower halves No. 1 : the upper and lower halves No. 4 : the upper and lower halves No. 5 : the upper and lower halves No. 6 : the upper and lower halves No. 7 : the upper and lower halves No. 11 : the upper half No. 12 : the upper and lower halves No. 13 : the upper and lower halves No. 14 : the upper half No. 16 : the upper and lower halves No. 20 : the upper and lower halves No. 21 : the upper and lower halves No. 23 : the upper and lower halves No. 24 : the upper and lower halves No. 26 : the upper and lower halves No. 28 : the upper and lower halves No. 29 : the upper and lower halves No. 30 : the upper and lower halves No. 31 : the upper and lower halves No. 32 : the upper and lower halves No. 33 : the upper and lower halves No. 34 : and hill side placer mining claims the upper half left limit No. 3 : the upper half left limit No. 8 : the lower half left limit No. 15 : and the lower half left limit No. 27 : all being below Discovery on Miller Creek.

And whereas it has always been the intention of and the agreement between the parties hereto, that the lessees should obtain a lease from the Crown of all the unoccupied ground there was on Miller Creek on the 22nd day of June, 1899, within the following area, commencing at the mouth of the said creek and extending up stream a distance of three and thirty-eight one-hundredths miles, and extending in width from summit to summit : and also all the ground which should become abandoned or forfeited from the 22nd June, 1899 to the termination of the said lease of the 10th day of September, A. D. 1901.

And whereas the ground referred to in the said lease is so described that it is ambiguous whether it is intended to include the bed of Miller Creek or not.

And whereas it has always been the intention that the bed of the said Miller Creek should be included in the said description.

And whereas for the better carrying out of the said agreements and for the better assuring the title of the lessees, the parties hereto have agreed to execute these presents and the Governor in Council has authorized the issue and execution thereof.

How this indenture witnesseth that in pursuance of the premises and in consideration of and subject to the rent, covenants, provisoes, exceptions, restrictions and conditions hereinafter reserved and contained, and by the lessees to be paid, observed and performed, His Majesty doth grant, demise, lease and confirm unto the said lessees the said tract of lands and the exclusive right and privilege of extracting and taking therefrom by hydraulic or other mining process, all royal or precious metals or minerals from, in, under or upon the tract of lands hereby demised and leased, with regard to which the said rights and privileges are hereby granted, which said tract is described as follows, that is to say :—

All and singular that certain parcel or tract of land situate, lying and being on Miller Creek, a tributary of the Sixty Mile River in the Yukon Territory, and extending from the mouth of the said Miller Creek to Discovery on that stream a distance of three and thirty-eight one-hundredths

(3-38) miles more or less, and in width to the limits of the valley, including the bed of the creek, as shown on the plan of the survey thereof, signed by R. J. Jephson, D. L. S., dated the 19th day of June, 1900, and of record in the Timber and Mines Branch of the Department of the Interior; reserving thereout and therefrom Placer Mining Claims numbered Seventeen, Eighteen, and Nineteen below Discovery on the said Creek, and the lower half of Hillside Claim Number Sixteen and the upper half of Hillside Claim Number Seventeen, both on the Left Limit of said Miller Creek, as shown on the supplementary plan attached, bearing date the tenth day of June, 1904, and marked "A." And should any of the five placer mining claims above described, which are now excluded from the operation of this lease, become abandoned or forfeited, the same shall then be deemed to form a portion of and to be included in the tract described in the lease.

To have and to hold the said demised premises for and during the term of twenty to be computed from the 10th day of September 1901 and from thenceforth next ensuing and fully to be complete and ended.

Yielding and paying therefor yearly and every year during the said term unto His Majesty his successors or assigns the yearly rental reserved by the said lease of the 10th day of September, 1901, payable as in the said lease provided.

Provided always and this lease is subject to the following exemptions, restrictions, provisos and conditions, that is to say:

1. That the lessees shall and will well and faithfully pay the rent by the said lease of the 10th day of September, 1901, reserved at the times and in the manner therein reserved.

2. That the lessees shall in addition to the said yearly rent by the said lease reserved pay to His Majesty, his successors or assigns the same royalty upon the output of their said hydraulic or other mining operations, as under regulations under Order of the Governor General in Council is now or may be hereafter provided to be paid in the case of placer mining claims: except that there shall be exempted from the royalty to be paid hereunder by the lessees royalty upon \$25,000 of the annual output; the royalty to be paid in the manner provided for the payment of royalty on placer mining claims in the regulations under order of the Governor General in Council now or hereafter passed to govern the same.

3. That if during any year of the said term by the said lease of the 10th day of September, 1901, and hereby granted the lessees shall fail to expend in such mining operations in about or upon the said mining rights and privileges hereby granted the sum of five thousand dollars—of the fact of which failure the Minister shall be the sole and final judge—the said lease and this lease or demise and the remainder of the term by the said lease and hereby granted and all benefits, rights and privileges hereby granted to the lessees shall become and be utterly and absolutely null and void unless the Minister shall otherwise decide; and that in the event of such pro-determination of the said lease of the 10th day of September, 1901, and of this lease or demise or of the term granted to the lessees or remainder thereof His Majesty, his successors or assigns may thereupon re-enter upon the said demised premises and have, hold, use, occupy, possess and enjoy the same and every part thereof as if the said lease of the 10th day of September, 1901, and these presents had never been executed, and without any compensation or payment of any kind to the lessees for any work done or improvements made thereon; but nothing herein contained shall in anywise affect the right of His Majesty or his successors or assigns to all arrears of rent or royalty to be paid as in the said lease of the 10th day of September, 1901, and as hereinbefore provided, or to any remedy for the recovery of such arrears of rent or royalty.

4. That the lessees shall not nor will assign, transfer or sub-let the said demised premises, or any part thereof, without the consent in writing of the Minister.

5. That the lessees shall not nor will in any way interfere with the general right of the public to use the waters of any creeks or river adjoining or running through the said demised premises, and shall not nor will impede the same nor cause nor suffer the same to be impeded by deposits of tailings or other deposits resulting from the said mining operations or by the accumulation of such deposits in such way as to form bars or banks in the channels of the said creeks or rivers; and shall not nor will obstruct, nor cause nor permit to be obstructed in any material degree, the current stream or flow of the said creeks or river respectively.

6. That any person who under any Placer Mining Regulations in force under any Order of the Governor General in Council as aforesaid has prior to the 22nd day of June 1899, obtained entry for a location and has duly renewed the same on the bank or shore of either of the said creeks or of the said river, shall be entitled notwithstanding anything contained in these presents to run tailings into the said creeks or river at any point thereon.

7. That the lessees will permit and allow the Commissioner of the Yukon Territory or the Gold Commissioner thereof, or of the districts in which the said demised premises are situated, or any person duly authorized by them or either of them in writing so to do during the said term to enter upon and remain and reside upon the said premises for such period as to him or them shall seem expedient and necessary from time to time for the purpose of viewing the premises or watching the progress of the said mining operations, and will also permit any of the persons aforesaid or any surveyor with his assistants employed for that purpose to survey, examine, and deal with the state and conditions of the said premises and of the said mining operations, and to ascertain the quantity of work done, and material and royal or precious metals or minerals got out of, mined, or extracted or gained from the said premises and to ascertain whether the lessees are working the said premises in accordance with the terms, provisos and conditions of the said lease of the 10th day of September 1901 and of this lease: and for such purpose or any of them will permit any of the persons aforesaid to enter into and go about, ascend or descend, all buildings, works, pits or shafts, to use all engines, machinery, ropes, tackle and other things belonging to the lessees in and about the said premises, as any of the persons aforesaid may deem necessary or expedient without any compensation fee or payment to the lessees therefor, and will otherwise give and allow any of the persons aforesaid liberty of free ingress and egress in, to, out of, or over all buildings, erections and works used by the lessees in connection with the said hydraulic or other mining operations, and will also upon being so requested in writing by the Commissioner of the Yukon Territory or the Gold Commissioner thereof, or of the district in which the said demised premises are situated, furnish such Commissioner or Gold Commissioner of the Territory or district, as the case may be, or any person duly authorized by either of them to inspect the said demised premises for the purposes aforesaid with any information respecting the said mining operations or in any way concerning the said demised premises as the said Commissioner or the Gold Commissioner of the Territory or district may so request to be furnished with.

8. That the lessees shall not nor will in any way damage or obstruct any public ways, drains, bridges, works or improvements now made or hereafter to be made upon, in, over, through or under the said creeks or rivers and that they shall and will substantially bridge, or cover, and protect, to the satisfaction of the Minister at the points where the same may be crossed by any public highway or frequented path or trail, all cuts, flumes, ditches and sluices, and all dangerous places made by them or resulting from the said works or mining operations under these presents.

9. That if the lessees shall at any time during the said term fail to pay the rent or royalty so reserved or any part thereof within sixty days after the same respectively shall have become due or if they shall commit any breach or default in the observance of the

above conditions or any of them other than that referred to in the clause numbered "3" of these presents, then and in every such case the Gold Commissioner may post a notice in a conspicuous place upon the said demised premises and may mail a copy of such notice to the last address of the lessees known to the Commissioner requiring such default to be remedied, and in case such default is not remedied within three months of the date of the posting of the notice upon the location all the rights of the lessees under the said lease or under any order of the Governor General in Council containing regulations for the disposal of mining locations in the Yukon Territory to be worked by the hydraulic or other mining process, referred to in these presents, shall be and become *ipso facto* null and void provided that the claim of His Majesty or his successors or assigns for any rent or royalty then due, or accruing due, or any remedy for the recovery thereof shall be in no wise affected by such cancellation.

10. Provided and it is hereby understood and agreed that there are reserved and excepted from this lease and demise all roads, ways, bridges, drains, and public works and improvements whatsoever, now existing or which may hereafter be lawfully made in, upon or under any part of the said creeks or river and the right of free access to and use of the same also to all persons charged with the construction or maintenance or repair of the same or entitled to construct, maintain or repair the same all rights of entry and other rights and privileges necessary or convenient for that purpose.

11. That the lessees may cut free of dues such of the timber on the said demised premises as may be necessary for working the same in connection with their said mining operations, but not for sale or traffic except in cases where such timber has been granted or disposed of prior to the date of the said lease; provided that the Commissioner of the Yukon Territory may grant a permit to the said lessees to cut and sell any timber which it is necessary to remove in order to work or properly carry on their said mining operations upon the said demised premises and may permit any person to cut and remove from a location cordwood for their own use, when such cordwood cannot otherwise be had within a reasonable distance, unless such cordwood is required by the lessees for their mining operations.

12. Provided also that His Majesty does not in any way warrant that there shall be a sufficient quantity of water in the said creeks or river to admit of operations under this lease and that the lessees shall have no right to compensation should it be found impossible for that or for any other reason to carry on such operations, it being hereby declared and agreed that this lease is taken by the lessees entirely at their own risk.

13. Provided also that no waiver on behalf of His Majesty, his successors or assigns of the breach by the lessees of any condition, proviso, clause, covenant, matter or thing herein contained shall take place or be binding upon His Majesty, his successors or assigns unless the same be expressed in writing under the authority of the Minister and any waiver so expressed shall only extend to the particular breach so waived and shall not limit or affect the right of His Majesty or of his successors or assigns with respect to any other or future breach.

14. Provided also that if at any time during the continuance of the term hereby granted the lessees be permitted in the manner hereinbefore provided to transfer, assign or sub-let for the remainder of the said term or any part thereof, the lands or any part thereof with the rights and privileges hereby granted, all the provisos, terms, exceptions, restrictions and conditions herein contained shall extend to and be binding upon the transferees, assignees, or sub-lessees and upon their executors, administrators, successors and assigns respectively and that any breach thereof by them or any of them shall have the same effect as against the lessees as if such breach were made by the lessees during continuance as lessees.

15. Provided also that the word "lessees" in these presents includes the lessees their successors and assigns.

16. Provided also, that no implied covenant or liability of any kind on the part of His Majesty is created by the use of the words "demise" or "lease," or "grant demise and lease" herein, or by the use of any other word or words herein. And that His Majesty does not warrant the title to the said lands or any of them and shall be under no obligation to quiet or defend the same or to pay or indemnify the lessees in respect of the costs of quieting or defending the same.

17. Provided also that any notice, demand or other communication which His Majesty or the Minister may require or desire to give or serve upon the lessees may be validly given or served by his deputy or by the Secretary or the Assistant Secretary of the Department of the Interior or by the Commissioner of the Yukon Territory or by the Gold Commissioner thereof or of the district within which the demised premises are situated.

Provided also that this demise is subject to all other regulations contained and set forth in any order of the Governor General in Council containing regulations for the disposal of mining locations in the Yukon Territory to be worked by the hydraulic or other mining process referred to in these presents, as fully and effectually to all intents and purposes as if they were set forth in these presents.

And the lessees for themselves, their successors and assigns do hereby covenant, promise and agree to and with His Majesty his successors and assigns that the lessees their successors or assigns or some or one of them shall and will well and truly pay or cause to be paid to His Majesty his successors or assigns the said annual rent and the said royalty upon the several days and in the manner hereinbefore appointed for the payment thereof respectively, without any deduction or abatement whatsoever, and shall and will abide by, perform, fulfil and keep or cause to be abided by, performed, fulfilled and kept every clause, condition, proviso, covenant, matter and thing on his or their part to be abided by, performed, fulfilled and kept as hereinbefore set forth and provided.

And it is finally hereby agreed by and between the parties to these presents, that if at the expiration of the said term of twenty years the said lessees, their heirs, executors, administrators or assigns shall be desirous of taking a renewal lease of the said demised premises and shall of such desire prior to such expiration give to the Minister six months' notice in writing and shall have paid the rent and royalty hereby reserved or agreed to be paid and observed, performed, fulfilled and abided by the covenants, provisos, terms and conditions herein expressed and contained on the part of the lessees their successors or assigns to be observed, performed, fulfilled and abided by them the said Minister shall and will grant unto the said lessees, their successors or assigns the said demised premises for a further term of twenty years by a lease containing the like covenants, provisos, terms and conditions as are in these presents expressed and contained.

In witness whereof the said Minister of the Interior of Canada by his Deputy of the said City of Ottawa, Esquire, has hereunto set his hand and affixed the seal of the Department: and the lessees hereunto set their hands and seals.

Signed, sealed and delivered by the said The Honourable the Minister of the Interior of Canada by his Deputy in the presence of and by the said lessees in the presence of 17-4

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 15th September, 1904, from the Minister of the Interior, stating that by an Order in Council of the 16th March, 1901, Mr. J. A. J. McKenna, now Assistant Indian Commissioner, was appointed sole Commissioner to complete the investigation of the claims of Half-Breeds who were born between the 15th July, 1870, and the end of the year 1885, in the North-west Territories, or in that part of the Province of Manitoba as now constituted which was not included in the province as constituted by the Manitoba Act, 33 Victoria, chapter 3, and that, amongst other claims which were disallowed by Mr. McKenna, the claims which were preferred before him at Birtle in the Province of Manitoba, on behalf of the heirs of Marguerite Bellehumeur, Pierre Bellehumeur, Alfred Bellehumeur and Marie Louise Belle-

humeur, deceased children of Jean Bellehumeur, or Monette, by his wife Marie Bellehumeur née Tanner, were disallowed by the said Commissioner on the ground that they had not been proved to his satisfaction.

The Minister further states that additional evidence has since been filed in the Department of the Interior in support of these claims which, in the opinion of the Minister of the Interior, established the claims in question.

The Minister therefore recommends that he be authorized under the provisions of paragraph (f) of clause 90 of The Dominion Lands Act, to issue scrip in satisfaction thereof for 240 acres of land in each case.

The Committee submit the same for approval.

WHEREAS it appears that the unsurveyed portion^s lying west of range twenty-six, west of the fourth meridian, between township twenty-six and the International Boundary are so mountainous that the rates fixed by the Orders in Council of the 3rd February, 1903, and the 19th February, 1904, for the payment of township subdivision surveys executed under contract are inadequate,—

Therefore the Governor General in Council is pleased, in pursuance of sub-clause 1 of clause 19 of The Dominion Lands Act, to authorize the payment of an extra allowance of four dollars per mile of township or section line for all subdivision surveys made under contract in such of the townships within the aforesaid limits as were unsurveyed on the 1st January, 1904.

Wednesday, the 28th day of September, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report, dated 9th August, 1904, from the Minister of the Interior, submitting that Messrs. Macdonell and Martin, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba, to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report, dated 30th April, 1903, in which they submit, in accordance with the terms of the Order in Council, in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 284,034 acres.

The Minister states that of the area thus examined the Commissioners find an area of 146,274 acres falling to the Province as Swamp Lands.

That by a comparison of the schedules furnished by the Commissioners with the books of the Department of the Interior, and its Agencies in Manitoba, it has been found that of the total area of 146,274 acres selected as such Swamp Lands, an area of 43,192.27 acres is available.

The Minister submits a revised schedule of such of the lands included in the schedule of the Commissioners as are found available comprising an area of 43,192.27 acres, and being satisfied of the accuracy of the same, recommends that the lands enumerated therein be

vested in His Majesty King Edward VII., for the purposes of the Province of Manitoba under the provisions of the 4th section of chapter 47 of the Revised Statutes of Canada.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

SCHEDULE showing lands selected by Messrs. Macdonell and Martin, Swamp Lands Commissioners, during the season of 1902, under the provisions of the Order in Council of 19th June, 1886, and amending Order in Council of 27th February, 1899, all being found vacant in the books of this Department.

Saturday, the 13th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 11th August, 1904, from the Minister of the Interior, stating with reference to the Order in Council of the 6th day of June, 1901, approving of the Report of 31st May, 1901, by Mr. J. A. J. McKenna, Half-Breed Scrip Commissioner, that the report in question deals with a variety of more or less complicated questions relating to scrip, and then proceeds to state in clause six that the claims of persons otherwise entitled to scrip "who have left Canada" and taken up their residence on Indian Reservations "in the United States and participated in the benefits" of Indian life thereon and all children admitted to "United States Indian Schools" had been excluded from the distribution of scrip.

The Minister states that he submitted this report for approval and it was accordingly approved as a whole.

The Minister further states that subsequent consideration of the clause above adverted to makes it clear that the ruling set out in clause six thereof is erroneous, in that it results in depriving of the right to scrip, persons whose claims had fully matured in the year 1885, and therefore were in the nature of a vested right, because of the removal of such persons from Canada.

The Minister states that it is quite clear that such removal does not constitute any valid reason for the refusal to recognize property rights fully matured and vested before such removal took place. This principle has been clearly and very properly laid down in former cases where the right to scrip was in question. It is moreover doubtful whether in any case the half-breeds excluded under the above clause have any permanent interest in or right to the benefits derived from the United States Government to which reference is made.

The Minister therefore recommends that the claims preferred before Mr. McKenna and excluded under section 6 of his said report may be investigated by an officer or officers of the Department of the Interior, to be named by the Minister of the Interior, and that such officer or officers have in reference to such claims all the authority formerly exercised by Mr. McKenna under the various Orders in Council relating to his duties or Commission for the investigation of claims to Half-Breed scrip including the taking of evidence under oath either *viva voce* or in writing, and that the Minister of the Interior be authorized to act upon and carry out such reports as from time to time may be made in pursuance hereof.

The Minister further recommends that in case of conflicting claims from assignees of such scrip the assignee whose assignment is filed in the Department first in order of time shall be held to be the legal assignee.

The Committee submit the same for approval.

Clerk of the Privy Council.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

WHEREAS the regulations governing the disposal of the right to divert and use water for Mining purposes in the Yukon Territory approved by Order of the Governor in Council on 3rd August, 1898, provide that the Mining Recorder may grant the right to divert and use water from any stream or lake, at any part thereof, and the right of way through and entry

upon any mining ground for the purpose of constructing ditches and flumes to convey such water ;

And whereas there is some doubt as to whether, under the provisions of the Regulations above quoted, an officer of the Crown has authority to grant right of way through and entry upon mining lands for which a Crown Grant has been issued, if such Crown grant conveys the surface as well as the under rights,—

Therefore the Governor General in Council is pleased to order that section 53 c. of the Quartz Mining Regulations shall be and the same are hereby amended by adding the following provision thereto:—

"and all such patents, conveying the surface as well as the under rights, shall reserve to the Crown forever such right or rights of way and of entry as may be required under any regulations in that behalf now or hereafter in force in connection with the construction, maintenance and use of works for the conveyance of water for use in mining operations.

Clerk of the Privy Council.

RAILWAY COMMISSION.

THE BOARD OF RAILWAY COMMISSIONERS
FOR CANADA.

(Meeting at Ottawa.)

Monday, the 17th day of October, A.D. 1904.

PRESENT :

The Honourable A. G. BLAIR, P.C., K.C., LL.D.,
Chief Commissioner.

The Honourable M. E. BERNIER,
Deputy Chief Commissioner.

JAMES MILLS, Esquire, M.A., LL.D.,
Commissioner.

In the matter of the applications of the Grand Trunk Railway Company, the Canadian Pacific Railway Company, the Canadian Northern Railway Company, and the Père Marquette Railroad Company, for approval by the Board of Railway Commissioners of their forms of bills of lading and other traffic forms, in compliance with section 275, subsections 1 and 2 of The Railway Act.

The above named companies are the only railway companies in Canada which have, up to the present moment, complied with the requirements of section 275 ; and in respect of these so far received it may be remarked that there is much diversity in the forms of the several railways. The whole subject is of very great importance and will require that much circumspection should be exercised in examining into the contracts and forms which the Board hereafter has to approve ; and also into the question of limitation of liability on the part of carriers.

In view of these facts, and that the railways generally have not submitted their forms for approval, the Board does not deem it advisable to make any final or definite Order upon the subject at present, but is of opinion that an Interim Order might properly be made, permitting such railways as have made application therefor to continue the use of their present forms until the Board shall otherwise prescribe an order.

It is therefore ordered,—

that the above mentioned applicants do severally have power to use the forms submitted, and they are hereby legally authorized so to do until this Board shall hereafter otherwise order and determine.

And the Board further requires that a select Committee be formed of the legal and traffic officers of the several railway companies named, and others who may hereafter submit their applications, to meet the Board at Ottawa, on a date to be hereafter announced, for the discussion of the said forms and contracts, both freight and passenger, at a session of the Board to be called for such purpose.

18-3 AND. G. BLAIR,
Chief Commissioner,
Board of Railway Commissioners for Canada.

NOTICE.—The Ontario and Quebec Railway Company will apply to the Board of Railway Commissioners at their Court Room in the City of Ottawa, on the eighth day of November, 1904, at the hour at 11 a.m. for authority to construct a branch line in accordance with a plan, profile and book of reference thereof deposited in the Registry Office for the Counties of Hochelaga and Jacques-Cartier at Montreal, on the twenty-second day of September, 1904, and also in the Registry Office within the Registry Division of Montreal-west on the twenty-second day of September, 1904, the said branch commencing at a point on the said Company's railway about two thousand feet North of Highlands Station, and thence running along the property of the Railway Company to the East boundary of the lands of the said railway, thence crossing a portion of Lot 940 of the Parish of Lachine to the Lachine Canal reserve of lands; thence along said reserve of lands and along portions of the highway to the south of the same, opposite Lots 968, 1,007, 1,008, 1,009, 1,010, 1,011, 1,016, 1,017, 1,020, 1,021 and 1,022 of said Parish, and also opposite lot 3,607 of the Municipality of the Parish of Montreal, and lots 3,616, 3,617, 3,620 and 3,621 of the last named Parish to a point on the said reserve at or near Côte St. Paul bridge; thence in a South Easterly direction across Lot 3,929 of the last named Parish and passing between Maisonneuve and Dufferin Avenues, to and across the property of the Fotheringham Estate and the property of the Canadian Carbon Company to a point on the said Canal reserve opposite Ste. Hélène Street in the Town of Côte St. Paul; thence along the said reserve to Atwater Avenue; thence along St. Patrick Street to a point at or near the West boundary of the property of the Canada Sugar Refining Company, as shown on said plan.

The company will also apply for authority to divert the highway south of the said Reserve so as to occupy the portions of the lots above mentioned shown in red on the said plan.

C. DRINKWATER,
Secretary.

IN THE SUPREME COURT OF CANADA.

IN THE MATTER of a reference by His Excellency the Governor General in Council to the Supreme Court of Canada of certain questions for hearing and consideration affecting the jurisdiction of a Province to legislate respecting abstention from labour on the first day of the week, commonly called Sunday.

WHEREAS in the said reference the following questions and draft Bill have been referred to the Supreme Court of Canada for hearing and consideration pursuant to the provisions of the Revised Statutes of Canada, chapter 135, intituled "An Act respecting the Supreme and Exchequer Courts," as amended by 54-55 Victoria, chapter 25, intituled "An Act to amend chapter 135 of the Revised Statutes of Canada, intituled An Act respecting the Supreme and Exchequer Courts."

QUESTIONS.

1. Has the Legislature of a Province authority to enact a statute in the terms of the annexed draft Bill?
2. If the provisions of the draft Bill are beyond the jurisdiction of a province in part only
 - (a) Which of the sections or which of the provisions thereof are ultra vires, and
 - (b) To what extent are they ultra vires?
3. (a) Upon the repeal of Consolidated Statute of Upper Canada, chapter 104, would it be competent to the legislature of Ontario to enact the said draft Bill in its entirety or in part, and
 - (b) if in part only what sections or provisions thereof and to what extent?
4. Has a Province jurisdiction to legislate prohibiting or regulating labour so as to prevent any work, business or labour from being performed within the province upon the first day of the week commonly called "Sunday" except work of necessity or mercy and except work or labour of the character and to the extent comprehended in section 2 of the draft Bill.
5. Has a province power to restrict the operations of companies of its own creation to six days in each week by provisions in the charters or Acts of incorporation of such companies, or otherwise, so as to render it unlawful for them, their servants or agents to do any work, business or labour within the province on the first day of the week?
6. Are the following classes of companies or corporations created by the Dominion or any of them, and if so, which, and the servants and agents thereof, subject to the laws of the province within which they operate in so far as the prohibition or regulation of labour upon the first day of the week is concerned:—
 - (a) Those whose works are declared to be for the general advantage of Canada but authorized to operate within one province only and whose operations are confined to such provinces;
 - (b) Those to which "The Companies Act, 1902" (Dominion) applies;
 - (c) Bank and Banking Companies;
 - (d) Companies for carrying on the business of insurance or the business of a Loan Company;
 - (e) Companies whose purposes or objects are the construction and operation of any of the works or undertakings mentioned in clauses (a), (b) and (c) of the 10th enumeration of section 92 of the British North America Act other than those falling under clause (a) hereof.
7. Had the Legislature of Ontario authority to enact:—
 - (a) The second clause of subsection (2) of section 14 of Revised Statutes of Ontario, 1897, Chapter 208?
 - (b) Section 136 of Revised Statutes of Ontario, 1897, Chapter 209;
 - (c) Section 6 of 63 Victoria, Chapter 49;
 - (d) Section 39 of Revised Statutes of Ontario, 1897, Chapter 257, and sections 2 and 3 of 1 Edward VII., "Ontario", Chapter 26.
 - (e) Section 79 of 4 Edward VII., Chapter 10.

BILL.

1904.

No.

HIS Majesty, by and with the advice and consent of the Legislative Assembly of , enacts as follows:—

INTERPRETATION.

1. In this Act unless the context otherwise requires:
 - (a) the expression "day" means and includes the period of twenty-four hours from midnight to midnight;
 - (b) the expression "person" means and includes anybody, corporate and politic, company, society or person;
 - (c) the expression "vessel" includes any ship, vessel, boat, raft or other craft or any contrivance made use of for the conveyance of passengers or freight by water;

 - (e) the expression "performance" includes any game, match, sport, contest, exhibition or entertainment;
 - (f) the expression "employer" includes every person to whose orders or directions any one is by his employment bound to conform.

APPLICATION.

2. Nothing in this Act contained shall be deemed to apply to or affect or prevent the operation of or the performance of any work or labour the regulation or prohibition of which is within the exclusive authority of the Parliament of Canada upon or with respect to:—
 - (a) Lines of steam or other ships, railways, canals, telegraphs and other works and undertakings connecting this province with any other or others of the provinces or extending beyond the limits of this province;
 - (b) Lines of steamships between this province and any British or Foreign country;
 - (c) such works as although wholly situated within this province are before or after their execution declared by the Parliament of Canada to be for the general advantage of Canada or for the advantage of two or more of the provinces; or
 - (d) any work or service within the exclusive authority of the Parliament of Canada.
3. Nothing in this Act contained shall be construed to repeal or in anywise affect the provision of any Act respecting the Lord's Day in force in this province on the 1st day of July, 1867.

WEEKLY DAY OF REST.

4. The first day of each week commonly called Sunday shall be observed as a day of rest and abstention from labour, and it shall not be lawful for any person on any such day—
 - (a) to do any work or perform any labour or transact any business or to sell or offer for sale or purchase any chattels or other personal property, or any real estate, or to employ or to be employed by any other person to any work, business or labour;
 - (b) to engage in any game or contest for gain or for any prize or reward or to be present thereat, or to provide, engage in or be present at any performance at which any fee is charged directly either for admission to such performance or for any service or privilege thereat;
 - (c) to run, conduct or convey by any mode of conveyance any excursion on which passengers are conveyed for hire and having for its principal or only object the carriage on that day of such persons for amusement or pleasure;
 - (d) to open to the public any park or pleasure ground or other place maintained for gain or to which an admission fee is charged directly or indirectly or within which a fee is charged for any service or privilege;
 - (e) to shoot at any target, mark or other object or to use any gun, rifle or other engine for that purpose.

2. When any performance (at which an admission fee or any other fee is so, charged) is provided in any building or place to which persons are conveyed for hire, the charge for such conveyance shall be deemed an indirect payment of such admission fee within the meaning of this section.
5. It shall not be lawful for any person to advertise in any manner whatsoever any performance or other thing prohibited by this Act.
- (2) it shall not be lawful for any person to advertise in this province in any manner whatsoever any performance or other thing which if given or done in this province would be a violation of this Act.
6. Notwithstanding anything in this Act contained any person may on the first day of any week do any work of necessity or mercy.

PENALTIES.

7. Every constable or other peace officer who suspects that a violation of this Act is being committed in or upon any premises shall, within the limits for which he is such constable or peace officer, have the right at any time to enter into or upon and to search such premises for the purpose of ascertaining whether such offence is being committed.
- (2) Everyone who obstructs such constable or peace officer acting under the authority of this section shall be guilty of a violation of this Act.
8. Everyone who violates any of the provisions of this Act shall for each offence be liable to a penalty of not less than one dollar and not exceeding forty dollars together with the costs of prosecution.
9. Everyone who as employer authorizes or directs anything to be done in violation of any of the provisions of this Act shall for each offence be liable to a penalty of not less than ten dollars and not exceeding one hundred dollars together with the costs of prosecution in addition to any other penalty prescribed by law for the same offence.
10. Every company or corporation which authorizes, directs or permits his employees to carry on any part of the business of such company or corporation in violation of any of the provisions of this Act shall for the first offence incur a penalty of two hundred and fifty dollars and for each subsequent offence a penalty of five hundred dollars together with the costs of prosecution in addition to any other penalty prescribed by law for the same offence.
11. Every person who owns or controls wholly or partly any vessel or railway or any building or any park, pleasure ground or other place which is used for the doing of anything which violates any of the provisions of this Act shall for each offence forfeit and pay the sum of not less than two hundred and fifty dollars and not exceeding five hundred dollars together with the costs of prosecution in addition to any other penalty prescribed by law for the same offence.

PROCEDURE.

12. The penalties and costs incurred in respect of any offence under this Act shall be recoverable upon summary conviction before a Justice of the Peace or Stipendiary Magistrate.

Notice is hereby given pursuant to a direction of the Supreme Court of Canada that an application will be made to the said Court on the 14th day of November next to have said reference set down for hearing at a date then to be fixed by the Court and that the said Court will on the said 14th November next be also asked to direct what person or persons or what class of persons shall be entitled to be heard thereupon.

R. U. MCPHERSON,

For the Attorney General of Canada.

Dated this 13th day of October, A.D. 1904. 17-2

PUBLIC Notice is hereby given that under The Companies Act, 1902, letters patent have been issued under the Seal of the Secretary of State of Canada, bearing date the 12th day of October, 1904, incorporating Sir Adolphe Philippe Caron, K.C.M.G., of the City of Ottawa, in the Province of Ontario, solicitor; Butler Lowry, broker, of the City of Quebec, in the Province of Quebec; James Henry Edward Secretan, civil engineer, of the City of Ottawa aforesaid; John Henry Jewell, Esquire, of the City of Toronto, in the Province of Ontario; Herbert Hartley Dewart, solicitor, of the said City of Toronto; George Henry Cowan, solicitor, of the City of Vancouver, in the Province of British Columbia, for the following purposes, viz.:—(a) To carry on a general contracting and construction business and for such purposes—(a) To enter into contracts for doing work and supplying materials in connection with the building and operation of roads, canals, bridges, dry docks, dams, elevators, wharves, piers, viaducts, water works and other public and private works and undertakings, and for the operation of any of the said works and undertakings; (b) To acquire, manufacture, build, maintain and operate all stock, plant, machinery and appliances necessary and convenient for the proper carrying on of any of its undertakings; (c) To acquire franchises, lands, water privileges and riparian rights for the purpose of the company and to sell or lease the same; (d) To acquire water powers by purchase, lease or otherwise, and develop the same, and to purchase, develop, transmit and supply steam, electric, hydraulic, and pneumatic power for the purposes of the company, and to sell and distribute any surplus thereof; (e) To acquire and take over contracts from individuals, firms, and corporations, to transfer, assign, or otherwise dispose of any contract, or undertaking of the company, in whole or in part; (f) To construct, purchase, charter, employ, own, manage, maintain, navigate, lease and sell steam or sailing vessels or other kinds of craft, lighters, floats, steam pumps, engines, hoists, twists, cranes, diving apparatus, plant, machinery and appurtenances; (g) To use any or all of the vessels, craft, plant and machinery mentioned in clause (f); (h) And such other vessels, plant, machinery, or appliances as may be necessary for the purposes of a general navigation business and particularly for carrying, delivering, discharging, and loading cargoes of every description upon any of the navigable waters within or bordering upon the Dominion of Canada; (i) To construct, acquire, and hold either by purchase, lease or otherwise, all such wharves, docks, elevators and warehouses as may be required for the purpose of effectually carrying out and transacting the company's business; (j) To acquire, hold, own, buy, sell, pledge, and dispose of shares in the capital stock, bonds, or other securities of any other company having objects altogether or in part similar to those of this company; (k) To acquire the undertaking of any individual firm or company now carrying on a similar business or a business incidental thereto; (l) To pay for any property purchased by the company or for the cost of construction of any of the plant or works of the company by the issue of paid-up stock of the company or bonds of the company or partly in stocks and partly in bonds. The operations of the company to be carried on throughout the Dominion of Canada and elsewhere, by the name of "The Construction Corporation" (Limited), with a total capital stock of five hundred thousand dollars divided into five thousand shares of one hundred dollars, and the chief place of business of the said company to be at Ottawa, in the province of Ontario.

Dated at the office of the Secretary of State of Canada, this 21st day of October, 1904.

R. W. SCOTT,

Secretary of State.

CIVIL SERVICE ENTRANCE EXAMINATIONS.

THESE Examinations will be held at Charlottetown, St. John, Halifax, Quebec, Montreal, Ottawa, Kingston, Toronto, Hamilton, London, Winnipeg, Victoria and Vancouver, commencing on Tuesday, the 8th day of November next, at 9 a.m.

A session will also be held, on the same day and at the same hour, at Port Arthur, Sault Ste. Marie, Re-

gina, Calgary, Prince Albert and Nelson, providing that the number of persons applying for permission to write at these "centres" is sufficient to justify the holding of an examination.

Forms of application may be obtained from the undersigned, and must be returned to his address not later than the 15th of October.

The fees are payable on the morning of the examination, and are not, therefore, to be sent in advance.

The applications are to be signed by the applicants themselves, and with their full names, very plainly written, so that there may be no possibility of mistake in transcribing them on the roll.

By order of the Board,

WILLIAM FORAN,

Secretary.

QUEBEC.

(222) RIVER ST. LAWRENCE—SHIP CHANNEL BETWEEN QUEBEC AND MONTREAL—CHAMPLAIN UPPER RANGE—LIGHTS ESTABLISHED.

The axis of the ship channel from Citrouille point to the village of Champlain has heretofore been marked by a pair of day beacons standing on the north shore of the river above the village of Champlain.

These two beacons have now been adapted for night navigation by hoisting on each of them a lantern showing a fixed white light, which should be visible 5 miles in the line of range.

The front beacon stands on the bank of the river, about $\frac{3}{4}$ mile above the village church.

(225) NIAGARA RIVER, MOUTH—NIAGARA-ON-THE-LAKE—RANGE LIGHTS ESTABLISHED.

Range lights established by the Government of Canada at the mouth of Niagara river will be put in operation on the 10th October, 1904.

The front tower stands upon the Niagara Navigation Company's landing at Niagara-on-the lake, 30 feet back from the edge of the wharf, and 16 feet from its extreme southeast end.

Lat. N. 43° 15' 22''
Long. W. 79 3 54

The tower is a square, wooden building, with sloping sides, painted white, surmounted by a square, iron lantern, painted red. It is 32 feet high from its base to the ventilator on the lantern.

The light is a fixed red catoptric light, elevated 30 feet above the level of the lake, and should be visible 7 miles in, and over a small arc on each side of, the line of range.

The back tower stands on the shore, 690 feet S. 21½° E. from the front light. It is a similar building to the front one, but is 45 feet high.

The light, which is also similar to the front light, is elevated 43 feet above the level of the lake, and should be visible 8 miles in, and over a small arc on each side of, the line of range.

The two lights in one, bearing S. 21½° E., lead into the river clear of all obstructions from the bell buoy on the outermost shoal at the entrance.

(229) GULF OF ST. LAWRENCE COAST—MIRAMICHI RIVER—OAK POINT—RANGE LIGHTS IMPROVED.

The range lights maintained by the Government of Canada at Oak point, on the Miramichi river, have been improved by substituting, for the light shown from masts, stronger lights shown from enclosed lighthouse towers, erected on the sites formerly occupied by the masts and trestle work on which they stood. The new lights were put in operation on the 6th October, 1904.

The towers are wooden buildings, square in plan, with sloping sides, surmounted by square wooden lanterns, and are painted white throughout.

The lights are fixed white, and should be visible 12 miles from all points of approach in the river and bay. The illuminating apparatus is dioptric of the seventh order.

The front tower stands on the north bank of the river, on the extremity of a point $\frac{1}{4}$ mile below Oak point.

Lat. N. 47° 7' 22''
Long. W. 65 15 42

It is 33 feet high from its base to the top of the ventilator on the lantern, and the light is elevated 45 feet above high water mark.

The back tower stands on the bank of the river, 1,800 feet N. 55° E. from the front one. It is 53 feet high from its base to the top of the ventilator on the lantern. The light is elevated 60 feet above high water mark.

The front light is used to guide up from Horseshoe channel to Grandoon buoy; the two lights in one astern lead up from the intersection of their alignment with that of the Sheldrake island range on a course of S. 55° W., to the conical buoy at the narrows of Sheldrake channel, near which the alignment of Grants beach range lights is picked up.

NOVA SCOTIA.

(230) STRAIT OF NORTHUMBERLAND—WALLACE HARBOUR—MACFARLANE POINT—RANGE LIGHTS ESTABLISHED.

Two range lights established by the Government of Canada on Macfarlane point, in Wallace harbour, on the south side of the Strait of Northumberland, in the Province of Nova Scotia, will be put in operation on the 20th October, 1904.

They will be shown from wooden towers, square in plan, with sloping sides, surmounted by square wooden lanterns, the whole painted white. The fixed red catoptric lights should be visible four miles in, and over a small arc on each side of, the line of range.

The front tower stands upon the northeastern extremity of Macfarlane point, on the south side of the harbour, about 20 feet back from the edge of the bank, on land 16 feet above high water level, and 400 feet south of the site of the old ballast jetty.

Lat. N. 45° 49' 0''
Long. W. 63 27 25

The tower is 30 feet high from its base to the ventilator on the lantern. The light is elevated 41 feet above high water mark.

The back tower stands 1860 feet N. 80° W. from the front one, on land 60 feet above high water mark. The tower is 45 feet high, from its base to the ventilator on the lantern, and the light is elevated 100 feet above high water mark.

Vessels entering Wallace harbour should keep the alignment of the range lights on Mullins point until they reach the alignment of Macfarlane point range lights, which they should keep, bearing N. 80° W., until they reach buoy No. 7 on the south extremity

of the Middle ground, whence they can haul up for the wharves in the harbour, or anchor inside the buoy.

ALASKA.

(219) CLARENCE STRAIT—TONGASS NARROWS—GUARD ISLAND—LIGHT AND FOG SIGNAL ESTABLISHED.

About 15th September, 1904, the *fixed white* lens-lantern light at this station, located on the northerly Guard island, western side of the northern entrance to Tongass narrows and on the eastern side of Clarence strait, was established in the new structure recently completed on the highest point of the island.

The light is now 79 feet above the water and 34 feet above the base of the structure and it illuminates the entire horizon.

The approximate geographic position of the light is latitude 55° 26' 42'' N., longitude 131° 52' 53'' W.

About 1st September, 1904, there was established on the structure a bell struck by machinery, during thick or foggy weather, a single blow every 20 seconds.

The structure is a white square pyramidal wooden tower surmounted by an octagonal lantern with black roof and having the bell suspended from its northern face. A white frame dwelling with brown roof stands about 100 feet northeasterly, a white oilhouse about 50 feet easterly, and a white boathouse with brown roof about 100 feet northerly of the tower.

(220) PERIL STRAIT, EASTERN ENTRANCE—FAIRWAY ISLAND—LIGHT ESTABLISHED.

About 1st September, 1904, a *fixed white* lens-lantern light was established at this station, located on the northeastern point of Fairway island, western side of Chatham strait and in the eastern entrance to Peril strait.

The light is 37 feet above the water, 6 feet above the base of the structure from which it is shown, and it illuminates 300° of the horizon, the dark sector covering the island.

The approximate geographic position of the light is latitude 57° 26' 32'' N., longitude 134° 51' 39'' W.

The structure is a white hexagonal wooden tower, surmounted by a hexagonal lantern with black roof. A white one and one-half story wooden dwelling with brown roof stands a short distance to the southward, and a white boathouse, with brown roof, stands to the westward of the light tower.

(221) LYNN CANAL—MANSFIELD PENINSULA—POINT RETREAT—LIGHT ESTABLISHED.

About 15th September, 1904, a *fixed white* lens-lantern light was established at this station, located on the northern end of point Retreat, the northern end of Mansfield peninsula, eastern side of the southern end of Lynn canal and western side of Saginaw channel.

The light is 13 feet above the water, 6 feet above the base of the structure from which it is shown, and it illuminates 300° of the horizon, the dark sector covering the peninsula.

The approximate geographic position is latitude 58° 24' 39'' N., longitude 134° 56' 33'' W.

The structure is a white hexagonal wooden tower surmounted by a hexagonal lantern with black roof. A white one and one-half story wooden dwelling with brown roof stands a short distance to the southward of the light tower and a white boathouse with brown roof stands to the eastward of the dwelling.

Capt. J. F. Parry, R.N., H.M. Surveying ship "Egeria," engaged in a resurvey of British Columbia waters, reports the following notes, resulting from the resurvey of the approaches to Nanaimo harbour and Departure bay.

(a) A shoal of about one cable in extent, and having several heads, was found outside the 10-fathom line off Angle point, Newcastle island. The outermost

2

and shoalest of these heads has 18 feet on it at l. w. o. s., and from it

McKay point hears S. 77° W., distant 5½ cables.

Snake island summit N. 10 E. 1 mile 4½ cables.

Southern "West rock" N. 47 W. 1 " 7½ "

(b) Two shoals, 2½ cables apart, with least water of 30 feet over them at l. w., surrounded by deep water, were found off Hammond bay. From the more westerly of these

Five Finger island summit hears N. 79° E., distant 1 mile 4½ cables.

Southern "West rock" S. 74° E., distant 1 mile 2½ cables.

Lagoon head S. 38° E., distant 1 mile 5½ cables.

From the more southerly

Five Finger island summit bears N. 73½° E., distant 1 mile 2½ cables.

Southern "West rock" S. 74° E., distant 1 mile 9½ cables.

Lagoon head S. 12½° E., distant 1 mile 3½ cables.

(c) Hammond bay is not recommended as an anchorage, owing to the swell usually prevailing there at all seasons.

(d) Ships should not pass between Five Finger island and the West rocks, several 18 feet patches having been found in this locality.

(e) Ships with masts of over 100 feet in height are warned of the existence of a telephone wire stretching across the Newcastle island passage near "Stone quarry" marked on the chart.

TO ADVERTISERS IN THE GAZETTE.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

- 1st. Address "The Canada Gazette, Ottawa, Canada."
- 2nd. Indicate the number of insertions required.

3rd. INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—5 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, \$4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

King's Printer and Controller of Stationery

Department of Public Printing and Stationery
Ottawa, October, 1903.

APPLICATIONS TO PARLIAMENT.

RULES RELATIVE TO NOTICES FOR PRIVATE BILLS.

All applications to Parliament for Private Bills of any nature whatsoever, shall be advertised by a Notice published in the *Canada Gazette*; such Notice shall clearly and distinctly state the nature and objects of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same; and when the application is for an Act of incorporation, the name of the proposed company shall be stated in the Notice. And if the works of any company (incorporated, or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specifically mentioned in the Notice; and the applicants shall cause a copy of such Notice to be sent by registered letter to the Clerk of each municipality which may be specially affected by the construction or operation of such works, and also to the Secretary of the Province in which such works are, or may be located; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

In addition to the Notice in the *Canada Gazette* aforesaid, a similar Notice shall also be published in some leading newspaper, as follows :—

A. When the application is for an Act to incorporate :

1. *A Railway or Canal Company* :—In the principal city, town or village in each county through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company* :—In the principal city or town in each Province or Territory in which the company proposes to operate.

3. A company for the construction of any works which in their construction or operation might specially affect a particular locality; or for obtaining any exclusive rights or privileges; or for doing any matter or thing which in its operation would affect the rights or property of others :—In the particular locality or localities which may be affected by the proposed Act.

4. A Banking Company; An Insurance Company; A Trust Company; A Loan Company; or an Industrial Company without any exclusive powers :—In the *Canada Gazette* only.

B. When the application is for the purpose of amending an existing Act :

1. For an extension of any line of railway, or of any canal, or for the construction of branches thereto :—In the principal city, town or village in each county or district through which such extension or branch is to be constructed.

2. For an extension of the time for the construction or completion of any line of railway, or of any canal, or of any telegraph or telephone line, or of any other works already authorized :—In the place where the head office of the company is, or is authorized to be.

3. For an extension of the powers of a company (when not involving the granting of any exclusive rights); or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers, or for any amendment which would in any way affect the rights or interests of the shareholders or bondholders or creditors of the company :—In the place where the head office of company is situated.

All such Notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week, for a period of five consecutive weeks; and when published in the Provinces of Quebec and Manitoba, shall be in both the English and French languages; and marked copies of each issue of all newspapers containing such Notice shall be sent to the Clerks of the Senate and House of Commons, endorsed "Private Bill Notice"; or a statutory declaration as to due publication may be sent in lieu thereof.

RULES RELATING TO PETITIONS AND PRIVATE BILLS.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of \$200, and a sum sufficient to pay the cost of printing the Act in the Statutes. The fee of \$200 is paid only in the House in which a Bill originates; but charges for reprinting and translation are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

No Petition praying for the incorporation of a railway company, or of a canal company, or for an extension of the line of any existing or authorized railway or canal, shall be considered by the Standing Orders Committees, until there has been filed with the Committee a map or plan, showing the proposed location of the works, and each county or district through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill;—Bills not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51a. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(a.) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed;

(b.) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets;

(c.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51b. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill:—

(a.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same;

(b.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where

and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars (\$200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

DÉPÊCHES, ETC.

Extrait de la *London Gazette*, 30 août 1904.INDIA OFFICE,
25 août 1904.ACTE DE LA PUBLICATION DES
RÈGLEMENTS, 1893.

En conformité des dispositions du statut 56-57 Victoria, chap. 66, avis est donné par le présent que le Secrétaire d'Etat pour les Indes en conseil a l'intention, de l'avis et avec le concours des Commissaires du Service Civil, à l'expiration de quarante jours après la date de cette *Gazette*, de faire les changements indiqués plus bas dans les règlements pour l'admission des aspirants au Service Civil de l'Inde, en vertu de l'article 32 du statut 21-22 Victoria, chap. 106.

Au règlement 2, par. (ii) qui se lit aujourd'hui comme ci-dessous :—

“Qu'il avait atteint l'âge de vingt-un ans et n'avait pas atteint l'âge de vingt-trois ans le premier jour de l'année en laquelle l'examen a lieu”.

Substituez ce qui suit, savoir :—

“Qu'il avait atteint l'âge de vingt-deux ans et n'avait pas atteint l'âge de vingt-quatre ans le premier jour d'août de l'année en laquelle l'examen a lieu”.

L'intention est que les changements deviennent en vigueur pour l'examen de concours ouvert de 1906, et les années subséquentes.

On peut se procurer les nouveaux règlements en s'adressant au “Secretary, Judicial and Public Department, India Office”.

Samedi, le 1er jour d'octobre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil de décréter que l'article 1 des règlements concernant la vente des terres fédérales contenant du pétrole établis par arrêté en conseil du 23 de mars 1904, soit et il est par le présent rescindé, et remplacé par ce qui suit :—

1. Toutes terres fédérales vacantes dans le Manitoba, les territoires du Nord-Ouest et le territoire du Yukon, seront ouvertes à un individu ou à une compagnie qui désirera y prospecter pour du pétrole. S'il s'élève quelque différend quant à savoir si les terres sont vacantes ou non, la question sera décidée par le ministre de l'Intérieur, et sa décision sera finale. Pourvu toutefois que le Ministre puisse réserver pour un individu ou une compagnie qui a des machines sur le terrain à prospecter une étendue de 1920 acres pour la période qu'il décidera.

Cette étendue de terrain peut être choisie par le dit individu ou compagnie aussitôt que les machines auront été mises sur le terrain, mais la longueur de cette étendue ne devra pas excéder trois fois sa largeur ; toutefois, lorsque les circonstances du cas paraissent exceptionnelles le ministre de l'Intérieur pourra permettre que le choix soit fait dans des étendues d'au moins un quart de section, ou quart fractionnaire d'une section, qui résulte de la convergence des méridiens, dans chaque section affectée, et les divers lopins de terre choisis doivent être contigus.

Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 15 de septembre 1904, du ministre de l'Intérieur, disant que par un arrêté en conseil du 16 de mars 1901, Mr. J. A. J. McKenna, aujourd'hui sous-commissaire des Sauvages, a été nommé seul commissaire pour compléter l'enquête sur les réclamations des Métis nés entre le 15 de juillet 1870 et la fin de l'année 1885, dans les territoires du Nord-Ouest, ou dans cette partie de la province du Manitoba telle que actuellement constituée qui n'était pas comprise dans la province telle que constituée par l'Acte du Manitoba 33 Victoria, chapitre 3, et que entre autres réclamations qui furent désavouées par Mr. McKenna, les réclamations qui lui furent soumises à Birtle, dans la province du Manitoba au nom des héritiers de Marguerite Bellehumeur, Pierre Bellehumeur, Alfred Bellehumeur et Marie Louise Bellehumeur, enfants décédés de Jean Bellehumeur, ou Monette, par son épouse Marie Bellehumeur, née Tanner, furent désavouées par le dit commissaire pour la raison qu'elles n'étaient pas établies à sa satisfaction.

Le Ministre dit de plus qu'une preuve additionnelle a depuis été produite au ministère de l'Intérieur à l'appui de ces réclamations, laquelle preuve, de l'avis du ministre de l'Intérieur établit les réclamations en question,—

A ces causes, le Ministre recommande qu'il soit autorisé, en vertu des dispositions du paragraphe (f) de l'article 90 de l'Acte des terres fédérales, à délivrer du scrip à cet égard pour 240 acres de terre dans chaque cas.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT qu'il appert que les parties non arpentées sises à l'ouest du rang vingt-six, à l'ouest du quatrième méridien entre le township vingt-six et la frontière internationale, sont si montagneuses que les taux fixés par les arrêtés en conseil du 3 de février 1903 et le 19 de février 1904, pour le paiement des arpentages de subdivisions de townships exécutés à l'entreprise, sont insuffisants,—

A ces causes, il plaît au Gouverneur général en conseil, conformément au paragraphe de l'article 19 de l'Acte des terres fédérales, d'autoriser le paiement d'une allocation supplémentaire de quatre piastres par mille de ligne de township ou de section pour tous les arpentages de subdivisions faits à l'entreprise dans ceux des townships situés dans les susdites limites qui étaient non arpentés le 1er de janvier 1904.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 9 d'août 1904, du ministre de l'Intérieur, exposant que Messieurs Macdonell et Martin, commissaires nommés pour choisir les terrains marécageux dans la province du Manitoba qui seront attribués à cette province en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 30 avril 1903, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste

des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 284,034 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 146,274 acres reviennent à la province comme terrains marécageux.

En comparant la liste fournie par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que sur l'étendue totale de 146,274 acres choisis comme tels terrains marécageux, une étendue de 43,192.27 acres est disponible.

Le Ministre soumet une liste révisée de ceux des terrains compris dans la liste des commissaires qui sont trouvés disponibles, comprenant une étendue de 43,192.27 acres, et s'étant convaincu de l'exactitude de cette liste révisée, le Ministre recommande que les terrains énumérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

LISTE indiquant les terrains choisis par Messieurs Macdonnell et Martin, commissaires des terrains marécageux, durant la saison de 1902, en vertu des dispositions de l'arrêté en conseil du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, tous trouvés vacants dans les livres de ce département.

[Renv. 943,600]
HOTEL DU GOUVERNEMENT A OTTAWA
Samedi, le 13e jour d'août 1904.
PRÉSENT :
SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 11 d'août 1904, du ministre de l'Intérieur, énonçant, relativement à l'arrêté en conseil de 6 de juin 1901 qui approuve le rapport du 31 de mai 1901 par Mr. J. A. J. McKenna, commissaire des scribes des Métis, que le rapport en question traite d'une variété de questions plus ou moins compliquées concernant le scrip, et plus loin dans la clause six déclare que les réclamations de personnes ayant d'ailleurs droit au scrip "qui avaient quitté le Canada et s'étaient établies sur les Réserves indiennes dans les Etats-Unis et participé aux avantages de la vie indienne dans ces réserves et tous les enfants admis aux

écoles indiennes des Etats-Unis", avaient été exclus de la distribution du scrip.

Le Ministre dit qu'il a soumis ce rapport pour approbation, qui fut en conséquence approuvé comme un tout.

Le Ministre dit de plus qu'un examen subséquent de la dite clause fait voir clairement que la décision rendue dans la clause six était erronée, et qu'elle a pour résultat de priver du scrip des personnes dont les réclamations étaient pleinement mûries en l'année 1885, et en conséquence étaient de la nature d'un droit acquis, parce que ces personnes étaient sorties du Canada.

Le Ministre dit qu'il est évident que ce déplacement ne constitue pas une bonne raison pour refuser de reconnaître des droits de propriété entièrement acquis antérieurement à ce déplacement. Ce principe a été clairement et très justement posé dans des causes où le droit au scrip s'est trouvé en question. Plus que cela, il est douteux dans tous les cas que les Métis exclus par la dite clause possèdent un intérêt permanent ou un droit aux avantages découlant du gouvernement des Etats-Unis dont il est parlé.

Le Ministre recommande donc que les réclamations produites devant Mr. McKenna et rejetées en vertu de la clause six de son dit rapport, soient étudiées par un officier ou des officiers du ministère de l'Intérieur, et que cet officier ou ces officiers aient à l'égard de ses réclamations toute l'autorité ci-devant exercée par M. McKenna en vertu des divers arrêtés en conseil relatifs à ses devoirs ou sa commission pour l'examen des réclamations des Métis, y compris la prise de témoignages sous serment soit de vive voix ou par écrit, et que le ministre de l'Intérieur soit autorisé à agir d'après les rapports qui seront faits de temps à autre à ce sujet, et les exécuter.

Le Ministre recommande de plus, que dans le cas de réclamations contradictoires de la part d'ayants cause à ce scrip, l'ayant cause dont la cession aura été inscrite la première par ordre de date au ministère, sera réputé être l'ayant cause légal.

Le comité soumet ce qui précède à l'approbation.

16-4 JOHN J. McGEE,
Greffier du Conseil privé.

COMMISSION DES CHEMINS DE FER.

COMMISSION DES CHEMINS DE FER POUR LE CANADA.

(Assemblée à Ottawa.)

Lundi, le 17e jour d'octobre, A.D. 1904.

PRÉSENTS :

L'honorable A. G. BLAIR, C.P., C.R., LL.D.,
Chef de la Commission.

L'honorable M. E. BERNIER,
Chef suppléant de la Commission.

JAMES MILLS, écuyer, M.A., LL.D.,
Commissaire.

Dans l'affaire des demandes des Compagnie du Grand Tronc de chemin de fer, Compagnie de chemin de fer Canadien du Pacifique, Compagnie de chemin de fer Canadian Northern, et Compagnie de chemin de fer Père Marquette à l'effet de faire approuver par la Commission des chemins de fer leurs formules de connaissements et autres formules de trafic, en conformité de l'article 275, paragraphes 1 et 2 de l'Acte des chemins de fer.

Les susdites compagnies sont les seules compagnies de chemins de fer en Canada qui se soient, jusqu'à présent, conformées aux prescriptions de l'article 275 ; et quant aux formules déjà reçues il existe beaucoup de divergence chez celles des divers chemins de fer. Tout le sujet est d'une très grande importance, et exige qu'on apporte beaucoup de soin dans l'examen des contrats et formules que la Commission aura à approuver ; et aussi relativement au degré de responsabilité de la part des voituriers.

Vu ces faits, et que les chemins de fer généralement n'ont pas soumis leurs formules à l'approbation, la

Commission ne juge pas à propos de rendre à présent un ordre final ou défini sur le sujet, mais il est d'avis qu'un ordre provisoire pourrait bien être rendu, permettant aux chemins de fer qui l'ont demandé, de continuer l'emploi de leur formules actuelles, jusqu'à ce que la Commission en ait décidé autrement.

Ordonné en conséquence, que les requérants ci-dessus mentionnés aient séparément la faculté de se servir des formules soumises, et elles sont par le présent légalement autorisées à ce faire jusqu'à ce que cette Commission en décide autrement.

Et cette Commission exige de plus qu'un comité choisi soit formé composé des officiers en loi et de trafic des diverses compagnies de chemins de fer nommées, et d'autres qui ultérieurement soumettront leurs demandes, de se réunir à Ottawa, à une date qui sera annoncée plus tard, dans le but de discuter les dites formules et contrats, tant pour le fret que pour les voyageurs, à une séance de la Commission convoquée à cette fin.

AND. G. BLAIR,

Chef de la Commission

18-3

des chemins de fer pour le Canada.

AVIS.—La Compagnie de chemin de fer Ontario et Québec s'adressera à la Commission des chemins de fer, à sa salle en la cité d'Ottawa, le huitième jour de novembre 1904, à 11 heures a.m., afin d'obtenir l'autorisation de construire une ligne d'embranchement en conformité d'un plan, profil et livre de renvoi déposés au bureau d'enregistrement pour les comtés de Hochelaga et Jacques-Cartier à Montréal, le vingt-deuxième jour de septembre 1904, et aussi au bureau d'enregistrement dans la division d'enregistrement de Montréal-Ouest le vingt-deuxième jour de septembre 1904, le dit embranchement commençant à un point sur le chemin de fer de la dite compagnie à environ deux mille pieds au nord de Highlands Station, et de là longeant la propriété de la compagnie de chemin de fer jusqu'à la limite est des terrains du dit chemin de fer, de là traversant une partie du lot 940 de la paroisse de Lachine jusqu'à la réserve de terrain du canal Lachine ; de là longeant la dite réserve de terrain et certaines parties du grand chemin qui se trouvent au sud, vis-à-vis les lots 968, 1,007, 1,008, 1,009, 1,010, 1,011, 1,016, 1,017, 1,020, 1,021 et 1,022 de la dite paroisse, et aussi vis-à-vis le lot 3,607 de la municipalité de la paroisse de Montréal, et les lots 3,616, 3,617, 3,620 et 3,621 de cette dernière paroisse jusqu'à un point sur la dite réserve à ou près du pont de la Côte St-Paul ; de là dans une direction sud-est traversant le lot 3,929 de la dernière paroisse et passant entre les Avenues Maisonneuve et Dufferin, jusqu'en travers de la propriété de la succession Fotheringham et la propriété de la Canadian Carbon Company jusqu'à un point sur la dite réserve du canal vis-à-vis la rue Ste-Hélène dans la ville de la Côte St-Paul ; de là le long de la dite réserve jusqu'à l'Avenue Atwater ; de là le long de la rue St-Patrice jusqu'à un point à ou près de la limite ouest de la propriété de la Compagnie de raffinerie de sucre du Canada, telle qu'elle est montrée sur le dit plan.

La compagnie demandera aussi l'autorisation de faire dévier le grand chemin au sud de la dite réserve de façon à occuper les parties des lots ci-dessus mentionnés indiquées en rouge sur le dit plan.

C. DRINKWATER,

AVIS AUX NAVIGATEURS.

No. 83 de 1904.

(Avis de l'Atlantique No. 49.)

Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

QUÉBEC.

(222) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES ENTRE QUÉBEC ET MONTRÉAL—ALIGNEMENT SUPÉRIEUR DE CHAMPLAIN—FEUX ÉTABLIS.

L'axe du chenal des navires depuis la Pointe aux Citrouilles jusqu'au village de Champlain a jusqu'ici été marqué par une paire de balises de jour plantées sur la rive nord du fleuve en amont du village de Champlain.

Aujourd'hui ces deux balises ont été adaptées pour la navigation de nuit en hissant sur chacune d'elles une lanterne montrant un feu blanc fixe, qui devrait être visible à 5 milles dans l'alignement.

La balise antérieure est sur le bord du fleuve, à environ $\frac{3}{4}$ mile en amont de l'église du village.

Lat. N. 46° 26' 18''
Long. O. 72 21 27

On n'a pas encore obtenu de détails concernant ces feux, mais ils seront plus amplement décrits dans un avis ultérieur.

AUX ANNONCEURS DANS LA GAZETTE.

Ceux qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.

3. TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA GAZETTE, TELS QUE DONNÉS PLUS BAS; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—5 insertions.

Les avis de demandes de lettres patentes en vertu de l'Acte des compagnies de prêt (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, \$4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

Outre l'avis à publier dans la *Gazette du Canada* sus-dite, un avis semblable devra aussi être publié dans quelque journal important, comme suit :—

A. Lorsque la demande sera faite pour un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal :—Dans la principale cité, ville ou village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. Une compagnie de télégraphe ou de téléphone :—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. Une compagnie pour la construction de travaux quelconques de nature à affecter une localité particulière par suite de leur construction ou exploitation; ou pour obtenir quelques droits ou privilèges exclusifs; ou pour faire quelques opérations pouvant affecter les droits ou la propriété de particuliers :—Dans la localité ou les localités qui pourraient être affectées par la législation projetée.

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommis; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques :—Dans la *Gazette du Canada* seulement.

B. Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal :—Dans la principale cité, ville ou village dans chaque district ou comté dans lesquels devront être construits les dits prolongement ou embranchement.

2. Pour la prolongation du délai fixé pour la construction ou l'achèvement de quelque ligne de chemin de fer, ou de quelque canal, ou de quelque ligne de télégraphe ou de téléphone, ou de tous autres travaux déjà autorisés :—Dans la localité où le siège d'affaires de la compagnie est situé ou est autorisé à se fixer.

3. Pour l'extension des pouvoirs d'une compagnie (lorsqu'ils n'entraîneront pas l'octroi de quelques droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs pour émettre des obligations ou pour faire des emprunts, ou pour quelque amendement pouvant affecter les droits ou intérêts des actionnaires ou porteurs d'obligations ou créanciers de la compagnie :—Dans la localité où est situé le siège de la compagnie.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans une feuille publique, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives; et en ce qui concerne les provinces de Québec et du Manitoba, ils devront y être publiés en anglais et en français; et des exemplaires marqués de chaque numéro de tous les journaux contenant le dit avis devront être adressés aux greffiers du Sénat et de la Chambre, et devront porter à l'endos 'Avis de Bill Privé'; ou une déclaration statutaire attestant la publication pourra être envoyée au lieu des dits exemplaires.

RÈGLES RELATIVES AUX PÉTITIONS ET BILLS PRIVÉS.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts. L'honoraire de \$200 ne sera payé que dans la Chambre où le bill a pris naissance; mais les frais de réimpression et de traduction seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Nulle pétition demandant la construction légale d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne de quelque chemin de fer ou canal existant ou autorisé, ne sera prise en considération par les comités des Ordres Permanents, à moins qu'il n'ait été soumis au comité une carte ou plan indiquant le territoire sur lequel

devront être construits les travaux projetés, et chaque comté ou district dans lesquels devront être construits le chemin de fer ou canal projeté, ou quelqu'embranchement ou prolongement d'iceux.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débiteures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie Britannique, ou les Terri-

toires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SUPPLEMENT

TO

The Canada Gazette

PUBLISHED BY AUTHORITY.

OTTAWA, SATURDAY, OCTOBER 29, 1904.

DOMINION OF CANADA.

PROCLAMATIONS.

MINTO.

[L.S.]

CANADA.

EDWARD THE SEVENTH, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas KING, Defender of the Faith, Emperor of India. To all to whom these presents shall come, or whom the same may in anywise concern,—GREETING:

A PROCLAMATION.

E. L. NEWCOMBE, }
Deputy of the Minister of } WHEREAS in and by
Justice, Canada. } an Act made and
of Canada in the fourth year of Our Reign, chaptered } passed by the Parliament
23, and intituled "An Act respecting the Militia and } of Canada in the fourth year of Our Reign, chaptered
Defence of Canada " it is amongst other things enacted

that the said Act shall come into force on a day to be fixed by proclamation of Our Governor General in Council;

And whereas it is expedient that the said Act should have force and effect upon, from and after the first day of November, in the year of Our Lord, one thousand nine hundred and four,—

Now KNOW YE that We, by and with the advice of Our Privy Council for Canada, do by this Our Proclamation declare that the said Act passed in the fourth year of Our Reign, chaptered 23, which is commonly called "The Militia Act" shall have force and effect upon, from and after the first day of November, in the year of Our Lord, one thousand nine hundred and four.

Of all which Our loving subjects and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. WITNESS, Our Right Trusty and Right Well-beloved Cousin and Councillor the Right Honourable Sir GILBERT JOHN ELLIOT, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of St. Michael and St. George, etc., etc., Governor General of Canada.

At Our Government House, in Our City of OTTAWA, this TWENTY-EIGHTH day of OCTOBER, in the year of Our Lord one thousand nine hundred and four, and in the fourth year of Our Reign.

By Command,

JOSEPH POPE,
Under-Secretary of State.

REGULATIONS AND ORDERS

FOR THE

MILITIA OF CANADA, 1904.

PRECEDENCE AND DISTINCTION OF CORPS.

1. The following is the order of precedence of the Militia of the Dominion of Canada—

- 1st. The Gentlemen Cadets of the Royal Military College.
- 2nd. The Royal Canadian Dragoons.
- 3rd. The Royal Canadian Mounted Rifles.
- 4th. The Governor General's Body Guard—of cavalry.
- 5th. Regiments and squadrons of cavalry.
- 6th. Royal Canadian Field Artillery.
- 7th. Canadian Artillery, field batteries.
- 8th. Royal Canadian Garrison Artillery.
- 9th. Canadian Artillery—garrison regiments and companies.
- 10th. Royal Canadian Engineers.
- 11th. Canadian Engineers.
- 12th. Corps of Guides.
- 13th. The Royal Canadian Regiment.
- 14th. The Governor General's Foot Guards.
- 15th. Regiments of infantry and rifles.
- 16th. Provisional regiments and companies of infantry or rifles not in regiment.
- 17th. Army Service Corps.
- 18th. Medical Corps.
- 19th. Ordnance Stores Corps.

2. Different units of the same arm take precedence in accordance with their numerical succession, except that a unit of the permanent forces shall always take precedence of a unit of the same arm not forming a portion of the permanent forces.

On parade or for the purposes of manœuvring, units will be distributed and drawn up in the mode which the officer in command of such parade or manœuvres may deem most convenient.

APPOINTMENTS.

3. First appointments of officers will be made to the junior rank of the corps or department to which they are appointed.

4. No person shall be appointed except provisionally, until he has obtained the necessary qualification. Provisional officers will be required to qualify within one year, failing which their names may be removed from the list of officers of the active militia.

5. When a provisionally appointed officer qualifies, his rank will be confirmed only from the date of his certificate (officers of the permanent forces excepted).

6. Commissions will be issued only to qualified officers.

7. Officers appointed either to the staff or the permanent forces shall cease to retain any militia rank or precedence held by them prior to the time of such appointment, and shall take only such rank and precedence as is given them at the date of such appointment to the staff or permanent forces.

8. Candidates must not be less than 18 years of age, under 5 feet 4 inches in height, or 33 inches chest measurement, and must be British subjects by birth or naturalization.

Appointment of Adjutants.

9. Officers must be in possession of a field officer's certificate in order to be eligible for appointment as adjutant, and must also be in possession of a certificate of equitation.

10. A subaltern officer serving as adjutant, under an appointment promulgated in Militia General Orders, will be granted a step of rank on becoming senior of his rank in the regiment or battalion to which he belongs.

11. Should an adjutant, after five years' service as such with the rank of lieutenant, not have been promoted

to the rank of captain under the foregoing provisions, he shall then become entitled to such promotion.

This regulation is not applicable to units of the permanent forces.

Honorary Colonels.

12. The appointment of an honorary colonel may be made to a regiment of cavalry, brigade of field artillery, regiment of garrison artillery, corps of engineers, corps of guides, regiment of infantry or rifles, or to the militia army medical corps, or the army service corps, under the following conditions :—

The appointment will be purely honorary and will not confer any right to command, nor will there be any expense to the public incurred thereby.

Recommendations for these appointments are to be made by the district officer commanding.

Honorary Aides-de-camp.

13. With a view to conferring a distinction upon selected officers of the Canadian Militia, the appointment of honorary aides-de-camp to His Excellency the Governor General, shall, as far as possible, resemble that of aide-de-camp to the King.

14. Honorary aides-de-camp will be appointed by His Excellency for the period during which he holds office, after which their appointments will lapse.

15. The names of honorary aides-de-camp will be printed in the militia list under the heading of honorary aides-de-camp to His Excellency, and the appointment will be entirely distinct from that of extra aides-de-camp or personal aides-de-camp to His Excellency, whose names will be printed in a separate list.

16. At all ceremonies of state, honorary aides-de-camp will receive instructions from the military secretary to His Excellency the Governor General, who will keep a roster for that purpose.

17. Honorary aides-de-camp to His Excellency the Governor General, when required to attend His Excellency on any state occasion, will be entitled to receive transport and hotel expenses.

Tenure of Appointment and Command.

18. The tenure of all appointments, on the headquarters, general or district staff of the militia, subsequent to and inclusive of the first day of January, 1901, shall be for five years, unless extended under special circumstances.

19. The tenure of appointment of all commanding officers shall be for five years. An extension of the tenure of command may be granted in special cases, and will only be granted upon the recommendation of the district officer commanding, who should submit his recommendation three months before the expiration of the tenure.

20. No officer will be allowed to retain his command beyond the limits of age for retirement fixed by regulation.

21. In the field artillery the commanding officer of a brigade only will be considered a commanding officer in regard to the tenure of command.

Chaplains.

22. Chaplains may be appointed to corps or regiments of active militia, other than the permanent forces.

On appointment, chaplains will be given the honorary rank of captain, and after ten years' service, the honorary rank of major.

Chaplains at present serving, may count service for the above honorary rank from the dates of their appointments to corps.

Chaplains attending camps of instruction, or doing duty with their corps, shall receive the pay and allowances of their rank.

Chaplains may wear the uniform of their corps with the chaplain's badge on the same.

Promotion of Officers.

23. As far as practicable, consistent with a due regard to the public service and military requirements, all promotions in corps shall be by seniority.

24. Officers recommended for promotion or appointment to the rank of field officer must be in possession of a certificate of equitation, in addition to a field officer's certificate, to qualify them for such promotion or appointment.

25. No officer will be promoted to a higher rank unless in possession of the necessary qualifications for that rank.

Retirement and Decease of Officers.

26. Colonels promoted to rank subsequent to July 18th, 1900, who attain the age of 63 years, lieutenant-colonels who attain the age of 60 years, majors, the age of 58 years, captains, the age of 50, and lieutenants, the age of 45, will, unless under very exceptional circumstances, be placed on the retired list, and no officers above the ages mentioned for the respective ranks are to be promoted to such ranks.

(2) This regulation will apply also to regimental staff officers according to their honorary rank.

(3) In calculating the age for retirement the highest rank held by the officer, whether substantive, brevet or honorary, shall be the rank governing the retirement.

27. The age of the foregoing officers will be calculated from September 1st in each year.

28. Officers of militia of whatever rank, who have retired or may retire from the service with special privilege of retaining the rank with which they retired, if they have been or should be subsequently reappointed to the active militia, will only exercise rank and command according to the degree of rank to which they have been or may be reappointed. Service previous to reappointment will not be counted as qualifying service for brevet rank.

29. Rank on the retired list confers no authority to command.

30. Officers of the active militia will not be permitted to retain their rank on retiring, unless they have served at least five years therein; three years of which must have been served consecutively as an officer holding substantive rank.

31. To retire retaining the rank held at the time of retirement, the rank must have been held at least two years. Failing this, the rank to be retained will be the next lower rank.

32. Commanding officers will report to headquarters the names of officers belonging to their corps who are considered medically unfit for service, in order that such may be retired if found unfit by a medical board.

33. Commanding officers will report without delay, through the district officer commanding, the deaths, and submit for acceptance, the voluntary resignations of officers of their respective units.

34. The death of a commanding officer will be at once reported by the officer next in command, through the district officer commanding.

35. When a commanding officer wishes to resign, he will submit his resignation through the district officer commanding, and on the acceptance of the resignation being notified in General Orders, the officer next in command of the corps will report the vacancy to the district officer commanding.

Exchanges and Reductions.

36. Applications for exchanges will be severally submitted by the commanding officers of the two units concerned, through the officer commanding their respective districts.

37. Officers on exchange shall become junior of their rank in the corps to which they exchange.

38. In the case of the reduction of the establishment of a corps, field officers or subalterns, becoming supernumerary will be absorbed in the first vacancies which occur; but, in order not to unduly retard the promotion of lieutenants, supernumerary captains will be absorbed in alternative vacancies, viz., the 1st, 3rd and 5th vacancies.

Field Artillery Regimental List.

39. The establishment of a list of lieutenant-colonels in the Canadian Field Artillery, for employment as brigade commanders, when required, is authorized.

Reserve of Officers.

40. The reserve of officers is established to provide for an extra supply of officers for duty when required.

This reserve will be made up as follows:—

(1.) Graduates of the Royal Military College of Canada, commissioned as officers of the militia, unattached.

(2.) Commanding officers on completion of their tenure of command.

(3.) Officers retiring from corps of active militia who are eligible to retain their rank on retirement, provided they are within the age limit of the rank to which they are to be appointed.

(4.) Under no circumstances will officers serving in the reserve receive promotion, while so serving, to a higher rank in the militia, except graduates of the Royal Military College, who may be granted brevet rank, on the following conditions :—

Lieutenants—After attending five annual trainings attached as a combatant officer to a unit of the active militia ; a step of rank.

Captains—After attending ten annual trainings attached as a combatant officer with rank of captain to a unit of the active militia ; a step of rank.

(5.) Officers serving in the reserve will be required to report themselves, in writing, to the Adjutant General at headquarters on or before November 30th, in each year, and the names of officers failing to so report themselves will be struck off the list.

Seconded Officers.

41. An officer below the substantive rank of major may, under special circumstances, be seconded from his regiment or corps—to undertake duty of a military or semi-military character.

42. Seconded officers must pass all examinations for promotion, and, on promotion to the rank of major in their regiment or corps, shall either rejoin, be transferred to the to the reserve of officers, or be retired.

Brevet Rank.

43. Promotion for distinguished service in the field, or for useful service to the country, will be specially provided for by the Governor in Council.

44. Service on the reserve of officers or other lists, on which the names of officers may be carried, will not count towards brevet rank in case of appointment or reappointment to corps of active militia.

45. Duly qualified officers, recommended to headquarters by commanding officers of corps, through district officers commanding, will be granted brevet rank, as follows :—

Service Qualification.	Brevet Rank.
A. After 5 years service* with substantive rank of lieutenant.....	A step of rank.
B. After 3 years substantive service* with substantive rank of lieutenant, and in possession of a diploma of graduation from the Royal Military College of Canada.....	A step of rank.
C. After 5 years continuous service as a lieutenant in a unit of the active militia, and in possession of a diploma of graduation from the Royal Military College of Canada.....	Captain.
D. After 5 years substantive service* as captain and not less than 15 years service.....	A step of rank.
E. After 7 years continuous service as a substantive captain in a unit of the active militia, and in possession of a diploma of graduation from the Royal Military College of Canada.....	Major.
F. After 10 years service with substantive rank of captain in a unit of the active militia....	Major.
G. After 5 years service* with substantive rank of major, and not less than 20 years substantive service*.....	Lieutenant-colonel.
H. After 10 years as major commanding field battery of artillery.....	Lieutenant-colonel.
I. After 15 years as major or brevet major, of cavalry, garrison artillery, engineers and infantry ; 10 years holding substantive rank.	Lieutenant-colonel.

* Service here means service in a permanent unit or on the permanent staff of the active militia.

46. Honorary Rank.

Service Qualification.	Appointment.	Honorary rank.
On appointment.....	Paymaster ; quartermaster.....	Captain.
"	Riding master.....	Lieutenant.
After 5 years commissioned service	Riding master.....	A step of rank.
After 10 years commissioned service	Paymaster ; quartermaster.....	Major.
After 15 years service with present substantive rank.....	Major army medical corps.....	Lieut.-col. army medical corps.

47. In computing 'commissioned service' to qualify for honorary rank, previous service as commissioned officers in units of the active militia shall count, provided that such service shall have been continuous.

Officers Generally.

48. His Majesty's approval of appointments, promotions and removals, and his acceptance of the resignation of officers, will be notified by publication in the 'Canada Gazette.' Unless otherwise stated in the 'Canada Gazette,' these promotions, &c., will take the date of the Gazette in which they appear.

49. An officer desiring to accept a non-combatant appointment must first resign his combatant commission.

50. Officers of the regular forces serving in the Canadian militia shall, while so serving, exercise command by virtue of their militia commissions alone.

51. Where two officers of the same corps hold commissions of the same date, the one whose name stands first in general orders takes precedence. In other cases where a question of seniority arises, a retrospect is to be had to former commissions.

52. The seniority of officers attending schools of military instruction, who secure certificates of qualification during the same term, will not be affected by priority of dates of such certificates.

53. Captains having the brevet rank of field officers are available for duty as field officers in camp and garrison; but they are also to perform all regimental duties according to their regimental rank.

54. Officers of the active militia must, unless specially exempted, be resident within the limits of the city, county or counties from which the men composing the corps are drawn.

55. When a corps is disbanded and removed from the list of corps of the active militia, the officers thereof, except those whose names are specially mentioned as being permitted to retire retaining rank, or to be placed on the reserve of officers, are, at the same time, also removed from the list of officers of the active militia.

DISCIPLINE.

56. The notice contained in the King's Regulations together with the sections of the Army Act, therein enumerated, will be read over to the whole of corps embodied for continuous service, every three months, and at such other times as commanding officers may deem expedient.

57. Deliberations or discussions by officers or soldiers with the object of conveying praise, censure, or any mark of approbation towards their superiors or any others in the active militia, are prohibited. The publication of laudatory orders on officers quitting a station or relinquishing an appointment is forbidden. Commanding officers are to refuse to allow subscriptions for testimonials in any shape to superiors on quitting the service or on being removed from their corps. Every officer will be held responsible should he allow himself to be complimented by officers or soldiers who are serving, or who have served, under his command, by means of presents of plate, swords, &c., or by any collective expression of their opinion.

58. Officers are forbidden to forward testimonials relating to their services or character, with any application they may make to headquarters. In the event of an officer wishing that the opinions of officers under whom he has served should be brought to notice, he will submit their names, so that, if necessary, they may be referred to.

59. No officer is at liberty to attend in uniform the manoeuvres of a foreign army without the permission of the Minister of Militia and Defence.

60. Courtesy among military men is indispensable to discipline. Commanding officers should not only bear this in mind, but they should inculcate the principle in those under their command. Whenever it becomes necessary, in order to check carelessness or neglect of duty, admonition or reproof (unless the occasion demands public example) should be conveyed privately where practicable; and wherever it is desired to reward the zealous and the worthy, the fitting acknowledgment or praise should be bestowed in public.

61. A staff officer in delivering an order to a commanding officer will salute him, if his senior.

62. In the event of any officer of the militia, including the staff and permanent forces, upon full pay, becoming insolvent or not paying his just debts, upon a complaint being made to the Minister of Militia and Defence by the

creditors of the said officer, a court of inquiry shall be assembled to ascertain the facts of the case, and if the allegations are proved, the officer shall be liable to suspension or retirement according to circumstances.

63. In a civil court an officer or militiaman will remove his hat, cap or helmet while the judge or magistrate is present, except when the officer or soldier is on duty under arms with a party or escort inside the court.

64. If officers, non-commissioned officers or men, have any complaint or accusation to bring against a superior or other officer, such complaint must be forwarded through the complainant's commanding officer, who will transmit the same, with his remarks, through the district officer commanding, for consideration at headquarters if necessary. It cannot be permitted that they shall bring accusations against superior officers or comrades before the tribunal of public opinion, either by speeches or letters inserted in any newspaper; such a proceeding is in glaring violation of the rules of military discipline, and in contempt of authority.

65. Officers are at all times accountable for the maintenance of good order, and the rules and discipline of the service; and they are to afford in these respects the utmost aid and support to their commanding officers. It is their duty to take notice of, repress and instantly report any negligence or impropriety of conduct on the part of non-commissioned officers or men, whether on duty or off duty, although the offender may not belong to their particular corps.

66. A commanding officer should impress upon those under his command, by every means in his power, the propriety of civility and courtesy in their intercourse with all ranks and classes of society, and should particularly caution them to pay proper deference and respect to magistrates and all civil authorities.

67. Officers are always to return a salute, excepting when their swords are drawn. Salutes by soldiers will be returned by all officers, and not by the senior only.

68. Warrant officers, non-commissioned officers and men are at all times to offer the prescribed salute to commissioned officers, whether in uniform or not. When a soldier speaks to an officer he is to stand at attention, having saluted the officer on approaching him. When he appears before an officer in a room, he is not to take his cap off. A soldier without his cap is not to salute, but is to stand at attention until the officer passes. The latter rule is to be observed by a soldier who is carrying anything that prevents him from saluting properly. When officers or men meet a column on the march, they are to salute the commanding officer, and the colours, if there are any, in passing.

69. Officers and soldiers are prohibited from publishing or communicating to the press, without special authority, either directly or indirectly, information relative to military matters. They are not to attempt to prejudice questions under investigation by publication, anonymously or otherwise, of their opinions, nor are they, either by public speeches or writings, to call in question the actions of the government in whose employ they are.

70. Meetings of officers may be called only by commanding officers, who are held responsible that they shall be for a proper purpose.

71. Officers, non-commissioned officers and men are forbidden to institute or take any part in meetings, demonstrations or processions for party or political purposes, in barracks, quarters, or camp; or, if in uniform, at any time or place.

72. The active militia, other than the permanent forces, being composed of officers and men who devote only a portion of their time to military drill and training, it is necessary that officers should maintain at all times that courtesy towards each other which is calculated to perpetuate friendly and social relations between them and create an 'esprit de corps.' An officer not in uniform, should not comport himself as regards the affairs of his corps, and his intercourse with officers, in any manner different from what he would if he and they were in uniform. If officers act in any other way as private citizens, in respect to their immediate military responsibility, discipline cannot be maintained in a satisfactory manner, and the harmonious working of the machinery necessary to keep the organization of a corps in an efficient condition will be endangered.

73. One of the fundamental and most necessary rules of military discipline is to forbid anything bearing the appearance of combination, to obtain redress of grievances, among individuals composing a military force. If officers or men have any grievance, their complaint should be laid

before their commanding officer in respectful language, each individual speaking for himself alone. Appeals for redress by 'round robins' or by means of any document bearing the signature of more than one complainant, are strictly forbidden.

74. Officers commanding companies will ascertain before the day of inspection, whether any men wish to see the inspecting officer upon any point; if they do, the subject of inquiry will be put down in writing. As most complaints are about clothing or pay and can be settled by explanation, commanding officers will investigate and endeavour to settle them. If they cannot do so, a return of the names of the men and the subjects of complaint will be laid before the inspecting officer, leaving a column for his remarks.

75. Anonymous complaints, and the publication through the medium of the press of anything calculated to act injuriously on the interest of the service, or to excite discontent in the militia, are strictly prohibited.

COURTS OF INQUIRY.

76. A court of inquiry may be assembled by any officer in command, to assist him in arriving at a correct conclusion on any subject on which it may be expedient for him to be thoroughly informed; and it may be required to give an opinion on any point not involving the conduct of an officer or a soldier. The proceedings are to be recorded in writing, as far as practicable, in the form prescribed for courts martial, signed by the president and each member, and forwarded to the conveying authority by the president.

77. Courts of inquiry, as a general rule, sit with closed doors, but they may be either open or closed, according to the nature of the investigation, or as may be directed by the convening officer. The party whose conduct is under inquiry should be present, and may either answer or refuse to answer any question put to him, or may avail himself of the opportunity to explain any particular act, or any part of his conduct on which an imputation prejudicial to him may have arisen. He cannot claim permission to ask any question, nor to produce any testimony. The presence of a professional adviser before a court of inquiry will not be permitted. The rank of the officers composing the court should be equal, or superior to that of the officer whose conduct or character may be implicated in the investigation. The president must, in every case, be a combatant officer. Unless otherwise specified, the president is to fix the time and place in the locality for holding the court, cause notice of the same to be given to all witnesses and persons interested, and preside during the sittings. If the members cannot agree on an opinion collectively, any dissenting member should state, in writing, the nature and extent of the difference, or give his opinion, to the president for transmission with the proceedings.

78. A court of inquiry may consist of any number of members, but the composition of such courts must be regulated at the discretion of the convening officer, by the circumstances under which they are assembled. Three members, the senior acting as president, will in ordinary cases be found sufficient. The regulations for the government of courts of inquiry are contained in the rules of procedure.

79. When an officer of the militia is employed on court martial duty, or as a member of a board or court of inquiry at the city, town or place where he resides, he shall, if not at the time under pay as an officer, be paid the net pay of his rank for the day or days so employed.

BOARDS OF OFFICERS.

80. Committees and boards differ only from courts of inquiry in so far that the objects for which they are assembled should not involve any point of discipline. They will follow, as far as may be convenient, the rules for courts of inquiry, but are in no way bound by them.

81. When regimental boards are assembled for the purpose of reporting upon clothing, arms, accoutrements, &c., evidence is to be taken as to the length of time during which the articles have been in use, and the boards are to report not only the condition in which the articles are found to be, but also their opinion as to the causes which have contributed thereto.

82. A board of local officers consisting of the district officer commanding, an officer of the corps to be detailed by the commanding officer, and the district ordnance officer, will assemble at each place where an embodied corps is

stationed, on the second day of the months of April and October in each year, and inspect and report on the actual state and condition of all barrack stores and utensils in possession of the corps and school of military instruction at the station, which have become unserviceable, or are likely to become unserviceable, and require to be replaced or renewed.

83. A board of officers consisting of the district officer commanding military district No. 3 and an officer of the Royal Military College staff to be detailed by the commandant, and the district ordnance officer, will assemble at Kingston on the third day of the months of April and October in each year, and inspect and report similarly on the actual state and condition of all barrack stores and utensils in possession of the Royal Military College which have become unserviceable or are likely to become unserviceable, and require to be repaired or renewed.

84. The boards are to satisfy themselves as to the dates of issue of the unserviceable articles, that due care has been taken of the articles while in use, and as to the cause of their unserviceable state.

85. If the day fixed for the assembly of any of these boards be a Sunday or holiday, the date of assembly will be the day following. The hour of assembly will be fixed and notified in each district by the district officer commanding. A report of the proceedings of each board is to be sent to the Adjutant General at headquarters immediately after each inspection.

86. No court of inquiry or board, the assembly of which will be attended with expense to the public, is to be convened except upon authority from headquarters.

PROVOST CELLS.

87. In accordance with the provisions of section 74 of the Militia Act of 1904, certain buildings or parts of buildings under the control of the Department of Militia and Defence of such places, as may be hereafter notified in general orders, may be set apart as provost cells, for the purpose of keeping in military custody persons sentenced to imprisonment by court martial or by a commanding officer.

88. The following rules for the government, management and regulation of provost cells, for the labour of military prisoners therein, for the safe custody of such prisoners, and for the maintenance of discipline among them, will hereafter be carried out by all corps of the active militia when permanently embodied or called out for service.

89. When a prisoner is awarded imprisonment by the commanding officer, or by sentence of a court martial, his rations will be discontinued from the day on which he is committed to the cells, and will not be drawn again until the day of his release.

90. All prisoners under sentence of courts martial in excess of forty-two days will be sent to the civil prison nearest to the military station to which they belong.

91. Sentences amounting to forty-two days' imprisonment or a less period, will be carried out in provost cells.

92. The supplies for the subsistence of the prisoners will be obtainable from the regimental canteen or contractor by the acting provost sergeant, who will be required to keep an accurate account thereof, in a mess book supplied for the purpose, which account shall be balanced weekly and certified to by the adjutant.

93. The value of the rations supplied will be paid to the acting provost sergeant, and the total amount so expended, on account of each prisoner, drawn on the monthly pay-list of the corps, together with 2 cents per diem for washing.

94. When active militiamen are confined in any local prison for civil offence, no charge is to be included for either pay or rations during the period of such confinement, but 25 cents a day will be allowed for each prisoner.

COMMAND.

95. The command in the militia is to be exercised by the senior officer present on duty in uniform on parade, except that an officer appointed to the command of a military district commands the militia within that district.

96. Regimental officers will take precedence and seniority in their regiments according to the dates of their regimental appointments, irrespective of any higher rank they may hold in the militia.

97. Should two officers of the same rank have been gazetted to such rank with the same date, their precedence shall be determined by the date of their next lower rank.

98. Permanently appointed officers command all provisionally appointed officers of the same rank.

99. Officers having permanent or local rank will take precedence of those serving with them having temporary rank of the same grade.

INSPECTIONS.

100. Inspections will be carried out from time to time by the inspectors of the different arms under specific instructions issued from headquarters.

101. At artillery inspections all artillery stores, equipment, &c., in possession of artillery units, will be inspected annually by the Inspectors of Field and Garrison Artillery, who will be accompanied on their tours of inspection by their master gunners, and the number, state and condition of the stores, &c., on charge, is to be verified by comparison with the entries in the store ledger.

102. These inspections are to take place in time to enable the inspecting officers to submit, with their reports, one demand for all stores, &c., to complete the equipment of the units they are responsible for, in time to reach headquarters not later than November 1st.

DUTIES OF DISTRICT OFFICERS COMMANDING.

103. District officers commanding are responsible for the discipline of the corps within their districts, for their constant preparation for active service and, in case of sudden emergency, for the immediate assembly and military disposition of the force under their command.

104. To ensure proper plans of defence being formed, district officers commanding should be thoroughly acquainted with the military resources of their respective districts, in regard to men, horses, and provisions, and the means of transport. They should have an accurate knowledge of the strong features of the country, of all the roads and means of communication, and of every military particular that may tend to the defensive power of their respective districts, and they should also possess an intimate acquaintance with the assailable points of the same.

105. District officers commanding are responsible

1st. For the enrolment, efficiency, discipline and maintenance of the various corps of active militia.

2nd. For the due inspection of arms, armouries, accoutrements, clothing and government stores of all kinds in possession of corps, and for forwarding the report of the same to headquarters as soon as possible after the first days of January and July in each year. Of the two half-yearly inspections, one should be made at the regimental or company headquarters, and the other at the annual inspection of the corps in camp or at local headquarters.

3rd. For the annual inspection of all corps in their districts and for forwarding the reports upon the same to headquarters.

4th. For examination, for approval, of all pay-lists of corps for annual or special drills, and for guards of honour and salutes.

5th. For the examination, for recommendation, of all accounts and pay-lists of the employees in the department within their districts.

6th. For the inspection and maintenance of rifle ranges.

7th. For the transmission of necessary requisitions for the arms and equipment of the active force under their command.

8th. They are to be the medium of communication with the Adjutant General at headquarters, concerning all matters affecting the militia within their respective districts.

106. They will immediately report all cases in which the troops have been engaged in riots or disturbances, either among themselves, or when civilians have been concerned, and will further report the result of their inquiries into the circumstances.

107. The district officer commanding will have general charge over all drill halls and armouries within his command. When the halls are to be used by more than one corps, he will decide as to the appropriation of rooms and armouries, and the days and hours during which the several corps may use the hall for military purposes.

108. The local care of drill halls and armouries in cities, towns, villages and rural districts, will, under orders of the district officer commanding, devolve upon the senior officer of active militia at the station. Drill halls at district headquarters will be under the personal supervision of the district officer commanding.

109. Caretakers and other persons employed in connection with drill halls and armouries are under the direct control of the district officer commanding.

110. In the event of misconduct or neglect of duty on the part of any such person, the district officer commanding will at once suspend him from duty and report the circumstances to headquarters, for the information of the Minister of Militia and Defence.

111. The pay of any caretaker or other employee suspended from duty by a district officer commanding will cease from the date of such suspension, until the case has been dealt with by the Minister of Militia and Defence.

112. If necessary, district officers commanding will arrange locally for the temporary employment of a competent person to do the work of any employee suspended from duty, and at once report the matter to headquarters.

113. District officers commanding will not under any circumstances, quit the area of their commands without permission from headquarters, and, in applying for leave of absence, they will specify the name and rank of the officers who, it is proposed, should act for them.

114. The district officer commanding will be held responsible that the regulations for the transfer of arms and stores have been properly carried out.

DUTIES OF COMMANDING OFFICERS.

115. Commanding officers are responsible for the safety and preservation of all public stores which have been issued to their corps; and, under them, the captains of companies are responsible that the arms of their men are kept at all times in a clean and serviceable condition.

116. An officer entrusted with the command of a corps is invested with authority which renders him responsible to his Sovereign and his country, for the maintainance of discipline, order, and the proper system of economy in his corps; he should possess a thorough practical knowledge of the militia law and of all rules and military regulations, and should exact from officers and men the most implicit obedience to regulations. He is not only to enforce by command, but to encourage by example, the energetic discharge of duty, and the steady endurance of the difficulties and privations which are inseparable from military service.

117. Whenever any officer responsible for public stores, dies, or has tendered his resignation, or has been relieved from command, or has removed from the locality, a district staff officer will proceed without delay to the headquarters of the corps, and will either take over all such stores or witness their transfer to the next senior officer or other proper officer.

118. The staff officer whose duty it is to be present on any such occasion is directed to give due notice to the officer about to be relieved, as well as to the officer into whose charge the articles are to be delivered, to be present on a day to be indicated by the staff officer for the transfer of the arms and stores. In all cases where deficiencies exist, he is to require a full explanation, showing the cause, and if the officer about to be relieved does not give proper assistance or satisfactorily account for, or deliver all the articles in his charge, the staff officer is to make an account of the number and value of the deficiencies for the information of the officer responsible, and report the same without delay for consideration at headquarters.

In forwarding his report the staff officer is to show minutely, in the column for remarks, the steps taken by him in every case in respect to the deficiencies on the transfer.

119. Whenever armed parties are called out for the performance of any unusual duties, commanding officers are personally to ascertain that the officers in charge are fully acquainted with all orders and directions that bear on the service they may be called upon to perform.

120. No armed party consisting of 20 men or more is to be allowed to proceed on any duty unaccompanied by an officer. All detachments of cavalry of 50 men or upwards are to be attended by a farrier or qualified shoeing smith.

121. When opportunities offer, commanding officers will take advantage of personally examining the officers, more particularly the subalterns, upon every point connected with their duties in the field; the instruction and improvement of his men also form a most essential part of the supervision of a commanding officer.

122. He is to see that officers are practically instructed in the duties of piquets and outposts: in the mode of conducting patrols, in the exercise and management of

artillery at stations where facilities for such instruction exist; and, as far as may be practicable, in the construction of field works. He will, at his discretion, direct the field officers and the captains to take the command of the parade, and in his presence to exercise the regiment or battalion; he is to encourage the subaltern officers to qualify themselves for the duties of adjutant, both in the field and in the orderly room, and should afford them every facility for acquiring a competent knowledge of such duties.

123. It is the duty of a commanding officer to bring especially to the notice of the inspecting officer, without favour or partiality, any officers who may be distinguished for attention to, and efficiency in, their duties; as well as those who, from incapacity or habitual inattention, are deficient in a knowledge of their duties, or show an indisposition to afford the commanding officer that support which he has a right to expect from them, or conduct themselves in a manner injurious to the efficiency and the credit of the corps.

124. Commanding officers must see that the company rolls are properly made out and corrected from time to time, and are strictly prohibited from enrolling militiamen who are at the time serving in other corps.

125. They will also be held responsible that the men borne on the rolls of their units who absent themselves from annual drill are duly proceeded against in the manner prescribed in the Militia Act.

126. Commanding officers are to cause every order and circular issued for general information and guidance either to be re-published in regimental orders or otherwise circulated throughout their corps; and they are to afford all officers under their command every facility for becoming acquainted with current changes in the regulations and orders. Ignorance of published orders will never be admitted as an excuse for their non-observance. All orders specially relating to the men are to be read and explained to them immediately after such orders are received; and those of an important nature are to be read to them on three successive parades. Every circumstance which, in any way, affects a man's pay or service is to be published in regimental orders, immediately after its occurrence, for the information of all concerned.

127. Nothing more essentially tends to the maintenance of regularity and good order than that system or chain of responsibility which should extend from the highest to the lowest grade. With this in view, a battalion is to be formed into half battalions, and the companies composing them, respectively, placed under the immediate superintendence of a field or senior officer, who is to report to the commanding officer as to their state and condition.

REGIMENTAL FIELD OFFICERS.

128. It is of importance that the regimental field officers should, at all times, make themselves thoroughly acquainted with the abilities of the whole of the officers placed under their charge, so as to assist commanding officers in forming a correct opinion as to the military acquirements of those under their command. In like manner, officers commanding squadrons, batteries and companies should make themselves acquainted with the ability and requirements of their subalterns, who ought at all times to look to them for information and advice.

129. It is the duty of regimental field officers to assist and support their commanding officer to the utmost of their ability in all matters relating to the efficiency and interior economy of their corps; and, in the absence of the commanding officer, the senior regimental officer will act for him.

130. The officer commanding any squadron, battery or company of active militia, with the assistance of the officers and non-commissioned officers of his unit, shall make and keep at all times a correct roll thereof, in such form as His Majesty directs; and the lieutenant-colonel, or other officer commanding any regiment or battery of active militia, and under him, especially the adjutant, shall see that these rolls are properly made out, and corrected, from time to time, by the captains or other officers, and shall report such officers as fail to perform their duty in this respect.

131. It is the duty of every officer commanding a squadron, battery or company, to endeavour to keep it full by the enrolment, from time to time, of other men to fill the places of those whose periods of service have expired and do not desire to re-enroll for a further period, or who have been discharged.

132. In the absence of the officer commanding, when assembled for the annual training, or on other occasions,

these duties devolve on the officer in temporary command, and he will be held responsible for the good order of the squadron, battery or company in every respect as if he were the officer commanding.

133. The utmost attention is required from officers commanding squadrons, batteries or companies, to the cleanliness of the men as to their persons, clothing, arms and accoutrements, and also as to the state of their barracks or quarters; strict adherence to this essential point of discipline will ever tend to the health and comfort of the men.

134. Before going into camp, captains of companies should make sure that each man is in good health, has had his hair cut, and has provided himself with a change of shirt, socks, a towel, comb, soap, a boot brush, needles and thread, boot laces, and that his boots fit him easily, have broad soles and low heels, comfort in walking over rough ground to be considered rather than appearance. A pair of light shoes for change will be found very useful in camp.

135. It is to be understood that when rural corps are not assembled for training, the captain or officer commanding a unit may, of his own authority, assemble his men in order to attend the funeral of any officer or man belonging to the unit; he may also assemble his men for any necessary duty, and for such drills and target practices as are authorized to be performed at the local headquarters.

ADJUTANTS.

136. The adjutant is an officer appointed to assist the commanding officer in the execution of all the details of duty and discipline. He should be energetic, well set up, capable of hard work of every description, a good horseman, full of resources and foresight, possessed of method and a good memory, skilful with his pen, a fair tactician, an excellent drill, able to impart rifle instruction, also thoroughly acquainted with the militia law, rules and regulations for the militia, the Army Act, and regulations of the service generally. Every extraordinary occurrence, either in barracks or in camp, must be noticed by him. He is to attend all drill parades, receive reports from officers, tell off the parade, and report to the senior officer present. He is to keep all books and official papers, correspondence, a roster of all duties, leave of absence, non-commissioned officers' seniority book, &c., correctly and in conformity with general orders and regulations. He inspects all escorts and guards, receives and issues orders from the commanding officer for the information of officers commanding companies, and he promulgates to the regiment in general, all orders he may receive. He is accountable to the commanding officer for the correctness of the regimental books, and is bound to bring to his notice all infractions of rules and orders.

137. District staff adjutants and other officers appointed to or acting on the district staff will be detailed by the district officer commanding to perform such duties as he may consider necessary.

REGIMENTAL MEDICAL OFFICERS.

138. These officers are responsible to the commanding officer for everything relating to the medical service of the corps, inspection of recruits and sanitation. When the force is on service, or out for annual training, a report of the sick is to be given daily to the commanding officer. They will also inspect every man in the corps at least once a week. All field days and all practices at firing are to be attended by a medical officer.

PAYMASTERS.

139. Every regiment will be provided with a paymaster. In every detachment of not less than five companies, an officer will be appointed to act as paymaster, with a sergeant as clerk, and will receive paymaster's pay. This will not be in addition to his regimental pay, but inclusive thereof. Where two and not more than four companies are quartered together, an officer will be detailed to act as both pay and quartermaster, with paymaster's pay, and will be responsible for the correct and punctual fulfilment of the duties prescribed for each. Where a station consists of one company only, or part of a company, the officer in command is responsible for the due performance of the duties prescribed for the paymaster and quartermaster.

140. Every paymaster will, immediately on being placed on active service, draw up an accurate nominal and numerical roll of the men of his corps or detachment, with a column of remarks, showing when any man becomes non-

effective, and he will lose no time in forwarding a requisition, according to form, for a week's pay in advance, for his men. He should also make himself acquainted with the rates of pay and allowances for officers, non-commissioned officers and men belonging to his corps or detachment and keep posted in regard to any changes that may be made from time to time in the rates.

141. It is a paymaster's duty to bring to the notice of his commanding officer any improper or unnecessary issue of pay or allowances. The officer commanding will cause the circumstances to be inquired into, and see that any allowance improperly issued is refunded.

142. The annual estimates voted by Parliament will not be considered authority for any payments. In the event of a paymaster receiving for payment a claim which appears to him not authorized specially or by the regulations of the department or of the service, it is his duty to point out to the officer commanding the corps or other officer concerned, as the case may be, that the claim is not covered by requisite authority. It will then rest with the officers concerned to obtain the necessary authority.

143. Commanding officers are not to certify any pay-list containing a charge for increased pay, extra pay or allowances, without quoting in the column for remarks the number and date of the authority for such increased rate. Should the regulations and orders for the militia not contain the necessary authority, special authority must be obtained from headquarters before the certificate of the commanding officer can be given.

144. Paymasters are strictly prohibited from issuing such increased pay or allowances without the necessary quotation of authority on the pay-list.

145. No payment in respect of work performed, or material supplied, by any person in connection with any part of the public service in Canada, shall be allowed, unless, in addition to any other voucher or certificate which may be required in that behalf, the officer under whose special charge such part of the service is, certifies that by authority of the Minister such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or, if not covered by contract, is fair and just.

146. Inconvenience and delay having arisen in consequence of claims for militia service being submitted for payment, in many instances without the necessary authority being attached in support of the same, in future the authority is to be referred to by number or date, briefly in the body of the account or claim, and the approved requisition, if the authority is under that form, or a copy of the special authority, must be attached in all cases to such claims, and all claims must be made out and certified to in duplicate.

147. Every officer or man making a claim upon the government for pay or allowances, or arrears of pay or allowances, must state on the face of the claim whether he has or has not already received any sum on account of said claim. Should any payments have been made to him, he must state the date of the payments, amounts received, and from whom received; and after deducting these amounts must show the balance due on the claim. District officers commanding are directed to see that these instructions have been complied with before they forward to headquarters, certify or recommend the payment of such claims.

148. Should a paymaster at any time experience difficulty in obtaining the reimbursement of moneys due from officers or others, he is to make a prompt representation of the circumstances officially. Commanding officers are to afford every assistance in this respect by desiring officers under their command to settle all sums due by them to the public.

149. Paymasters are strictly prohibited from applying public money to any purpose not authorized by regulations of the service. They are not, on any pretext or in any shape, whatever, to advance, lend or exchange any sum for which they are accountable; nor are they directly or indirectly to derive any advantage from their positions beyond their authorized pay and allowances.

150. If paymasters choose to employ, for the purpose of paying militiamen, agents who are not duly authorized for that service, they will do so on their own responsibility and at their own risk; any loss which they may incur by such a proceeding will fall on themselves alone.

151. When militiamen serving in one district are removed to another district for service therein, they are to be settled with in the district they are leaving, for pay and allowances up to the day inclusive, preceeding their march and will be taken on the strength for pay in the

district to which they have been removed, from the day following that to which they have been previously paid.

152. Claims for lodging money must be supported by a certificate specifying that the officer actually provided himself with lodgings, and was not and could not be accommodated in any building belonging to or hired by government.

153. Officers in employment on the staff of the militia, will bear in mind that no expenditure for any service will be sanctioned, unless authority for the same has been previously obtained.

154. No officer, non-commissioned officer or man of the militia shall be entitled to receive any military pay or allowance on account of service, beyond the day on which he shall have been discharged from service.

155. With the exception of the regular pay-lists of the service itself, no accounts for militia payments are to be made out by officers or clerks of the Department of Militia and Defence, or of the district staff, or by any militia officer, non-commissioned officer or man employed in connection with the service for which such account is rendered. Creditors will make out their own accounts.

156. In no case will the signature of any of the officers, &c., above specified, be accepted in receipt of such accounts. Creditors are to receipt their own accounts, either by themselves or by their legally constituted agent, not being one of the parties above described.

157. In cases where the creditor cannot write, his accounts must be made out, and his receipt witnessed by some other party than an officer, &c., of the militia service, as above set forth.

QUARTERMASTERS.

158. The appointment of a quartermaster is one of great importance to the comfort and health of the soldier. Commanding officers should, therefore, be most careful in the selection they make for the post of quartermaster.

159. When corps are on service, it is the duty of the quartermaster under orders of the commanding officer to take charge of all supplies and stores of every description belonging to the corps, and to issue them according to regulations. He is responsible to his commanding officer for the cleanliness of the camp or barracks. He attends to the billeting of the men, to the laying out of the camp, and has the superintendence of the loading and conveyance of the baggage of his corps when on the march.

DUTIES ON BOARD SHIP.

160. From the moment the troops are on board no officer is, under any pretence whatever, to quit his ship without special leave from the general or other officer under whose direction the embarkation takes place.

161. The officer commanding the troops will, as soon as possible after the embarkation has taken place, decide how many officers will be required to carry out the duties during the voyage. In troop-ships and transports in addition to the adjutant and quartermaster, where the troops on board consist of a mixed force of not less than eight hundred of all ranks, the number of officers required for daily duty are usually,—

- 1 captain of the day,
- 1 subaltern of the day,
- 3 officers of the watch.

In smaller ships a smaller number would suffice. All the company officers with units and details are available for duties.

162. The commanding officer, while taking care that discipline is observed by the troops, is to remember that the master of the ship has lawful authority to maintain good order amongst all on board, and in all matters necessary to ensure the safety of his ship and passengers, for which he is entirely responsible. In case of fire or emergency, the commanding officer must specially remember the responsibility of the master, and render him every assistance, without attempting to take the command out of his hands.

AID TO CIVIL POWER.

163. The law in regard to the militia being called out, in aid of the civil power will be found in the Militia Act, 1904, sections 80, 81, 82, 83, 84, 85, 86 and 87, a copy of which is attached as an appendix to this work.

164. In cases where aid is applied for in the manner provided by law, the senior officer of the active militia to whom the requisition is addressed, will immediately inform the district officer commanding by telegram for transmission to headquarters, or, in the event of his being

unable to speedily communicate with the district officer commanding, he will communicate by telegram direct with the Adjutant General.

165. If the requisition required by the statute is addressed to the district officer commanding in any district, he will immediately notify the Adjutant General by telegram.

166. Officers of the active militia are to understand that they have no discretionary power or otherwise, as to the necessity for aid.

167. Any militia force proceeding in aid of the civil power must invariably have the requisite quantity of ammunition served out to them before going on duty. The unused portion of this supply is to be collected immediately after the duty has been performed, and returned without delay into the magazine from which it was issued.

168. The officer commanding is to move to the place to which he shall be directed by any one of the magistrates who signed the requisition calling out the militia; he is to take care that the men under his command march in regular military order, with the usual precautions, and that they are not scattered, detached, or posted in a situation in which they may not be able to act in their own defence. The magistrate is to accompany the force, and the officer is to remain near him.

169. When the number of the detachment is under twenty files it is to be told off into four sections. If there should be more than twenty files, the detachment is to be told off into more sections than four.

170. All commands to the men are to be given by the officer in command. They are not on any account to fire except by word of command of their officer who is to exercise a humane discretion respecting the extent of the line of fire, and is not to give the word of command to fire unless distinctly required to do so by the magistrate.

171. In order to guard against all misunderstanding, officers commanding corps or detachments are on every occasion on which they are employed in the suppression of riots, or in the enforcement of the law, to take the most effectual means, in conjunction with the magistrates under whose orders they may be placed, for notifying beforehand and explaining to the people opposed to them that in the event of the men being ordered to fire, their fire will be effective.

172. If the commanding officer should be of the opinion that a slight effort would be sufficient to attain the object he is to give the word of command to one or two specified files to fire. If a greater effort should be required, he is to give the word of command to one of the sections, told off as above ordered, the fire of the other section being kept in reserve till necessary, and when required, the fire of each of them being given by the regular word of command of the commanding officer.

173. If there should be more officers than one with the detachment, and it should be necessary that more sections than one should fire at a time, the commanding officer is to fix upon and clearly indicate to the men, what officer is to order any number of the sections to fire; such officer is to receive his directions from the commanding officer, after the latter shall have received the requisition of the magistrate to fire. No other individual excepting the one indicated by the commanding officer, is to give orders to any file or section to fire.

174. The firing is to cease the instant it is no longer necessary, whether the magistrate may order the cessation or not. Care is to be taken not to fire upon persons separated from the crowd. It is to be observed that to fire over the heads of a crowd engaged in an illegal pursuit would have the effect of favouring the most daring and the guilty, and might have the effect of sacrificing the less daring and even the innocent.

175. If firing should unfortunately be necessary, and should be ordered by the magistrate, officers and men must feel that they have a very serious duty to perform, and they must perform it with coolness and steadiness, and in such manner as to be able to discontinue their fire at the instant at which it shall be found there is no longer occasion for it.

176. When the services of any force called out in aid of the civil power are no longer required for the purpose for which it was called out, the officer commanding the active militia there present shall, upon notification by the proper authorities, withdraw the force from such duty.

177. During the period that any portion of the militia is on service in aid of the civil power it shall be the duty of the officer commanding to forward direct to the Adjutant General, daily, a state showing the numbers of the different ranks actually employed on this duty.

178. On completion of the duty for which the force was called out, an immediate report thereof, in writing, is to be made, by the commanding officer to the district officer commanding for transmission to headquarters. The officer commanding the troops will also prepare a pay-list specifying the several sums authorized by law in respect to the service, and request the municipality to pay the value thereof, and in default of immediate payment shall forward the whole to headquarters for settlement.

UNIFORM.

179. The uniforms of the Canadian forces will be of the patterns laid down from time to time in the dress regulations for the Canadian Militia.

180. The regulations for the issue and care of arms, clothing and equipment will be, from time to time, as detailed in the equipment regulations.

181. Hereafter officers will not be appointed or promoted in the active militia unless they undertake to procure suitable uniforms for themselves, within three months after the date of such appointment or promotion. Saddlery will be issued to all mounted officers appointed after the 1st November, 1904. Officers who now hold appointments, or who may be hereafter appointed to the active militia, are liable to have such appointments cancelled unless they keep themselves supplied with these indispensable articles.

182. Commanding officers of corps are strictly forbidden to introduce or sanction any unauthorized addition to or deviation from the approved patterns.

183. No officer or soldier is to wear any unauthorized ornament or emblem when in uniform, unless expressly permitted by his commanding officer to do so.

184. Officers assuming prominent positions at military reviews and upon all occasions of state or ceremony, should appear in the full dress of their rank. They are not to appear mounted unless entitled to do so by reason of their rank and position.

185. Officers attending reviews in plain clothes should avoid being conspicuous and merely form one of the ordinary spectators.

186. Officers retiring with permission to retain their rank may wear the uniform of the corps from which they are retired.

187. Staff officers who have retired with permission to retain their rank in the militia are not to continue to wear staff uniform, but may wear the uniform of the corps in which they last served.

188. Officers of the reserve of officers are not required to provide themselves with any uniform until their services are actually required. They are, however, authorized to wear the uniform described in the Dress Regulations.

GOOD CONDUCT BADGES.

189. In order to provide a means of distinguishing those men under the rank of corporal whose conduct has been good, and who have served continuously in their corps for three years, and have re-enlisted therein for a second period of three years of similar service, there will be issued to each a good conduct and service chevron of one bar to be worn when in uniform during the period of his re-enlistment.

190. An additional chevron of one bar, making two bars in all, will be issued, to be worn similarly by those who having completed six years service, re-enlist in the same corps for a third period of three years.

191. An additional chevron of one bar, making three bars in all, will be issued to be worn similarly by those who having completed nine years service, re-enlist in the same corps for a fourth period of three years.

192. The badges given by the Canadian Military Rifle League may be worn by militiamen in uniform, on the left arm, under similar regulations as to those which apply to the wearing by militiamen of badges given by the National Rifle Association, Dominion Rifle Association of Canada, and Canadian Artillery Association.

INTERIOR ECONOMY.

193. For purposes of interior economy, each squadron, battery and company is to be permanently designated as follows:—

All mounted corps—by a letter of the alphabet commencing from A.

All dismounted corps—by consecutive numbers.

194. For the convenience of inspection and general supervision, each squadron is to be divided into four troops;

each battery of field artillery into three sections and each section into two subsections ; each company of garrison artillery and each company of infantry into sections.

195. The subaltern officers to whose supervision the troops, sections or subsections are respectively entrusted, are responsible to the officer who is answerable for the whole of his squadron, battery or company to the field officer in charge. Subaltern officers on joining are to provide themselves with a nominal roll of their troops, sections and subsections, and are, as soon as possible, to make themselves acquainted with the disposition, character, age and service of each of their men.

196. Whether stationed in barracks or camp, or quartered in towns, care must be taken to dispose the men in the rooms or tents, or to assign their billets in such a manner as to keep the men of each half company, section, subsection or squad, as much together as possible, in order that the officers and non-commissioned officers may, with more facility, perform the duty of continual superintendence, which is never to be dispensed with under any circumstances.

197. The dress, appearance and demeanour of soldiers should, on all occasions, and in all situations, be such as to create a respect for the military service. As a general rule, the officer commanding the troops at stations and in camps, will fix, at his discretion, and publish in orders, the limits beyond which non-commissioned officers and soldiers are not permitted to go without permission. Soldiers are not to go beyond the precincts of their barracks or camp unless properly dressed and they are not to smoke on the streets except during authorized hours.

198. The following directions in regard to the growth of hair are to be strictly observed by all ranks. The hair of the head is to be neatly cut and kept short. Moustaches are to be worn and the chin and under lip are to be shaved (except by pioneers who will wear beards). Whiskers, when worn, are to be of moderate length. On active service in the field, beards may be worn at the discretion of the Chief of the General Staff.

COMMITTEES.

199. The commanding officer of a corps shall annually forward a circular to each of his officers, calling a meeting on some convenient day in one of the months of January, February or March, fourteen days' notice being given (or if more convenient, the meeting may take place in camp during the performance of annual training), for the purpose of electing a regimental committee, and if the corps has a band, a band committee, and for the consideration of such other regimental business as may be necessary. Each committee shall be composed of three officers of the corps, who shall hold office for the ensuing year, or until successors are appointed. If a member of either committee resigns or becomes inefficient, the commanding officer will name a successor. Each committee shall appoint one of its members to be president and another to be secretary-treasurer.

200. As no body of regimental officers can in any regimental matter be independent of the commanding officer, the commanding officer should be ex officio a member of both committees.

201. Each committee is to submit to the annual meeting of officers statements in detail :

1st. Of all moneys received and expended during the past year or since the last annual report.

2nd. The cash balance and where deposited.

3rd. Of all liabilities for accounts and bills unpaid, or of any kind for which the corps may be made responsible.

202. A certified copy of these statements, with proceedings of annual meeting, is to be forwarded by the commanding officer within one month after the annual meeting, to the district officer commanding, for transmission to headquarters.

203. The secretary-treasurer of each committee shall be responsible to the president for all moneys, and shall keep a book or books of account showing receipts and expenditures with vouchers. The accounts are to be laid before the officers at their annual meetings, and at such other times as the commanding officer may direct. All propositions for expenditures to form a charge upon the officers of the corps not already provided for, must be submitted and approved of at a meeting of officers.

204. The government grant to the band will not be paid until the district officer commanding certifies to its efficiency and that he has inspected the accounts and vouchers and found all correct.

205. When the government grant to the band is authorized to be paid, the president of the band committee shall receive the same and expend it with the joint advice of the other members of the committee.

206. Regimental and band committees being honorary offices, no remuneration will be allowed to any member thereof for performing such duty.

207. Commanding officers will exercise the strictest economy in the disbursement of the funds of the corps, and will discourage any expenditure other than that which is necessary to maintain the efficiency of the corps.

208. Undue expenditure on bands and prize meetings is to be especially discouraged, and officers should not be called upon to pay contributions for balls, entertainments or refreshments, unless their assent to such has been previously obtained.

209. Commanding officers are to give their special countenance and protection to those officers who may, from motives of economy, decline to share in the proposed expense, and will call the attention of officers commanding companies to this regulation.

CONTRIBUTIONS AND SUBSCRIPTIONS.

210. Officers of militia are liable to pay contributions to regimental funds. The amounts will be fixed by the commanding officers, but they will not exceed the sums stated in the following scale, and the contributions of the various ranks must be in proportion to the maximum amount:

211. On first appointment as subaltern, and on each occasion of subsequent promotion to the rank of captain, major and lieutenant-colonel, \$10.

On direct appointment—

To the rank of captain.	\$20 00
To the rank of major.	30 00
To the rank of lieutenant-colonel. . . .	40 00

212. A promotion from one militia unit to another shall not be considered a direct appointment to a higher rank.

213. These contributions may be applied as commanding officers may direct, but no other contributions to regimental funds will be levied from officers either on joining, during service in, or on leaving the unit.

214. The subscriptions of officers will be regulated by commanding officers, and will be proportionate to the original net pay of the various ranks.

215. Contributions and subscriptions of officers of the regimental staff will be regulated on the basis of their regimental rank.

LEAVE OF ABSENCE.

216. Officers leaving Canada, or during their leave of absence intending to travel or reside beyond the confines of the Dominion, will, in all cases, forward application for such leave to headquarters for approval.

217. Leave of absence up to one month may be granted to officers of the permanent staff and permanent forces by the Adjutant General.

218. Leave of absence beyond one month can be granted to these officers only by the Minister of Militia and Defence, on the recommendation of the Chief of the General Staff.

219. Leave of absence up to three months may be granted (except to officers of the permanent staff, and permanent forces and commanding officers of units) by the district officer commanding; beyond three and up to six months by the Chief of the General Staff. Applications for leave beyond six months will be submitted through the usual channel for the approval of the Honourable the Minister of Militia and Defence.

220. Before granting leave to commanding officers of units, district officers commanding will ascertain that the second in command or next senior officer to the commanding officer, is available to act during the proposed absence. Applications from commanding officers for leave of absence beyond one month will be dealt with by the Chief of the General Staff.

221. Leave of absence, except under very exceptional circumstances, will not be granted for longer periods than one year.

222. Officers who obtain leave of absence are to furnish their addresses so that orders may be readily communicated to them. Any changes in their addresses are to be notified in like manner. When an extension of leave is applied for, the period during which the officer soliciting further leave has been absent is always to be stated. Officers on leave

of absence who may stop at headquarters should leave their card for the Chief of the General Staff, and when stopping at district headquarters, should leave their card for the district officer commanding.

223. When corps are assembled for the annual drill in camp, the commanding officer will not grant leave of absence to any officer except under very urgent circumstances, the nature of which must be satisfactorily accounted for at the annual inspection, and no pay can be issued to individuals for the period of such absence.

224. District officers commanding may grant leave of absence from training to men of good character on the recommendation of the commanding officer when, in their opinion, the circumstances warrant the application. Men whose term of service expires during the annual training may be excused from attending the training if they so wish it, and discharge certificates will then be granted to them.

225. When corps are assembled for the annual drill in camp, passes will not be granted to any non-commissioned officer or man except under very urgent circumstances, the nature of which must be satisfactorily accounted for at the annual inspection, and no pay can be issued to individuals for the period of such absence.

ABSENCE WITHOUT LEAVE.

226. Non-commissioned officers or men absent without leave, when undergoing training in a camp of instruction, will be dealt with in the manner prescribed by the Army Act and King's Regulations, or, if more convenient, under the Militia Act.

227. Non-commissioned officers and men refusing or neglecting to attend a camp of instruction, when lawfully notified to do so, will be dealt with under the Militia Act.

228. No prosecution or action will be instituted against any non-commissioned officer or man without the approval of the officer commanding the unit being previously obtained.

CORRESPONDENCE, FORMS, BOOKS AND RETURNS.

Correspondence.

229. All correspondence to headquarters will be addressed :—

The Adjutant General,
Headquarters, Ottawa.

230. Military heads of branches, and staff officers, will sign official correspondence with their rank and official designation after their name. Correspondence of a routine nature, addressed to the Deputy Minister, may be signed by the deputy of the military head of the branch concerned.

231. All official documents are, in a sense, private, and can only be dealt with on the responsibility of the individual who is in charge of them, but their privacy varies with their contents, and when special privacy is necessary, they will be inscribed 'secret' or 'confidential.'

232. All letters of a secret or confidential nature are to be marked 'secret,' or 'confidential,' as the case may be. Such letters should be enclosed in two envelopes, of which the inner one should be marked 'secret' or 'confidential,' and the outer one should be inscribed with the address only. Confidential plans and other documents are to be similarly treated. Envelopes marked 'secret' or 'confidential' will only be opened by an officer.

233. No secret or confidential document is to be used for private purposes, literary or otherwise, nor is it to be referred to in any catalogue or publication which is not itself a secret or confidential document.

234. Official letters are to contain full information of all particulars upon the subjects to which they relate, and are to be headed thus:—

Here state subject. From———. Here state rank, name and corps.

To———. Here state officer or head of department addressed.

Station———.

Date———.

235. In all cases not otherwise specially regulated, each letter is to refer to one subject only, which will be briefly indicated, for example:—Discipline—Transport—Route, &c., &c., and is to be written on foolscap paper, with quarter margin. The paragraphs are to be numbered, and the enclosures, if any, described in the margin or in a separate schedule. As a general rule, short communications may be written on a half sheet; but when the letter extends beyond one page, or is accompanied by enclosures,

it should be written on a whole sheet. The transmission of unnecessary enclosures is to be avoided, and when additional papers are forwarded, all blank fly leaves are to be removed from them. The rank and corps of officers are in all cases to be added after their signatures. Signatures impressed by a stamp are forbidden to be attached to letters and official documents. All officers whose duty it is to sign documents will do so in their own handwriting. When a communication has any reference to previous correspondence from headquarters, the registered number, date and purport of the former papers are to be quoted.

236. Unless otherwise directed or indicated, all replies, remarks or queries arising out of an original letter or memorandum are to be made out in the form of minutes. The first minute is to follow on the page where the original letter or memorandum ends, and the person who affixes it will mark the original letter or subject matter No. 1, and his own minute thereon No. 2, (in red ink when possible). Each succeeding minute is to follow immediately that which by date preceded it, and will, in like manner, be numbered in sequence. A fresh half sheet is to be added when required for the commencement or continuation of a minute and on no account is such commencement or continuation to be made on vacant spaces between previous minutes or in the margin.

237. District officers commanding and other intermediate authorities are responsible for the correctness of what is set forth in documents submitted by them. It is their duty to adjust all matters that come within the scope of their authority. In transmitting applications or correspondence to headquarters they are to record their opinions or recommendations thereon, adding such additional observations, based on local knowledge, as may be necessary to enable the authorities to come to a final decision on the question, without further reference and correspondence; and, in like manner, they will require all commanding officers under their orders to record their opinion on every case they may submit for their decision.

238. Applications from regimental officers are, in the first instance, to be submitted to the commanding officers of their units. Applications from non-commissioned officers and men are to be made personally, and not in writing, through the commanding officer of their companies, &c., to the commanding officer of the unit.

239. In direct correspondence between district officers commanding, staff officers, commanding officers and heads of departments, letters are to be signed by the superior officers, and not by their staff or subordinate officers. When an officer employs his staff to conduct any correspondence with another officer of equal rank or position, the staff of that officer is to be addressed.

240. Officers receiving official communications from headquarters are not to permit the original document to leave their possession until returned to headquarters.

241. All documents bearing the official stamp of the Department of Militia and Defence, or of the Adjutant General's office, forwarded from headquarters to a staff officer for his information or for action, are to be returned to headquarters with as little delay as possible by such staff officer, after having entered thereon, dated and signed, the words 'noted and returned,' if for information, or 'particulars as to the action,' if for action.

242. Correspondence will not be conducted between officers commanding companies, &c., of different units on matters connected with the men of their companies, &c., when it can be more conveniently done through the regimental orderly room.

243. Written applications of non-commissioned officers and men to join schools of instruction are not to be submitted by commanding officers, they being personally responsible that the applicant is possessed of the necessary educational requirements.

244. Parade states will be forwarded to the district officer commanding as follows:—

(1) By officers commanding units of city and rural militia, daily, during the progress of the annual training.

(2) By the officer commanding a unit, when guards of honour, escorts, or other parades or duties have been ordered at the public expense.

245. Mere covering letters should not be used, as they add to the bulk of the documents without conveying any additional information.

246. Letters which are not on the public service or not intended for the military departments, are not to be enclosed under official covers.

Reports and Returns.

247. The periodical reports and returns specified in the table hereto appended are to be furnished by district offi-

cers commanding and officers commanding corps where applicable.

248. Returns to be furnished by officers commanding district and units of the permanent forces.

Forms and Books, Issue of.

249. Militia forms will be issued annually to all concerned on July 1st. Officers commanding units will submit requisitions for books, forms, &c., to the district officer commanding on June 1st. Books and forms will be transferred with other articles of public property on their retirement from the command.

Annual Training Forms to be used.

250. Battalion daily parade state. Daily ration return. Battalion ration return abstract. Brigade ration return, abstract. Tender for meat. Tender for bread. Tender for potatoes and groceries. Tender for wood. Tender for forage. Tender for straw for men.

251. The daily ration returns and forms of tender are similar to those specified above for annual training, ex-

cluding the words on the forms which relate to that service. The forms for the returns showing receipts and issues will be as directed at the time, according to the nature of the service to be provided for.

Books.

252. Out of the allowance granted, the following books for the regiment will be provided, viz. :—

Regimental—General and regimental and brigade orders.

Regimental—Letter book.

Regimental—Defaulter book.

Regimental—Court martial book and for court of inquiry, &c.

Regimental—Diary of parades for each company.

Regimental—Regimental guard book for letters, and copies of instructions from district headquarters not required to be returned.

Regimental—Book of issues and receipts of arms, stores, clothing, &c., to and from each man.

Company—Order book.

Company—Attendance at drill book.

Company—Ledger or pay diary.

Company—Defaulter book.

To be transferred by officers retiring to their successors.

253. These books must be produced by officers commanding units at every inspection in order to entitle them to receive the government grant for books, stationery and postage.

254. The records of service of officers will be carefully kept at headquarters of each corps. Inspecting officers will in their annual inspections, see that this record is properly kept up.

255. When corps of the active militia are on service, requisitions are to be forwarded from time to time, approved by the commanding officer of the station, for such books and stationery as may be absolutely required for the orderly room and paymaster's office, and the same will be provided by the department.

256. An allowance of \$2 per month for stationery will be included in the pay-list, and paid by the officer commanding the company and charged in his monthly account book.

257. The books authorized to be supplied to each unit on service, on application of commanding officers, are:—

One regimental orderly book, one officer's roster book of duties.

For each squadron, battery, or company on service to be supplied in like manner :—

One company order book, one defaulter's book, one company ledger, one duty roster.

POSTAGE ACCOUNT.

258. A postage account will be kept in the office of the officer commanding each military district or permanent military unit, which account, or a copy thereof (as may be required) will be transmitted to the Adjutant General at such periods as he may require.

259. Letters addressed to and received from headquarters, Ottawa, will be free from any charge for postage.

ENLISTMENT.

260. Recruiting for the militia will be conducted by officers commanding units or squadrons or companies of rural corps.

261. Recruits for the active militia must be British subjects by birth or naturalization; between the ages of 18 and 45 years; not less than 5 feet 4 inches in height, and 34 inches chest measurement.

262. The following men will not be allowed to enlist :—

Men belonging to any corps of the regular army, Royal Marines, Royal Navy, Royal Naval Reserve, a permanent unit of the active militia, or the North-west Mounted Police, or who have been discharged from these forces, or from the Royal Irish Constabulary, as (1) unfit for further service; (2) for misconduct; (3) with a bad character.

263. Boys of good character between the ages of 14 (or in special cases 13) and 16 years may be specially enlisted for the purpose of being employed as drummers, buglers, or trumpeters, but no boy is to be enlisted who does not give fair promise of becoming when he has attained the proper age, an effective militiaman. Before a boy is enlisted, the consent of his parents or guardians is to be obtained.

264. When a man who has previously served in the regular army, Royal Marines, Army Reserve, Royal Navy, or Canadian Militia, enlists, or re-enlists in the militia, he

will be required to state the particulars of his former service and cause of discharge, and to produce, if possible, his certificate of discharge, which will be returned to him conspicuously endorsed in red ink as follows:—

.....enlisted
incorps
on the.....

265. Commanding officers are cautioned that they must have complied with the Militia Act by taking the oath of allegiance before a justice of the peace before administering the same to any officer or man.

266. Every active militiaman who has completed his period of service and re-engages for a further period, must sign the service roll of his corps, and take the oath in the manner provided for first enlistments.

267. Officers commanding corps are strictly prohibited from enrolling militiamen who are at the time serving in other corps.

RE-ENGAGEMENT.

268. A militiaman may, if under 45 years of age, be re-engaged, at the time of the last training of his current engagement, or at any subsequent period prior to the expiration of his engagement, for a period of three years, reckoned from the termination of that engagement; sergeants and non-commissioned officers of senior rank may be re-engaged up to the age of 55 years.

PROMOTION AND APPOINTMENT OF NON-COMMISSIONED OFFICERS.

269. All appointments and promotions of non-commissioned officers, except those of the permanent forces, are made by officers commanding corps, and all non-commissioned officers retain their rank during the pleasure of the commanding officer.

270. All non-commissioned officers should be urged to qualify for promotion by obtaining certificates of qualification from a school of military instruction.

271. Non-commissioned officers should not be appointed or promoted to the rank of sergeant unless in possession of a certificate from a school of military instruction.

272. Non-commissioned officers may, with their commanding officer's consent, resign their rank and revert to the rank or position they may have previously held, but they are not, without special sanction from headquarters, to be allowed to do so in order to escape trial by court martial.

CHANGE OF RESIDENCE.

273. Militiamen who change their places of residence, will communicate their new addresses to the officer commanding their squadron, battery or company.

IMPROPER ENLISTMENT.

274. When any man belonging to any section of His Majesty's regular militia or naval forces is discovered to have enlisted in the militia, the case will be referred to headquarters through the district officer commanding.

275. When any man belonging to a corps of militia is discovered to have improperly enlisted in another corps, the case will (after any action required by the Militia Act in such cases has been taken) be referred to headquarters for decision as to what corps the man is to be held to serve in.

DISCHARGE.

276. The discharge of militiamen will be dealt with as follows :—

Cause of discharge.	COMPETENT OFFICER TO		Special Instructions.
	Authorize discharge.	Carry out discharge.	
(1) Termination of engagement.	O.C. unit...	O.C. unit...	In ordinary cases a militiaman will be discharged on the date of the termination of his engagement. Men whose term of service will expire during the next period fixed for the annual training, and who decline to re-engage, may, with their own consent, be discharged and relieved from attending such training.
(2) On conviction of felony.	O.C. unit...	O.C. unit...	
(3) For misconduct.	C. of G.S. ...	O.C. unit...	Applications must be accompanied by summary of evidence.
(4) As medically unfit...	D.O.C.	O.C. unit...	Applications must be accompanied by report of medical officer.
(5) Having made a misstatement as to age on enlistment.	D.O.C. ...	O.C. unit...	Discharges under this heading will only be granted when applied for by parents and the recruit is under 17 years of age when the application is made. The parents will be required to furnish the birth certificates of lads whose discharges are applied for, and the district officer commanding will satisfy himself before granting the discharge that the birth certificates are those of the recruits to whom they purport to refer. Recruits who are over 17 years of age when the application is made will be held to serve.
(6) Not likely to become an efficient militiaman.			
(a) If rejected by D.O.C. or O.C. unit.	D.O.C. ...	O.C. unit...	A recruit having been attested by a company officer, but rejected by either the officer commanding the camp or unit, or the medical officer, on being called out for training, will be at once discharged by the officers specified without reference to higher authority.
(b) If rejected by medical officer.	O.C. unit...	O.C. unit...	
(c) Unfitted for the duties of an instructional corps.	C. of G.S. ...	O.C. unit...	

277. Discharges in cases other than those specified in the preceding table will be submitted to headquarters.

278. Each man on discharge will receive a certificate of discharge on Militia Form 28.

WARRANT RANK.

279. Master gunners, regimental sergeant majors, bandmasters and superintending clerks of the active militia, conductors, sub-conductors of stores and chief armourers, shall be appointed by warrant signed by the Honourable the Minister of Militia and Defence, and they shall hold these ranks during pleasure.

280. Sergeant majors and bandmasters of corps of active militia shall serve a probationary period of three years with acting rank only as such, before appointment to warrant rank.

PRECEDENCE OF WARRANT OFFICERS, NON-COMMISSIONED OFFICERS AND MEN.

281. The following will be the order of precedence of warrant officers, non-commissioned officers and men:—

I. Warrant Officers.

- 1 { Conductor, Ordnance Stores Corps.
Master-gunner.
Staff sergeant-major.
2. All other warrant officers, except militia sergeants-major.
3. Militia sergeants-major.

The warrant officers in Groups 1 and 2 rank with one another in those groups according to the date of their pro-

motion or appointment, except that a regimental sergeant-major ranks regimentally senior to the other members of Group 2, and the bandmaster ranks next after the sergeant-major.

II. Non-commissioned Officers and Men.

1. Quartermaster sergeant.
2. { Squadron, battery, troop or company sergeant-major.
Squadron, battery, troop or company quartermaster-sergeant.
Colour-sergeant.
Staff-sergeant.
3. Sergeant.
4. Corporal, bombardier, or 2nd corporal.
5. Gunner, driver, sapper or private.

Non-commissioned officers included in any one of the foregoing groups will take precedence with one another according to the date of their promotion, except that:—

(a) A regimental or battalion quartermaster-sergeant will rank regimentally above all other non-commissioned officers holding those permanent ranks.

(b) A non-commissioned officer holding the appointment of farrier staff-sergeant will rank regimentally below the squadron, battery, troop or company sergeant-major or quartermaster-sergeant, respectively.

(c) A squadron, battery, troop or company sergeant-major will rank regimentally senior to the squadron, battery, troop, or company quartermaster-sergeant, except for promotion.

(d) A lance-sergeant takes precedence of all corporals, and an acting bombardier or lance-corporal takes precedence of all privates, &c.

282. The ranks and appointments held by warrant officers, non-commissioned officers and men of the active militia, inclusive of the permanent units, are set forth in the following table; and the grant under due authority, of any appointment therein detailed, will confer upon the holder the rank specified opposite that appointment in the table. When the appointment is classified under more than one rank, the lowest rank will be granted on appointment, unless the soldier already holds a higher rank:—

Warrant and non-commissioned officers of the Staff Clerk Section of the Canadian Army Service Corps, and also those to whose titles an asterisk is prefixed, are not entitled to assume any command on parade or duty, except over such soldiers as may be specially placed under their orders. In matters of discipline, however, they will at all times exercise the full authority attached to their rank.

ACTIVE AND ORDINARY SERVICE.

283. When a corps of active militia is ordered to be placed on service, the officer commanding shall immediately notify or cause to be notified, the men under his command and will immediately after the first parade, forward to the district officer commanding an exact return of his strength in officers and men, without the receipt of which no pay can be issued. In country districts and officers commanding companies not present at the headquarters of their regi-

ments will be responsible for the performance of these duties. The return of their strength will be forwarded to the commanding officer of the regiment, if they form part of a regiment, or to the district officer commanding, if they do not.

284. Before the corps leaves its headquarters, the officer commanding the corps will cause a copy of the service roll of the corps, as it then exists, showing the names of the officers and men who are actually going out with it, to be made, on which each man's name in full, his usual place of residence, his age, whether he is married or single, and his next of kin, and date of enrolment shall be recorded. When the corps moves out, this copy of the roll, a marching out state in writing, a certificate from the medical officer of the corps, showing that the regulations have been complied with, also a certificate from himself as commanding officer showing that the regulations have been complied with, must be forwarded by him through the proper channel of communication to the district officer commanding for transmission to the Adjutant-General at headquarters.

285. This is necessary in order that a registry may be kept of particulars regarding each man proceeding on service.

286. The horses belonging to the corps must be examined at the time by a veterinary officer; only those found to be sound, well and fit for work are to be taken on service.

287. The district officer commanding will not permit any corps to leave its headquarters until after the requirements of the preceding sections have been complied with. When the papers are received by him he will forward them without delay to headquarters.

MUSTERS.

288. No pay-list for staff, squadron, battery or company shall contain more names than the number of each rank, for which pay is authorized.

289. The inspecting officer is required to compare the pay-lists with the service rolls of the corps inspected on the completion of the muster.

290. Before the conclusion of the camp of instruction, each corps will be paraded for muster, the camp paymaster checking all names and horses on the pay-sheets, and being responsible that pay is not drawn on behalf of anyone not entitled to receive it.

291. Musters of mounted corps are to be made at a mounted parade, and no excess will be allowed in either the mounted or dismounted establishment.

DRILL AND TRAINING.

292. His Majesty may order the officers and men of the active militia, or any portion thereof, to drill for a period not exceeding 30 days in each year, and for each day's drill of not less than three hours, every officer, non-commissioned officer and man shall receive the pay of his rank.

293. When corps of the active militia are ordered to assemble in a camp of exercise for drill and training, they shall be considered to be on active service during the whole of the period for which they are called out, and when so assembled all ranks shall receive rations and shelter at the public expense in addition to their daily pay: in such cases the daily pay shall be for each day of twenty-four hours, and the drill and duty to be performed in camp, or in going to and from the camp, shall be as ordered by the commanding officer for the time being.

DRILL.

294. The drill shall be such as is authorized from time to time in general or militia orders.

295. Non-commissioned officers from the permanent forces will, when available, be detailed to assist in the instruction of city corps upon application to headquarters, through district officers commanding.

CAMPS OF INSTRUCTION.

296. When the militia in any district are to be trained in a camp of exercise the facilities for camping and moving troops, and the convenience for rifle practice should be first considered in selecting the site for the camp; then its position as regards convenience for the assembly of the different corps.

297. A convenient and safe rifle range is indispensable for a camp of instruction.

298. All troops assembled in camps will be under the command of the officer appointed as camp commandant.

299. Gentlemen cadets of the Royal Military College, previously recommended by the commandant and approved at headquarters, may be attached as subaltern officers to corps assembled in a camp of instruction, and will, while so attached, rank as lieutenants, and be in excess of the establishment, as regards pay, rations and allowances.

300. Each corps detailed for training in camp will send an advance party to the camp one day, exclusive of a Sunday, before the arrival of the troops in camp, to take over the camp equipment and lay out the camp. This party will consist of the quartermaster, the quartermaster-sergeant, and four men (including a cook) per squadron, in case of cavalry regiments, and three men (including a cook) per company, in case of infantry regiments.

301. Batteries of artillery and companies of engineers will send the captain, one non-commissioned officer and four men (including one bātmān and one cook). Departmental corps will send the quartermaster-sergeant and three men (including a cook).

302. No officer or man will be allowed to sleep out of camp except by permission of the camp commandant, which should only be granted as a special case. The camp commandant must himself live in camp.

303. Only one union jack is to be flown in the camp, and that in front of the tent of the camp commandant; it will be hoisted at sunrise and struck at sunset. Regiments may use red banderoles with their number or badge thereon—the regimental commanding officer having a large banderole in front of his tent.

304. The wives, female friends, or children of officers or men are not to be lodged within the lines of any camp of instruction, nor are dogs to be allowed within the lines.

305. Camp commandants will require commanding officers to send to them such returns relating to the interior economy of their corps, in addition to those ordered by regulation, as they may consider necessary.

306. During the drills, the camp commandant will test the qualification of the officers of each corps, in the performance of their several duties.

307. Inspection reports of camp commandants will be forwarded to headquarters within fifteen days of the completion of the inspection.

308. The camp commandant will examine the system pursued for the issue of orders, register of correspondence and regimental records, and all other matters connected with the discipline and interior economy of corps. He will inspect the company service rolls and company records of discharges and report how far the provisions of the Militia Act, and the regulations in respect of enlistment and discharge are carried out.

309. At the inspection of infantry in the field, he will dismount and inspect each company separately, in order that he may be able to judge of the condition of arms and clothing, and of the physique of the men. The captains will then be called upon to put their companies through the movements and formations of a company. When the companies are of a less strength than sixteen files, the drill will be in single rank. The commanding officer and majors will be called upon to drill the regiment.

310. At the inspection of cavalry in camps of instruction one day is to be allotted to the drill of each squadron, and another to that of the regiment under the commanding officer and majors.

311. It is not necessary that the inspection in camp and that in the field, should be on the same day. The former, as well as the examination of officers upon questions, can be made in the evening, and with due consideration for the general convenience of officers.

312. Inspecting officers are reminded that a review and march past, or other ceremonial movements, do not constitute an inspection, nor are they even a necessary part of it. The object of the inspection is to ascertain and record the state of organization, and the value of the work done in each corps.

313. Camp commandants will send in reports to headquarters within fifteen days of the closing of the camp.

The report will include:

- (1) A return of the strength of the corps in camp.
- (2) A return of the daily work done in camp with a view to showing the system of instruction adopted.
- (3) A return of the cases treated in hospital.
- (4) A return of the musketry practice specifying the best shots in the regiment and in camp.
- (5) A return of rations supplied in camp and transport to and from camp.
- (6) Form A. G. O. No. 215, duly completed.

314. The reports should be short and concise, and all extraneous matter should be avoided.

315. A medical inspection of every officer and man is to be made, if possible, before the corps leaves its headquarters; when that is not possible, then immediately after it reaches camp. For special regulations for the guidance of regimental medical officers see 'Medical Services.'

316. The camp commandant shall immediately issue transport requisitions to return men found physically unfit for service to their homes. He shall further return to their homes any men whom he may consider of insufficient physique even though they may have passed the preliminary examination of the regimental medical officer.

Mustering Troops into Camps of Instruction.

317. A parade for this purpose shall be formed on the morning of the second day in camp, at such hour as the camp commandant may order. Every staff officer, officer, warrant officer, non-commissioned officer, man or horse in camp is to be present on the staff or with his unit, with the exception of those on guard, cooks, or those accounted for by the principal medical officer; and they are to remain on parade until the camp paymaster has called the whole of the respective rolls, checked those present, erased names of absentees, and noted on the muster roll the numbers of each rank present in camp, also the number of horses present with staff on each unit. These rolls and figures are to be a guide for pay, transport, rations, &c., during camp, casualties excepted, which are governed by the orders of the camp commandant.

A duplicate of such muster parade state shall be attached to the pay-lists.

318. Before the men are dismissed, those named on the service roll are to be called into the presence of the camp commandant who, before certifying to the pay-list, must compare the names with those on the pay-list and see that the claim of each person for pay is properly vouched for, and will retain a copy.

319. Captains of companies will, unless otherwise directed, personally pay the men of their companies once every week, and also, when the men are in billets, personally pay the billet accounts of the men of their companies punctually every Saturday or before marching away.

320. In the event of a militiaman losing or damaging any of the government property with which he is entrusted, a report thereof should be immediately made to headquarters by his commanding officer, in order that the value of the said property may be deducted from his pay in the next monthly pay-list, and with a view of carrying this order into effect, a special inspection will be made once a month, or at the termination of service, by the officer commanding at each station, of all barracks occupied by the militia as well as of all the public property in their possession, and a report thereof, showing the value of all the damages and deficiencies, be made to the district officer commanding immediately after such inspections.

321. Loss of private property incurred by militiamen on service will not be made good by the public, unless it can be clearly shown that the loss was not in any manner attributable to carelessness, that it was unavoidable, and that the articles lost were part of their necessary equipment as militiamen.

OFFICERS' MESSES.

322. The establishment of a regimental mess upon a well regulated system is an object of the utmost importance, and requires the unremitting attention and superintendence of the commanding officer, who is responsible that all the accounts are properly kept and checked, and that each member pays his mess bills regularly.

323. Whenever a corps in camp for annual training has formed an officer's mess, all officers present must join it; no exception can be allowed without the sanction of the officer commanding the camp.

324. Commanding officers are held responsible that the daily expense of messing is kept within the means of the junior officers.

325. It must be borne in mind that 'mess' is a parade, and responsibility for the maintenance of good order and discipline at mess will attach to the senior combatant officer present, who will also take military precedence on such occasions.

326. A sergeant's mess should be formed whenever found practicable.

CANTEENS.

327. Nothing in the King's Regulations and Orders for the Army so far as they relate to the establishment of

canteens, is to be understood as permitting the sale within the limits of camp grounds during the annual training of the militia of Canada, of spirituous (to include wine) or malt liquors of any kind; their sale within such limits being strictly prohibited.

328. Officers commanding camps of instruction will be held responsible that the above order is carried out, and they, together with the officers commanding units of active militia, will in those districts where the law so directs, be liable to prosecution, in respect of any liquor sold in tents or other premises subject to their control, in addition to such penalty as may be inflicted for a breach of military discipline.

DIVINE SERVICE.

329. When the militia is on service, or on annual drill, commanding officers of corps should, if possible, arrange for special services from time to time, and march their respective commands to church.

330. In assembling troops for public worship in the field, care is to be taken that they are not brought together in numbers greater than the voice will reach. Soldiers attending divine service are to wear their side arms.

331. Every officer, non-commissioned officer and man is to be at full liberty to attend divine worship according to the forms prescribed by his own religion, when not required for military duty.

332. Men of any religious denomination, if their number shall exceed twenty, are to be regularly marched to and from their own places of public worship, under the command of an officer, or in charge of a sergeant if not exceeding that number. The officer or sergeant is to remain with them during the performance of the service.

BANDS.

333. The strength of bands is as per establishment lists.

334. Bandsmen when dressed in militia uniforms are forbidden to institute or take part in meetings, demonstrations or processions for party or political purposes.

335. Bands which do not conform to these regulations, will not be entitled to participate in any grant in aid of bands made by the Department of Militia.

336. Bandsmen belonging to corps enlisted for continuous service must wear militia uniform clothing on all occasions, either public or private, in which they may be required or lawfully authorized to take part.

337. Bandmasters are not permitted to wear plain clothes on any military duty, and when in uniform will be dressed in conformity with the regulations of the service.

338. In order to secure uniformity on occasions when the bands of several corps require to be brigaded, each regimental band will be supplied for ordinary use with a tuning fork and with a set of marches arranged for 24 parts on 72 cards, viz.:

The National Anthem; quick step; trot past.

339. Corps requiring a new issue hereafter of a set of the brigade band music, can be supplied with such at \$1.50 per set. The money to be deposited to the credit of the Receiver General and the receipt for it transmitted to headquarters with the requisition for the articles.

340. In camps of exercise, the regimental band on duty for the day should be required to play at reveillé—the reveillé, the trot past, and one quick step. At retreat—retreat and a quick step. At tattoo—first post, a quick step followed by the National Anthem and last post; also 'lights out,' by a bugler or bandsman.

341. The bands should also, if possible, practise the brigade music together, under the direction of the brigade bandmaster, who will be named by the officer commanding the camp, and will be drilled in their various movements by a selected drum major, or some other competent person.

342. The brigade bandmaster will be held responsible for the tuning and performance of the brigade music, but all other bandmasters should be called upon to give their assistance, and to see that the men of their respective ranks are well up, and that they all play their parts when required.

ESCORTS AND GUARDS OF HONOUR AND SALUTES.

343. On receipt of a notification in writing from the military secretary, that His Excellency the Governor General will require an escort, guard of honour or salute, within the limits prescribed by the King's Regulations, district officers commanding will immediately order such duties to

be carried out by the permanent forces, or, if a unit of the forces be not available, by another corps of active militia, without reference to headquarters for further authority. In such cases the notification from the military secretary to His Excellency will be forwarded to headquarters with the pay-lists.

344. Guards of honour to attend on His Excellency the Governor General will consist, when practicable, of the following detail with the regimental colour:—

- 1 Captain.
- 2 Subalterns.
- 4 Sergeants.
- 4 Corporals.
- 96 Privates.

Total 107 all ranks.

345. In addition to the above, pay will be allowed for the band, drummers and buglers of the corps furnishing the guard of honour, of the strength authorized in the establishment list.

346. In addition to the officers named in paragraph 344, the adjutant or acting adjutant, regimental sergeant-major, quartermaster-sergeant and paymaster's clerk of the regiment furnishing the guard of honour will be on duty for the day that the guard is furnished.

347. A cavalry escort for His Excellency the Governor General shall consist, when practicable, of:—

- 1 Captain.
- 2 Subalterns.
- 1 Squadron sergeant-major.
- 3 Sergeants.
- 3 Corporals.
- 1 Trumpeter.
- 27 Privates.

Total 38 all ranks.

348. Whenever called out for duty as a guard of honour, &c., the militia are to receive His Excellency the Governor General with a 'general salute,' standards and colours flying, officers saluting, and bands playing first part of the National Anthem (six bars); except on the occasions of the opening or prorogation of parliament, when His Excellency will be received with a 'royal salute' standards and colours lowered, officers saluting, men presenting arms, bands playing first six bars of the National Anthem. The guard mounted over the Governor General pays no compliments to any other person.

349. Guards of honour, who will pay similar compliments, will be furnished to the Lieutenant Governors of provinces on the opening and prorogation of the provincial legislatures. Applications for guards of honour for this purpose will be made to the district officer commanding, who will order them under this authority.

350. A general officer appointed to command the Canadian forces, shall, upon his arrival to take up his command, and his departure, upon relinquishing his command, be entitled to a guard of honour consisting of 1 captain, 1 subaltern, 2 sergeants, 50 rank and file, with band.

351. In the absence of the Governor General, the administrator of the government is entitled to receive the same honours as those accorded to the Governor General.

352. The militia are, when called out for their annual training in camp, to turn out, but not under arms, whenever His Excellency the Governor General passes along the front of the camp. On these occasions they will be formed in column with closed ranks, all officers at their posts.

353. When two regiments or armed parties meet on the march, they will be called to attention and pass each other with shouldered arms swords drawn and bands playing. A battery of artillery with its guns is equivalent to a regiment with its colours, and is to be saluted accordingly.

354. When artillery salutes are fired by field batteries with field guns, the following establishment will be allowed for pay:—

- 1 Major or Captain.
- 3 Lieutenants.
- 1 Medical officer.
- 1 Veterinary officer.
- 1 Sergeant-major.
- 1 Quartermaster sergeant.
- 6 Sergeants.
- 6 Corporals.
- 6 Bombardiers.
- 18 Gunners.

12 Drivers.
1 Trumpeter.

—
56 all ranks
38 horses.

355. If the salute is fired by a unit of garrison artillery with garrison guns, pay for the veterinary officer, the 12 drivers and 38 horses will not be allowed.

356. In firing salutes with field guns, an interval of fifteen seconds is to be allowed between the rounds, but should there be fewer than six guns available, no gun is to be loaded twice in less than a minute. With cast-iron ordnance, when the number of guns will admit of it, there will be an interval of fifteen seconds between each round, but no gun is to be loaded twice in less than two minutes.

357. The following is a list of the stations at which royal salutes are authorized to be fired on the anniversaries of the King's and Queen's birthday's and Dominion Day, viz :

Winnipeg, Man.
London, Ont.
Toronto, Ont.
Kingston, Ont.—Fort Henry.
Ottawa, Ont.—Nepean Point Battery.
Quebec, Que.—The Citadel, Saluting Battery.
Montreal, Que.—St. Helen's Island Battery.
St. John, N.B.—Fort Dufferin.
Charlottetown, P.E.I.—Fort Edward Park.

At Halifax, N.S., and Victoria, B.C., the salutes on the anniversaries of the King's and Queen's birthdays being fired by the Imperial troops, the salute on Dominion Day only will be fired by the Canadian troops.

358. Quebec is the only port at which salutes with ships of war are authorized to be exchanged.

359. At Quebec, all salutes from ships of war of other nations to his Majesty's forts or batteries are to be returned gun for gun.

360. Artillery salutes will be fired from the forts or batteries as referred to above, as follows :—

21 Guns.

Birthday (as notified in Canada 'Gazette'), of Sovereign.

Birthday of Consort of Sovereign.

Dominion Day.

Other occasions as directed by the Governor General in Council or as called for in the King's Regulations.

19 Guns.

At the opening and prorogation of the Dominion Parliament.

15 Guns.

Lieutenant Governors of Provinces, on the assembling and closing of their provincial legislatures.

* The High Commissioners of South Africa and of the Western Pacific will be entitled to the same number of guns when visiting, embarking in, or disembarking from a ship outside the precincts of their Governments, but within the limits embraced by their Commissions.

362. No salutes other than those authorized by King's and these regulations are to be fired, unless special authority has been granted from headquarters.

363. All salutes fired at saluting stations are to be fired from the batteries named.

364. The officer commanding a permanent battery of artillery at any station, will specify the hour at which the battery will fire the salute. At other places the arrangements for firing the salute will be made by the district officer commanding.

365. In order to prevent any confusion or mistake in towns garrisoned by His Majesty's regular troops, whenever any corps of active militia in those garrisons assemble for exercise with blank ammunition, or to fire salutes, &c., within the limits of such garrisons, the officer commanding the active militia shall previously notify the same to the officer commanding the regular troops.

MILITARY FUNERALS.

366. Officers, non-commissioned officers and men of the active militia, except those who die on service, are not entitled to be interred with military honours; but facilities may be afforded for interment with military honours during such time as the militia is not on service, whenever it is so desired and circumstances will admit, without expense to the public.

367. The gun carriages of field batteries may be supplied for funeral purposes upon application to the district officer commanding at all stations where field batteries are quartered for the conveyance of the body, when the place of burial is more than one mile distant from the quarters of the deceased.

368. Firing parties for funerals will only be detailed for strictly military funerals.

369. The order to be observed and further directions in respect to such funerals will be found in the infantry drill.

FLAG STATIONS AND FLAGS TO BE FLOWN.

370. When two flags of the same description are issued, the smaller is for use in bad weather.

FLAGS OF GOVERNORS OF COLONIES.

371. The royal standard shall be flown at Government House on the King's and Queen's birthdays, and on the day of His Majesty's accession and coronation.

372. The union flag without the badge of the colony shall be flown at Government House from sunrise to sunset on other days.

373. The union flag with the approved arms or badge of Canada, as emblazoned in the centre thereof, surrounded by a green garland, shall be used by Governors, Lieutenant Governors, or officers administering the government of Canada or the provinces, when embarked in boats or other vessels.

374. The British blue ensign, with the arms or badge of the colony emblazoned thereon on the fly (as shown in the drawing enclosed in the circular despatch of August 23, 1875), and the pendant, will be flown by all armed vessels in the employ of the government of a colony.

375. The British blue ensign, with the arms or badge of the colony emblazoned thereon, as described in the preceding section, but without the pendant, will be flown by vessels which belong to, or are in the service of the government of a colony, but not armed.

376. All other vessels registered as belonging to one of His Majesty's colonies or dependencies, will fly the red ensign without any badge.

377. Whenever a requisition is received by any officer in command of one of His Majesty's ships for the embarkation or conveyance of a governor, high commissioner, lieutenant governor, or officer administering the government of a colony or dependency, the senior officer present may direct the special flag of such official personage to be hoisted at the foretop-gallant masthead of the ship in which he is embarked; provided that he, after consultation with, and on requisition from, that official, considers it for the benefit of the service about to be performed that such flag should be hoisted, and provided that it is only hoisted or carried within the limits of his government or high commission in which he would be entitled to be saluted under King's Regulations and admiralty instructions.

378. If the senior officer considers it, in any circumstances, undesirable to hoist the flag, he will inform the governor, high commissioner, &c., of his reasons, and will at once report the same to the admiralty.

379. In the event of a governor, high commissioner, &c., of a colony being detached on a foreign mission in his official capacity as governor or high commissioner, special instructions will be issued in each case as to the flag which should be carried by a man-of-war in which he may be embarked; in the absence of which the senior officer present will exercise his discretion in consultation with the officer proceeding on the mission.

COLOURS.

380. When colours are being removed from or taken to the place where they are usually kept, an escort will invariably accompany them and will pay them the customary honours.

381. Officers and soldiers passing uncased colours, will invariably salute them.

382. The colours of infantry are to be of silk, the dimensions to be 3 feet 9 inches fly, 3 feet on pike inclusive of the fringe, which is about 2 inches in depth. The length of the pike including royal crest is to be 8 feet 7½ inches; the cords and tassels are to be crimson and gold mixed. The King's colour of every regiment is to be the Great Union, and is to bear in the centre the number and distinction of the regiment on a crimson circle, the whole surmounted by the Imperial Crown. The regimental colour is to be of the colour of the facings of the regiment, except in those regiments which are faced with white, in which the second colour is to be the red cross of St. George in a white field, with the designation and any title displayed as in the royal or first colour within a wreath of maple leaves and ensigned with the Imperial Crown. The regimental colour is to bear any badges, device, distinction, or motto which has been given by proper authority.

383. Camp colours or banderoles are to be 18 inches square. The poles to be seven feet six inches long. The saluting colour to be an ordinary camp colour, distinguished by a transverse blue cross.

384. The duty of attending to colours in the field is to be performed by colour-sergeants; but this distinction is in no wise to interfere with the regular performance of their regimental or company duties.

385. Commanding officers are to take care that the honourable distinction is bestowed only on sergeants of approved valour and fidelity, who by attention to the duties of their station, have rendered themselves worthy of such a mark of approbation.

386. The regimental or second colour of the Governor General's Foot Guards, is to be blue, with the union

flag in the dexter canton, and bearing a star of six points, each of the points bearing the initials of one or more of the different provinces of the Dominion, with the Royal cypher in the centre, encircled with the Union wreath. The regimental title on a scroll beneath, surmounting a beaver and a wreath of maple leaves with motto '*Civitas et Princeps cura nostra.*'

387. The colours of infantry are, as a rule, to be carried by two junior lieutenants.

GUARDS AND SENTRIES.

388. The compliments to be paid by, and duties of, guards and sentries are prescribed in the King's Regulations and Orders for the Army.

ARMOURIES AND DRILL HALLS.

389. Officers in charge of drill halls, armouries, or other public property used for militia purposes are reminded that the Militia Act and Criminal Code make provision for the punishment of any person who unlawfully or maliciously commits any damage to any such property.

390. Drill halls are not to be used for other than military purposes, without authority from headquarters.

391. When any drill hall ceases to be required for military purposes, the fact is to be reported to headquarters with a view to its being disposed of under the provisions of the Militia Act.

392. In cases of the destruction of an armoury by fire or otherwise, and the loss of public property contained therein, the senior officer at the place will make immediate inquiry as to the cause, nature and extent of the loss, and report the facts to the district officer commanding without delay.

393. A detailed list, certified by the local commanding officer, of all articles of military equipment so destroyed or injured must accompany the report.

394. The district officer commanding will thereafter without delay, make personal inquiry as to the cause, nature and extent of the losses and report result to headquarters.

395. If the loss is brought to the attention of the district officer commanding in any other way, he will not wait for a report from the local commanding officer, but will immediately make the needful personal inquiry and report, giving all details required as to the loss, with the least possible delay.

CARETAKERS OF PUBLIC ARMOURIES.

396. The caretakers of public armouries paid by the Department of Militia and Defence are under the charge and direction of the district officer commanding, who will see that they are attentive to their duties, sober and painstaking. Should any of them neglect the duties they are appointed to discharge, or become addicted to the use of intoxicating liquors, the district officer commanding will, without delay, suspend such caretaker from duty and report the circumstances to headquarters.

CARE OF ARMS, ACCOUTREMENTS AND EQUIPMENT.

397. Estimates of probable requirements of details of equipment required for the ensuing year must be forwarded to headquarters not later than the 1st December in each year by the undermentioned officers:—

For cavalry and infantry by the district officer commanding.

For artillery, by the inspector of artillery.

For engineers, by the officer in charge of inspection of engineers.

398. In the event of an injury to a Lee-Enfield or any .303 rifle, or in the event of a 'pull-through' having become fast in the barrel, the officer commanding the military district will at once forward the rifle to the nearest government armourer for the necessary repairs, or for the purpose of having the 'pull-through' removed. On no account will any person other than a government armourer be permitted to repair the injured rifle or attempt to remove the 'pull-through.'

399. Militiamen are forbidden to tamper with or injure the arms issued for their use. Should alterations or repairs be required, they must be effected by a competent armourer or mechanic.

400. On receipt of tents and blankets, the regimental quartermaster should inspect and ascertain that all the articles forwarded for use by the regiment are in

accordance with the quantities notified from district headquarters, and for which he will obtain and transmit the receipt of his commanding officer; he will also obtain from officers commanding companies, and others to whom he issues stores, receipts for all issues made, he will hold all such receipts until the articles have been returned.

401. On some day during the first week in camp of training, the commanding officer of the camp, accompanied by the proper staff officer, shall make an inspection of tents and blankets in use by the corps, in order to ascertain if the numbers of these articles in possession agree with the numbers shown as issued to the corps. The regimental quartermaster is to be present at all such inspections.

402. Before the corps marches away from the place of encampment, each commanding officer of a corps is required to see that all articles of camp equipment received for the use of his corps during the training are delivered to the officer detailed to receive them.

403. The value of any articles of camp equipment issued from the public stores, which may be lost or damaged beyond what is considered fair wear and tear, while in possession of any corps of militia, will be recovered from the company liable therefor by stoppage from drill-pay.

404. Militiamen are prohibited from disfiguring the tents by writing, drawing or otherwise—commanding officers will be held responsible for any such injury to tents. They should be careful to impress upon their men the impropriety of any such practice.

405. When stoppages are made for damages and deficiencies, a return of the same is to be made to the district officer commanding for transmission to headquarters.

406. When a corps placed on service is ordered away from its permanent headquarters, if the men be furnished with valises, the commanding officer will not allow any of his men to take with them any articles of baggage beyond their valises. The prime necessities of a soldier on service, supposing him to be otherwise properly equipped, are food, boots and ammunition.

407. Boots worn by the men should be waterproofed before leaving their homes. If waterproof blacking is not available they should be greased.

408. When corps are relieved from service, commanding officers will take all articles of public property into store and will forward a return to the district officer commanding which shall show in one column the articles received, in a second, articles in possession, and in a third, the cause of deficiencies, if such exist.

MEDALS AND DECORATIONS.

409. No medals or decorations are to be worn by officers, non-commissioned officers and men of the active militia when in uniform without due authority.

410. Military decorations and medals are to be worn over the sash and under the pouch belt on the left breast of the garment, which is the full dress of the unit or individual. They are to be worn in a horizontal line, suspended from a single bar (of which the buckle is not to be seen) or stitched to the garment, and placed between the first and second buttons from the bottom of the collar of the garment; in hussar regiments, immediately below the top bar of lace on the left breast of the tunic when that garment is worn. The riband is not to exceed 1 inch in length, unless the number of clasps requires it to be longer. The buckles attached to the riband of the third class of the Orders of the Bath and of St. Michael and St. George should be seen. When the decorations and medals cannot, on account of the number, be suspended from the bar so as to be fully seen, they are to overlap. The width of a military medal riband is $1\frac{1}{4}$ inches. Military medals will be worn in the order of the dates of the campaign for which they have been conferred; the first medal obtained being placed farthest away from the left shoulder.

411. Medals awarded by the Royal Humane Society for bravery in saving life and those granted for skill at arms or rifle matches, will be worn on the right breast, when authorized, the latter only while in attendance in uniform at rifle matches or meetings of rifle associations.

412. Ribands only of medals and decorations will be worn with undress, or khaki uniform, and with white uniform, except when it is worn in review order. These ribands will be $\frac{1}{2}$ -inch in length, and will be sewn on to the cloth of the coat or jacket, or with white or khaki, worn on a bar without intervals. They should not be made to overlap, and when there is not sufficient room to wear the ribands in one row, they should be worn in two rows, the lower being arranged directly under the upper.

413. Miniature medals and decorations will be worn with mess dress, but will not otherwise be worn in uniform.

414. Stars of orders and miniature decorations and medals will be worn in evening dress (plain clothes), in the presence of members of the Royal Family or of Viceroy and Governors General, and on public and official occasions.

415. When a decoration is worn around the neck, the miniature will not be worn.

416. These regulations extend to retired officers, provided that, under the regulations, they are allowed to wear uniform.

417. Decorations and war medals and the ribands appertaining thereto will be worn in the following order:—

- Order of the Garter.
- Order of the Thistle.
- Order of St. Patrick.
- Order of the Bath.
- Star of India.
- Order of St. Michael and St. George.
- The Order of the Indian Empire.
- The Royal Victorian Order.
- Victoria Cross.
- Distinguished Service Order.
- Imperial Service Order.
- Queen's Jubilee Commemoration Medal.
- King's Coronation Medal.
- The Albert Medal.
- British War Medals.
- Medals for distinguished conduct in the field.
- The Order of St. John of Jerusalem.
- Medal for Meritorious Service.
- Long Service and Good Conduct Medal.
- Volunteer Officers' Decoration.
- Auxiliary Forces Officers' Decoration.
- Foreign Decorations.
- Foreign War Medals.
- Auxiliary Forces officers' long service decorations.
- Auxiliary Forces long service medal.

418. Officers who are Knights Commanders of the Order of the Bath, or of the Order of the Star of India, or of the Order of St. Michael and St. George, will, when in full dress uniform, wear the riband of the Order, or the ribands of the Orders to which they belong, inside the collar of the tunic, the badge being suspended two inches below the lower edge of the collar, on all occasions when the Sovereign or the representative of the Sovereign is present on the parade in celebration of the birthday of the Sovereign, and on all state occasions, including levees, drawing-rooms and balls.

419. The bar for the suspension of decorations and medals is in all cases to be provided at the expense of the wearer. It may be of any metal or material, and of any pattern consistent with the above instructions, provided the bar and buckle are wholly concealed by the ribands.

420. The badges given by the Dominion Rifle Association of Canada may be worn on the left arm.

421. Officers commanding corps are to ascertain that men wearing medals are entitled to do so, and that they are their own.

422. Soldiers awarded the Meritorious Service Medal and the Long Service and Good Conduct Medal may in future wear both medals.

423. When a man who ought to have medals is unable to produce them, a board to consist of one captain, and two subalterns is to inquire into and record the cause of the loss. If the board be of opinion that the man has designedly made away with his medal, he may be tried by court-martial. If convicted in such case, after five years good service, the offender may be recommended to the Adjutant General for a new medal on paying the value thereof.

(1) If the loss be proved to have occurred from carelessness or neglect, the board may recommend that the man may after two years' good service from the date of the assembly of the board be provided with a new medal at his own expense.

(2) The board is invariably to call for evidence from an officer as to the character of soldiers who lose their medals, and when no testimony beyond the loser's own assertion regarding the loss is produced, the board, except under very special circumstances, which it will record in its finding, is to deal with the case as if it were proved that the loss occurred from neglect.

424. When the board recommends medals to be replaced at once, the proceedings in original are to be transmitted in a letter, together with the prescribed form of return, giving a description of the medals and the various

clasps, if any. The proceedings are to be prepared on a separate sheet in each case, unless the circumstances attending the loss be actually the same in each. In cases where the clasps are not lost, they are to be transmitted to the Adjutant General to be attached to the new medal.

425. When the board does not recommend a medal to be replaced at once, the proceedings are not to be forwarded to headquarters until the prescribed time has elapsed, according to the regulation above given for making the application.

426. In the event of discharged soldiers losing their medals, it will be necessary for them to make application for the issue of new medals at their own expense, submitting with such application a statutory declaration setting forth the circumstances in regard to the loss, and showing that the loss was unavoidable and occurred through no fault of the applicant.

427. Every soldier who is found guilty by a court-martial of the following offences: Desertion, any offence under section 17 or 18 of the Army Act, and every soldier who is sentenced by a court-martial to penal servitude, or to be discharged with ignominy, shall forfeit all medals or decorations (other than the Victoria Cross, which is dealt with under special regulations), of which he may be in possession, or to which he may be entitled, together with any annuity or gratuity thereto appertaining.

Every soldier who:

(1) Is liable to trial on confession of desertion, but whose trial has been dispensed with;

(2) Is discharged in consequence of incorrigible and worthless character; or expressly on account of misconduct; or on conviction by the civil power; or on being sentenced to penal servitude, or for giving a false answer on attestation;

(3) Is found guilty by a civil court of an offence which, if tried by court martial would be cognizable under section 17 or section 18, Army Act; or is sentenced by a civil court to a punishment exceeding six months imprisonment, shall forfeit all medals (other than the Victoria Cross, which is dealt with under special regulations) granted to him subsequently to the date of the Royal Warrant of 25th June, 1881, together with the annuity or gratuity, if any, appertaining thereto.

(4) Any general or district court-martial may, in addition to or without punishment, sentence any offender to forfeit any medal or decoration (other than the Victoria Cross, which is dealt with under special regulations), together with the annuity or gratuity, if any, thereto appertaining, which may have been granted to him; but no such forfeiture shall be awarded by the court martial when the offence is such that the condition does of itself entail a forfeiture under paragraph 427.

(5) When medals are forfeited they are to be transmitted to the Adjutant General for disposal. The same course is to be followed in the case of medals, which may be recovered after a soldier has been convicted of making away with them. Letters containing medals, when forwarded through the post, are to be registered.

PAYMENTS FOR REPLACING MEDALS, &c.

428. When a medal or clasps issued by Canada require to be replaced at the expense of the man, the value thereof, \$1.83 for the medal, and 36 cents for each clasp, must be deposited in the usual way in some authorized bank in the locality, to the credit of the Receiver-General, and the deposit receipt therefor must be sent to headquarters with the application for issue. Charge for a ribbon will be 5 cents.

429. When a medal issued by the Imperial Government requires to be replaced at the expense of the man, the charge, 7s. 6d. sterling for the medal, and 1s. 6d. sterling for each clasp, must be forwarded for transmission with the proceedings to the War Office, England, by post office money order.

CADET ORGANIZATIONS—FORMATION AND GOVERNMENT.

Formation.

430. Cadet organizations shall be of three classes:—

(a) Those composed of pupils in attendance at the colleges and schools controlled by the government of the province in which they are situate;

(b) Those composed of pupils in attendance at colleges and school not under government control; and

(c) Those composed of lads who, with the permission of their parents and guardians, prefer to join an organization unconnected with any educational establishment.

431. Cadets must not be more than 18 years of age.

432. The application for authority to form a cadet organization must be made on Cadet Form 'A.' If it is for an organization in Class (a), it must be signed by the principal or head master of the college or school with which the organization is to be connected, and must be accompanied by the written sanction of the Minister or other official head, of the Department of Education of the province in which the organization is to be;

If it is for an organization in Class (b), it must be signed as for Class (a), and must be accompanied by the written sanction of the chairman or other of the trustees or board of management of the college or school with which it is to be connected; and,

If it is for an organization in Class (c), it must be signed by a responsible person vouched for by the municipal head of the city, town, township or parish in which the organization is to be; and that municipal head must, in such case, recommend the application.

433. The application having been signed and sanctioned as prescribed in paragraph 432, must be transmitted to the officer commanding the military district in which the organization is to be. That officer will make due inquiry into all the details set out in the application, and will forward the document to headquarters with his recommendation or otherwise.

434. In making his inquiry and report, the district officer commanding must specially give his attention to the following points:—

(1) Is the proposed organization likely to be successful and to be a credit to the Cadet Service of Canada?

(2) Are the proposed arrangements for the storage and safe keeping of arms and equipment suitable for the purpose?

(3) Is the proposed instructor competent?

(4) Is the proposed uniform suitable, having regard to correct military ideas and to the circumstances of the Cadets?

No foreign uniform or imitation thereof will be allowed.

(5) And where the application is for an organization in Class (c), the officer must report also as to the responsibility of the applicant for the safe-keeping, care and return in good order of such arms, equipment and other stores, as may be loaned to him by the Militia Department.

435. Authority for the formation of a cadet organization will be given by the Minister of Militia and Defence.

436. A cadet organization may at any time be disbanded for cause or otherwise, and the arms and equipment loaned for its use may be called in, by order of the Minister of Militia and Defence.

Officers.

437. The officers of cadet organizations will be designated cadet lieutenants, cadet captains and cadet majors. Establishments for cadet organizations will be laid down in militia orders from time to time.

Arms.

438. As far as it may be possible to do so, arms and equipment will be loaned by the Militia Department for the use of the cadet organizations.

439. As soon as possible after a cadet organization has been authorized, a requisition (Cadet Form C) for the prescribed arms and equipment necessary for its training should be filled out and signed by the official or person on whose application the organization was authorized, and must be transmitted to the ordnance officer of the district in which the organization is.

440. Ammunition will be supplied from militia stores to cadet organizations on repayment, at the same price as to the militia.

Instruction.

441. No allowance to a cadet organization for drill instruction or for any other purpose can be made from the public funds; but instructors will be detailed from the permanent forces whenever it is possible to do so.

442. A cadet instructor, duly authorized by the Adjutant General, whether he is or is not on the regular instruc-

tional staff of the college or school with which his cadet organization is connected—will, on the recommendation of the district officer commanding, be permitted to attend any of the schools of infantry or the Canadian School of Musketry, or both, for the purpose of obtaining qualifying certificates, and then will be entitled to the same transport and allowances as are given to militia officers for the like purpose.

443. During his attendance at a military school, a cadet instructor will be considered a probationer, and will be expected to conform to the regulations laid down for the conduct of the school, and to the orders issued by its commandant; and he may then wear the dress of the cadet organization with which he is connected, or the militia service dress without badges of rank, or if he belongs to a militia corps, the uniform of that corps.

444. After a cadet instructor has obtained the prescribed qualification in drill and musketry, he will be granted the rank of lieutenant in the militia and will be permitted to retain militia rank so long as he remains instructor, and so long as the cadet organization with which he is connected continues efficient. The time during which he holds militia rank shall be allowed to count as qualifying service for the Colonial Auxiliary Forces Officers' Decoration and for the Colonial Auxiliary Forces Long Service Medal.

445. Cadet instructors, no matter what their rank in the militia, will always be senior on parade to cadet officers.

446. A cadet instructor may at any time be removed from his position as instructor on the recommendation of the district officer commanding.

447. The system of drill and instruction to be given to cadet organizations shall be such as may from time to time be prescribed in militia orders.

448. Authorization of cadet organizations, their disbandment, and the appointment and removal of cadet officers and instructors will be published in militia orders as occasion arises.

449. District officers commanding will make an annual inspection of the cadet corps within their districts and forward the inspection report to the Adjutant General.

450. Copies of these regulations and blank forms of application, roll, etc., may be obtained from the district officer commanding.

INJURIES OR ILLNESS.

Casualties.

451. Every case of permanent disability arising from injuries received or illness contracted on service, shall be immediately reported on by a medical board and compensation awarded, under such regulations as are made from time to time by the Governor in Council.

452. Any medical practitioner who shall sign a false certificate in any case shall incur a penalty of four hundred dollars.

Injury or Illness.

453. Officers and men who receive injury or contract illness on service, which, although of a temporary nature, necessitates their return from such service, will be sent to hospital or returned to the headquarters of their corps, according to circumstances, as may be directed by the officer commanding at the place or station. If they are returned to the headquarters of their corps they will not receive the rate of allowance specified in para. 455, but will, on arrival there, come under the regulations applicable to their corps at its home station.

454. If the incapacity of any non-commissioned officer or man continues beyond the date of the period of his engagement as a soldier, he will, if discharged from service, be thereafter, during the remainder of the continuance of his incapacity, entitled to the compensation specified in paragraph 455, or to such consideration as the circumstances of his case may render necessary.

455. If any officer or man shall receive injury or contract illness on service, which, although of a temporary nature, shall necessitate his release from such service, he shall be placed either in a military or civil hospital, and on his discharge from hospital he shall be conveyed to his home at the public expense. If placed in hospital he shall be entitled while there to be paid only the net pay of his rank, but if he elects to be sent to his own home instead of to hospital, he will be paid a sum equal to the daily net pay of his rank, with an allowance, if an officer, of one dollar per diem, if a non-commissioned officer or man, fifty cents per diem, for the period during which, according to

the certificate of two qualified medical practitioners he shall have been actually and necessarily incapacitated from following his ordinary occupation ; and no allowance for medical attendance shall in any such case be given.

456. Whether treated in hospital, in his own home, or in lodgings, his case shall continue to be watched by a medical officer of the force, who will report weekly to the district officer commanding the progress of such case, and whether the conditions are favourable to as prompt recovery as can be expected.

457. If any officer or man is sent to a civil hospital for treatment, he is to be informed that when he is discharged therefrom, he must obtain a certificate from the hospital authorities as well as from a medical officer of the force, showing the particulars of his case, and the period during which he was necessarily kept there under medical treatment. The certificate will be required to establish his claim for compensation during the period his disability existed.

458. If the illness is contracted in camp during any period of annual training, the compensation specified will be limited to a period not exceeding sixty days, but should the individual remain incapacitated from following his civil occupation longer than the said sixty days, the district officer commanding may assemble a medical board to report fully on the case for consideration at headquarters.

Claims.

459. Claims for compensation on account of injury or loss of time from illness contracted on service must always be accompanied by a certificate from the commanding officer and medical officer of the claimant's corps or detachment, showing the time and place at which it occurred ; also those for pension on account of deceased militiamen must show, in addition, their circumstances at the time of death, and the number, names in full, ages, sex, and proximity of relatives who were dependent on them for support.

460. In the case of civilians, whether employed or not, who may have been killed or injured in such service or by the fault or neglect of the militia authorities or of bodies of militia on service, or at target practice, and who may have claims against the Militia Department, such case shall as soon as practicable, be reported upon by a board of officers, and should such claims be considered reasonable, the injured individual shall come under the rules of paragraphs 451 to 455, applying to the case of an injured militiaman.

461. Commanding officers will bring to the attention of the district officers commanding in their respective districts the cases of such officers and men as are entitled to be considered, with a view to compensation, gratuity or pension. That officer will render necessary assistance and advice in securing the written information required to complete each case.

462. Those suffering from disability, who are entitled to compensation under the provisions of paragraph 455, can, if necessary, during the continuance of the disability, apply for a payment on account. In such instances the nature and cause of the disability must be established, and the date and amount of any previous payment shown, also the certificate of two medical practitioners must be appended to the claim as evidence of the continuance of the disability and that the applicant is still incapacitated from following his ordinary occupation.

463. Claims must be investigated separately, and each report of a board, or certificate of medical or other officers relating thereto, must be confined to the one subject of which it forms a part. Staff or other officers are to see that the correspondence and papers in each case are complete, and that they relate to that case only.

464. The claims, with the evidence, certificate, and reports required to establish them, are to be forwarded to headquarters by the district officer commanding for consideration and action.

Invalided Officers or Men.

465. Officers or men on service sent to the hospital invalided, will receive pay from their corps up to and including the day they are discharged from hospital, provided their corps remains on service during that period. In any case payments from their corps terminate from the date it is released from service. If the officer or man remains in hospital after his corps is released from service, his pay will thereafter be dealt with by the Minister on its merits. If the officer or man is removed to a hospital in another district each paymaster interested will issue a last pay certificate in duplicate, one copy to be forwarded to

466. If the officer or man is sent to his home from the hospital for further treatment in place of rejoining his corps on service, pay will be issued to him during the period he is incapacitated from following his ordinary occupation—on the recommendation of the district officer commanding and the required certificate of two qualified medical practitioners.

467. The following applies to such boards as may be occasioned by wounds or injuries received, or by diseases occasioned by wounds or injuries received, or by diseases contracted on service. These cases are divided into two classes :

(2) Cases of militiamen who have received wounds or injuries on active service, or who have contracted disease on active service, or on service, such as to incapacitate them for a time from following their usual trade or profession.

(1) Here give a particular description of wound or disease.

(2) Here state sickness incurred on active service or wound received in action.

(3) Here say severe, dangerous or slight, as the case may be.

(4) Here say if the disability is equal to loss of arm, or leg or eye, or any other observation the board may deem sufficient to meet the case.

(5) Here state if he will ever be fit or never be fit, or probable length of time in which he will be fit.

Injury or Illness at Training.

469. The nature and cause of illness or injuries which occur to officers, non-commissioned officers, men or horses while on duty during the period of annual training are to be fully investigated at the time by a board of officers, and a full and accurate separate report, with an opinion and the evidence taken in writing on each case, sent to headquarters without delay. The time and place at which the accident or injury occurred should be specially stated, and all information necessary to a clear understanding of the case should be carefully given.

470. The board will be appointed by the senior officer at the place.

471. When the claim is for injury to a horse, it must be also accompanied by a certificate from the veterinary officer, showing that he examined the horse immediately before it proceeded upon the service for which the corps to which it belongs was ordered, or immediately after it arrived in camp (if the examination could not be made at corps headquarters without incurring expense for transport), and that it was then sound, well and fit for work. The number of days each horse was actually and necessarily incapacitated, in consequence of the injury, from performing work, must be verified by the veterinary officer who attended the case.

472. Such claims for indemnification will not be paid, unless it is clearly shown the accident—whether to man or horse, or the loss of whatever description—was entirely unavoidable, and could not by any care or prearrangement have been prevented or avoided. The district officer commanding will personally inquire into and report fully his opinion of each case before forwarding it to headquarters.

473. In order to prevent claims being made for compensation for injuries to horses considered by the owner to be specially valuable, the original value of any charger injured at drill is not to be reckoned by the board at more than \$150, and of any other horse so injured at more than \$100.

474. The compensation shall be the actual value of a horse, if totally disabled, limited as above. If only partially disabled, by injury received or by illness contracted, the compensation shall be the net pay, at the rate of one dollar per diem, for the period a horse was incapacitated, limited to 60 days, provided it does not exceed its value; and no other charges shall be paid.

475. Claims for compensation for injuries to horses, whilst being embarked upon or disembarked from railway trains, must show that the provisions of the regulations relating to transport were complied with in respect to the embarkation or disembarkation, as the case may be.

476. When the board assembles for work the written record of the proceedings should begin as follows:—

' Proceedings of a board of officers, assembled at on the 19 by order of for the purpose of

President

Members

The board having assembled pursuant to order, proceed to &c., &c.'

NOTE.—Each officer composing the board should sign his name at the end of the proceedings and report.

477. The certificate of the commanding officer, form No. 37, and of the medical officer, form No. C. 15, are to be sent in with the proceedings and report of the board.

478. If the incapacity lasts beyond the period the corps is, or are out for drill, the certificates specified in the above paragraph must be sent in, when a claim for compensation is made. Forms A, B, C and D, used when claims arise from active service in the field do not apply to illness or injuries which occur during annual training.

479. No claim for compensation for illness or injury is to be made for days on which drill pay is issued; nor for illness or injuries arising from causes other than those incident to military service.

GRATUITIES AND PENSIONS.

480. The following rates for gratuity and pension will be allowed to militiamen wounded or disabled, or who may be hereafter wounded or disabled on active service, and to the widows and children of those who have been killed in battle or who have died from injuries or illness contracted on active service.

Wounds or Injuries Received in Action.

481. An officer who shall be certified to have received a wound in action resulting in the loss of an eye or limb, or the use of a limb, or to have received bodily injury equivalent to the loss of a limb, shall, in the first instance, receive a gratuity in money of one year's full pay of the appointment held by him at the time of his wound.

482. From the expiration of one year from the date of the wound or injury, the wounded officer referred to in the preceding paragraph, may be granted a pension according to the following scale :—

Rank of Officer.	Annual Pension.
Colonel	\$1,500
Lieutenant-Colonel	1,200
Major	800
Captain	600
Lieutenant	400

483. No claim to a gratuity or pension shall be entertained unless the officer shall apply for the same within five years after being wounded.

484. A pension shall not be granted for the loss of an eye, consequent upon a wound received in action, unless loss of vision shall have occurred within five years after the wound, and shall be solely attributable to such wound.

485. A pension shall be granted according to militia rank held by the officer at the time of being wounded.

Soldiers' Pensions.

486. Pensions may be granted to militiamen discharged as unfit for further service from wounds or injuries received in action.

Rank.	First degree.		Second degree.		Third degree.		Fourth degree.	
	Men losing two limbs or both eyes from wounds or being so severely wounded as to be totally incapable of earning a livelihood, and to require the assistance and care of some other person.		Men rendered incapable of earning a livelihood but not requiring the care of another person.		Men able to contribute in a small degree towards a livelihood.		Men able to contribute materially towards a livelihood although unfit for the ordinary duties of the service.

Pensions to Widows and Children of Officers and Soldiers, if in Reduced or Needy Circumstances.

487. If the deceased officer or soldier has been killed in action, or has died from wounds received in action, within twelve months of having been wounded :—

(a) To the widow a pension annually equal to one-half the daily pay of the officer or soldier during twelve months and in addition, for the first year, a gratuity equal to twelve months' pay.

(b) To each child, a compassionate allowance annually at the rate of one-tenth of the pay of the officer or soldier and in addition, for the first year, a gratuity equal to four months' pay.

488. If the deceased officer or soldier died from illness which can be directly traced to fatigue, privation or exposure incident to active operations in the field, within six months after his having been finally incapacitated for duty, or if the deceased officer or soldier shall have lost his life in consequence of wounds received in the execution of military duty otherwise than in action :—

(a) To the widow, a pension annually, equal to three-eighths of the daily pay of the officer or soldier during twelve months.

(b) To each child, a compassionate allowance annually at the rate of one-thirteenth of the pay of the officer or soldier.

489. A pension to the widow or other relative of a deceased officer or soldier shall only be granted as a reward for good, faithful and gallant service rendered, and shall not be claimed as a right. It shall not be conferred if the applicant be left in wealthy circumstances, or is already in possession of any pension, provision, or allowance from the public.

490. A widow's pension shall, as a rule, commence the day following that of her husband's death, and shall be discontinued should she, in the opinion of the Minister of Militia and Defence, subsequently prove unworthy of it, or attain to wealthy circumstances.

491. The pension of a widow who re-marries shall be suspended from the date of her re-marriage; but in the event of her again becoming a widow, her pension may be restored, upon proof that she is not in wealthy circumstances, and is otherwise deserving.

492. Compassionate allowances as shown in paragraph 487, may, subject to the conditions which apply to widows' pensions, be granted to the children of deceased officers and soldiers. They shall not be granted to sons over the age of eighteen, nor to daughters over the age of twenty-one, except in very special cases in which it shall be shown that the sons and daughters became afflicted during the officer's or soldier's life with some mental or bodily infirmity rendering them dependent upon him, and permanently incapable of making adequate exertion for their support; and that such incapacity dates from a period before the children reached the limit of age as laid down, and that they are in distressed circumstances.

493. The allowances granted under paragraph 488 to the sons of officers and soldiers may be continued until they, severally, attain the age of eighteen, or are otherwise previously provided for; and those to the daughters may be continued until they, severally, marry or attain the age of twenty-one, whichever shall first happen, and no longer; except in very special cases, in which it shall be shown that such children are afflicted with any mental or bodily infirmity rendering them incapable of making adequate exertion for their own support; and that they are in distressed circumstances.

494. In the case of an officer or soldier killed in action or dying from wounds received in action, within twelve months after such wound has been received, and not leaving a widow but a daughter or daughters only, an annual allowance equal to half the rate of widow's pension may, under special circumstances to be determined by the Minister of Militia and Defence, be granted instead of the compassionate allowances referred to in paragraph 487, to such daughter or to such daughters collectively. Such allowance may be continued until the daughter, or the last survivor of them, in case there be more than one, may become disqualified by marriage or otherwise.

495. A compassionate allowance shall be paid from the date of the officer's or soldier's death to the 30th June next ensuing; and subsequent payments shall be made yearly in advance from the 1st July in each year.

496. The mother of an officer or soldier killed in action or dying of wounds received in action within twelve months after such wounds shall have been received, without leaving either widow or legitimate child, such mother

being herself a widow and in distressed circumstances, and having been mainly dependent upon the deceased officer or soldier for support, may be granted an annual allowance according to the rank of the officer or soldier, and at half the rate of widow's pension; but if she shall be in receipt of a pension as an officer's or soldier's widow, or shall have any other provision of any kind from the public, no allowance shall be made to her on account of her son, unless she relinquish such pension or provision. In the event of her allowance ceasing in consequence of re-marriage or death, it shall not be transferrable to her daughters.

497. The sister or sisters, collectively, of an officer or soldier killed in action or dying of wounds received in action within twelve months after such wounds shall have been received, without leaving widow, legitimate child or mother, and provided she or they may be an orphan or orphans, without surviving brother, and mainly dependent for support upon the officer or soldier deceased, may, under special circumstances to be determined by the Minister of Militia and Defence, be granted an allowance equal to one half the rate of widow's pension.

498. In instances where the regulations do not meet the circumstances of individual cases, they may be specially considered by His Excellency the Governor General in Council.

499. For the purpose of computing pensions, the rate of pay for all lieutenants is to be calculated at not less than \$2 per diem.

500. Pensions will be paid in advance each year. Broken periods from the date a pension is authorized will be paid for at the time the first regular payment thereafter is made.

501. Application for payment of pension should be forwarded to the officer commanding the district in which the applicant resides.

Permanent Disability.

502. All cases of permanent disability arising from injuries received or illness contracted by officers or men on active service shall be reported on by a medical board, and compensation awarded for the same according to the merits of the case.

REGULATIONS FOR CLAIMS.

503. The following regulations apply when claims to pensions or gratuity on account of death or wounds, of officers or men, or of disability from illness contracted while on active service, require to be established.

504. A board of officers composed of one field officer and two captains of the active militia, will be assembled at such time and place as may be ordered, and shall take cognizance of and report on the various claims presented for its consideration.

505. Unless otherwise ordered from headquarters, the boards of officers in the different military districts will consist of the district officer commanding or officer acting in his stead for the time being, and two captains residing at his headquarters to be named by him.

506. The captains, if not otherwise drawing pay, will receive the pay of their rank for the days necessarily employed, on certificate of the president.

507. The cases to be investigated by the several boards will be those of claimants who reside in their districts. The district officer commanding will make himself acquainted with the cases which should be investigated by the board, and do all he properly can to facilitate the inquiry, in order that those who are entitled to compensation, gratuity or pension, may have their cases verified and brought without delay to the attention of the department.

508. The board will assemble on such days as may, in their opinion, be necessary for the purpose of investigating the claims which are laid before them by the district officer commanding. Each member of a board, if not otherwise drawing pay, will receive pay for the days he is present and in the discharge of his duties on the board. The claims for such pay to be certified by the president.

509. Each case is to be investigated separately. The 'proceedings' in each completed case are to be forwarded with as little delay as possible to the district officer commanding in order that they may be produced as evidence before the board of officers.

510. Where the claims are on account of disability, the date and place at which it occurred, and cause, degree and probable duration must be established by evidence

before a medical board. The report of such board will form part of the evidence required to be produced before the board of officers referred to above. The claims will be divided into three classes.

1st Class.

511. Claims on the part of relatives of militiamen who have been killed in action, or who have died of wounds or injuries received, or of disease contracted on active service.

(1) The evidence required to be produced before the board in support of claims of this class is, in the case of a militiaman killed in action, a certificate from the commanding officer of his corps, stating that he was killed in action or on active service. (Form marked 'A'.)

(2) In the case of a militiaman who has died of wounds or injuries received on active service, a certificate from the medical officer who first saw him after he was wounded, or injured, countersigned by the commanding officer, stating the nature of the wound or injury which caused death; also a certificate from the medical attendant at the time of death, stating the cause and date of death (Form 'B'). The same is to be corroborated by any other evidence that can be procured.

2nd Class.

512. Claims on the part of militiamen who have received wounds or injuries, or who have contracted disease on service, which may incapacitate them wholly from following their former trade or profession.

The evidence required to be produced is as follows:—Report of medical board referred to in paragraph 510 (Form 'D'); evidence as to the circumstances of claimant; the amount of income he was in receipt of at the time of his going on service—whether his income depended in whole or in part on his personal exertions; and what portion thereof, if any, was independent of his personal exertions; also evidence of the ages, sex and proximity of relatives who depended for support on the claimant's personal exertions; also, evidence of the medical attendance received by the claimant between the time of his discharge from service and the date of investigation of his claim, with the names and residences of the medical attendants who had charge of him during that period. (Form 'C').

In the case of a militiaman who has died of disease contracted on active service, a certificate from the medical officer who first attended him, after he was taken ill, countersigned by the commanding officer, stating the nature of the disease, and that it was contracted on active service, (Form 'B'); also a certificate from the medical attendant at the time of death stating the cause and date of death. (Form 'B').

In all the foregoing cases evidence must be produced of the circumstances of the deceased, and the amount of income he was in receipt of at the time of his going on service, and whether the income ceased on his death, in whole or in part, stating what part, if any, was independent of his life; also evidence of the number, names in full, ages, sex and proximity of relatives who were dependent for support on the life of the deceased (supposing him to have died of wounds or disease), between the time of his discharge from active service and the date of his death with the names and residences of the medical attendants who had charge of him during that period. (Form 'C').

3rd Class.

513. Claims on the part of the militiamen who have received wounds or injuries, or have contracted disease on active service, such as to incapacitate them for a time from following their usual trade or profession. The evidence required to be produced is as follows:—Report of medical board referred to in paragraph 510 which shall establish the amount and probable duration of incapacity (Form 'D'); also evidence of the same nature as prescribed for claimants under the second class.

The board having taken the necessary evidence will make its report, and will recommend such amounts of pension and gratuity, subject to the regulations on that head, as may appear equitable. The report of the board will be based solely on the evidence which is embodied in the 'proceedings.'

PURCHASE AND SALE OF HORSES.

514. When horses are authorized to be purchased for use in the cavalry or artillery, their fitness in height, point

of appearance, strength and action will be determined by the purchasing officer. Their age must be under six years. Their soundness must in each case be certified by an approved veterinary surgeon, not the purchasing officer, before the purchase is completed.

515. When there is at the purchasing centre a veterinary officer doing duty with permanent troops, he will act as the inspecting veterinary officer, as part of his ordinary duty, and receive no extra pay.

516. If there is no such officer available, the purchasing officer may employ for the inspection, any qualified veterinary officer or civilian veterinary surgeon, whose remuneration shall be at the following rate :—\$1 for every horse examined unless more than three are examined, when the rate of pay will be 50 cents for each horse examined in excess of that number.

517. A roll of the horses examined, certified to by the purchasing officer, must accompany the claims for payment of examining veterinary surgeons.

518. Civilians acting as members of boards for purchasing horses will be paid at the rate of \$1 per hour, while actually employed, so long as the total sum per diem does not exceed \$5.

519. No other claims on the department will be entertained in addition to the remuneration given above.

520. Veterinary surgeons examining horses for purchase will be held responsible for, and may be called upon to refund expenses incurred by the department should any horse be cast by a board of officers within fifteen days of the date of examination, for defects of such glaring nature that they should not have been overlooked at the time of examination.

521. Horses so purchased will only be cast by special authority from the Adjutant General, to be obtained on application accompanied by the report of a board of officers and certificate from an approved veterinary officer.

522. When horses are cast, they are to be sold without any guarantee, by public auction, at the market or some other suitable place, by an approved auctioneer. The commanding officer will detail an officer to attend the sale, to see that no combination exists to keep down the price, and he will be at liberty to postpone the sale, or otherwise, according to advice he may receive from the auctioneer in that respect.

523. No officer or soldier belonging to the corps will be allowed to purchase any such horse, directly or indirectly.

524. The commanding officer will transmit to the Adjutant General, as soon as possible after the auction, a bill of sale signed and certified by the auctioneer and officer attending the sale, specifying the price obtained for each horse sold, and the name of the purchaser.

525. The proceeds of the sale are to be immediately deposited by the auctioneer in a chartered bank, to the credit of the Receiver General.

526. The certificate for such deposit or certificate and draft as the case may be, as received from the bank, with certified bills for all incidental expenses, such as advertising, auctioneer fees, &c., are to be handed by the auctioneer to the officer commanding the corps, who will certify on the papers that the provisions of these regulations have been complied with and transmit them to headquarters with all the vouchers in completion of the transaction.

527. Horses with long tails are best suited for army service, officers' chargers, troop and draught horses should have tails not less than 21 inches in length. Inspecting officers will see that these instructions are adhered to.

CARE OF HORSES.

528. The attention of all officers of mounted troops is drawn to the vital importance of taking proper care of their horses.

529. The efficiency of units during war is dependent upon the proper training of individuals during peace, and all officers of mounted branches must regard horse management as one of the most important of their regimental duties.

530. The following instructions are to be impressed upon all :

(1) Men should never be kept mounted when they can equally perform a duty on foot, and if officers insist upon their men dismounting whenever possible when under their supervision, they will, from force of habit, do the same when on detached or orderly duty. When halting even for a few minutes, dismounting affords relief to both man and horse.

(2) Vedettes will on all occasions be able to keep a better look-out on foot than on horseback, whilst at the same time they would ease their horses and be less visible to the enemy.

(3) On the line of march when moving at a foot pace, men should be frequently made to dismount and lead their horses.

(4) Whenever the ground admits of it, troops should move on a wide front, and files should be opened out, to avoid dust, and allow of fresh air passing between them.

(5) Officers commanding columns should regulate the pace to suit the slowest horse, or the slowest arm, with the column, and should study the ground to suit each branch. On a hard level road or down hill, draught horses will travel with less fatigue than cavalry, whereas a soft surface, especially sand, or a long up hill incline, tries gun horses far more than cavalry. If horses have been kept going a little beyond their pace, they cannot effectually respond to the call on them for a gallop when speed is required.

(6) The importance of frequent watering and feeding should be impressed on all. A horse's stomach is small, and he cannot digest large quantities of food at a time. If necessarily kept for long without food, or after exhausting work, the first feed should be small, and a larger feed given after a few hours' rest.

ROYAL MILITARY COLLEGE OF CANADA.

531. Persons desirous of entering the Royal Military College will make application to the district officer commanding the district in which they reside, who will furnish them with all necessary information.

MILITARY ARTICLES FREE OF CUSTOMS.

532. The Minister of Customs will, under authority of the Governor in Council, remit to military tailors and others importing military clothing or materials therefor, arms, or accoutrements, etc., for the use of the Militia of Canada, or of any authorized cadet corps, the customs duty actually chargeable thereon, on production of satisfactory evidence of the importation thereof, and of the exact amount of duty chargeable thereon, including a certificate from the Honourable the Minister of Militia and Defence, or the Deputy Minister of Militia and Defence, to the effect that such article or articles manufactured therefrom have been sold and furnished by such importer direct to the said department, or to a militia officer for the exclusive use of the Canadian Militia or of such officer thereof, and that such articles as so sold and furnished are not of such a character as to be fit for any other use.

533. An officer of the militia importing for his own use, or the use of the corps under his command, articles above specified may be allowed to make free entry thereof, provided the Honourable the Minister of Militia and Defence, or the Deputy Minister of Militia and Defence, certifies that such articles are imported exclusively for the use of such officer, or for such corps, and that they are not of such a character as to be fit for any other use.

534. An officer of the militia importing for the use of the corps under his command musical instruments for bands may be allowed to make free entry thereof, provided the Honourable the Minister of Militia and Defence or the Deputy Minister of Militia and Defence, certifies that such instruments are the property of such corps and not of individual members thereof.

535. Officers or others interested in obtaining remission of customs duty on military articles are required to endorse on the invoice or other document a certificate in accordance with the Order in Council above mentioned, so that the Minister of Militia and Defence or the Deputy Minister of Militia and Defence, may be enabled to take the required action.

536. The application is to be forwarded to headquarters through the regular channel of communication.

PAY, ALLOWANCES AND TRANSPORT.

Pay.

Officers of the Staff.

537. The following rates of pay are authorized, and will be charged on a pay-list for the staff:—

Principal veterinary officer.. . . .	4 "

538. The staff pay of an officer appointed to the staff shall commence from the date of assuming the duty of his appointment.

539. The rate of staff pay shall be dependent on the staff appointment held, and not on the rank of the officer holding it.

540. Officers of the permanent staff or permanent forces holding temporary staff appointments drawing a higher rate of pay, will draw the pay of their permanent appointment and, in addition thereto, the difference only between the pay of such permanent appointment and that of the temporary staff appointment.

541. Officers attached to the permanent forces for duty shall receive the pay of their ranks in which they may be serving temporarily in the permanent unit, irrespective of their militia rank. Length of service in units of active militia shall not be considered as qualifying officers for the increased rates of pay of corresponding rank in the permanent forces after defined periods of service.

542. Brevet or honorary rank does not entitle an officer to pay, allowances or choice of quarters in excess of those authorized for his regimental rank.

Command Pay.

544. No officer shall be entitled to draw more than one rate of command pay.

Horse Allowance.

545. The mounted officers and men of mounted corps, the mounted officers of other corps, and mounted staff officers, if they provide their own horses, will be paid one dollar per diem, in addition to a free issue of forage, for the use of each horse for any period of service, not exceeding 60 days. If the service lasts more than 60 days, the pay for each horse after the first 60 days shall be at the rate of 50 cents per diem. Pay for a horse shall only be issued to an officer or man when his duties actually require him to be mounted, and upon the usual certificate that he actually provided a horse for the period for which pay is claimed, and that the horse was private property. If straw is not required, its equivalent in either hay or oats may be issued if required.

546. In a regiment of infantry, horse allowance will only be drawn for the commanding officer, one regimental field officer, the adjutant, and the medical officer, if such medical officer is in possession of an equitation certificate.

547. No mounted officer shall receive pay for more than one horse actually used by him.

548. The pay for horses shall cover any expenses incurred for shoeing while at drill.

549. Neither pay, allowances, nor rations are to be issued to or for any officer or man for any day or days he is absent from camp.

550. Before any corps receives pay, the commanding officer shall be required to certify in his own handwriting, at the end of the pay-list of his corps, that each officer, non-commissioned officer and man for whom pay is demanded, was actually present with his corps and performed the number of days' training specified opposite his name.

551. The attention of staff officers, commanding officers of all arms, and officers commanding squadrons, batteries and companies, is specially called to the form of certificate they are required to append in writing at the foot of pay-lists. They will be held responsible by the department that these pay-lists are correct; they must, therefore, see that the number of days' drill entered thereon opposite the names of officers, non-commissioned officers and men, are only for such days' drill as each such officer, non-commissioned officer or man has actually performed with his corps during the year for which payment is demanded. If any person performs less than the authorized number of drills, with his corps, he is only to be paid for the actual number of days' drill he has performed in such manner.

552. The number of days' pay of their respective ranks will be issued to all officers, non-commissioned officers and men of the militia performing their training for the financial year in accordance with general orders, whether in camps of instruction or at local headquarters.

553. The establishments for which pay will be granted, are those approved by the Governor in Council. The numbers authorized in these lists are not to be exceeded in any case. Men returned as privates must appear as such in the ranks, and have been fully exercised. Credit is not to be taken under the heading of 'Privates' for supernumerary bandmen, buglers, and drummers, unless they are in the ranks, and are shown to be efficient in the duties of the arm to which they belong.

554. The day of the final inspection parade will be one of the obligatory attendance days for all ranks. Those absent from inspection without leave, will be specially dealt with, and in no case will any officers, non-commissioned officers or men absent from inspection be permitted to draw full pay. Those absent with leave, or on medical certificate, will be entered on a separate pay-list, and will be allowed credit for such drill as they may have performed up to the limit of eleven days.

555. When corps are assembled for the annual training in camp, the commanding officer will not grant leave of absence to any officer, non-commissioned officer or man, except under very urgent circumstances, the nature of which must be very satisfactorily accounted for at the annual inspection, and no pay can be issued to individuals for the period of such absence.

556. Instructors of cadet corps attending courses at schools of instruction, shall receive the same pay and allowances, transport and subsistence as officers of the militia.

557. Officers, and non-commissioned officers holding the rank of sergeant, attached to Royal Schools of Instruction for a special course of not less than 7 days, or for an equitation course for officers of dismounted units, not exceeding 28 days, shall, if they successfully pass the required examination, receive pay at the rate of \$1 per diem for officers, and 50 cents for sergeants.

Efficiency Pay.

558. Efficiency pay shall be issued to warrant officers, non-commissioned officers and men of the active militia, permanent forces excepted, at rates, and under conditions, as hereunder:—

1. Rates of Pay.

1st year.	2nd year.	3rd year and afterwards.
\$0.20	\$0.40	\$0.50

2. Conditions.

(a) To have been duly enlisted in a corps of the active militia, other than the permanent forces.

(b) To have performed for any one annual training, the number of days drill ordered for the corps to which they belong.

(c) To have, while performing such drill or training, become reasonably proficient in the duties prescribed for the arm of the service to which they belong, including a good knowledge of the efficient use of the weapon with which they are armed.

(d) Not to have received punishment, if a non-commissioned officer, greater than that of a reprimand, or, if a man, than that of admonition.

3. If at the expiration of any annual training a warrant officer, non-commissioned officer, or man has failed to comply with the above conditions, he shall forfeit all claim to efficiency pay for such annual training, and shall be entitled only to the net pay of his rank.

Assignment of Pay.

559. Application for assignment of pay by officers, non-commissioned officers and men on active service, to their wives and families, must bear the signature of the individual wishing to make the assignment, the number of days' pay per month assigned, and the name and address in full of the person to whom the assignment is made and also his next of kin.

560. Regimental assignment lists so prepared, certified to by the officer commanding, by the captains of companies, and countersigned by the regimental paymaster, that the amount of pay so assigned shall be shown in the column of stoppages marked 'assigned pay' in the monthly pay-list, will receive the attention of the Minister of Militia and Defence, who at his discretion will issue the necessary order to meet the wishes of the officers and men concerned.

561. These lists of assigned pay must be transmitted by the officer commanding in quadruplicate as follows:—One copy to the principal supply and pay officer, one copy to brigade or divisional paymasters of the field force to which the corps may be attached, one copy to the Minister of Militia and Defence (account branch), headquarters, and one copy to the district officer commanding the military district to which the corps belongs.

562. Each captain of a company shall retain a copy of his company assignment pay-list, and each regimental paymaster shall keep the regimental list of assigned pay on file in his office.

563. The monthly regimental pay-list must show the name of every officer and man with the pay due him for every day he has served during the month, and in the column of stoppages must be shown the amount of 'assigned pay' to be deducted; and in the column of remarks the number of days assigned pay deducted must be stated.

564. The names shown in the monthly pay-lists must be placed in alphabetical order, giving the regimental number of each non-commissioned officer and man.

565. Requisitions of regimental or other paymasters or brigade or divisional paymasters, should be for the full amount of pay of the corps or command in their charge, for the period for which pay is asked; and the amount of assigned pay must be deducted therefrom, thus:

Total amount of requisition.. . . .	\$
Less amount of assigned pay.. . . .	\$

Net amount required.. . . . \$

566. Brigade or divisional paymasters will make advances according to the requisitions of the regimental paymasters, and forward the amount of assigned pay to the district or other paymasters charged with the payment of assigned pay.

General Pay.

567. Pay for staff and regimental appointments shall not be issued to more than one person for the same period.

568. No officer or man shall draw pay in more than one capacity.

569. It is to be understood that the established rates of staff or regimental pay include all pay, and that officers or men while drawing pay at those rates on service cease to draw pay for any other appointment from militia funds.

570. A regimental officer of a certain rank who is temporarily performing the duties pertaining to a higher rank, will only receive the pay of his own rank, but may receive field allowance for the higher rank, the duties of which he may be performing.

571. An officer serving on the staff, or otherwise, who is in receipt of a higher rate than shown in the scale of pay for active service, will, if detailed for temporary duty

with a force on active service, continue to receive the rate of pay of his existing appointment, with the addition of field and horse allowances authorized for service in the field. In such case his pay and allowances will, during the period of his absence on active service, be drawn by him from the fund applicable to payment for such service. The pay and allowances of the appointment for which he was detailed will lapse during the period he is absent on active service, unless the Minister of Militia authorizes payment to another officer for the temporary discharge of the duties for which that pay was authorized.

572. No sum of money shall be paid unless it is included in some appropriation made by parliament.

573. Payments for drills shall be made only upon proof of compliance with such regulations touching such drills, and the efficiency of the several corps, as His Majesty orders; and any officer or man absent from drill shall forfeit his pay therefor.

574. On a date prior to going into a camp of instruction, one officer, the quartermaster sergeant and non-commissioned officers, the Nos. 1 and the drivers, with the draught horses of batteries of field artillery, will assemble at battery headquarters for the purpose of fitting harness, packing limbers, wagons, drawing stores and inspecting horses, for which pay and allowances for one day will be allowed.

Veterinary Officers.—Extra Pay.

575. Two days extra pay shall be allowed to veterinary officers of cavalry regiments and brigades of field artillery for inspection of horses before annual training; and one day's extra pay to veterinary officers of lesser units of cavalry and batteries of field artillery.

Certificates to Pay-Lists.

576. The following certificates will be appended to pay-lists, viz.:—

1st. Certificate of the Officer Commanding the squadron, battery or company.

'I certify that all the officers, non-commissioned officers and men included in this pay-list have been duly appointed or enrolled, as required by the Militia Act, that they were present with their corps, and have performed drill according to the regulations, for the number of days specified opposite their names, respectively, also that the horses charged for were present at each day's drill, and that the number of officers, non-commissioned officers, men and horses, is not in excess of the establishments.'

(Signed)
Commanding.

2nd. Certificate of Camp Paymaster.

'I certify that every officer, non-commissioned officer and man, for whom pay is drawn on this pay-list was present and answered his name at a muster held by me at and that the rates of pay drawn in each case are in accordance with the schedule authorized by regulations.'

3rd. Certificate of District Officer Commanding.

'I have compared the names on the above pay-list with the service roll of the . . . (insert the squadron, battery or company) . . . and certify that the officers, non-commissioned officers and men entered therein, are entitled to pay under*'

(Signed)
District Officer Commanding.
Military District No.

The attention of officers signing these certificates is drawn to the provisions of the Militia Act in that behalf.

*Insert the paragraph of the regulations or other authority under which pay is authorized.

A duplicate of the muster parade state should also be attached to the pay-list.

Allowances.

577. The following scale of allowances to cover subsistence in camps of instruction is authorized:—

	Per diem.
Camp commandant	\$5 00
Officers employed on the staff under authority from headquarters	2 50
Officers of the active militia attached for duty to units of the permanent forces	2 50
Officers of the permanent forces and officers of advance parties of corps for a period not exceeding 2 days	1 50
Non-commissioned officers and men of advance parties of corps for a period not exceeding 2 days	50

When the above allowances are drawn, rations in kind are not to be issued.

578. Each non-commissioned officer on the authorized strength of the staff of a camp will be paid an allowance of fifty cents per diem in addition to pay of rank, in lieu of rations.

579. Corps of active militia training in camp or at local headquarters, furnishing wagons will be allowed 50 cents per diem for each wagon ordered for training, for the number of days authorized.

580. Pay and allowances will be drawn by the deputy assistant quartermaster general and the non-commissioned officer or private who assists him, for the days during which advance parties are in camp.

Pay and allowances will be drawn by parties detailed to proceed to camp in advance of corps and also by parties required, in event of bad weather, to remain in camp after departure of troops, to strike camp, &c.

581. As rations will not be issued to instructors while on instructional duty away from their corps, they will receive an allowance of \$1 per diem to cover the cost of their subsistence, this allowance to be claimed for in the regimental pay-list. When detailed for duty with a corps of active militia which receives an allowance for drill instruction, their subsistence must be provided by the corps requiring their services. Instructors in camp will not draw the above allowance, but will be attached to some other corps for rations.

Field Allowance—Active Service.

582. This allowance is granted for the purpose of providing officers with means in aid of defraying the expenses generally to which they may be subject, from being placed on active service.

583. The rate of field allowance, the issue of which will be governed by the regimental rank of each regimental officer, and in the case of a staff or departmental officer by the rank of the appointment which he may hold, will be as follows:—

Field officer.....	\$1 00
Captain.....	75
Lieutenant.....	60

584. Officers actually serving with troops engaged in military operations in the field, in time of war or insurrection, whether actual or apprehended, will (subject to the restrictions in the following paragraph), receive the allowance for 30, 60 or 90 days in advance, according to the importance of the operations upon which the troops are employed. The allowance will commence from the date of the local order issued to the troops to take the field. The period for which the advance will be made will be decided by the Minister of Militia.

585. A further advance of the allowance will not be made for the same service, nor for a different service, within twelve months. Should the active service in the field extend beyond the period of the first advance, and the officers continue under canvas, the allowance for any further period will be continued as a daily allowance in arrear.

586. An officer belonging to the command who has not previously received field allowance will, on being ordered to join the force, receive the authorized advance. The period covered by the advance will, however, be reckoned from the date of his quitting his station to join such force.

587. If an officer who has received an advance of field allowance at the rate admissible for the regimental staff, or departmental position held by him, becomes entitled, by promotion or by appointment during the period covered by the advance to a higher rate of field allowance, he will not be entitled to any additional advance, but will, during that period, receive the difference between the old and new rates, for the days on which he may be actually under canvas; such difference, however, will not be issuable for any day before the date of the general order promulgating it, nor must any advance of such difference be issued.

588. An officer who has received an advance of field allowance, but who quits the force with which he is serving, in consequence of ill-health or wounds, or on account of being ordered elsewhere on duty, will not be liable to refund any portion of it to the public. If he quits the force for any other cause, he will refund that portion of the advance which relates to the period subsequent to his leaving the field force.

589. A captain succeeding temporarily to the command of his regiment will be entitled to receive the allowance of a field officer. A lieutenant succeeding temporarily to the command of a company will be entitled to the allow-

ance of a captain, and a copy of the regimental order directing him to assume the command will be annexed to his claim for a higher rate. Lieutenants in command of detachments of companies will receive the allowance of their rank only.

590. An officer will not, under any circumstances, receive more than one rate of field allowance.

591. If an officer during the period covered by an advance of field allowance, should be in quarters or lodgings, he will not be required to refund any portion of the advance of field allowance.

592. If he is on the lodging list on first being ordered into camp, the fact of his continuing to draw lodging money for any period will not affect his claim for field allowance.

593. Field allowance will not be admissible when the advance period has expired, on days when the full rate of travelling allowance is drawn.

594. Claims for field allowance will invariably be supported :—

(1) By a copy of the order under which the troops were encamped.

(2) By a certificate (except in the case of a claim for an advance) that the claimants were actually present and under canvas on the days for which the allowance is claimed.

(3) By a certificate (except in the case of an advance of field allowance) that the claimants were not in receipt of the full rate of travelling allowance for any day for which the field allowance is claimed.

(4) By a certificate (except in the case of an advance of field allowance) that the claimants were not in occupation of quarters nor in receipt of lodging or stabling allowance (unless under the circumstances detailed in previous paragraphs).

595. Officers proceeding on public duty under orders from competent authority, are entitled to be re-imbursed the actual expenses, necessarily incurred, of their conveyance by railway or otherwise, at tariff rates, as may be most convenient and most reasonable, according to circumstances, and when the journey shall be performed without unnecessary delay. When travelling by rail or boat a requisition for transport is to be obtained. (See regulations relating to transport.)

596. An allowance to cover all travelling expenses except transport, will be issued to officers marching or proceeding by railway with troops, at the rate of \$2.50 per diem, for such days as they may be actually and necessarily occupied on the journey, the days of leaving and arriving to be counted as full days.

The allowance will not be issued to officers marching with flying columns, when they are supplied on the march with rations or when the journey is by water, if meals and berth are included in the charge for passage money.

597. The rate of the allowance for officers belonging to headquarters and district staffs will be notified from headquarters from time to time.

598. Officers travelling on duty will also be re-imbursed their reasonable expenses for subsistence. Claims both for travelling and subsistence are to be made in detail and forwarded through the proper channel to headquarters.

599. An advance must be accounted for within one month from the conclusion of the journey at tariff rates. Form C 52 for transport, and C 53 for living expenses are to be used.

600. Non-commissioned officers and men travelling on the public service will be granted subsistence allowance as follows :—

Non-commissioned officers above the rank	
of corporal	\$1 00
Other ranks	60

601. Warrant officers will be considered as officers for the purposes of travelling and subsistence allowances.

Command Pay and Drill Instruction.

602. Officers commanding squadrons, field batteries, garrison artillery companies, engineer units, infantry companies, army service corps companies, bearer companies or field hospital companies will be granted \$1 per non-commissioned officer and man actually present at the training for command pay, drill instruction and postage.

603. In the case of rural corps of cavalry or garrison artillery, or regiments of infantry or rifles, of not less than two squadrons or four companies, each commanding officer (in addition to the allowances to be paid to the officers hereafter mentioned) is allowed for command pay

and drill instruction, 60 cents per non-commissioned officer and man of each squadron or company.

604. Corps not ordered to perform annual drill in any year are only entitled for that year to claim a sum equal to one-half the allowances for command pay and drill instruction of the last preceding training.

605. The allowances referred to in paragraphs 602 and 603 are payable at the termination of the annual training, or in the case of corps not having trained, at the close of the financial year.

Camp Kettles.

606. The following allowance for camp kettles and cooking utensils to each corps ordered out for service or annual training in camp, is authorized on certificate from the deputy assistant quartermaster general that the same were satisfactory.

To each squadron of cavalry, mounted rifles, field battery, company of garrison artillery and engineers (higher establishment) and army service corps. . . .	\$10 00
To each company of garrison artillery, mounted rifles (lower establishment), infantry or rifles, bearer company, or field hospital.	\$ 6 00

Allowance for Targets, &c.

607. An allowance of ten dollars is authorized for each battery or company of field and garrison artillery carrying out instructional gun practice during annual training, for purchase of targets, &c.

Markers.

608. Working pay of 25 cents per diem may be drawn for men employed as markers, signalmen and range parties employed at artillery practice, or as markers at musketry practice.

Claims under this head will be made out and certified to by the officer in charge of these practices, and submitted on a separate pay-sheet.

609. No pay will be drawn for men detailed as markers and who have been returned to duty as inefficient.

Courts and Medical Boards.

610. Whenever the assembly of any court martial or court of inquiry is authorized, the pay and allowances to the members thereof will be similar to the rates payable when on active service, according to rank; but officers who may be under pay at the time of the assembly of such courts, will, if directed to sit as members of any such courts, receive no additional pay or allowances therefor.

Recruiting Allowance.

611. An allowance of \$1 for each recruit secured and finally accepted for the permanent forces is authorized.

This allowance will be paid to non-commissioned officers or men of the permanent forces, obtaining recruits who are finally approved and attested. A receipt in duplicate will be forwarded by commanding officers as vouchers for such expenditure.

Allowance for Apprehension of Deserters.

612. A reward of ten dollars will be paid to any person or persons, for the apprehension of a non-commissioned officer or man of the permanent forces, or non-commissioned officer or man attached thereto, who shall have been declared a deserter by court of inquiry or who while absent without leave, is arrested and subsequently convicted by court-martial of desertion or attempting to desert.

Transport.

613. Transport may be obtained by three methods:—

1, By water; 2, by rail; 3, by wagons or other wheeled vehicles or sleighs in winter. Transport by water when available for the entire distance, and time permits, is the easiest, cheapest and best for heavy weights, but when transport by water is not continuous for the whole journey, and transshipments require to be made en route, the expense of such must be considered in determining the most economical means of forwarding what may require to be sent from one place to another.

614. The transport of camp equipment, light baggage and ammunition for each corps on the march should be carried out regimentally.

615. Commanding officers may provide transport for camp equipage (when furnished) at the rate of one wagon, or double sleigh in winter, for every twenty-six tents complete, also for officers' light baggage at the rate of one wagon or double sleigh in winter for each regiment of eight companies; but they will be held pecuniarily responsible if they engage more transport than is absolutely necessary.

616. When any rural corps has received orders to embark on board a certain train, the officer commanding should be careful to ascertain that the station-master of the respective station fully understands the day, hour and train on which the corps is to embark.

617. Such officers must make necessary arrangements for the punctual arrival of their respective corps at the railway stations at least half an hour before the train named for embarkation is due to start, so that the train may not be delayed.

618. Commanding officers of rural corps should notify their district officers commanding of the station where their mounted officers can most easily send their horses so as to embark together at the station, and thus save delay.

619. When squadrons of cavalry, field batteries of artillery and engineer units are ordered to proceed to camp for annual drill, or on active service, the commanding officer should make requisition, in advance, for the issue of nose-bags from store, if they be required for use in feeding the horses en route.

620. Guns, limbers and carriages are usually carried on platform cars, they should, therefore, be properly secured before the train starts in order to prevent their rolling off when the car jolts or is moving on curves or inclines.

621. When travelling by rail or boat, the men are to be regularly seated in the cars or disposed of in the steamer according to directions of the commanding officer, and a guard is to be established; the men must not be allowed to enter or remain in the cars with bayonets fixed.

622. The commanding officer is to see that the cars are provided with an ample supply of drinking water, that any spirituous liquor in possession of the men is taken away and destroyed, and in steamers, that none of the men are allowed to tipple at the bar; the men should also be warned that any damage to a car or boat committed by them while travelling therein, will be assessed and charged against their pay.

623. The officers should constantly go among the men during a railway or boat journey, to attend to their wants, and to enforce orderly behaviour; and during night journeys, at least one officer per company, should always be up in addition to the officer detailed for duty, and should visit the men frequently. The men are not to get out of the cars during a journey by rail, nor to get off a steamer at intermediate landing places, except by special permission.

624. Troops are not to be moved from one district to another without authority from headquarters.

625. Except in time of emergency all requisitions for the authorized transport of officers or men at the public expense are to be made by the senior staff officer present on duty, in the district where such transport is required. The same rule to apply to all requisitions for transport of articles of equipment which require to be returned into store.

626. In making requisition for transport of officers, men, horses or stores, &c., by rail, the requisition is to be for transport of the number of officers, men, horses, and the weight of stores to be forwarded, not for a special number of cars. The railway company must see that enough suitable cars for the service are provided, having water and all other necessary conveniences for the personal baggage, &c., which is to be carried free of charge.

627. Special trains or special horse cars for which the railway company will charge a higher rate for transport than by ordinary trains must not be applied for without authority from headquarters.

628. No requisition is to be granted to any individual for the conveyance of himself, except when actually and bona fide proceeding on military duty, and then only upon the order being produced to show that he is entitled to conveyance at the public expense, either for himself or for what he may require to take with him. Officers proceeding on or returning from leave of absence, are not entitled to requisition for conveyance at the public expense. The following words are to be printed or written, in red ink, across the face of all requisitions for railway passen-

ger transport, viz. : 'This requisition must be exchanged for a regular ticket at the railway station prior to entering the car, as it will not be accepted by conductors for passage on train.' The issuing officer is to instruct the person to whom any such requisition may be given, that it is to be presented to the railway station agent at the point of departure, to be exchanged for a regular passenger ticket.

629. All officers travelling on duty are required to obtain requisitions for transport whenever they can be made available, from an officer authorized to grant such.

630. An interim receipt for the number of officers, non-commissioned officers, men and horses of each unit transported from their headquarters to camp (or as the case may be), shall be given by officers commanding to the railway or steamboat on going to camp, and in the interim between assembly and breaking up of camp, a regular requisition covering the round trip shall be furnished by the camp commandant, based on the figures furnished by the camp paymaster, as the total of each unit included on the pay-list and muster-roll. In the event of any excess numbers being receipted for, in the first instance, the paymaster shall retain sufficient funds from the pay-list of the officer who gave the excessive receipt pending adjustment. In the case of men sent home during camp, a minute in explanation is to be attached to the round trip requisition.

631. An allowance will be granted at the following rates for transport of all regimental baggage to and from camps of instruction :—

Each officer. 50 cents.
Each non-commissioned officer or man 10 cents.

This allowance is to cover cost of transport for the distances between headquarters to railway or steamboat station, and from terminal station to site of camp and return to headquarters. Claims for this allowance will be made on militia form C 58, and forwarded to the camp commandant.

632. Transport will only be allowed for those officers and men whose names are borne on the pay-list of a corps ordered to camp, or whose employment on the staff has been approved at headquarters.

633. Corps receiving marching allowance will not be entitled to the above allowances.

634. Companies of infantry and dismounted engineer units whose headquarters are more than six miles from the railway station or steamboat wharf from which they are to receive transport will be allowed six cents per officer and four cents per man, per mile, for the number of miles necessarily travelled by ordinary wagon road going to and returning from that station or wharf.

A similar allowance will be paid to companies whose headquarters are more than six miles from the place of encampment, and from whence no railway or steamboat can be made available for transport over any portion of the journey. The allowance of four cents authorized is extended to dismounted men of all corps.

635. Field batteries and squadrons of cavalry will march to camp if the distance is not more than six miles. If more than six miles, but under 25 miles, an allowance in money at the rate of 4 cents per mile will be issued for such of the men as cannot be carried on the horses, gun carriages and limbers of the battery.

636. The cost of transport from local headquarters to camp and return, will be charged against the pay of the squadron, battery or company officers bringing to camp non-commissioned officers or men found to be medically unfit.

637. When militia on active service are on the march, or cantoned in any part of the Dominion of Canada, any justice of the peace upon receiving a requisition in writing from the officer commanding for so many wagons or sleighs, as may be requisite and necessary for the services of said militia, shall issue his warrant to such person or persons as are possessed of wagons, sleighs, horses or oxen, within his jurisdiction, requiring him or them to furnish the same for such service, and if any person, after receiving such warrant, refuses to furnish the same, they may be impressed and taken for such service ; but no such wagon, sleigh, horse or ox, so impressed or taken shall be compelled to proceed more than thirty miles, unless in cases where other wagons, sleighs, horses or oxen cannot immediately be had to replace them ; and such wagons, sleighs, horses or oxen shall be paid for at the authorized rate of hire, \$1 for each animal, and 50 cents for each wagon, cart or sleigh.

638. The impressment of wagons, carts or sleighs for the conveyance of baggage will only be resorted to :

1. In cases of emergency, when delay would be caused by hiring.
2. When transport cannot be hired.
3. When the charges made for hired transport are excessive.

639. In cases of emergency, when it is necessary to provide proper and speedy means for the conveyance by railway or by water, of militia on active service, and also for the ammunition, stores, provisions and baggage, the justice of the peace of, and in the locality where such militia are either on a march or in cantonment, upon receiving a requisition in writing from the officer commanding such militia for such railway cars and engines, boats or other craft, as are requisite for the conveyance of the said troops or militia and their ammunition, stores, provisions and baggage, shall issue his warrant to such person or persons as are possessed of such railway cars and engines, boats or other craft within his jurisdiction, requiring him or them to furnish the same for that service at and after the rate of payment to be allowed by the said justice and not exceeding the usual rate of hire for such railway cars and engines, boats or other craft, and if any such person refuses or neglects, after receiving such warrant, to furnish such railway cars or engines, boats or other craft for that service, such railway cars or engines, boats or other craft may be impressed and taken for such service ; but nothing herein shall impair the effect of any act obliging any railway company to convey such militia, and other articles aforesaid, in any manner or on any terms and conditions therein mentioned or to release any such company from any obligation or penalty thereby imposed.

640. In times of emergency when immediate transport is required for the militia on active service, and the necessary requisition cannot be obtained in time from the senior staff officer of the district, the officer commanding the corps may make the usual requisition, specifying date, designation of corps, name of place from and to which transport is required, the number of officers and men, or description of stores to be carried, but he must, at the same time, attach to such requisition a copy of the order upon which his corps is required to move.

641. The following fixed scale of rates, which is the same as that now in force in Great Britain, shall be, and the same is hereby adopted and established for the conveyance of troops and all military stores by rail, namely :

Troops from single individuals up to parties of 125 in number shall be conveyed at two-thirds the rate charged to private passengers for the same journey and class of accommodation.

Bodies of troops in numbers greater than 125 shall be conveyed at two-thirds fare for the first 125, and one-half fare for the remainder.

Bodies of troops numbering over 125 who make a return journey within three months time shall pay a single ordinary fare for the double journey.

When special return or cheap rate tickets are in force at less rates than the above, they shall always be taken.

For the carriage of stores special rates shall be agreed upon, with the special proviso that the charge in no case shall exceed what would be paid by the public.

642. When staff officers are proceeding on public service by any railway which issues tickets for a double journey at reduced rates, and the purpose is to return by the same railway, the requisitions for transport are in all cases to be given to cover the double journey.

643. Except during night journeys by rail, first-class passages do not include transport in any railway carriage for which an extra charge is made. An officer travelling by rail at night on the public service may claim reimbursement for any ordinary charge paid by him to the railway company for a single berth in the sleeping carriage attached to the train on which he made the journey.

644. Officers travelling on the public service, when not required to take heavier baggage, will only be allowed conveyance for 150 pounds, which quantity is carried free of charge by railway and other public transport companies.

645. When requisitions are issued for the transport of non-commissioned officers and men—the officer issuing the requisition should state on the face thereof that the passages are for 'second-class,' which class only is to be charged for.

646. District officers commanding and the officers commanding Royal Schools of Instruction are authorized

to issue requisitions for the transport of non-commissioned officers and men for the apprehension and escort of deserters. In every case where such a requisition is issued, a report will be made to the Adjutant-General immediately on the completion of the duty. When necessary, preserved rations will be issued to non-commissioned officers and men proceeding on such duty, the cost thereof being charged to the canteen fund of the corps.

647. The officer who issues the requisition for transport is to select the least expensive, if equally expeditious, route when these details are left to his discretion.

648. If the journey is to be made over more than one line of rail or public conveyance, a separate requisition will be issued for the transport required over each independent line. This is necessary in order to facilitate settlements and prevent confusion in the accounts to be rendered by each company.

649. In all cases, whether for passengers or stores, the nature of the service must be clearly stated on the face of the requisition; and requisitions for 'passenger transport,' 'berth,' 'horse' or 'stores' are not to be included on the same form, but made out separately.

650. Requisitions for transport of original issue of stores or equipment out of district stores, are to be signed, when not issued from headquarters at Ottawa, by the ordnance stores officer present on duty at the place from whence the articles required are to be furnished.

651. When requisitions are granted for the transport of stores the articles are to be weighed before being forwarded, and the weight correctly set forth on the face of the transport requisition.

652. Stores are not to be forwarded by express unless in cases of special urgency or where that mode of conveyance is least expensive. Officers ordering, for their own convenience, supplies to be sent from any public store by express, are to pay the express company's charges for the transport.

653. So soon as the public company or individual, upon whom requisitions for transport have been made, has completed such service, the officer or non-commissioned officer in charge, when the transport is for officers or men, or the officer or person interested, when the transport is for stores or equipment, must certify upon the face of the requisition the completion of the service for which such requisition was made.

654. Every account for transport rendered to the department must be in duplicate, and be accompanied by the original requisition upon which the transport was furnished.

Mobilization Wheeled Transport.

655. To provide for military transport in connection with the several units of the militia on mobilization, for the conveyance of ammunition, baggage, blankets, camp equipment and rations, the following regulations will be carried out by the officers commanding military districts.

656. As the horses, wagons or carts and harness necessary for regimental transport are not permanently maintained, the number required must be obtained by voluntary enrolment from the resources of the country on the following conditions:—

1. The sum of 50 cents per diem to be paid for each driver for such day or days as he may be required.

2. The sum of one dollar per diem to be paid for each horse for such days as the horse may be required.

3. The sum of fifty cents per diem to be paid for such wagon or cart, including serviceable harness, for such day or days as they may be required.

4. At least once a year the horses, wagons, carts and harness will be produced by the owners for inspection at such convenient locality as may be decided on by the officer commanding the military district. Such day to be considered as one of military service and for which the above rates will be payable, and no further or other charges other than the above, will be payable in respect thereof.

5. Any owner may enroll more than one horse, wagon, cart or set of harness.

6. If winter transport is required, owners will substitute sleighs for wagons or carts.

7. It is to be understood that the Department of Militia and Defence reserves to itself the right to purchase at market value any or all of the horses, wagons, carts and harness so enrolled; the value to be assessed by a committee appointed by the Minister of Militia and Defence, and a local valuator who shall be one of the committee.

8. In the event of sale, transfer, destruction by fire, or loss of the horse, wagon or cart and harness so enrolled, or any of them, notice to this effect will be promptly communicated to the district officer commanding.

9. In the event of any owner of any enrolled horse, wagon, cart, or set of harness, failing or neglecting as set out in paragraph 8, to notify the district officer commanding within one week of the occurrence of the sale, transfer, destruction or loss of the said horse, wagon, cart or set of harness, he may incur a penalty of \$5 for each offence.

10. In the event of the owner of any enrolled horse, wagon, cart or set of harness, failing or neglecting or refusing to furnish when lawfully required, the same or any of them, he shall incur a penalty of \$5 for each offence, and the failure, neglect or refusal for each day shall be held to be a separate offence.

11. Should district transport officers or other officers be appointed to carry out transport arrangements throughout the country, such appointments will be notified in militia orders, and all notifications required to be made to the district officer commanding in the above regulations, will be made to such transport officer.

12. Wagons or carts enrolled must be in good condition, capable of carrying 3,000 pounds in the case of wagons, and 1,500 pounds in the case of carts, and the harness must be in a condition suitable for heavy strain on indifferent roads.

Claims.

657. Claims are to be made separately, in duplicate, on printed forms to be obtained from the district officers commanding.

658. Those of district staff officers will not be allowed unless it is clearly shown by the certificate of the district officer commanding that such travelling expenses were rendered absolutely necessary in the discharge of the officer's duty away from his headquarters.

659. All claims for travelling expenses must show the special authority, date thereof, places from and to which the officer proceeded, the dates and nature of service performed, and are to be sent by ordinary channel of communication.

660. When an officer on the staff is transferred to another station, on reporting for duty at his new station the staff officer, who has been transferred, will be allowed the cost of his actual personal transport and hotel expenses necessarily incurred en route from the station from which he removes to that to which he is ordered to proceed, together with an allowance for the cost of transport of such luggage as he actually requires to take with him, and not exceeding 1,000 pounds in weight, and a sum of money equal to two months pay to cover all other personal claims and expenses incident to his removal.

ALLOWANCE FOR TRUMPETERS.

661. An annual allowance will be granted to all regiments and independent squadrons of cavalry and field batteries of artillery, engineer and army service corps units, calculated on the following scale :—

To each trumpeter in possession of a first class certificate....	\$12 00
To each trumpeter in possession of a second class certificate.....	8 00
To each trumpeter in possession of a third class certificate....	4 00

Claims for allowances for trumpeters will be made on Militia Form C 78.

ALLOWANCE FOR MARKING ARMS, &c.

662. The following allowances for making arms and accoutrements of infantry units will be paid by the department upon duplicate claims certified by the commanding officer in the usual manner.

To units whose company establishment does not exceed 42 non-commissioned officers and men, 10 cents per rifle and set of accoutrements, complete.

To units with a company establishment greater than 42 non-commissioned officers and men, 8 cents per rifle and set of accoutrements complete.

663. The allowance for marking each set, including carbine, sword, scabbard, belts and buckle complete, for cavalry units, is 5 cents, and for marking each set of saddlery, 15 cents.

Form of Certificate.

664. I certify that rifles and sets of accoutrements, now in possession of corps under my command, have been completely marked, according to the instructions relating to the 'marking of arms and accoutrements,' and that is entitled to receive the allowance authorized by the department therefor.

Dated at this day of 19 .

Commanding.

665. The accounts for marking arms and accoutrements of companies in regiments are invariably to be rendered through the officer commanding the regiment, and to be by him forwarded to the district officer commanding.

ALLOWANCE FOR CARE OF ARMS AND STORES.**666.**

Per annum.

Each squadron, 60 rank and file or over	
will receive an allowance of.	\$ 80 00
Each squadron under 60 rank and file.	60 00
Each field battery.	170 00
Each field company of engineers.	170 00
Each company garrison artillery, 89 rank	
and file or over.	80 00
Each company army service corps.	80 00
Each company garrison artillery under 89	
rank and file.	40 00
Each company infantry, 60 rank and file	
or over.	80 00
Each company infantry, under 60 rank and	
file.	40 00
Each bearer company or field hospital.	40 00

The above amounts will be paid to the commanding officers of squadrons, batteries or companies as above, when the arms and stores of such squadrons, batteries and companies are not kept in regimental stores.

667. When the arms are kept in regimental stores under charge of a caretaker paid by the Department of Militia and Defence, the portion of the above named amounts to be paid to commanding officers of squadrons, batteries or companies, will be fixed at headquarters.

668. Payment will not be made unless a certificate or receipt is produced, showing that all charges for care and maintenance of arms have been settled, and that there are no deficiencies of arms or stores for which the officer to whom the allowance is to be paid is responsible, or, if any exist, that they have been satisfactorily accounted for.

669. In the case of field batteries and engineer units, these allowances will not be paid until a certificate has been received from the Inspector of Artillery and Director General of Engineer Services that the annual store return has been received and the stores on charge properly accounted for.

670. If by reason of death, absence, resignation or promotion of an officer commanding a corps, two or more officers are entitled to share the annual allowance, either for drill instruction or for care of arms, the district officer commanding will certify the proportion of such allowance due to each officer.

ALLOWANCE FOR FUNERALS.

671. When a man dies on service, or when at drill or training, the cost of his funeral expenses is not to exceed twenty dollars when a gun carriage is available, and twenty-five dollars in other cases, as a charge against the public, and the necessity for each charge is to be certified by the officer commanding the corps.

ALLOWANCE FOR BOOKS, POSTAGE AND STATIONERY.

672. The officer commanding each regiment of cavalry, garrison artillery, infantry or rifles (city).

\$5 per annum for each squadron or company (lower).

\$7.50 per annum for each squadron or company (higher).

The officer commanding each regiment of cavalry, garrison artillery, infantry or rifles (rural).

\$3 per annum for each squadron or company (lower).

\$4.50 per annum for each squadron or company (higher).

The officer commanding each brigade division of field artillery \$15 per annum.

The officer commanding each independent squadron of cavalry, field battery of artillery or company garrison artillery (higher) \$5 per annum.

The officer commanding each company of the army service corps \$5 per annum.

The officer commanding each company of engineers \$5 per annum.

The officer commanding each independent company of infantry \$3 per annum.

The officer commanding each squadron or company of rural corps—\$2 per annum (lower); \$3 per annum (higher).

The officer commanding each bearer company or field hospital \$3 per annum.

The above amounts will be paid to commanding officers at the end of the financial year on the usual certificate of the district officer commanding.

673. Regiments which are partly city and partly rural, are to be considered as rural corps.

674. The 1st Division of the 1st Regiment Canadian Artillery will be regarded as a city corps.

REPAIR OF HARNESS.

675. When in camp or on service the harness-maker and wheeler of any field battery of artillery may, if they provide their own tools, execute urgent repairs to the equipment of the battery under orders of the commanding officer. Payment will be made for necessary materials used to effect such repairs, together with 75 cents working pay per diem for any day the artificer performs a fair amount of such extra work.

ALLOWANCE FOR CLEANING FIELD ARTILLERY EQUIPMENT.

676. On special occasions other than for annual training or practice, when special authority is given for artillery salutes to be fired by field batteries, the following allowance will be granted the officer commanding the battery to defray the expenses of cleaning, &c., at the following rates :—

For every four sets of saddlery, \$1.50.

For every four single sets of harness, \$1.50.

For every gun, carriage and limber, \$1.50.

Odd sets of harness and saddlery to be paid for in proportion, *e.g.*, for two sets, 75 cents will be allowed.

This allowance will be given only in cases where there is no paid government caretaker.

ALLOWANCE IN LIEU OF RATIONS—SPECIAL.

677. The allowance authorized to be drawn in lieu of rations and forage by corps of active militia ordered out for active service or continuous training, is as follows :—

25 cents per man of all ranks per diem in lieu of rations.

35 cents per horse per diem in lieu of forage.

678. The rate laid down, viz. 25 cents, is the ordinary rate to be drawn in lieu of rations, but in cases of isolated forts or stations difficult of access, where no departmental contract can be entered into, or in other special cases, the Minister of Militia and Defence may temporarily grant such special rate of allowance in lieu as the circumstances of the case may appear to him to justify.

679. When the money allowance in lieu of rations is claimed the certificate of the officer in local command must be appended to the claim, setting forth the circumstances which rendered necessary this issue of the allowance in lieu of rations.

Note.—Officers entitled to allowances will draw such allowances from the date of their appointment appearing in the Canada 'Gazette' to the date of their vacating such appointment also appearing in the Canada 'Gazette.'

SUBSISTENCE, SUPPLIES, FORAGE, &c.

680. When any corps of active militia is called out for service, special officers will be named from headquarters, to contract for the necessary supplies of food, forage, fuel and light; notwithstanding which, in all cases of emergency, when the force is suddenly called out for service, and until such officers are named, and report for duty at the place where these supplies are required, the officer commanding the force on service, will make such local temporary arrangements as may be necessary, for the daily supply of rations to the officers and men requiring them.

681. The officers, non-commissioned officers and men shall receive, in addition to their pay, free lodgings and rations; subject to the regulations for the issue of

forage, the mounted officers and men of mounted corps, the mounted officers of other corps, and mounted staff officers, shall receive forage, in addition, for their horses, or a daily allowance of 35 cents in lieu thereof for each horse.

SUBSISTENCE.

682. When on active service or in camps of instruction, officers and men will receive the following rations daily :—

- 1½ lb. bread or 1 lb. biscuit.
- 1 lb. meat.
- 3 oz. bacon.
- 1 lb. potatoes.
- 2 oz. flour or 2 oz. beans.
- 3 oz. jam or 3 oz. dried apples.
- 2 oz. butter or 2 oz. cheese.
- 1 oz. split peas.
- 2 oz. white sugar.
- ½ oz. salt.
- ½ oz. coffee.
- ¼ oz. tea.
- 1-36 oz. pepper.
- ½ oz. vegetables, evaporated.
- ½ oz. onions.
- Forage for horses.
- Fuel—wood.

683. The daily ration of meat is to be increased to one pound and a half, for such days as the men are marching or doing hard work.

684. When fresh meat is not available, salted or dried meat as can best be obtained will be issued instead.

685. If bread or biscuit is not available, an equivalent in weight of wheat flour or oat or corn meal, may be issued instead of the ration of bread or biscuit.

686. The only soldiers serving with their corps who may be locally exempted from drawing rations in kind are :—

(1) Men employed as waiters or servants in the officers' mess.

(2) Employed officers, non-commissioned officers and men, when their employment is of such a nature as to render drawing rations in kind difficult, or seriously inconvenient to them. These officers or men may be struck out of mess, under authority of the senior officer in local command and may receive the commuted allowance.

687. Rations will be drawn only for the number of officers and men of each corps actually present at the place on the day such rations are required.

688. No person will draw rations in more than one capacity.

689. The issuing officer will make requisitions according to the following form upon the contractor, each day, for the quantities required to enable him to issue the required articles to the corps :—

Place date 19

Deliver to

To

Contractor.

Supply Officer.

690. When men are sent away from their post to any other, singly or in small parties, on escort or other detached duty, a special marching allowance will be made to each man so detached for the day or days on which he is actually and necessarily detained on the journey. If any militiaman is on service in camp or barracks at the post to which he is detached, he will be attached to one of the corps during his stay, and be taken on the ration list of that corps. Otherwise the marching allowance will be continued, and he will find his own board and lodging during his stay.

691. The daily supply of rations for each corps will be asked for and received from supply officer in bulk—the distribution to companies thereof will be made by the quartermaster of the corps.

692. The same form to be used by squadrons, batteries and companies, and the ration returns, when received by the quartermaster from the several units, will form the basis for his demand upon the supply officer for the rations in bulk required for the day. The accuracy of this return can be checked by the daily parade state of the corps, and should any excess of rations be drawn by any corps, the value of such excess must be paid by such corps.

693. Commanding officers accepting from individuals or communities, supplies which do not fairly come under the

head of those which should be furnished by the government, will do so on their own responsibility. No claim for such supplies will be entertained by the department.

694. Where no deficiency exists in the supplies which the government should furnish, commanding officers will not accept of any supplies from other sources except as a gift or on their own responsibility.

695. The department will in no case recognize any claims on the part either of individuals or communities, for supplies of any description furnished to the active militia, unless they can produce a receipt or requisition for the articles furnished, signed by a responsible officer.

696. Should a force be required to proceed to a locality where supplies cannot be obtained with certainty, it must be accompanied by everything requisite for its maintenance, comfort and efficiency.

697. When officers and men are detached in the field, the quartermaster will furnish them with a certificate showing to what day they have been rationed, in order that they may, without difficulty, obtain rations at the station to which they are proceeding. The quartermaster of the corps rationing them will retain the last ration certificate, and will furnish them with a fresh one on leaving.

698. On being suddenly detached to any place where there is no certainty of obtaining immediate supplies, the commanding officer should see that the men take with them one day's supply of bread and cooked meat in the men's haversacks and mess-tins, and a supply of bread and meat for at least one day in addition. The quartermaster should invariably precede the column by one day if possible, to make arrangements for a regular supply of bread and meat at the place of destination.

699. When the supplies are required for use in encampments for annual drill or in barracks, tenders will be taken separately at a specified price per pound each, for bread, meat, potatoes and groceries.

700. The tenders are to be addressed, under seal, direct to the Minister of Militia and Defence, Ottawa, marked 'Tenders' on the upper left hand corner of the envelope which contains them.

701. A copy of the advertisement must be sent without direct to the Minister of Militia and Defence, Ottawa, the officer who advertised for the tenders. The accepted tenders will be returned to the proper officer; the duplicates will be retained in the department.

702. Each tender must be accompanied by an accepted bank cheque for five per cent of the amount of the contract, payable to the order of the Minister of Militia. Upon fulfilment of the conditions of the contract, the cheque will be returned, but in the event of the contractor failing to carry out the conditions of his tender, the amount of the cheque will be forfeited to the government. Should the tender not be accepted, the cheque will be returned to the person entitled to the refund.

703. Whenever it may be necessary to make purchases otherwise than by public competition, tenders are to be taken in writing, and the lowest is to be approved by the senior officer in command at the place; a schedule of the tenders received and a report of the action taken upon them are to be forwarded to headquarters.

704. The rations must be examined by the orderly officer every morning, who shall report to the commanding officer, if the same or any part thereof be not according to contract, and the commanding officer may forthwith appoint a board who shall have power to condemn all or any part of them if found not according to contract, and a similar quantity in their stead may be purchased at the expense of the contractors, a proviso to this effect should be made in all the local contracts.

705. When in consequence of the supplies of bread or meat made by the contractor being condemned, other provisions are purchased, the actual expense incurred will be allowed, provided the quantity does not exceed the authorized ration, the difference being received from the contractor. But when under such circumstances supplies are purchased of articles which do not form part of the authorized ration, the expense shall not exceed the cost of the supplies condemned, according to the contract rates.

706. The value of the several supplies furnished under contract will be paid by the Department of Militia and Defence. Accounts in duplicate must be prepared on the prescribed form and the receipts of the receiving officer must be attached as vouchers.

707. Payment will only be made to contractors for the actual quantity issued as rations to corps authorized to receive them.

708. The contractors shall deliver the rations required at their own expense, at the receiving store at hours to

be appointed by, and on the orders of, the supply or other officer in authority for this purpose.

709. If a force is to be in camp for a lengthened period or is marching in any locality where bread cannot be suitably or economically supplied by contract, arrangements should be made in advance to render the force self-sustaining in respect to supplies of bread.

FUEL AND LIGHT.

710. The rations of fuel-wood for issue in camp will be one inch running measure. Officers' mess, consisting of 8 or more officers, 12 rations daily. Officers' mess, less than 8 officers, $1\frac{1}{2}$ rations each daily. Non-commissioned officers and men, cooking allowance, each of $\frac{1}{4}$ of a ration, or one ration to four men.

711. The contractor shall deliver the wood at the time and place appointed, and shall stack it one cord high for examination and measurement.

COAL.

712. One ration of coal—12 lbs. of best hard coal, or 15 pounds of soft coal, to be delivered and deposited by the contractor in quantities required, in place or bin designated by the receiver.

LIGHT IN BARRACKS.

713. One coal oil lamp will be allowed for every ten men, with such an allowance of coal oil and wick as may be absolutely necessary. The allowance of oil must be left to the personal supervision of the commanding officer, who is hereby enjoined to take care that it is used only for the non-commissioned officers and men, in such quantities as may be absolutely necessary. One coal oil lamp will also be allowed for each guard-room. The expense of the first supply of coal oil lamps will be charged to the government, but all subsequent charges must be borne by the corps.

FORAGE.

714. Forage, or an allowance in lieu thereof, is not to be issued to or for any person who is not required to keep a horse for the public service; nor to or for any person who does not actually keep a horse required to be used by him in the discharge of his military duties; nor to or for any officer while on leave, or on any duty not requiring him to be mounted, unless the horse kept by such officer is made available for use on the public service only, by the officer who performs the duties of such absent officer.

715. Officers who accept any civil employment which necessitates their being struck off ordinary military duty, will not be entitled to receive forage.

716. Forage is not to be issued in kind for any days for which the allowance in money in lieu of forage is issued, nor is an allowance in money in lieu of forage to be issued for any days for which it is issued in kind.

717. The allowance in money, in lieu of forage, will not be substituted for forage in kind, except under particular circumstances, nor unless the expediency of such commutation shall have been clearly established by some local peculiarity. This is to be decided by the local commanding officer temporarily, who will also make a report without delay for decision of the Minister of Militia as to the continuance or otherwise of the issue of the allowance.

718. The ration of forage counts for the mid-day feed of the day for which it is drawn, and, therefore, includes the morning feed of the next day.

719. When forage is issued in kind, the daily rations will be as follows; viz.: for each horse (other than battery and draught horses) when in quarters or in camp, 10 pounds of oats, 12 pounds of hay, and 8 pounds of straw; and when on the march, 12 pounds of oats, 15 pounds of hay and 8 pounds of straw; and the daily rations for each battery and draught horse will be, when in quarters or in camp, 10 pounds of oats, 15 pounds of hay and 8 pounds of straw; and when on the march, 12 pounds of oats, 18 pounds of hay and 8 pounds of straw.

If straw is not required, 4 lbs. of hay may be issued instead.

720. The forage shall be of the best quality, good, sweet, dry and clean. The oats to weigh not less than 34 pounds per bushel. The hay to be sweet and clean, and free from weeds and thistles.

721. The contractor shall deliver the forage at his own expense at the forage store at the time appointed by the supply officer, and maintain therein a reserve equal to one week's supply. He shall also keep an agent at the

receiving store to issue the forage as it is required, upon the cheques or orders of the supply or other officer appointed for this purpose.

722. Extra forage, which may be required in addition to the rations, shall be calculated at per 100 lbs. Each ration of hay to be tied in a separate bundle, when required, before issue by the contractor.

723. The contractor shall furnish, when required, bran in lieu of oats, in the proportion of 14 lbs. bran for a ration of oats; but not beyond one ration of bran to each horse per week except for sick horses, for which rations of bran shall be supplied daily by the contractor, when required.

724. The issue of straw for men when under canvas will be contingent upon the officer commanding and principal medical officer certifying to the issue being necessary.

725. The straw shall be oaten, clean, dry and free from thistles and weeds. To be delivered in bundles of 12 lbs. each at the camp or other store, in such quantities and at such times as may be required.

726. When straw is so required to be issued, the scale will be as follows, and is not to be exceeded: 12 lbs. per man which is considered sufficient for sixteen days, whether used in the shape of loose straw, or converted into mats.

BILLETING AND CANTONING TROOPS.

727. In times of emergency when the active militia or any corps or detachment of the same are on the march, or are cantoned in any part of the Dominion, any justice of the peace shall, upon receiving a requisition in writing from the officer commanding them, quarter and billet the said militia upon the several inhabitant householders in the locality where the said militia are to halt on their line of march, or are in cantonment; and every such householder shall receive the militia so billeted upon him, and furnish them with houseroom, fire and utensils for cooking and candles or other light.

728. Each householder upon whom such militia are billeted shall receive for each foot soldier, a daily rate of ten cents and for each mounted soldier, whose horse shall also be provided with stabling and forage, a daily rate of thirty cents.

729. The householder shall also furnish beds and sufficient covering for which he shall receive five cents for each soldier; and, if required, also supply and cook the daily ration of food to which each soldier billeted upon him is entitled by regulation, and for each such ration such householder shall receive 20 cents.

730. Officers, men and horses in billets where food is supplied by the householders are not also entitled to receive from the government an issue of rations during the period they are in such billets.

731. When a corps or detachment is ordered to proceed to any post away from its own headquarters, it should invariably be preceded by an experienced officer accompanied by the quarter-master and by a steady non-commissioned officer, with one man per company, who will make arrangements for sheltering the men if unprovided with tents, as well as for the necessary supplies of food.

732. As a rule the men are not to be billeted upon the inhabitant householders, unless there are no other means available for securing shelter; this is to be decided by the commanding officer.

733. When troops are billeted, the officer who draws the billets is to arrange that the men of each section or company are kept together, and that their officers are quartered as near to them as possible. An alarm post or place of assembly for the several units of the force will be selected, and made known to the troops daily before they break off.

734. The billet arrangement should be completed before the arrival of the force, so that the men may not be kept waiting. The one man previously detached from each company should show the billets allotted for his company. In all cases the officer charged with the billet arrangements should wait first on the chief magistrate of the place and request his assistance and influence with the householders, which will simplify the work. Every captain should have a list of his company billets so that if suddenly removed, no delay in payment should occur. Where recourse is had to compulsory billeting, the officer charged with the arrangements shall make requisitions, according to the following form, on the chief magistrate or any justice of the peace, for billets for the required number of men:—

Place and date.....

Require billets for.....officers and.....non-commissioned officers and men of the militia, and stabling and forage for.....horses belonging to said force.

.....
(Signature of commanding officer.)

To.. Esq.,

Justice of the Peace,

at..

735. If any inhabitant considers himself aggrieved by having a greater number of the said militia billeted upon him than he ought to bear in proportion to his neighbours, then, on complaint being made to two or more justices of the locality, they may relieve such inhabitant, by ordering such and so many of the said militia to be removed and quartered upon such other person or persons as they see fit, and such other persons or persons shall receive such militia accordingly.

736. No justice of the peace having any military office or commission in the said militia, shall directly or indirectly be concerned in the quartering or billeting of any non-commissioned officer or soldier of the corps or detachment under the immediate command of such justice or justices.

737. When soldiers on the march are quartered in barracks instead of being billeted, and there is no available accommodation in the barracks for their officers, billets for the officers should be drawn on the route, as hotel expenses will not be allowed. The billeting parties which proceed in advance of the unit on the march should not be billeted with the main body, but should, after drawing billets for that night, go on to their destination.

738. Commanding officers will see that small parties or individual soldiers, detached on any service, are provided with sufficient money to pay charges for billets or subsistence for themselves and for any prisoners travelling under their escort; and non-commissioned officers in charge of such small parties, as well as soldiers travelling singly, will be held responsible for the payment of their billets before leaving, as required by the Army Act. On arrival at a military station on duty, non-commissioned officers and men of all corps are to be attached to the troops for quarters and rations.

MOVEMENT OF TROOPS.

Marches.

739. In publishing orders for the information of the militia, it is fully realized that many of the instructions contained therein cannot be carried out in the training of that force; but by adhering to the principles contained in these instructions if not to the absolute letter of them, the route marching now practised by regiments may be made more instructive than is often the case at present. A knowledge also of these principles could not fail to be of service in the event of an emergency which would necessitate long marches.

740. No-regimental parade should be allowed more than 15 minutes at the most before the hour for marching off, and when troops are practised in marching in brigade, units should not be brought together, but should be ordered to pass at a fixed hour, a specified spot, so selected as to obviate any unit diverging from its direct track.

741. Advance and rear guards will invariably be formed according to the principles laid down in infantry training. The rear guard will bring on all men who have become separated from their corps through falling out or any other cause.

742. Halts should be made half an hour after the force marches and afterwards once an hour for 5 minutes. When the duration of the march is likely to exceed six hours, it is advisable to halt on the way for a meal, but as a rule the men should have dinner after arrival. Officers should avoid halting in places where the men are likely to get chilled.

743. The greatest attention should be paid by commanding officers and officers commanding companies to the state and proper fitting of the men's boots; especial care being taken that boys and growing lads are not allowed to wear boots of too small a size. General and other officers should let their commands, without being called to attention, defile before them from time to time during the march, in order that they may personally observe the general condition of the men and ensure notes being made of the names of those who march with difficulty or whose boots are in bad order. Unless other orders are given, troops on the

march should be called to attention the first time only that they pass near the officer in command.

744. The hour of marching will mainly depend on the object to be fulfilled, but due consideration must also be given to the climate, the season of the year and the distance to be traversed. As a general rule, the men will breakfast before marching, and the march should commence about an hour after daybreak. Mounted services should not start earlier, save under necessity, on account of the feeding of the horses and the difficulty of properly adjusting saddlery and harness in the dark. It may, however, be desirable to march much earlier, or during the night.

745. The first duty of soldiers after a march, is to attend to their arms, clothing, equipment and horses, and until these are in complete order they will not be permitted to leave their camp or quarters. In the infantry an evening roll call, for inspection of the men's feet, should take place whenever practicable.

746. When a medical officer is temporarily attached to a mounted unit for duty on the line of march, the commanding officer is to provide him with a troop horse. A billet is to be drawn for him as in the case of regimental officers.

747. The exemption of troops, under section 143 of the Army Act, from the payment of tolls, only applies to tolls established by act of parliament, and does not exempt troops from fees charged by private owners for permission to pass over their bridges or lands. Commanding officers can always ascertain whether a toll is authorized by parliament, by referring to the board at the gate.

Movements by Rail.

748. When troops are ordered to move by rail a statement of the number of officers, men, families, horses, guns, &c., and the quantity of baggage to proceed by rail, is to be furnished by a staff officer if there is one—if not, by the commanding officer—to the station-master, one day before the date of departure.

749. When special trains conveying troops arrive at or depart from a station, officers commanding are to render to the railway officials any assistance they may require in keeping the platforms clear of persons not connected with the troops.

750. Units make their own arrangements for the conveyance of the baggage. District officers commanding are cautioned against allowing the statutory rate for conveyance of baggage by railway to be exceeded, and should acquaint themselves with the terms of any contracts that may exist in the district for the conveyance of stores.

751. An officer accompanied by a non-commissioned officer from each squadron, battery or company, and (when applicable) one for the detail attached to the headquarters of the corps, one for the sick, and one for the guard and prisoners, will precede the troops, arriving at the station forty minutes before the time fixed for the departure of the train, and in concert with the station-master, will label or mark off, with a piece of chalk, on the footboard of passenger carriages, and in a conspicuous place on the side of the cattle trucks and horse boxes, the squadron, battery, company or party to which they are allotted, and the number of men or horses each will hold.

752. When the troops enter the carriages, the seats will be filled in succession, the men take their places, each man will then stow away under his seat his cloak, great-coat or valise, &c. He will retain possession of his carbine or rifle, unless the commanding officer should think fit to allow the arms to be placed upon the cloak or great-coat or valise under the seats when this can be done; the arms are never to be laid on the floor of the carriage.

753. On long journeys, when it is necessary that the troops should be fed en route, previous preparations, either at a halting station or for carrying cooked rations and forage, will, as a rule, be made and instructions given to the troops accordingly; when, however, this has not been done, an officer with one or more non-commissioned officers will, when practicable, be sent forward to the halting-station to make regimental arrangements under the instructions of the commanding officer, to include the provision of water and buckets for watering the horses.

754. When the train is ready to proceed, 'Attention,' ('Forward' for mounted troops) will be sounded. Silence must be maintained until the train moves off, no shouting is to be allowed, and no man is to put his head out of a window or leave a carriage without permission or get out of the train, except when ordered by his officers, or requested by the railway officials to do so.

755. On arrival at the place appointed for the train to halt, the officers will get out and go to the carriages occupied by their respective squadrons, batteries or companies. Sentries from the quarter-guard will be posted to prevent the men from straggling or getting out of the train. When these arrangements are completed the 'Halt,' ('Dismount'), will be sounded, and those who require to do so will get out of the train, leaving their arms in the carriages.

756. In case of accident to the train, the officers will proceed at once to their companies' carriages, and see that the men retain their seats until ordered to descend. Perfect order will be strictly maintained and the directions given by the commanding officer or railway officials promptly executed.

757. When it is time to proceed the 'Close,' ('Rally,') will sound, on which the men will all return to their carriages; the officers will see that they are all present, and having so reported to the commanding officer, the sentries will be withdrawn and return to their guard. Lastly, the officers will get in, and the commanding officer will give directions that the train may proceed.

Detraining.

758. When the train arrives at its destination, the officers will first get out and go to their companies' carriages and before the men are allowed to get out, orders will be given them as to the spot upon which they are to form up. On the 'Halt' being sounded the men will get out of the train with their rifles in their hands, and properly equipped.

759. Instructions relative to forming up and marching off will, as a rule, be given by a staff officer at the detraining station. In the absence of any instructions, the commanding officer will use his discretion after consulting with the railway officials.

760. Each unit is to furnish its own baggage guard on the line of march, and to be responsible for the safety of its baggage. The officer in charge of the baggage guard is to tell off his men to the several wagons, and to make them accountable that nothing is removed. The men of the guard are never to put their arms on the wagon, but are to march by the sides with bayonets fixed. In the case of hired transport the officer is responsible that the drivers and horses are not ill-used, and that nothing is required of them which they are not bound by act of parliament or previous agreement to perform. At night, when the baggage is not unloaded, the wagons are to be packed, so as to occupy as little space as possible and placed under the charge of sentries.

Movements of Troops Generally.

761. District officers commanding are authorized to issue transport requisitions for all movements of troops in their respective districts, and also for the movement of individuals or detachments (not being connected with change of quarters of units) between their own and other commands.

762. Whenever an officer receives a command to join his unit, or to proceed on any duty, he is to lose no time in carrying out his orders, but will make his way by the most expeditious route to his destination. In all cases where an unnecessary delay takes place in the arrival of the officer (whether entitled to travelling expenses or not), a special report of the circumstances is to be made to the Adjutant General by the commanding officer of the unit or station to which the officer belongs.

ENCAMPMENTS.

763. Troops in the field, when halted for the night, are either sheltered in camps, bivouacs or cantonments. The repose of troops and consequently their health, being to a great extent dependent on obtaining shelter at night, it is, therefore, clear that too much attention cannot be paid by a commander and his staff to the selection of the time and place of a night halt, and to security from attack while in a state of rest.

764. The conditions to be satisfied in the arrangements for troops, when halted, are rest and comfort, readiness to assemble for the march or for fighting. These conditions are from their nature conflicting. Complete rest is only obtained by encamping troops or by distributing them in cantonments; but this latter arrangement, while sparing the strength of the men, scatters them, and a greater or less interval of time for their assembly is requisite. Bivouacs offer the great advantage of completeness and proximity to the line of march, and therefore of prompt as-

sembly, but long continuance without shelter in indifferent weather is fatal to men and horses, particularly to the latter.

765. Troops in the field should be encamped in such a manner that they can be rapidly formed in a favourable position for action.

766. Other points to be considered are the facilities which the site selected offers for obtaining water, wood, forage and straw; their relative importance being shown by the order in which they are named.

767. Intervals between units of the same or other arms should never be less than ten yards clear of the tent ropes.

768. In every case the form of the camp must be suited to the ground and the different arms of the service should be encamped on the ground best adapted for them. Thus, infantry may, if necessary, be encamped on slightly sloping ground; mounted corps should be encamped so that the horses may stand on nearly level ground. Wet spots must be avoided as much as possible; this may generally be attained by slightly altering the line of encampment, throwing battalions back in echelon, or adopting such other methods as a little ingenuity may suggest.

769. Infantry battalions will encamp in column or, if the front is very limited, in column of double companies.

770. It is desirable that an interval of twelve yards from pole to pole should be left between companies. This allows a passage of six yards for communication and for company parades; but this can be reduced to seven yards leaving a passage of one yard.

771. Regiments of cavalry will encamp in column of half squadrons or of squadrons.

772. Artillery and engineers will form up their carriages in lines, at full, half, or close interval, as may be ordered, and lay out the camps in rear of them.

The leaders' heads of the front line of carriages are to be on the front line of the camp, and the leaders' heads of the second line 19 yards in rear of it.

773. Nine yards are allowed between the tents from pole to pole, and they are pitched so that the outside pegs are on the boundaries of the camp on each side.

774. The horse lines are between the lines of tents and parallel to them. Five yards is the minimum distance which should be allowed from picket line to heel peg, and five yards gangway must be left between each line of horses to afford space for harness and forage.

General Instructions.

775. No part of a tent is to extend over the boundary line of a camp.

776. According to the prevailing wind, kitchens may be moved at the discretion of the officer commanding the unit.

777. The position of latrines must depend on the position of other corps, the length of time the camp is to stand, the prevailing wind, and the position of the water supply.

778. Whenever troops remain in camp more than three days, tents should, when weather permits, be struck from time to time. All arms, straw, and blankets should be removed from the ground covered by the tent, and the ground swept clean with a broom, or branches of trees, and left exposed to the sun and wind. Blankets, clothes, &c., should be spread out to air, and the tent roughly pitched in the intervals of the camp with slack ropes, and the fly loose to allow it to be well blown about. Tents should never be pitched for occupation in the intervals.

779. If troops remain more than one night in camp, the tent flies should be rolled up the first thing every morning; in rainy weather, the fly may be rolled up on the leeward side of the tent.

780. If the direction and nature of wind permit, the doors of the tents of the half battalions should be faced inwards. This will, in case of alarm, enable the men of the right half battalion to form more quickly on their company parades, but this should never prevent their being turned away from the prevailing wind when necessary; with mounted corps they should face the horse lines.

781. As a light should never be left burning in an unoccupied tent, the last occupant must extinguish it before leaving the tent.

782. At night and in rainy weather, the tent ropes should be slackened to prevent the tent pegs being drawn or the tent pole from breaking.

783. Trenches should be dug round tents, and a drain should connect these trenches so that the water may not lodge in them, but may run freely off. The first wet day after the camp is formed, officers commanding companies,

&c., should personally examine the ground on which their companies are encamped, and should see that proper drains are constructed: half an hour's work on a wet day, when the natural run of the water can be seen, will do more to keep the camp healthy than a day's labour in dry weather.

Relative Position of the Different Arms.

784. Cavalry, artillery and mounted units of engineers should never be placed on a flank, unless the latter may be necessary for defensive purposes, in which case the guns should be protected by a strong guard of infantry, for, in case of attack, mounted corps take longer to turn out, and the horses, if frightened, are apt to produce much confusion.

785. Infantry should be encamped according to the military necessities of the case; thus, in the neighbourhood of an enemy, a portion should be on the flanks and rear, in positions suitable for falling in quickly for the protection of the camp.

786. The site for the supply depots should be selected close to a good road, by which the supplies can be brought up.

787. The position of the camp of the medical department will depend mainly on sanitary considerations and facility of communication, but in the vicinity of an enemy these must be subordinated to military requirements.

Laying out the Camp.

788. In encamping large bodies of troops, it is very desirable that the officer laying out the camp, should provide himself with a sketch of ground, showing the place to be occupied by each corps; by this means he will be able to place the whole of the camp-colour men, so that when the various units arrive they may proceed at once to the position assigned to them. For details for marking out encampments and pitching tents, see regulations for encampments, latest edition.

Duties in Standing Camps.

789. The commandant will take all necessary precautions to ensure that the sanitary services are duly carried out, and for this purpose will visit frequently the latrines, ash-pits, &c.

He will cause all parties on their arrival to be met, their camp or camping ground to be handed over to them, and the positions of the watering places, latrines, urinals, and refuse pits, pointed out to them.

He will mark by notice boards the watering places for drinking, washing and bathing. He will issue the necessary orders to prevent pollution or waste of water, and will see that these orders are strictly enforced.

790. When no ordnance officer or deputy assistant quartermaster general is detailed for duty at the camp, the officer commanding will take charge of and account for the camp equipment, issuing it, and receiving it back as required.

791. The duties of medical officers are laid down in the regulations for army medical services, but, in addition to the duties therein defined, the medical officer will also carefully inspect the state of the men's feet on arrival in camp, and will arrange with the camp commandant as to place and time of inspection.

792. When tents are pitched, bivouacs established, or cantonments taken up, alarm posts will be appointed, the precise spot upon which each unit is to parade upon turning out being clearly indicated to all concerned. The alarm post for the assembly of brigades or divisions will be made known to all commanding officers and others concerned.

793. The field officer of the day will be present at guard-mounting, visit guards by day and night, and receive guard reports, take the immediate command of the inlying piquets which he will visit and inspect, and order such patrols therefrom as are necessary for the good order of the camp and its vicinity. If the inlying piquets are required to leave the camp on duty he will accompany them, notifying the fact at once to the brigade-major on duty, with a view to fresh inlying piquets being mounted.

794. The captain of the day, assisted by a subaltern of the day, is to attend the parading of regimental guards, and visit them by day and night.

Camp Guard and Piquets.

795. All camp guards are ordinarily to be regularly mounted at the same hour; the piquets next for duty are to be warned at the time when those actually on duty mount. If the latter are ordered out of camp, the former

are to parade at once, and to be considered on duty. The general rules for guards are to be observed in camps, so far as applicable.

796. The strength of the inlying piquets will depend on that of the force, and on the situation and requirements of the camp. Piquets are to mount at 'retreat' generally from the brigade alarm post, and to proceed to the posts they are to occupy at night. On active service they are not to remove their accoutrements, and are to be in readiness to turn out at the shortest notice.

Police and Cleanliness.

797. The field officer of the day of the inlying piquets is charged with the police and cleanliness of the camp, and will give such orders as he may think necessary for fatigue parties to the captain of the day of each unit.

798. The captain of the day, assisted by a subaltern of the day, and quartermaster of each unit, are responsible to the field officer of the day of the inlying piquet as well as to their own commanding officer for the police and cleanliness of the camp.

799. No traffic of any kind should be allowed along the front of the camp, or through the tents. All carts, wagons and horses should pass through the intervals and along the rear. All persons coming to the camp to sell articles of any kind must be confined to this place, and not allowed to wander about the camp and a piquet under arms should remain in the market until it is cleared. The staff-officer should arrange a tariff of prices at which various articles may be sold, and no departure from this should be allowed, all articles being paid for in ready money.

800. Women of loose character should be carefully excluded from the camp; they are often employed as spies.

801. The camp police should make rounds at uncertain times through the camp, and summarily arrest all who may contravene the orders.

Latrines.

802. Latrines should be made as soon as the troops arrive on the ground. A trench 4 feet deep, 1 foot wide at the bottom and 2 feet at top, the length to depend upon the number of men it is required for, but as a rule 18 to 20 feet in length will suffice for one night, and should be invariably filled in, in the morning.

Cooking.

803. To cook rapidly and well is an art which can be easily acquired, and which every soldier should learn. It is a matter of paramount necessity that soldiers' food should be carefully looked after, and this should never be left to a non-commissioned officer, but should be carefully attended to by the officers themselves.

REGULATIONS FOR THE ROYAL SCHOOLS OF MILITARY INSTRUCTION FOR THE ACTIVE MILITIA OF THE DOMINION OF CANADA.

804. Schools of military instruction are established in connection with corps enlisted for continuous service, for the purpose of affording officers and non-commissioned officers of the active militia, opportunities of joining for courses of study and training, and to enable them to obtain certificates of qualification. The squadrons of cavalry and mounted rifles, batteries and companies of artillery, and companies of infantry embodied for continuous service, will each form a school of military instruction.

805. It will be the duty of those on the permanent strength of the establishment to maintain an efficient corps to afford the best possible instructional facilities, to treat with consideration all who are attached for instruction, and to conform to the regulations of the school.

806. The Royal School for Cavalry is at Toronto, Ont. The Royal Schools for Artillery are at Kingston, Ont., (field), and Quebec, Que. (garrison).

Instructional courses for cavalry, mounted infantry and infantry are held in connection with the Royal Canadian Mounted Rifles, at Winnipeg, Man.

The Royal Schools for Infantry are at London and Toronto, Ont., St. Johns, Que., Quebec, Que., and Fredericton, N.B.

807. Unless otherwise directed, individuals desiring instruction will be required to join the school for the branch of the service to which they belong nearest to the headquarters of their corps.

In addition to the foregoing, courses for instruction in equitation for officers of dismounted units will be held as follows :—

Royal Canadian Dragoons, Toronto, Ont. A course each month.

Royal Canadian Mounted Rifles, Winnipeg, Man. A course each month.

A course for equitation will last for a period not to exceed 28 days; but so soon after the commencement of a course as any candidate is prepared to qualify, his examination will take place.

808. Officers who desire to be examined in equitation may be permitted to appear before a board assembled for that purpose by order of the Adjutant General.

The examination will be confined to horsemanship, and to the handling of the sword as mounted officers of infantry.

Applications for boards will be forwarded through the usual channel to the Adjutant General, setting forth the place and approximate dates convenient to the applicants.

Qualifications of Officers.

809. The following certificates are required to be held by the different ranks of officers.—

Subalterns—A subaltern's certificate.

Captains—A captain's certificate.

Field officers and adjutants—A field officer's certificate.

As soon as the necessary arrangements can be made, field officers will be required to pass an examination before being promoted to the rank of lieutenant-colonel and given regimental command. The different subjects of the examination will be published from time to time in Militia Orders.

Provisional Schools of Instruction.—All Arms.

810. Special courses of instruction for officers who are desirous of qualifying for special course certificates may be authorized from time to time at convenient stations in the several military districts.

811. The district officer commanding in recommending the establishment of one of these provisional schools, will forward, with his recommendation, a certified list of officers desirous of attending.

812. The district officer commanding or an officer of the permanent staff or a permanent unit, will act as commandant, and will be assisted by an officer of the permanent forces as adjutant, and such sergeant instructors as may be found necessary.

813. The hours for drill, lectures, syllabus of instruction, &c., will be detailed by the officer commanding the school, and will be submitted in each case to headquarters for approval.

814. An examination for special course certificates will be held at the termination of each course. This examination will be under the superintendence of the officer commanding one of the royal schools of the arm of the service for which the school has been established. He will, if necessary, be assisted by one other officer of the permanent forces, and the adjutant of the provisional school.

815. The officer under whose superintendence the examination is to be conducted will furnish the written examination papers.

816. The rules for examination will be the same as for the permanent schools.

817. Extra pay, at the rate of \$1 per diem, will be paid to the adjutant, and 25 cents per diem to the sergeant instructors, for duty in connection with one of these schools when the school is established at the station to which the adjutant or sergeant instructors belong, and when such duty is in addition to their regimental duty. \$2.50 per diem will be paid to the adjutant of schools established at any place other than a station of the permanent unit to which the adjutant belongs, to cover lodging and subsistence.

818. No pay will be allowed to officers attending for instruction, but there will be paid an allowance of \$1 per diem in lieu of subsistence to those officers who obtain certificates and are not resident in, or in the immediate neighbourhood of, the city or town in which the provisional school is being held, and such officers having secured certificates, will also be allowed transport from their homes to the provisional school and return.

819. The necessary transport will be furnished to the adjutant and sergeant instructors detailed for special classes of instruction by the officer commanding the depot from which the detail is furnished.

Discipline.

820. The instruction, drill and discipline of the schools will be carried out under the supervision of their respective commanding officers.

821. The officers and non-commissioned officers attached from time to time for instruction shall, for the purposes of discipline, be held to be called out for active service, and be subject to the laws and regulations which, under the provisions of the 'Militia Act,' apply to officers, non-commissioned officers and men called out for such service.

822. The attached officers will rank among themselves according to their militia rank, but on all duties connected with the schools they will, whatever rank they may hold, be considered as junior to the permanent officers of the corps composing the schools.

823. Applications for the trial by district court martial of persons subject to military law are to be accompanied by a return showing the number of qualified officers belonging to or attached to the corps who are available to be detailed as members of the court.

If attached officers are detailed as members of such courts, they are entitled to seniority according to their militia rank.

824. The commanding officers may dismiss from their respective schools attached non-commissioned officers who at any time, by their conduct, character or from other causes, are not likely to benefit the service by their retention in schools of instruction, reporting each case to headquarters.

Leave of Absence.

825. Commanding officers may, in cases of necessity, grant permission to attached officers and non-commissioned officers whose regimental debts have been paid, to leave the school before the termination of their course, but in such cases no return transport will be issued.

826. A return of all leaves is to be forwarded monthly to headquarters. Temporary leave of absence may be granted by the commanding officer to any attached officer. Permission to rejoin at a subsequent date will, however, be conditional upon there being a vacancy.

827. Commanding officers are not to grant leave of absence to any officer of their corps during a 'Course,' except from Saturday until Monday morning, which leave they may grant occasionally.

828. The officers commanding schools of instruction may absent themselves for a period of three days, at any time, but as their continued presence at the school is most desirable, it is expected this leave will not be taken advantage of during a 'Course,' except under particular circumstances; and at no time will they allow their second in command to be absent at the same time as themselves.

829. Longer leave, when necessary, will be applied for in the usual manner between the courses.

830. When an officer commanding a school of instruction wishes to come to headquarters, he must apply for permission, stating the object of his coming.

831. Officers commanding artillery schools will receive authority through the Adjutant-General to leave their schools when required for inspection duty.

832. An officer commanding a school of instruction who is also district officer commanding his district will send in a memo. to headquarters when he has to leave on inspection duty stating the day of his leaving and the day of his probable return.

Courses of Instruction.

833. Ten officers and twenty non-commissioned officers (previously recommended) are authorized to join each cavalry, artillery and infantry school for a 'short course' of instruction to last three months; on the termination of which the officer commanding the school may select, from those officers and non-commissioned officers one or more of the most efficient, and recommend their being retained for a 'long course'; but in no case is the establishment to be exceeded. The 'long course' of instruction for the cavalry and infantry will last six months, for the artillery, nine months. In the case of officers, three months is to be passed in attendance at the Royal Military College.

834. In the case of officers an elementary knowledge of drill will be required on joining, and an advanced syllabus of instruction for officers will be carried out.

835. An officer having passed the required examination will not be permitted to take a long course at any of the Royal Schools of Instruction, or at the Royal Military College, with a view to qualifying for appointment as an officer of a permanent unit of the militia, unless recommended by the officer commanding the school from which he received his certificate, as being likely to make an efficient officer of the permanent forces.

836. Special course certificates will be obtainable by officers and sergeants, only on passing the required examination after not less than seven days residence at one of the permanent schools of military instruction or after a special course of instruction at an authorized provisional school.

837. In order to afford all the facilities possible, officers commanding schools of instruction may, without reference to headquarters, permit officers and non-commissioned officers belonging to the active militia who prefer to reside at their homes or in lodgings, to receive instruction in their respective schools by daily attendance thereat, during specified hours; but no person attached for instruction who does not reside in barracks will receive either transport, pay, rations or other allowances as a charge against the public.

The number authorized to receive instruction with permission to reside at their homes or in lodgings may be in addition to the ten officers and twenty non-commissioned officers authorized to be 'attached for instruction.'

838. No officer or instructor of the schools of instruction is to receive extra pay or pecuniary remuneration from any attached officer or non-commissioned officer for instruction imparted either in or out of the regular hours.

839. Each person attached for instruction will receive a free issue of one copy each of the regulations for the school and of the standing orders of the corps forming the school to which he is attached. All other books, and the paper and stationery required for instructional purposes, must be procured at the expense of the person requiring such for his use. The books of authorized editions and the paper of uniform description are to be as directed by the officer commanding the school.

Messing.

840. The officers and non-commissioned officers attached for instruction, except those specially exempted, will all be members of the established regimental messes.

841. The authorized ration for each officer living in mess will be issued to the messman for the benefit of the mess.

842. Bills incurred at regimental messes will form a first charge upon the pay of the person who incurred them, and to this end the pay cheques of all attached officers will be transmitted to them through the officer commanding the school.

843. If an officer, on completion of his course, or when about to leave the school—is in arrears in his mess bill, he is not to be detained at the school pending payment, but return transport to his home if he is otherwise entitled to it, is not to be granted to him, and the officer commanding the school will, without delay, report the case to headquarters stating the amount the officer is in arrear.

Regulations for Admission.

Officers Joining.

844. All applications for courses of instruction are to be forwarded to the officer commanding the district to which the applicant belongs, through the proper channel. The district officer commanding will take the necessary action and will, if the application is approved, inform the applicant of the date he will have to join for the required course of instruction, enclosing the necessary transport. At the same time he will notify the officer commanding the school.

845. Officers, and non-commissioned officers are not to join a permanent school of instruction until they have been duly notified.

846. At the beginning of each course, officers commanding permanent schools will forward for the information of their district officer commanding and that of the Adjutant General, a list

(a) Of the applicants who have reported.

(b) Of those who have failed to do so.

District officers commanding in forwarding the names of those classed under (b) will make the proper inquiries as to the cause of their failing to report and forward reasons, if necessary, with their remarks for the information of the Adjutant General.

847. If any individual applies to join a school of an arm of the service other than his own, or to join a school of his arm other than the one authorized for corps in his district, such applications, with explanations relating thereto, are to be forwarded by the district officer commanding to the Adjutant General.

848. When application is made on behalf of any officer or non-commissioned officer to be attached for a course of

instruction it must be shown whether or not he has previously been attached to any school, and if previously attached, the school, the date and period he attended and the nature of the certificate obtained must be specified.

849. Applications on behalf of the Long Course Officers who desire to attend the Royal School of Artillery, Kingston, and the Royal Military College of Canada, for completion of their Long Course, will be made by the respective commandants of schools to the Adjutant General, headquarters, not less than one month before the commencement of the college course.

850. All officers of field companies, Canadian Engineers, must obtain the following certificates for qualification :—

(1) Infantry Certificate (as for infantry officers of corresponding rank).

(2) Equestration Certificate (as for mounted officers generally).

(3) Field Engineers drill.

Written examination—Chapters I., II. Chapter III., sections 26 to 30, both inclusive. Chapter IV., part I., chapter V., part I, chapter VI., part I., chapter VII., parts I., II., and part V. (sections 209 and 210), and parts VI., VII., IX., X. Practical and oral examination—Chapter IV., parts II., III., and IV. Chapter V., parts II and III. Chapter VII., part V to section 209. Appendices II and III.

(4) Technical Certificate. (For all ranks).

(a) Military engineering.

Part I., sections 1 to 15, both inclusive.

Part II., sections 1, 3, 7, 8, and 10.

Part III., sections 1 to 9, both inclusive, and sections 12, 14, 15, 16, 18, 19 and 20.

Part IV., sections 1 to 14, inclusive, with the exception of section 4. Section 8 generally.

Part V., sections 1 to 10, both inclusive.

(b) Military surveying and reconnaissance.

Text book of military topography 'Richards' sections 1 to 11, both inclusive, and sections 13, 16, 22 and 24.

(1) and (2) may be taken at a provisional school. A theoretical examination will be held in (3) and (4) at district headquarters, or other convenient place, and a practical course and examination at a camp of training.

Non-Commissioned Officers Joining.

851. It is to be understood that a fair proportion by regiments of non-commissioned officers are to be admitted to these schools of instruction.

852. Officers commanding corps are requested to exercise care and judgment in the selection and recommendation of the non-commissioned officers they are desirous of sending for a course of instruction; they should in all cases be able to read and write fairly. Persons who cannot do so do not possess the requisite qualification for non-commissioned officers, and should not, therefore, be sent for instruction.

These schools are instructional in military subjects, not educational in the sense of teaching persons to read and write. A primary object is that those instructed may become the instructors of others when they return to their several corps. It will thus be seen how necessary it is to send only persons to the schools who possess requisite qualifications, physical and mental, for the acquirement of instructional ability.

853. When any non-commissioned officer having been found 'physically unfit' for service, or who cannot read and write fairly, has been directed to be returned to his corps, the officer commanding the school may issue to such non-commissioned officer a return requisition for transport, the expense of which will, with other expenses incurred, be required to be made good by the officer commanding the company to which the non-commissioned officer belongs. A report in every such case, embodying an account of all expenses incurred, is to be made to headquarters by the officer commanding the school.

854. Not only must officers commanding corps exercise great care in selecting or recommending applicants for courses of instruction, but they must also ascertain that, besides physical fitness, these men possess more than an average degree of intelligence, that they have fair educational attainments; and that they possess aptitude for imparting the instruction they may receive, to others.

855. Non-commissioned officers recommended must have completed at least twelve months' service in the corps to which they belong; and must have attended the last annual training of their corps, except in special cases,

when the commanding officer will be required to add to his recommendation his reasons for wishing to send individuals who have not complied with the above conditions.

Officers commanding the corps neglecting to comply with these instructions, will incur a very serious responsibility, for which they will be strictly held to account.

856. Officers commanding schools of instruction will not only see that these rules are complied with, but they will so arrange that by the constant supervision of an officer detailed for the purpose, attached non-commissioned officers who give evidence by want of intelligence or educational attainment that they are not likely to become efficient non-commissioned officers, are to be immediately returned to their corps, and the case promptly reported to headquarters.

857. Commanding officers are not to appoint members of their corps, about to join a school, non-commissioned officers merely to give them rank. They should see that all persons sent to the school are provided with proper uniforms.

Certificates of Captains and Surgeons.

858. Each non-commissioned officer proceeding to join a school must be provided with a certificate (on printed form) from the captain of his corps, also, on same form, a surgeon's certificate of required standard, state of health and fitness for service, which must be produced on joining the school to the officer in command. The examination by surgeon must be within ten days of date of joining.

859. The standard for chest measurement is not less than 34 inches, height for artillery, not less than 5 feet 6 inches ; for other corps, 5 feet 5 inches.

860. The certificate of required standard, state of health and fitness for service, of non-commissioned officers belonging to a corps at a city or place where a school is maintained, is to be given only by the respective surgeons of those schools. This order applies also in cases where the person to be examined belongs to a different arm of the service, and is about to proceed to another station and join a school of his arm of the service. No fee will be charged for any such examination and certificate.

Allowances for Medical Examination of Recruits and Applicants for Courses of Instruction.

861. When there is at a recruiting centre a militia medical officer doing duty with troops, all men who are required to be medically examined for enlistment in the militia permanent forces, or for a special service, for admission to a school of military instruction, or as a candidate for admission to the Royal Military College, will be sent to such medical officer for examination ; no fee will be paid for such examination and certificate.

(a) When there is no medical officer on duty, one will be detailed as medical examiner by the district officer commanding, or in his absence, the recruiting officer ; he will receive pay in lieu of that of his rank at the rate of \$1 per man examined ; if more than three are examined in one day, the rate of pay will be 50 cents for every additional man examined during that day.

(b) When no militia medical officers are available as examiners a civilian practitioner may be employed by the district officer commanding or recruiting officer at the above rates of remuneration ; he must make himself acquainted with the regulations governing the examination of recruits.

(c) One militia Form 'B' 41 is to be filed by the examiners at the time of the examination of each individual, and a nominal roll of all men examined is to be attached to their claims for payment when submitted.

(d) A medical examiner will be held responsible for and may be called upon to make good the expenses incurred by the public, for a recruit who may be subsequently rejected by an inspecting officer as unfit for service for physical or mental reasons.

(e) When recruiting is urgent, or when many recruits are awaiting examination, additional examiners may be employed.

Transport Expenses.

862. Officers authorized to join a school for a 'short' or 'long' course of instruction will be entitled to receive a transport requisition for a first-class fare. Such requisitions are to be exchanged for a ticket by rail or boat previous to beginning the journey.

863. Officers authorized to join for any course of instruction, will all be entitled to receive a requisition

for transport, but will refund the amount of a first-class fare to the school if unsuccessful in obtaining certificates of qualification and deposit the same to the credit of the Receiver-General.

864. The actual and reasonable expenses of the journey, other than transport, will be refunded to officers on qualification.

865. Non-commissioned officers proceeding from the headquarters of their corps to join a school or returning therefrom after completing their course of instruction in the school will be entitled to transport requisitions for second-class fares by rail or boat.

866. When proceeding to or returning from the school, the requisition will be issued by the officer commanding the school.

867. If any person authorized to join a school obtains transport at the public expense, and fails to join for the course, and permits the requisition to be used by other than the person for whom it was issued, he will be held to account therefor.

Pay, Rations and Allowances.

868. Commissioned officers attached for a short course of instruction, pay, \$1 per diem; non-commissioned officers attached for a short course of instruction, pay 50 cents per diem.

Trumpeters or buglers under 18 years of age attached for a short course of instruction, pay, 40 cents per diem.

869. Officers who provide board and lodging at their own expense, \$1, non-commissioned officers, 75 cents per diem.

870. Officers of permanent units attached for the purpose of obtaining their qualifying certificates will not be entitled to the \$1 per diem. They will continue to receive the pay of their rank from the corps to which they belong, and will be provided with quarters and rations at the school.

871. Officers and non-commissioned officers attached for a 'long course' will be paid at the same rates as those attached for a 'short course.' In either case, pay is only to be drawn for the days the person is actually present at the school.

872. If any attached non-commissioned officer leaves a school before completing his course, he will be required to pay a contribution at the rate of \$2 per month for the unexpired portion of his service, in diminution of the cost of serge clothing issued for his use while in attendance.

Special Regulations for the School of Musketry.

873. A school of musketry known as the Canadian School of Musketry is established with headquarters at Ottawa.

Staff.

874. The Staff will be composed as under :—

1 Commandant and chief instructor.

1 Officer instructor.

1 Quartermaster sergeant instructor.

2 Sergeant instructors from the Royal Canadian Regiment.

Courses of Instruction.

875. Courses of instruction will be held for officers and non-commissioned officers during the months of July, August, September and October of every year.

Courses of instruction will commence on the first Mondays in July and September respectively.

Duration and Syllabus.

876. Each course will be of six weeks duration and will include lectures and instructions in :—

(a) Target practice and range finding.

(b) Armoury work (practical).

(c) True range equipment and management.

(d) Rifle ranges, their selection and requirements.

(e) S.A. ammunition, testing and manufacture of.

(f) Musketry regulations and drill.

(g) Theoretical principles.

Certificates.

877. There will be two (2) classes of certificates, 'Ordinary' and 'Extra.'

Pay.

878. The same rates of pay will be drawn as at other schools of instruction.

879. Soldiers, servants or batmen will draw the same rate of pay as that of privates in the permanent forces.

Allowances.

880. An allowance in lieu of subsistence shall be paid at the rate of \$1 per diem for officers, and 75 cents per diem for non-commissioned officers and soldier servants or bätmen.

881. Field officers will be allowed one bätman each. Other officers one bätman to each four officers. Bätmen will be available for drill purposes and for general work at the discretion of the commandant.

Lodgings.

882. A camp will be formed at the Rockliffe Range, which will continue during the courses of instruction. Bell tents with floors will be provided as under :—

Field officers, one tent each.

Other officers, one tent per two officers.

Non-commissioned officers, one tent per three non-commissioned officers.

Camp bed with mattress, bolster, blankets rug and waterproof sheet will be provided each officer, non-commissioned officer and man.

Transport.

883. As for other schools of military instruction.

Applications to Join.

884. Applications for courses in musketry instruction will be made to headquarters through the district officer commanding.

Each application must be accompanied by a certificate from the applicant's commanding officer that he is proficient in the firing exercise.

885. Only officers holding certificates shall be eligible for the appointment of regimental musketry instructor.

Musketry Instructors.

886. Officers detailed as musketry instructors and attached to the staff of the camp commandant by authority from headquarters will draw the pay of their rank.

Clothing of Officers Attached to Royal Schools of Instruction.

887. The officers of the schools of military instruction and those attached for instruction, are at all times to appear in uniform in barracks or camp, or in the streets of the city or town near which they are quartered, the exception being when plain clothes are worn for boating, athletic exercises, walks, rides or drives in the country, or evening entertainments if of a private or unofficial character.

888. Officers joining for a short course will be required to provide themselves with the uniform authorized for their corps. Additional for winter months; great coat, fur cap and gloves and winter boots.

Officers commanding schools of instruction will see that this regulation is strictly carried out in the several schools.

Clothing of Non-Commissioned Officers Attached to Royal Schools of Instruction.

889. Non-commissioned officers joining for a short course must take with them the uniform authorized for their corps. Upon joining the school they will only be provided free of charge with a serge frock and a pair of serge trousers, or pantaloons for mounted services. Great-coats will be issued at the schools for wear during the course of instruction, also fur caps and mitts during the winter course.

Certificates.

890. Certificates will be granted and issued according to instructions published in general orders.

Examinations.—All Schools of Military Instruction.

891. Examinations for certificates will be held at the termination of each course of instruction and will be open to all officers, non-commissioned officers and men belonging to the permanent forces or officers and non-commissioned officers attached for a course of instruction.

892. The knowledge of each candidate in drills and exercises is to be tested practically on parade.

893. The examination in subjects of theoretical instruction will be conducted by means of papers containing not less than ten (10) questions on each subject, and candidates will be required to give written replies to these questions, three hours being allowed for each paper.

894. The papers of questions will be prepared by the officer commanding the school of instruction. The ques-

tions will be numbered, and the full number of marks assigned to each question will also be shown on the examination paper. The papers will be examined by the officer commanding the school or an officer appointed by him, and the marks assigned to the candidate for each answer shown.

895. The date and hour for issue and the full time allowed for answering the whole set of questions will be conspicuously stated at the head of the each paper.

896. The papers of answers in writing of each candidate will be indicated by a number at the top of each. Under no circumstances may his name appear in any such papers.

897. All diagrams, maps or other objects having reference to the subject of examination must be removed from the examination room; also all books, scraps of paper or other things of which the candidate might make use of.

898. An officer will be required to be present during the examination, and it will be his duty to see that no conversation whatever takes place between the candidates, that no one is permitted to leave the room before handing in his written answers, and that no opportunity is afforded to any candidate to obtain information from any other.

899. The officer detailed to be present during the examination will certify at the foot of each set of worked papers as follows, viz. : 'I hereby certify that having been detailed to attend during the examination, I was present thereat, that these papers were worked in my presence by the candidate, of whose identity I am satisfied, and that the rules for the conduct of the examination have been strictly complied with.

ARMY MEDICAL SERVICES.

900. The army medical services of the Canadian Militia shall consist of two distinct branches :—

I. The Army Medical Department.

II. The Regimental Medical Service.

I.

901. The Army Medical Department shall consist of:—

(1). The Medical Staff.

(2). The Army Medical Corps.

(1).

902. The Medical Staff shall be composed of:—

(a) The Director General of Medical Services with rank of colonel;

(b) A principal medical officer for each district;

(c) Such other medical staff officers as may be deemed necessary; but in no case shall the number of such staff officers exceed that laid down in the establishment lists annually approved by the Governor in Council.

903. All principal medical officers not belonging to the Permanent Active Militia Army Medical Corps will receive an allowance of \$300 per annum.

For the above mentioned allowance, principal medical officers, in addition to their ordinary duties and without further charge to the public, will carry on the examination of recruits for the permanent forces; and the presidency of all medical boards held within their own district.

(2).

904. The Army Medical Corps shall be composed of:—

(A) The Permanent Active Militia Army Medical Corps, to be composed of:

(a) Director General of Medical Services (colonel), in command;

(b) 1st class clerk for Director General of Medical Services, (warrant officer);

(c) Medical officers in charge of permanent station hospitals;

(d) One ward master and one assistant ward master for each station hospital;

(e) Three hospital orderlies for each station hospital;

(B.) The Militia Army Medical Corps, to be composed of:—

(a) Medical officers;

(b) Dental surgeons;

(c) Nursing sisters;

(d) Non-commissioned officers and privates, to be enlisted in the corps, and to the posted, as circum-

stances may require, to the various bearer companies and field hospitals of the corps.

905. The number of medical officers, dental surgeons, nursing sisters, and non-commissioned officers and privates to compose the Army Medical Corps shall be such as from time to time may be deemed necessary, but in no case shall the number exceed that laid down in the establishment lists annually approved by the Governor in Council.

Rank and Authority.

906. The ranks and the designations of officers of the Medical Staff and of the Army Medical Corps, except for dental surgeons and nursing sisters, shall be combatant, that is to say, their ranks and designations shall be colonel, lieutenant-colonel, major, captain and lieutenant, respectively, but their command and authority shall not extend beyond the Army Medical Corps and the patients who from time to time may be under their charge.

Dental surgeons shall be given on appointment the relative rank of lieutenant, and after five years, that of captain, (but in no case shall his official designation be other than 'Dental Surgeon'). The establishment of the dental corps is in no case to exceed 18. The pay of a dental surgeon shall be that of his relative rank. He is not to be detailed for duty except on authority from headquarters; and he is to be given pay and allowances for those days only on which he is actually employed under that authority.

Nursing sisters shall be given the relative rank of lieutenant, that is to say, their respective precedence shall be that of a lieutenant, but in no case shall their official designation be other than 'Nursing sister,' and they are not to have any military command or authority. It is to be distinctly understood, too, that a nursing sister is not to be detailed for duty except on authority from headquarters, and that she is to be given pay and allowances for those days only on which she is actually employed under that authority.

Pay and Allowances.

907. The pay and the allowances for officers of the medical staff, and for medical officers, dental surgeons, and nursing sisters of the Army Medical Corps, and for permanent forces, and regimental medical officers will be as laid down in para. 543 for regimental officers of equal rank in the active militia; and para. 985 for officers of equal rank in the permanent forces, respectively.

Qualification.

908. The qualifications of candidates for appointment and promotion in the Army Medical Department shall be such as may from time to time be laid down in militia orders, approved by the Minister of Militia and Defence.

II.—The Regimental Medical Service.

909. The number of regimental medical officers to be from time to time appointed shall be such as may be laid down in the establishment lists annually approved by the Governor in Council.

910. The ranks and the designations of regimental medical officers shall be combatant, that is to say, their ranks and designations shall be major, captain and lieutenant respectively, but the command and authority of a regimental medical officer shall not extend beyond the bearer section of his own corps and the patients who from time to time may be under his charge.

911. The qualifications of candidates for appointment and promotion as regimental medical officers shall be such as shall from time to time be published in Militia Orders.

912. The services and the duties of a regimental medical officer are to be strictly limited to his own unit, and while he belongs to that corps he will not be eligible for appointment on the medical staff, or for employment on medical staff duties, the intention being that appointments to the medical staff will in future be made from the Army Medical Corps and from the Reserve of Medical Officers.

III.—Promotion.

913. For the purposes of promotion, the officers of the permanent active militia army medical corps and officers of the militia army medical corps will be considered as belonging to two district branches, and promotion will

take place upon the same principle as that in a regiment or corps.

Regimental Service.

914. Promotion subject to the necessary qualifications will take place as follows:—

After one years' service as lieutenant to be captain.

After four years' service as captain, to be major.

After ten years' service as major, regimental medical officers may be given the rank of honorary lieutenant-colonel, and their period of service extended, or they may be transferred to the reserve of medical officers, or the retired list, as the case may be.

Veterinary Services.

915. Veterinary officers shall upon appointment to a corps of active militia be given the substantive rank of veterinary lieutenant.

916. After five years' service veterinary lieutenants may, if recommended by their commanding officer, be promoted to the rank of veterinary captain, and veterinary captains after ten years' service in the rank, may likewise be promoted to the rank of veterinary major.

917. Veterinary officers who have served consecutively during twenty years as veterinary officer in any corps of active militia may be placed upon the retired list with the honorary rank of veterinary lieutenant colonel.

918. The pay of veterinary officers shall be as laid down in para. 543 according to the substantive rank held.

919. The above regulations will apply to veterinary officers of the permanent forces with regard to appointment and promotion, but not as regards pay, these officers being paid as laid down in para. 985.

920. Recommendations for the appointment of veterinary officers are to be submitted on militia Form C 1, duly completed.

921. Veterinary officers recommended for appointment will be required to hold a certificate of graduation or a diploma from a recognized veterinary college, the holding of which will be certified to by the officer commanding the corps.

922. The horses of mounted units will be inspected by the regimental veterinary officer before proceeding to camp.

Any horse not actually fit for service is not to be allowed to proceed on this duty.

923. The camp commandant will arrange for the inspection (and treatment if necessary) by a veterinary officer of any horses of units (or of staff officers) to which no regimental veterinary officer is attached.

924. In order to ensure the regulations respecting the inspection of horses being complied with, a mounted corps when ordered to proceed to camp for training, and there is no veterinary officer on the strength or available to proceed with the corps, the officer commanding will at once report the fact to the officer commanding the district and ask that a veterinary officer be detailed to accompany his unit during its training.

925. Veterinary officers should submit requisitions for drugs required for annual training in precisely the same manner as is done by medical officers.

926. Commanding officers of mounted units will produce at inspection, militia book C 55—'descriptive return of horses,' duly completed to date.

Courses of Instruction.

927. Courses of instruction will be held for fifteen days for veterinary officers attached to cavalry and artillery.

928. Officers undergoing the course will be attached to the Royal Canadian Dragoons and Royal Canadian Field Artillery. The usual allowances will be given as in the case of schools of cavalry and infantry.

929. Class for veterinary officers to cover a period of 15 days.

Subject.	No. of days.	*Test Books and Books of reference.

REGULATIONS AND ORDERS FOR THE PERMANENT FORCES.**Appointments of Officers to the Permanent Forces.**

933. A candidate for appointment to a unit of the permanent forces will be required :

(a) To be unmarried, and between the ages of 18 and 25 on the first of January of the then current year.

(b) To be a British subject by birth or naturalization.

(c) To undergo an inspection by a medical board as to the candidate's fitness in every respect for military service.

(d) To be in possession of a diploma of graduation from the Royal Military College of Canada, and to be

recommended for appointment by the commandant of the college, or

(e1) To have attended three annual trainings as a commissioned officer of a corps of active militia ;

(e2) To be recommended by the commanding officer of such corps and the district officer commanding the district as being in every way fitted for appointment to the permanent forces ;

(e3) To have passed the matriculation examination of a chartered university of Canada, or to have qualified for admission to the Royal Military College, Kingston, or to pass each literary and professional examination as may be prescribed.

(f) All officers appointed, not being graduates of the Royal Military College must obtain within eighteen months after their appointment a first-class long course grade 'A' certificate of the arm of the service to which they belong, their rank in the permanent forces to be provisional until such certificate is obtained when it will be confirmed from the date of the original appointment.

(g) A candidate for the permanent forces, Royal Canadian Engineers, must be in possession of a diploma of graduation from the Royal Military College of Canada.

934. All appointments to the permanent forces shall be on probation for three years. At the expiration of each year of the period of three years a special report will be made by the two senior officers of the unit to which the officer belongs, recording their opinion whether his retention in the service is in every respect desirable and likely to be advantageous to the permanent forces. In the event of an officer being unfavourably reported upon twice, the Minister of Militia and Defence may, after a careful consideration of the case, and finding the unfavourable reports are well founded, recommend that the officer's name be removed from the list of the permanent forces.

Qualification of Officers of the Staff and Permanent Forces.

935. Officers of permanent units and permanent staff are required to qualify for each step of substantive rank by passing the same examinations for promotion as officers of the Imperial Army.

(a) Special permission will be given to enable officers to qualify in subjects C, D and G, appendix VII, King's Regulations, by attending the long course at the Royal Military College.

(b) In the syllabus laid down in appendix VII (e), the horse artillery subjects will be omitted for field artillery officers and the mountain artillery subjects for the garrison artillery.

936. Officers appointed to the permanent staff from the active militia will be required to be in possession of the same qualifications as are required to be held by officers of the same rank in the permanent forces.

937. Officers of the permanent forces in addition to performing garrison and other duties shall also serve as practical schools of military instruction, by affording officers and non-commissioned officers of the militia opportunities of joining for courses of study and training.

938. The officers, non-commissioned officers and men of such corps, as well as the officers and non-commissioned officers attached from time to time for instruction, shall, for purposes of discipline, be held to be called out for active service and be subject to the laws and regulations which, under the provisions of the Militia Act, apply to officers, non-commissioned officers and men called out for such service.

939. The regimental establishment of the different units of the permanent forces will be authorized annually.

940. Officers of the militia attached to the permanent forces for duty will have the relative status, command and authority of officers of the permanent forces during the time they may be so employed.

Married Establishment of Officers, Non-commissioned Officers and Men.

941. (1) The only officers of the permanent forces who will be recognized as having any claim to married quarters or to the allowance in lieu thereof, will be officers holding the regimental rank of field officers and captains in order of seniority, it being distinctly understood that brevet rank gives no claim whatever in regard to quarters.

(2) Those officers who are at present borne on the married roll of their units will continue to occupy quarters, or to receive lodging allowance in lieu, at the rates they are at present in receipt of.

942. With the exception of such subaltern officers, who were married previously to the 1st of July, 1901, officers of the permanent forces below the regimental rank of captain will only hold their commissions as long as they remain unmarried, but this rule may be relaxed upon authority obtained from the Minister, in the case of officers who have completed six years' service in the rank of lieutenant, on the recommendation of their commanding officer, who must satisfy himself that the officer's means are such as will enable him to maintain his family in a manner befitting his position as an officer.

943. The married establishment of non-commissioned officers and men of the permanent forces is fixed at 12 per cent of the establishment of each unit, therefore those non-commissioned officers and men who are admitted to the married establishment will be provided with government quarters where practicable.

944. A soldier, other than a warrant officer, will not be placed on the married roll unless he has obtained the consent of his commanding officer before marriage.

945. Permission to marry, which is not to be given in anticipation of a vacancy, will be granted by the officer commanding the regiment or battery to which the applicant belongs.

946. Permission to marry will not be granted unless—

- (a) A vacancy exists on the married establishment.
- (b) The commanding officer has satisfied himself as to the woman's character.
- (c) The soldier, if below the rank of sergeant, has :
 - 1. \$25 in the savings bank.
 - 2. Seven years' service, exclusive of boy's service.
 - 3. Two good conduct badges.

The Minister of Militia and Defence may, on the recommendation of commanding officers, permit a soldier not fully qualified under (c) to marry, provided that a vacancy exists and that no fully qualified applicant is waiting.

947. A soldier who marries without the consent of his commanding officer, or who was married before enlistment, will be thereby debarred from being placed on the married roll at any subsequent time without permission of the Minister of Militia and Defence.

Such permission will not be granted unless all the conditions of para. 946 are fulfilled.

948. Where the use of quarters in excess of the number authorized by the foregoing regulations has been already sanctioned, and where the quarters are available for the purpose, they may continue as a temporary measure to be occupied by the families of non-commissioned officers and men married with leave and awaiting vacancies on the married establishment.

Enlistment.

949. The men enlisted in the permanent forces must be British subjects by birth or naturalization, between the ages of 18 and 45 (staff non-commissioned officers and trumpeters excepted) not less than 5 feet 6 inches in height for artillery, and 5 feet 5 inches for other corps, 34 inches around the chest, and the medical officer of the corps must certify in each case that the man enlisted or re-enlisted is physically fit for His Majesty's service.

950. For enlistments outside the city where the school is situated, cost of transport may be refunded, not to exceed in any case ten dollars.

951. When a man residing outside the city where a corps is stationed, proceeds at his own expense to enlist in that corps, the actual cost of his transport necessarily incurred, not exceeding ten dollars, will be refunded to him after he joins and has been regularly enlisted.

952. Men belonging to the Imperial Army Reserve, or absentees therefrom are not to be enlisted.

953. As the permanent forces form schools of military instruction for the militia, they should be models in the largest sense possible. The officers and men on the strength of the establishment, both as individuals and collectively, should afford examples of discipline, capability for duty, and conduct to those who attend the schools for instruction.

954. In order that the necessity for discharges on account of physical disability, and of punishment for infractions of military law and regulations may be kept at a minimum, care must be taken before enlisting any man for service to thoroughly test his physical condition, to make enquiry into his previous character, and to accept none who are not suitable for this service. All the men enlisted must be able to read and write.

955. Enlistments or re-enlistments in a unit of the permanent forces, will be for general service.

956. Supernumeraries as waiting men under pay or allowances to fill the places of men to be discharged on completion of service are not to be enlisted. The maximum establishment of enlisted men is not to be exceeded in any case without authority from headquarters.

957. In submitting applications for the re-enlisting of men discharged prior to the issue of General Order 69 of November 3, 1893, officers commanding permanent units will be required to obtain the documents specified in record of soldiers' services, and to submit them with the application.

958. Any man not being a British subject by birth, purposing to enlist in either of these corps, is required before being 'attested' to produce evidence that he has become a British subject by 'naturalization,' which evidence, or a certified copy thereof, is to be attached to the 'attestation paper.' Failing the production of such evidence, the man must not be attested. The fact of taking the oath of allegiance is not a sufficient compliance with the law providing for 'naturalization.'

959. Non-commissioned officers and men re-engaging for a further period of continuous service will serve on their original attestation, to which a declaration signed by the soldier will be attached (Militia Form B No. 64). They will further be required to sign the service roll of their corps and to take the oath as prescribed by the Militia Act, and by the regulations made in pursuance of that act.

Attestations.

960. The attestation to be in duplicate on form supplied by the Department of Militia and Defence, and in all cases where a man is enlisted or re-enlisted at the headquarters of, and for service in, any of the permanent corps, he will, after passing the medical examination, be attested by the officer commanding the unit. The date on which the man signs the declaration and takes the prescribed oath shall be deemed to be the date of his attestation.

961. The rank and command of the attesting officer will be inserted, after his signature to the certificate, on the first page of the attestation.

962. The attesting officer shall, in the case of embodied and city corps, be the commanding officer, in other cases, the officer commanding the squadron, battery or company in which the recruit enlists.

Transfers and Exchanges.

963. Transfers of enlisted men at their own request, when specially authorized, may be made from one squadron to another in the Royal Canadian Dragoons, or from one unit to another in the Royal Canadian Artillery, or from one company to another in the Royal Canadian Regiment, provided the expense incurred by such transfer does not exceed ten dollars.

964. When a transfer is being made, Militia Form B 4 of the man to be transferred—when duly certified by the officer commanding the unit—is to be transmitted to the commanding officer of the unit to which the man is to be transferred.

In filling in Form B 4, unless the recruit has been enlisted at one place and attested at another, both entries relating thereto will bear the same date. Remarks opposite the word 'died' on second page will be made only when the death occurs while in the corps.

Leave of Absence.

965. Officers commanding schools of instruction are not to grant leave of absence to any officer of their corps during a course, except from Saturday until Monday morning, which leave they may grant occasionally.

966. When there is no course, they may grant three days' leave only to officers of their corps, at their discretion, provided that no more than one at a time is allowed to be absent.

967. Commanding officers may absent themselves for a period of three days at any time, but as their continued presence at the school is most desirable, it is expected this leave will not be taken advantage of during a course, except under particular circumstances; and at no time will they allow their second in command to be absent at the same time as themselves.

Furloughs.

968. Furloughs may be granted by officers commanding schools of military instruction under the rules laid down in King's Regulations with the following modifications:—

1. The number of men belonging to the corps to whom furloughs may be granted annually shall not exceed 10 per cent of the total strength.

2. The furloughs not to extend beyond 21 days—for dragoons, in July or August. For other corps, in July, August or December.

3. Furloughs are not to be allowed to interfere with musketry instruction, annual drill in camps of instruction, or inspections.

4. Applications for furloughs asked for under special circumstances, must be referred to headquarters for consideration.

5. Furloughs limited to 6 weeks may be issued to non-commissioned officers and men of the permanent forces in British Columbia and Manitoba, for the purposes of visiting their homes in the provinces east of Manitoba.

969. Warrant officers are permitted to wear plain clothes under the conditions laid down for officers. Permission to dress in plain clothes when on furlough or pass may be given to non-commissioned officers and men of good character, provided that they wear uniform on leaving and returning to their station. Such permission will be entered on the furlough form or pass, and initialed by the officer granting it. Plain clothes will not be kept in barrack rooms.

Passes.

970. Passes may be granted, under the following regulations, to well conducted soldiers, to enable them to visit friends or to remain out after hours.

Passes should not be granted for periods of absence exceeding six days. For longer periods a furlough is necessary.

Permanent passes will be signed by the commanding officer. All other passes will be granted and signed by officers commanding companies, &c.

Discharge.

971. A recruit may purchase his discharge at any time within three months after the date of his attestation on payment of thirty dollars, provided his corps is not out on or warned for active service.

972. The discharge, except in cases of completion of service, of other men enrolled will only be sanctioned on special grounds approved at headquarters.

973. If any non-commissioned officer or man applies for a discharge, under the provisions of the above paragraph, before the completion of the period for which he has engaged, the application is to be accompanied by a certificate from the commanding officer of the corps that the applicant has lodged in his hands a sum of money, i.e., \$2 per month for the unexpired period of his term of engagement. Deposit to be made to the credit of the Receiver General.

974. A separate return, Form B 7, is to be sent by the commanding officer to headquarters, at the end of each month, showing the regimental number, rank and name of each man so discharged, during the month, the date of his discharge, the unexpired period of his engagement, and the amount paid therefor. The credits in the pay-list of the corps must correspond with the total receipts during the month for such discharges.

975. Return transport to the station where they were enlisted, as shown on their attestation paper, or to their residence elsewhere, if conveyance there costs no more, may be issued to men discharged after completion of their period of enlistment or re-engagement; also to men discharged as unfit for service on account of physical disability contracted through no fault of their own during their period of enlistment or re-engagement, whilst serving with their corps.

976. In the case of a soldier borne on the married establishment, transport at the public expense back to the place where he was enlisted or married, or to their residence elsewhere, if conveyance thither costs no more, may be issued to his family in the case of his death, discharge, imprisonment for six months and upwards, or in the case of his wife dying or becoming a lunatic.

977. In the case of transport being issued under paragraphs 975 and 976, the allowance is granted to cover all expenses incurred consequent on the removal.

978. Men discharged on purchase, or those attested at the place where their corps is stationed at the time of their discharge, will not receive transport to any other station.

Character on Discharge.

979. In recording a man's conduct and character on discharge, the following terms will be strictly adhered to, the period covered by the term being stated when the prefix 'latterly' or 'formerly' is used:—

- (1) Exemplary.
- (2) Very good.
- (3) Good.
- (4) Latterly good.
- (5) Fair.
- (6) Formerly good.
- (7) Latterly bad.
- (8) Indifferent.
- (9) Bad.
- (10) Very bad.

980. An 'exemplary' character will only be given to a soldier who has no entry in his defaulter sheet after the first two years of his service. Admonition will not count as an entry, except in cases of drunkenness.

Although a man may fulfil the above conditions, he will not be granted an 'exemplary' character unless the commanding officer considers him deserving thereof.

981. When a recruit is discharged before he has completed one month's service, and receives a 'good character,' the words 'during his... day's service' should be added after the word 'good' in the 'Proceedings on Discharge' and the 'Certificate of Character.'

982. In those special cases where the character recorded is 'indifferent' or 'bad,' the reason for recording such a character will be briefly stated in the 'Proceedings on Discharge,' the man's character as a soldier being separated as much as possible from his character as a man—for example: (a) conduct, 'indifferent'; has been guilty of frequent acts of absence, but is smart, willing and hard working; (b) conduct, 'indifferent' has been addicted to drink, but is a smart soldier and respectful to his officers; (c) conduct 'bad'; has been guilty of desertion, but has proved a gallant soldier in the field. Any combination of the foregoing that can be truthfully recorded in favour of the soldier should also be inserted in his certificate of character.

983. Any special qualification for employment in civil life will be entered on the 'Proceedings on Discharge' and on the 'Certificate of Character' (except in the case of men discharged with a 'bad' or 'very bad' character), immediately under the man's character, such as

'Fair, good, very good (insert trade or calling.)'

'Thoroughly trustworthy.'

'Steady and sober, &c., &c.'

'Wife (here state Christian and surname in full) is fair, good, very good (washerwoman, needlewoman, &c.);'

but no reference will be made in the character certificates to the non-possession of such special qualifications.

Pay.

984. It is to be distinctly understood that officers of the permanent staff and permanent forces holding temporary appointments to which higher pay is attached, shall draw the pay of their permanent appointment, and in addition thereto the difference only between the pay of such permanent appointment and that of the temporary one.

985. Pay of the several corps shall be as follows:—

986. Officers attached to the permanent forces for duty shall receive the pay of the ranks in which they may be serving temporarily in such permanent unit, irrespective of their militia rank. Length of service in units of active militia shall not be considered as qualifying officers for the increased rates of pay of corresponding ranks in the permanent forces after defined periods of service, as fixed by paragraph 985.

987. Officers attached to the permanent forces for instruction shall, when accompanying a permanent unit to a camp of exercise, receive the pay of their militia rank during the continuance of their service in such camp.

Increase of Pay, Command Pay and Inspecting Officers'.

988. All officers on the strength of the establishment shall receive the rates of pay shown in the scale in paragraph 985.

989. Officers acting as adjutant will be allowed 50 cents extra per diem.

990. A graduate of the Royal Military College of Canada if appointed an officer in a permanent corps will be allowed to count as service such period as he has served as a cadet after obtaining the age of 18 years.

991. The computation of time towards increased rate of pay in subaltern rank after joining, for qualification obtained before appointment, will only be made once during the whole period of the officer's service.

992. Substantive lieutenant-colonels in the permanent forces when acting as district officers commanding by appointment in general orders, will each receive an addition to their pay of \$1 per diem.

*Sergeant instructors and drill sergeants, after 3 years' service as such, will be graded as quartermaster sergeant instructors, with pay as above.

The senior or specially selected sergeant instructor in each of the following corps, viz:—

- The Royal Canadian Dragoons.
- The Royal Canadian Mounted Rifles.
- The Royal Canadian Field Artillery.
- The Royal Canadian Garrison Artillery.
- The Royal Canadian Engineers.
- The Royal Canadian Regiment.

after not less than 6 years' service as such, will be graded as sergeant major instructor, warrant officer, with pay at \$2.00 per diem.

993. One inspector of cavalry, two inspectors of artillery, two inspectors of infantry will be paid inspection pay; the inspectors of cavalry and artillery at the rate of 75 cents per diem and the inspectors of infantry at the rate of 50 cents per diem; but if an officer appointed inspector of artillery is already in command of a school of instruction, he will draw a consolidated rate of pay for the double duty of \$1.25 per diem.

994. Officers commanding schools of instruction will be paid command pay at the rate of 75 cents per diem.

995. An officer drawing command pay shall not forfeit the same for periods of absence from duty under the following circumstances:—

(1) On short leave, not exceeding one month at a time.

(2) On duty, if not for the purpose of exercising a superior and beneficial command.

(3) In consequence of sickness, if present in his district or with his corps.

996. If a commanding officer be absent under any other circumstances than those above specified, he shall forfeit his command pay from the date upon which he relinquished the command to that upon which he rejoins for duty, and it shall be issuable for the intervening period to the next senior officer present.

997. The dates for which command pay is drawn by the several officers entitled to receive it must appear on the monthly pay-list opposite to the names of those officers.

Special and Working Pay for Non-commissioned Officers and Men.

998. The non-commissioned officers or men acting as pay sergeants, provost sergeants, orderly room clerks, sergeant trumpeters and sergeant drummers, will receive 10 cents extra per diem. Wheelers, collar-makers, carpenters and blacksmiths each 20 cents per diem of seven hours, and farriers 10 cents per diem for the working days employed as such.

999. Royal Canadian Dragoons:—

One riding instructor, 10 cents per diem.

One rough rider, 10 cents per diem.

One instructor in trumpeting, 10 cents per diem.

Royal Canadian Mounted Rifles:—

Two rough riders, 10 cents per diem.

Army Service Corps:—

Bakers, 50 cents per diem.

Butchers, 20 cents per diem.

1000. One pioneer, whose duty will be the care of wash-houses and latrines, and one painter or plumber for the performance of necessary painting or plumbing, will be allowed for each permanent station, with working pay of 20 cents per diem for each working day.

1001. The hours during which work shall be performed are to be detailed in orders by the officer commanding at each station, and the acting quartermaster will be required to certify to the number of actual working days, each month for which extra pay is demanded.

1002. Artificers of the Royal Canadian Artillery will receive working pay as follows:—

	Cents per diem.
Gunner artificer.. . . .	25
Bombardier artificer.. . . .	25
Corporal artificer.. . . .	25
Sergeant artificer.. . . .	25
Staff-sergeant artificer.. . . .	25

Good Conduct Pay.

1003. Acting bombardiers, lance corporals and men under these ranks will be entitled to good conduct pay at the rate of two cents per diem for the first, three cents per diem for the second, and four cents per diem for the third year of service to be paid at the termination of engagement, and on re-engagement for a further period of three years will be entitled to good conduct pay at the rate of five cents per diem, for the first, six cents per diem for the second and seven cents per diem for the third year of re-engagement service payable as above.

The latter rate, viz.: seven cents per diem, will continue to be paid without further increase to those who re-engage for a further period.

1004. The issue of good conduct pay will, however, in any instance, be dependent upon the service being continuous, dating from first enlistment in the corps.

1005. Good conduct pay for three months, at the rate paid during the year, will be forfeited for each entry against the individual in the Regimental Defaulter's Book.

1006. Hereafter, subject to the above provision, good conduct pay may issue for broken periods, completed prior to expiration of enlistment or re-engagement in cases where men are discharged by purchase or are physically unfit for service.

1007. Men discharged on termination of period of enlistment or by purchase or otherwise, and subsequently re-enlisting in any branch of the permanent forces, will be entitled to reckon previous service for good conduct pay on the following conditions:—

- (1) That he acknowledged his former service at time of re-enlistment;
- (2) that he was, when discharged, in possession of two good conduct badges;
- (3) and that he re-enlisted within one year of discharge.

Pay-lists.

1008. A nominal and detailed list of all non-commissioned officers and men from whose regimental pay any authorized stoppages, to be credited to the public, have been deducted, will be made out monthly, certified to by the officer commanding the squadron, battery or company, and attached as a voucher to the pay-list.

1009. Officers and men of the permanent forces attached to corps other than their own for a course of instruction will continue to draw their pay from their own corps, on a pay-list certified to by the officers commanding the respective corps to which they may be temporarily attached.

These pay-lists are to be forwarded to the commanding officers of the respective corps to which they belong, whose duty it will be then to instruct their paymasters to issue the pay to those officers and men.

1010. Commanding officers are not to certify any pay-list containing a charge for increased pay, extra pay or allowances, without quoting in the column of remarks the number and date of the authority for such increased rate. Should the regulations and orders for the militia not contain the necessary authority, special authority must be obtained from headquarters at Ottawa before the certificate of the commanding officer can be given.

Paymasters are strictly prohibited from issuing such increased pay or allowances without the necessary quotation of authority on the pay-list.

PAY AND DOCUMENTS OF MEN ILLEGALLY ABSENT.

1011. The names of men illegally absent will be retained on the pay-sheets of the units to which they belong, up to the date inclusive, on which their absence is inquired into by a court of inquiry. The amount of pay, which would have accrued to them had they been present with their units, will be shown on the credit side of the account, in the column under regimental pay. It will, likewise, after the court has declared them illegally absent, appear in the debit side of their accounts under the heading 'Charges credited to the public' column 'Mulet pay.'

ALLOWANCES.

Allowance in Lieu of Quarters.

1012. Subject to authority from headquarters in each instance the following allowance will be issued to officers entitled to quarters (when public quarters are not available) to enable lodgings to be provided for them, and will not be admissible for persons in receipt of a consolidated rate of pay, which includes a provision for the hire of quarters:—

Regimental Lieutenant-colonel, \$1.25 per diem.

“ Major, 93½ cents per diem.

“ Captain, 75 cents per diem.

“ Lieutenant, 62½ cents per diem.

1013. Whenever there may be the regulated accommodation in barracks for all the officers of a corps entitled to quarters, no lodging allowance is admissible, and those married officers, who, in such case, prefer to live out of barracks, and are permitted to do so, will do so at their own expense.

1014. Claims for allowance in lieu of quarters must be supported by a certificate specifying that the officer actually provided himself with lodgings, and was not and could not be accommodated in any building belonging to or hired by the government.

1015. The expense of the first supply of coal oil lamps having been charged to the government, all subsequent charges for lamps must be borne by the corps.

1016. When gas is used in rooms appropriated as officers' quarters or mess premises, at the expense of the

officers, the annual cost of rations of coal oil, sanctioned for such quarters, may be issued in cash, upon the certificate of the commanding officer.

1017. All warrant officers, non-commissioned officers and men who are on the married establishment of their corps, but for whom government quarters are not available, will receive the following allowance in lieu :—

Warrant officers, 40 cents per diem.

Staff sergeants and sergeants, 30 cents per diem.

Rank and file, 25 cents per diem.

Allowance for Obtaining Recruits.

1018. An allowance of \$1 for each recruit secured and finally accepted for the permanent forces is authorized.

This allowance will be paid to non-commissioned officers or men of the permanent forces, obtaining recruits who are finally approved and attested. A receipt in duplicate will be forwarded by commanding officers as vouchers for such expenditure.

Allowances in Camps of Instruction.

1019. Non-commissioned officers and men, of the permanent forces acting as instructors in camps of instruction will receive the following allowances :—

1st class instructors, 50 cents per diem.

2nd class instructors, 40 cents per diem.

3rd class instructors, 30 cents per diem.

4th class instructors, 20 cents per diem.

5th class instructors, 10 cents per diem.

Government Grants.

1020. Allowances are made annually in aid of the funds of the officers' mess, \$200; men's library and reading room \$20; also, for materials for artillery repairs, shoeing smith, &c., subject to such changes and modifications as may be found necessary from time to time.

1021. The permanent corps which have been or may be supplied with band instruments at the public expense, will not be entitled to the band allowance.

Allowance for Keeping up Winter Kit and Fitting of Uniform.

1022. An allowance of three dollars in money will be granted to each non-commissioned officer and man at the commencement of the second year, and each succeeding year of his service to enable him to keep up his winter kit—articles of kit are :—winter boots, muffler, winter cap, and mitts.

1023. An allowance of \$1.50 annually will be granted for each non-commissioned officer and man for fitting uniforms issued to them by the public, on joining and anniversary thereof, except in the case of sergeants and staff sergeants, who receive money allowance for clothing.

Travelling Allowance on Joining or Transfer.

1024. Officers appointed to a commission in one of the permanent corps, will be allowed transport and subsistence en route from their homes in Canada on joining, provided the distance is over 200 miles, or from the place where they are when their appointments are made, if the cost is not more. The journey when commenced must be continued without unnecessary delay. No allowance will be made for distances under 200 miles.

1025. Each married officer will be allowed transport and subsistence en route for his wife and children, provided they proceed with him, and the distance is over 200 miles.

1026. Officers will only be entitled to free carriage for such furniture and baggage as the transport company carries free of charge with passenger. Neither transport nor subsistence will be allowed for servants.

1027. Officers, non-commissioned officers and men ordered to be transferred from one station or corps to another, will be allowed transport and subsistence, en route, for themselves, and if borne on the married establishment, for wife and children.

1028. When travelling with troops, the weight of personal baggage to be conveyed for officers, non-commissioned officers and men at the public expense will be regulated by the following scale and will be inclusive of the quantity carried free by railway or other conveyance. The rates for officers will be governed by the officer's substantive rank :—

Lieutenant-colonel, including furniture	2,200 lbs.
Major, including furniture.. . . .	1,800 "
Captain, including furniture.. . . .	1,400 "
Lieutenant, including furniture.. . . .	1,000 "
Master gunner (add 112 lbs if married)	336 "
Sergeant major (add 112 lbs. if married)	336 "
Staff sergeant (add 112 lbs. if married)	224 "
Sergeant (add 112 lbs. if married).. . .	224 "
Other non-commissioned officers and men (add 112 lbs. if married).. . . .	56 "

Note—Exclusive of the personal equipment of each soldier, including great-coat, blankets, valise, &c., which is carried free of charge, with the soldier.

Quartermaster stores, actual weight.

Hospital stores, actual weight.

Arm chests (to include squad bags and kit bags, regimental stores and stationery chest), per battery or company of 60 men, 1,500 lbs.

Add 336 lbs. additional for every 10 men over 60.

Officers' mess, actual weight not exceeding 1,000 lbs.

Non-commissioned officers' mess, actual weight not exceeding 336 lbs.

1029. Officers, non-commissioned officers and men borne on the roll of the married establishment of the corps, who are ordered to be transferred from one station to another, on the public service, and who do not travel in company with troops, will be granted an allowance to cover all expenses of whatever nature incurred by them consequent on the removal, of 25 days' pay of their rank where the distance travelled is under 200 miles, with an addition of 5 days' pay for each succeeding 200 miles, or fraction thereof. Other officers will draw one half of the above rates. Where the distance exceeds 1,000 miles, special arrangements will be made. This allowance will not apply to officers and men attending courses of instruction or on temporary detachment not exceeding six months.

1030. Officers of the permanent forces temporarily attached for instruction to schools of arms other than their own, will not be permitted to take their soldier servants with them.

1031. When a warrant officer or a sergeant instructor of the permanent forces is especially detailed to proceed on duty from his headquarters to any place, he shall be entitled to first class transport, and if the journey necessitates all night travelling, will be entitled to the necessary expenses of a berth in a sleeping carriage for the journey.

Allowance for Instructors.

1032. An allowance of 25 cents per diem is granted for a few extra instructors when absolutely required in large courses of instruction at the Royal schools.

1033. As rations will not be issued to instructors while on instructional duty away from their corps, they will receive an allowance of \$1 per diem to cover the cost of their subsistence, this allowance to be claimed for in their regimental pay-list. When detailed for duty with a corps of active militia which receives an allowance for drill instruction, their subsistence must be provided by the corps requiring their services.

Allowance in Lieu of Rations.

1034. An allowance of 12 cents per day in lieu of rations of bread, meat, groceries and vegetables, will be made to all warrant officers, non-commissioned officers and men of the permanent forces for such periods as they are actually absent from their unit on leave of absence or furlough exceeding three days.

Soldier servants accompanying officers on leave of absence, will be granted the same allowance provided rations are not drawn.

Rations.

1035. Each officer, non-commissioned officer and man will receive a daily ration, free of cost, consisting of.—

- 1 pound bread.
- 1 pound meat.
- 3 ounces bacon.
- 1 pound potatoes.
- 2 ounces flour or 2 ounces beans.
- 3 ounces jam or 3 ounces dried apples.
- 2 ounces butter or 2 ounces cheese.
- 1 ounce split peas.
- 2 ounces white sugar.
- $\frac{1}{4}$ ounce salt.

- $\frac{1}{2}$ ounce coffee.
- $\frac{1}{4}$ ounce tea.
- 1-36 ounce pepper.
- $\frac{1}{2}$ ounce vegetables, evaporated.
- $\frac{1}{2}$ ounce onions.

together with barrack accommodation, and the usual quantities of fuel and light.

1036. When officers, non-commissioned officers or men of the married establishment of the permanent forces are detached from their stations on duty, their families will be permitted to retain their quarters and to draw their rations, fuel and light during the period of such absence.

Fuel and Light in Barracks, Issue and Scale of Rations for Permanent Forces.

1037. No individual or corps is to derive profit either from purchases or sales of articles for fuel and light.

1038. Rations not drawn and those not used for the purposes for which drawn belong to the public; therefore none of the articles are to be sold except upon order from the Department of Militia and Defence; in any such case, the proceeds of the sale are to be deposited to the credit of the Receiver General.

1039. No receipts for articles required for fuel or light are to be given to contractors by commanding officers until the articles have been received into store and duly approved.

1040. In calculating fuel and light for men's rooms and fuel for men's cooking the actual strength of the corps will be taken, including sick in hospital and prisoners in barrack cells, and also men absent with or without leave, detached on escort duty or any temporary command not exceeding three days, but deducting detachments, men in district prisons, and all non-commissioned officers and men receiving a separate allowance of fuel and light. Fuel issued for cooking in guard rooms will not be deducted from that drawn in barracks.

1041. These issues of fuel and light, except to guard rooms, will be made weekly, as a general rule, but the commanding officer will exercise his discretion as to the periods.

1042. Monthly returns, at the end of every month, of all issues of fuel and light, are to be made on form B 23, and of receipts and issues, on account branch form 6, and forwarded to the department by the commanding officer.

1043. For the purpose of regulating the issue of fuel and light, the year is to be divided in the following manner, both days inclusive in each period :—

MILITARY STAFF CLERKS.

1045. The employment of non-commissioned officers of the permanent forces as military staff clerks at headquarters and district headquarters is authorized.

1046. A non-commissioned officer selected for this employment will serve a probationary term of three months, the pay to be, during this period, that of his rank, and, in addition, if serving elsewhere than at the station to which his corps belongs, \$1 per diem in lieu of quarters, rations, fuel and light.

1047. At the end of his probationary term, if his work is found satisfactory, he will be appointed sergeant staff clerk. If serving at the same station as his corps and liv-

ing in barracks, he will receive \$1.10 per diem. If serving elsewhere than at the station of his corps, he will receive consolidated pay at the rate of \$2.10 per diem in full of all pay and allowances.

1048. After serving three years as sergeant staff clerk and if recommended by the officer under whom he is serving, he will be promoted to colour sergeant staff clerk, with pay at the rate of \$1.35 per diem, if serving at the same station with his corps and living in barracks. If serving elsewhere than at the station of his corps, he will receive consolidated pay at the rate of 2.35 per diem in full of all pay and allowances.

1049. After serving three years as colour sergeant staff clerk, and if recommended by the officer under whom he is serving, he will be promoted to quartermaster sergeant staff clerk, with pay at the rate of \$1.60 per diem, if serving at the same station with his corps and living in barracks. If serving elsewhere than at the station of his corps, he will receive consolidated pay at the rate of \$2.60 per diem, in full of all pay and allowances.

1050. There shall be selected from the whole body of military staff clerks one sergeant-major staff clerk who shall receive consolidated pay at the rate of \$3.00 per diem in full of all pay and allowances.

1051. Military staff clerks passing an examination in shorthand equivalent to the examination prescribed by the civil service board of examiners for candidates qualifying in the optional subject of phonography shall become eligible for extra pay at the rate of 10 cents per diem.

1052. A military staff clerk serving at the station to which his corps belongs may, with the approval of the Honourable the Minister of Militia and Defence, be paid the consolidated rate of pay for his rank and provide his own quarters, rations, fuel and light.

1053. Military staff clerks will be moved from one station to another as the exigencies of the service may require.

1054. Non-commissioned officers employed as military staff clerks will be borne as supernumeraries of their rank in the corps to which they belong and they will be promoted in their turn as vacancies occur, still remaining supernumeraries. If returned to duty for any cause not necessitating their reduction, they will revert to the rank they hold in their permanent unit, remaining as supernumerary until absorbed. A sergeant-major staff clerk being a warrant officer is exempt from the provisions of this section.

1055. Military staff clerks belonging to the permanent forces are grouped in a section, which section is administered by the Adjutant-General.

1056. District staff clerks may, however, be placed under immediate command or control of the district officer commanding or other officer of the staff under whom they are serving.

FINES, &c.

1057. All fines for drunkenness are to be accounted for by each officer commanding a squadron, battery or company, and by him handed over to the president of the library committee of his corps, to be expended for the benefit of the non-commissioned officers' and men's library.

Scale of Fines.

1058. In computing the amount of fines for drunkenness the following rules will be observed:—

1. For the first and second instances during the soldier's service, no fine.

2. For the third and every subsequent instance:—

(a) If within three months of the previous, \$1.83.

(b) If over three months and within six months, \$1.22.

(c) If over six months and within nine months, 60c.

(d) If over nine months, no fine.

3. Where a soldier is liable to a fine, and four preceding instances of drunkenness have been recorded against him within the previous twelve months, 60 cents will be added to the fine laid down in rule 2.

4. An act of absence without leave marked with the letter 'D' will, after the two first instances of drunkenness during a soldier's service, be reckoned as an instance of drunkenness for the purpose of computing the amount of fine for a subsequent instance of drunkenness, but a fine cannot be awarded for absence without leave.

5. The period during which a soldier is absent from his duty by reason of his imprisonment, or absent without leave is not to be reckoned in the period since the last instance in computing the amount of fine.

Note.—The award of a fine of less than \$1.22 does not entail an entry in the regimental defaulter book.

RECORD OF SOLDIERS' SERVICES AND RETURNS.

1059. All imprisonments, promotions, reductions and deprivations by sentence of court-martial, are to be regularly entered on Militia Form B 4, which is ordered to be kept for each soldier, so that it may form a complete record of his service.

1060. The register sheet will only be detached from its counterfoil when the soldier becomes non-effective, or is transferred. In the former case it will be transmitted to the Adjutant-General; in the latter case to the officer commanding the unit to which the transfer is made. In both cases it will be accompanied by the following documents :—

- Original attestation.
- Regimental defaulter sheet.
- Squadron, battery or company defaulter sheet.
- Court martial sheet and certified copies of convictions by the civil power.
- Medical history sheet.
- Last pay certificate.

1061. A casualty book (B. 68) is to be kept at the headquarters of every permanent unit. A copy of the entries made therein is to be sent monthly to the accountant for the purpose of checking the entries in the pay-sheet.

1062. When application is made to headquarters, for permission to discharge a man as having become medically unfit, a copy of the man's original medical examination, and subsequent medical history sheet, shall be forwarded with the necessary documents.

DESERTERS' ACCOUNTS.

1063. When a non-commissioned officer or man is struck off the strength as a deserter, his accounts will be balanced up to the date of his desertion; his uniform clothing returned into stores as part worn clothing, and his other effects sold by auction. The amount so realized will be placed to his credit and the final balance shown as a debit or credit on the monthly pay-list.

1064. Should, however, there be a debit account owing to there having been an over issue of pay, the amount so overpaid will have to be refunded by the officer commanding the corps, by being charged on the debit side of the monthly pay-list.

1065. When a deserter rejoins, and is placed under stoppages, to make good articles lost or otherwise made away with by desertion, he will receive an issue of part worn clothing from store, and such articles of regimental necessities as are indispensable, for his use during the period of his detention as a prisoner; if not sentenced to be discharged, he will at the same time receive the regulation allowance of new clothing free, and upon rejoining for duty the issue of regimental necessities will be completed.

These articles will be charged against him by the quartermaster on receipt of a written order for their issue, signed by the officer commanding the corps, and the latter will hand over to the quartermaster, at the end of each month, a statement showing the amount of stoppages which have been made from the man's pay, receiving a receipt therefor.

The quartermaster will thereupon credit the man's account with the amount received until the value of the whole of the articles issued, including uniform clothing, has been recovered on repayment.

1066. When a deserter rejoins for duty, he will receive credit for the amount, if any, previously refunded to the government on the pay-list on his account, at his desertion.

APPREHENSION AND ESCORT OF DESERTERS.

1067. District officers commanding and officers commanding royal schools of instruction, are authorized to issue requisitions for the transport of non-commissioned officers and soldiers for the apprehension and escort of deserters. In every case where such a requisition is issued, a report will be made to the Adjutant General immediately on the completion of the duty.

1068. If any pensioner of the imperial government deserts whilst belonging to a permanent corps of militia, his pension will be liable to be forfeited. Such desertion constitutes an act of gross misconduct under the imperial pay regulations, and will be dealt with accordingly on the details being reported to headquarters, Ottawa, for transmission to the authorities in England.

1069. A reward of ten dollars will be paid to any person or persons for the apprehension of a non-commissioned officer or man of the permanent forces or non-commission-

ed officer attached thereto, who shall have been declared a deserter by court of inquiry, or who, while absent without leave, is arrested, and subsequently convicted by court martial of desertion or attempting to desert.

SALE OF NON-EFFECTIVE KITS.

1070. A non-commissioned officer acting as auctioneer at a sale of non-effective kits will be entitled to a commission of five per cent on the gross amount realized. This commission will be credited to him in the monthly pay-sheet in the column headed G. C., or extra pay, and explained in the column of remarks. The net amount of the proceeds of such sales will be entered on the credit side of the abstract of troop, battery, or company account, on the last page of the pay-sheet.

TRAFFICKING BY NON-COMMISSIONED OFFICERS OF THE PERMANENT FORCES FORBIDDEN.

1071. This practice tends towards very serious abuses and irregularities. All trafficking by non-commissioned officers is, therefore, strictly forbidden.

1072. Commanding officers are required to exercise a constant supervision over the charges made against soldiers' pay in the monthly pay-sheet, and to limit such charges strictly to those permitted by regulations or by special authority of the Minister of Militia and Defence.

1073. A return will be sent to the accountant at headquarters on the last day of each month, showing the average deductions made from the pay of each rank in respect of:—

- (1) Regimental charges.
- (2) Stoppages credited to the public.

MILITARY AND CIVIL HOSPITALS.

1074. Schedule of persons entitled to hospital diet, and rates of stoppages:—

Persons entitled to be admitted.	Under what circumstances.	Daily rate of stoppage.
(a) All ranks, permanent forces.	Wounds received in action, or from illness contracted in service with an army in the field.	None.
(b) Officers.....	On recommendation of a medical board, or of a medical officer of the permanent forces.	\$1.00.
(c) Non-commissioned officers and men on effective strength, permanent forces.	For other causes than those specified in (a) and (d).	* 15 cents.
(d) Non-commissioned officers and men on effective strength, permanent forces.	On account of alcoholism.	Full pay.
(e) Officers, non-commissioned officers and men, active militia.	When called out for training or active service, if taken ill during such period, on recommendation of a medical board.	As provided in (a) (b) (c) and (d).

* NOTE:—Includes 2 cents for washing.

HOSPITAL RATIONS, DIET, &c.

1075. Hospital diet, as prescribed by the surgeon, will be prepared in the hospital kitchen and supplied at certain fixed rates, as specified on the diet sheet, militia form, by local arrangements under the direction of the officer commanding.

1076. The requisite supply of medicines for use in hospital or for the treatment of those entitled to it, are to be obtained by the surgeon on an approved requisition from the authorized contractors, and will be drawn in advance for a period not exceeding six months.

1077. Extras as detailed in the diet sheet will be obtained from the regimental canteen or local contractor, as required, payment being made upon a monthly account to be certified by the surgeon and the officer commanding.

1078. Medical attendance and medicines free of charge, will be furnished to the wives and families of all officers, and such non-commissioned officers or men, as may be permitted to occupy public quarters—midwifery cases excepted.

GENERAL INSTRUCTIONS, PRISONERS' SUBSISTENCE.

1079. When a prisoner is awarded imprisonment by the commanding officer, or by a sentence of a court martial, his rations will be discontinued from the day on which he is committed to the cells, and will not be drawn again until the day of his release.

1080. All prisoners under sentence of courts martial in excess of forty-two days will be sent to the civil prison nearest to the military station to which they belong.

1081. Sentences amounting to forty-two days imprisonment or a less period, will be carried out in provost cells.

1082. The supplies for the subsistence of the prisoners will be obtainable from the regimental canteen or contractor by the acting provost sergeant, who will be required to keep an accurate account thereof in a mess book supplied for the purpose, which account shall be balanced weekly and certified to by the adjutant.

The value of the rations supplied being paid to the acting provost sergeant, and the total amount so expended on account of each prisoner, being drawn on the monthly pay-list of the corps, together with two cents per diem for washing.

1083. When active militiamen are confined in any local prison for a civil offence, no charge is to be included for either pay or rations, during the period of such confinement, but 25 cents a day will be allowed for each prisoner.

DISTRIBUTION OF BARRACKS, PERMANENT FORCES.

1084. In order to provide for the distribution of barrack accommodation available for occupation by officers of the corps raised for instructional purposes, as well as for those who may be attached for courses of instruction, it is ordered that the purposes for which each room in each barrack may be used, shall be indicated by letters painted on the wood work over the door, viz.: C.O.Q., meaning commanding officer's quarters; Maj. Q. or Cap. Q., meaning major's or captain's quarters; O.Q., meaning officer's quarters; K., meaning kitchen; H., meaning hospital, etc.

1085. All officers are to reside in barracks when accommodation is available, and it is only under very exceptional circumstances that permission to do otherwise will be granted. Application must in such case be made to headquarters through the commandant.

1086. The families of married officers not included in the married establishments, will in no case be permitted to live in barracks, nor will lodging allowance be issued to such officers in lieu of quarters.

1087. On occupation, officers' quarters are to be properly inspected by an officer or subordinate of the engineer staff, accompanied by the officer commanding the unit or his representative, and an inventory made of the government furniture, fittings, etc., therein.

1088. On vacation, officers' quarters are to be inspected in the same manner, and damages other than fair wear and tear assessed and charged to the officer responsible for the same.

1089. Regimental rolls will be kept at headquarters by the Adjutant General on which will be entered the names of applicants for quarters on the married establishments. Quarters will be allotted in the order in which the names of applicants stand on that roll.

1090. The number of men to be lodged in each room will depend upon its size. The cubic space for each man in barracks will be 600 feet; if in wooden huts 400 feet for each man, if means of ventilation are good.

1091. Non-commissioned officers attached for instruction may be provided, when practicable, with similar accommodation to that authorized for non-commissioned officers on the permanent strength of the corps.

FURNITURE AND BEDDING—PERMANENT FORCES.

Attached Officers and Non-commissioned Officers.

1092. Each school will be supplied with necessary furniture and bedding for attached officers and such attached non-commissioned officers as may be authorized; the articles will be for the use of attached officers and non-commissioned officers who reside in barracks during the period they are under instruction.

1093. No officer belonging to the permanent establishment of the corps, upon which a school of instruction is formed, is entitled to the issue of extra barrack furniture, bedstead, bedding, etc., belonging to the public, for the use either of himself or of his family, and no such articles

are to be issued for the use of the family of any non-commissioned officer or man.

Bedding.

1094. Each non-commissioned officer and man on the permanent establishment, or each non-commissioned officer attached for instruction, is entitled to the use in barracks of one set of bedding, consisting of a paillasse and bolster, a pair of sheets, two blankets, and one counterpane, or three blankets, when considered necessary.

1095. These articles will be issued to each corps from store. They will be taken on charge by the quartermaster, under orders of the commanding officer, for care and issue from time to time, when required.

WASHING.

1096. The sheets must, when in use, be exchanged every month, paillasses and bolsters every ninety days, counterpanes every six months, and blankets every six months, on requisition to commanding officer on form C. 35. The cost of washing will be borne by the public.

1097. The articles to be exchanged will be returned into regimental stores, and those in exchange issued therefrom. The washing will be carried out under direction of the commanding officer, by contractors whose tenders for the service have been previously approved at headquarters.

1098. In order that the reserve of articles available for exchange may be kept at a minimum, the officers commanding will arrange for the washing of used articles at different dates instead of all at one time.

1099. When the paillasses and bolsters are exchanged twenty-four pounds of clean straw will, on order of the commanding officer, be issued for each bed.

1100. Should a case of contagious disease occur, the bedding will be exchanged after fumigation, application to be made to the commanding officer by the medical officer in charge, who will certify as to the nature of the disease, and the necessity for the exchange. Form No. C. 35 to be used.

BOOKS, STATIONERY AND POSTAGE.

1101. In addition to books enumerated in King's Regulations to be kept by every regimental depot and permanent unit of the active militia, and in addition to the manuals of instruction issued free to non-commissioned officers of the above units, the following books will be kept at the hospital at each station by the medical officer :—

1. Visitors' book.
2. Admission or discharge book, form B.
3. Medical certificate book, form C.
4. Duplicate daily sick report, filed.
5. Daily treatment book, showing prescriptions, diet, &c., ordered for each patient, and a list of extras ordered.

The provost sergeant will keep the following books :—

1. A visitors' book, in which should be entered the remarks of all visiting officers ;
2. A prison defaulter book ;
3. A prisoners' register, showing particulars as to each prisoner undergoing imprisonment ;
4. A mess book.

MILITARY STATION HOSPITALS.

1102. Military hospitals are established at the headquarters of each permanent corps, and if elsewhere established in the case of corps on active service, will be conducted in accordance with these regulations.

1103. Non-commissioned officers and men of the active militia admitted into a military station hospital, shall be, for the purpose of treatment and discipline, also for dieting, stoppages, &c., under the rules and regulations governing the institution and on exactly the same footing as non-commissioned officers and men of the permanent forces.

1104. The hospital shall be in charge of a medical officer detailed from the permanent active militia army medical corps, and subject to the authority of the officer commanding the permanent corps, or in the case of corps on active service, of the officer commanding such corps.

1105. The hospital will be visited daily by the orderly officer, but not during the visiting hours of the medical officer, and he will report for the information of the officer commanding, any irregularities he may observe.

1106. The medical officer will have charge of the hospital and will be responsible for the condition in which it is kept—that the supply of medicines, hospital necessities, &c., are good and sufficient, and that the arrange-

ments for supplying such diets as may be ordered by him are complete.

1107. The medical officer will make such report to the commanding officer as he may consider necessary from time to time, with reference to any matters affecting the health of the troops or the sanitary condition of the locality in which they are stationed, and such reports will be forwarded to the Director General of Medical Services with such remarks as the officer commanding may think necessary.

1108. It must be understood that all officers, non-commissioned officers and men are under the sole medical charge of the medical officer of the station they belong to, or of the hospital they may be in. In cases, however, of severe illness or injury, and with the sanction of the commanding officer, a civil practitioner or militia surgeon may be called in consultation, and the case immediately reported to headquarters.

1109. Officers are entitled to medical attendance at the public expense only under the following conditions:— 1st, that the officer is at a station where there is a medical officer nominated for the duty, or where a civilian medical practitioner is employed at contract rates for attendance on the troops; 2nd, that the officer is on full pay, or holding a staff appointment at the station, and resides within a radius of one mile from the hospital; or, if there be no hospital, within a mile of a point to be fixed by the Director General of Medical Services.

1110. It is optional for married officers, non-commissioned officers and soldiers on the married strength, to have their families treated by the medical officer of their corps or garrison, or by a civil practitioner of their choice; in the latter case it must be entirely at their private expense, and they will not be entitled to free medicines, dressings, &c., from the hospital stores.

1111. In order to provide for medical supervision in cases where the only medical officer under pay, at a military station, is incapacitated by illness from attending to his duties during more than ten days, application may be made to headquarters for the appointment of a paid substitute to take over those duties, during the remainder of the period of the incapacity consequent upon the illness of such medical officer.

1112. Whenever a civil medical practitioner is employed for the treatment of cases of infection or contagious disease amongst the families of officers, non-commissioned officers or men, a report of the case must at once be obtained by the officer, non-commissioned officer or man from such medical practitioner, for the information of the officer commanding and the medical officer who will see that necessary precautions are taken to prevent the spread of contagion or infection among the troops or families occupying quarters.

1113. It is to be distinctly understood that a medical officer detailed for duty or attached to a garrison or station, or to a particular corps, is subject to the orders of the officer commanding the station, garrison or corps to which he is attached.

1114. The medical officer in charge of station hospitals at the headquarters of each permanent corps will be assisted in the duties connected with the interior economy of the hospital by a wardmaster with the rank of regimental sergeant major, an assistant wardmaster with the rank of sergeant, and three hospital orderlies detailed from the permanent active militia army medical corps. The wardmaster, assisted by the assistant wardmaster, will be responsible to the medical officer that the hospital orderlies shall be properly instructed in dispensing, cooking, dieting, nursing, drill, &c., that the prescribed diet is properly supplied, and that the hospital and adjacent premises are kept scrupulously clean, and that all orders and regulations are strictly enforced.

1115. When a non-commissioned officer or man is sent to hospital, his arms and accoutrements will be left with his squadron, battery, or company, except on field service, when they will be sent with him to hospital. His kit will be inspected and an inventory taken, and will be kept in the hospital storeroom.

1116. No man is to take any liquor, tobacco, food, fruit, or dainties into the hospital, or to give anything whatever to a patient in it, without the permission of the medical officer.

1117. In no case will non-commissioned officers or men, while patients in hospital, receive pay, or have in their possession, money or other valuables.

1118. The medical officer in charge of a hospital will immediately bring all breaches of discipline, or disorderly

behaviour committed by patients in hospital, or by orderlies, &c., to the notice of the commanding officer, who will dispose of the cases of the former when the men are discharged from hospital. All offences committed by patients in hospital are to be considered specially grave.

1119. When a patient under treatment becomes dangerously ill, or when there is apprehension of a fatal result, the medical officer will inform the officer commanding, in order that his friends may be communicated with, that he be given an opportunity of making his will and seeing a minister of religion, if he so desires.

1120. The medical officer will, in every instance, when practicable, be present at the execution of the will of a non-commissioned officer or man in hospital, and will affix a declaration to such document, stating whether or not the soldier was in a state of mind to execute a will.

1121. The medical officer will examine all non-commissioned officers and men who report themselves sick and will cause such men as are found unfit to attend parades or to perform the ordinary duties of a soldier, to be removed to hospital for treatment.

1122. No married or single non-commissioned officer or man on the sick list will be allowed to remain, or receive treatment in quarters as convalescent or otherwise, except with the special sanction of the officer commanding, to be obtained on the recommendation of the medical officer in each instance.

1123. A 'sick report' on the authorized form C. 93, will be made out daily of all non-commissioned officers or men reported sick, and will be initialled by the medical officer before being submitted to the officer commanding. Cases of 'malingering' will be specially reported.

1124. Medical officers will not be required to attend parades, except when the corps is inspected, or for route marching, or salutes, or except under special circumstances when professional assistance is wanted, at the discretion of the commanding officer. The medical officer detailed for duty at the headquarters of the permanent artillery corps will, however, be required to attend all artillery fire practice of their corps, and also that of any batteries of active militia who may be authorized to perform their annual practice at the station, and who are unprovided with medical officers.

ROYAL CANADIAN ENGINEERS.

1125. The following regulations governing the promotion and pay of officers, non-commissioned officers, and men of the Royal Canadian Engineers (permanent) are authorized :—

Promotion.

Officers qualified under the regulations will be promoted, as follows :—

A lieutenant after 10 years * service in that rank, to rank of captain.

A captain after 8 years * service in that rank, to rank of major.

1126. All officers may be eligible for accelerated advancement for special reasons, which may make such advancement desirable.

Classes, Non-Commissioned Officers and Men.

1127. The Non-commissioned officers and men will be graded into three classes, viz. : 1st class, 2nd class and 3rd class.

ENGINEER PAY.

1128. In addition to the rates of pay authorized for the permanent forces (para. 985), engineer pay will be issued to officers, non-commissioned officers and men of the Royal Canadian Engineers at the following rates :—

	Per Diem.
Captain.	\$1 50
Lieutenant.	1 00
1st class non-commissioned officers and men	50
2nd " " "	35
3rd " " "	25

Quarters and Rations.

1129. The officers, non-commissioned officers and men will draw rations and be provided with quarters, or given allowances in lieu, on the same scale as laid down for corresponding ranks of other units of the permanent forces.

* Service in Royal Canadian Engineers.

ENGINEER OFFICERS ATTACHED.

1130. Divisional officers of the Royal Canadian Engineers attached to units of the permanent forces will not pay any entrance contribution to the mess, but will pay a monthly subscription of \$3.

ARTILLERY COMMANDS.

1131. The forts, batteries and artillery barracks and quarters of the Royal Canadian Artillery and Royal Schools of Artillery, together with the troops quartered therein, embraced in the Quebec, P.Q., and Kingston, Ont., defences, will be regarded as fortress commands.

1132. The senior officer of the artillery troops quartered therein at Quebec and Kingston, respectively, will command.

1133. These regulations and orders are to cancel all previous regulations and orders and to take effect from the first day of November, 1904.

AN ACT RESPECTING THE MILITIA AND DEFENCE OF CANADA.

[Assented to 10th August, 1904.]

HIS Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts, as follows :—

SHORT TITLE.

1. This Act may be cited as The Militia Act.

INTERPRETATION.

2. In this Act, unless the context otherwise requires,—
 - (a.) 'Corps' means a military body appearing in the list of establishments as a separate unit ;
 - (b.) 'Emergency' means war, invasion, riot or insurrection, real or apprehended ;
 - (c.) 'General Orders' means orders and instructions issued to the militia through or by the Adjutant General with the approval of the minister ;
 - (d.) 'Man' includes a warrant officer and non-commissioned officer as well as a private ;
 - (e.) 'Militia' means all the military forces of Canada ;
 - (f.) 'Minister' means the Minister of Militia and Defence ;
 - (g.) 'On active service,' as applied to a person subject to military service, means whenever he is enrolled, enlisted, drafted or warned for service or duty during an emergency, or when he is on duty, or has been warned for duty, in aid of the civil power ;
 - (h.) 'On service' means when called upon for the performance of any military duties other than those specified as active service ;
 - (i.) 'Prescribed' means prescribed by this Act or by regulations ;
 - (j.) 'Regulations' means regulations made by the Governor in Council under the authority of this Act.

3. The Interpretation Act and section 2 of this Act shall apply to all regulations, orders and articles of engagement lawfully made or entered into under this Act.

COMMAND IN CHIEF.

4. The command in chief of the militia is declared to continue and be vested in the King, and shall be exercised and administered by His Majesty or by the Governor General as His representative.

DEPARTMENT OF MILITIA.

5. There shall be a Minister of Militia and Defence, who shall be charged with and be responsible for the administration of Militia affairs and of the fortifications, ordnance, ammunition, arms, armouries, stores, munitions and habiliments of war belonging to Canada, including the initiative in all matters involving the expenditure of money.

(2.) The Governor in Council may, from time to time, make such orders as are necessary respecting the duties to be performed by the Minister.

6. The Governor in Council may appoint a deputy of the Minister, and such other officers as are necessary for carrying on the business of the department,—all of whom shall hold office during pleasure.

7. The Governor in Council may appoint a Militia Council to advise the Minister on all matters relating to the Militia which are referred to the Council by the Minister. The composition, procedure and powers of the Council shall be as prescribed.

WORKS FOR DEFENCE.

8. The Minister shall have the control and management (including charge of the maintenance and repair) of all military buildings, and also of the construction, maintenance and repair of all forts and fortifications and other works for defence in Canada.

9. Every work in any part of Canada, certified by the Commander of His Majesty's regular forces in Canada to be required for the defence of Canada, shall be held to be a public work within the meaning of The Expropriation Act, and, for the purposes of such work, the expression 'Minister' in the said Act shall include His Majesty's Principal Secretary of State for War.

10. Whenever an emergency exists, the officer commanding the Militia in the locality, or any officer duly authorized by him, may, subject to the regulations, enter upon and occupy with troops, or other persons, any buildings or land for defence purposes, and may dig trenches and throw up field-works on any such lands, and may fortify any buildings, and may, for the purposes aforesaid, destroy or desolate and lay waste any such buildings or lands, and destroy food, crops, fodder, stores, or other things, and slaughter live stock, or may take or cause to be taken any such food, crops, fodder, stores or other things; and may drive or cause to be driven, any live stock to some place of safety; and may also impress any horses, mules, oxen or other animals required for military purposes.

(2.) Any person injured by the exercise of any of the provisions of this section shall be compensated from the Consolidated Revenue Fund of Canada.

LIABILITY TO MILITARY SERVICE.

11. All the male inhabitants of Canada, of the age of eighteen years and upwards, and under sixty, not exempt or disqualified by law, and being British subjects, shall be liable to service in the militia; the Governor General may require all the male inhabitants of Canada, capable of bearing arms, to serve in the case of a levée en masse.

(2.) Nothing in this section shall prevent any male inhabitant of Canada, under the age of eighteen years, enlisting as a bugler, trumpeter, or drummer.

12. The following persons only shall be exempt from liability to service in the militia:—

- Members of the King's Privy Council for Canada;
- Judges of all courts of justice;
- Members of the executive councils of provinces;
- Deputy ministers of the federal and provincial governments;
- Clergy and ministers of all religious denominations;
- Telegraph clerks in actual employment;
- Officers and clerks regularly employed in the collection of the revenue;
- Wardens and officers of all public prisons and lunatic asylums;
- Members of the Naval Militia;
- Members of the police force and fire brigade permanently employed in incorporated cities, towns and villages;
- Professors in colleges and universities, and teachers in religious orders;
- Persons disabled by bodily or mental infirmity;
- The only son of a widow, being her only support;
- Pilots and apprentice pilots during the season of navigation;

Persons who, from the doctrines of their religion, are averse to bearing arms or rendering personal military service,—under such conditions as are prescribed.

(2.) Half-pay and retired officers of the Regular Forces shall not be required to serve in the forces in a lower grade than that of their rank in such forces.

(3.) No person shall be entitled to exemption unless he has, at least one month before he claims such exemption, filed with the commanding officer within the limits whereof he resides, his affidavit, made before some justice of the peace, of the facts on which he rests his claim.

13. When exemption is claimed on any ground, the burden of proof shall always rest on the person claiming it.

14. Exemption shall not prevent any person from serving in the militia if he desires to serve and is not disabled by bodily or mental infirmity.

15. The male population liable to serve in the militia shall be divided into four classes :—

The first class shall comprise all those of the age of eighteen years and upwards, but under thirty years, who are unmarried or widowers without children ;

The second class shall comprise all those of the age of thirty years and upwards, but under forty-five years, who are unmarried or widowers without children ;

The third class shall comprise all those of the age of eighteen years and upwards, but under forty-five years, who are married or widowers with children ;

The fourth class shall comprise all those of the age of forty-five years and upwards, but under sixty years ;

And the above shall be the order in which the male population shall be called upon to serve.

DIVISION OF MILITIA.

16. The Militia of Canada shall be divided into Active and Reserve Militia.

(2.) The active militia shall consist of—

(a.) Corps raised by voluntary enlistment ;

(b.) Corps raised by ballot.

(3.) The Reserve Militia shall be raised and maintained under regulations prescribed by the Governor in Council.

PERIOD OF SERVICE.

17. The period of service in time of peace shall be as follows :—

For the Active Militia, three years ;

For the Reserve Militia, such period as is prescribed.

18. Every corps duly authorized previously to, and existing on, the day on which this Act comes into force, including the officers commissioned thereto, shall, for the purposes of this Act, be held to be existing, and shall be continued as such, subject to the provisions of this Act.

19. No officer or man of an Active Militia corps, raised and maintained by voluntary enlistment, shall be permitted to retire therefrom in time of peace, without giving to his commanding officer six months' notice of his intention so to do.

20. Any person who has voluntarily enlisted, or been called upon to serve in the militia, shall be entitled to be discharged at the expiration of the term of service for which he engaged, unless such expiration occurs in time of emergency, in which case he shall be liable to serve for a further period of not more than twelve months.

MILITARY DIVISIONS.

21. The Governor in Council may direct that any portion of Canada shall be a Military District for the purposes of this Act, may alter the limits of any such district, may cause two or more districts to be grouped together for the purposes of command and administration, and may divide any Military District into subdistricts, brigade, regimental and company divisions, as appears expedient.

ACTIVE MILITIA.

22. The Active Militia shall consist of such corps as are from time to time named by the Governor in Council ; and the Governor in Council may, at any time, disband any corps or portion of a corps, if he considers it advisable so to do.

23. The following oath shall be taken and subscribed by one of such commissioned officers of the militia as are authorized for that purpose by any general order or by regulation, or before a justice of the peace, by every person upon engaging to serve in the Active Militia ; and such oath shall have the effect of a written engagement with the King, binding the person subscribing it to serve in the militia until he is legally discharged, dismissed, or removed, or until his resignation is accepted :—

I, A. B., do sincerely promise and swear (or solemnly declare) that I will be faithful and bear true allegiance to His Majesty.

PERMANENT FORCE.

24. The permanent force shall consist of such permanently embodied corps, not exceeding two thousand men, enrolled for continuous service, as are, from time to time, authorized by the Governor in Council.

25. The permanent force shall furnish schools of instruction for the militia, and provide instructors therefor ; and it shall also be available, at all times, for general service.

ENROLMENT.

26. The Governor in Council shall, from time to time, make all regulations necessary for the enrolment of persons liable to military service, and of cadets, and for all procedure in connection therewith, as well as for determining, subject to the provisions of this Act, the order in which the persons in the classes fixed by this Act shall serve; and such regulations shall have the same force and effect as if they formed part of this Act.

ENROLMENT BY BALLOT.

27. When men are required to organize or complete a corps at any time, either for training or for an emergency, and enough men do not volunteer to complete the quota required, the men liable to serve, shall be drafted by ballot; but at no time shall more than one son belonging to the same family residing in the same house, if there are more than one inscribed on the militia roll, be drawn, unless the number of names so inscribed is insufficient to complete the required proportion of service men.

28. The Governor in Council may, from time to time, make regulations for fixing the day on which the taking of the enrolment shall be commenced in each of the several military districts respectively, for notifying the men liable to be taken, or those balloted for service in any quota, for finally deciding claims of applicants for exemption, and for the administration of oaths before a commissioned officer of a corps, for ascertaining the facts in reference to claims for exemption, for medical examinations, and for the discharge of such men as are unfit to serve, and relating to every other matter and thing not inconsistent with this Act, and necessary to be done, in the enrolling, balloting, warning and bringing into service, of such number of men as are required at any time: but any man balloted and notified for service, may, at any time, be exempt, until again required in his turn to serve, by furnishing an acceptable substitute, on or before the day fixed for his appearance; but, if, during any period of service, any man who is serving in the active militia as a substitute for another, becomes liable to service in his own person, he shall be taken for such service, and his place as substitute shall be supplied by the man in whose stead he was serving.

29. Every man of the active militia who, during any period of service, attains the age of thirty years or forty-five years, according to his class, shall nevertheless be required to complete the full period for which he volunteered or was balloted to serve.

OFFICERS COMMANDING THE MILITIA.

30. There may be appointed an officer who shall hold rank not below that of colonel in the militia or in His Majesty's regular army, who may be, subject to the regulations and under the direction of the Minister, charged with the military command of the militia, and such officer shall have the rank of major general in the militia, and shall be paid at such rate, not exceeding six thousand dollars per annum, as is prescribed.

(2.) In the event of a vacancy in the office of General Officer Commanding, or in the absence of that officer from Canada, the Governor in Council may detail an officer of the Headquarters Staff, who shall be charged with the military command of the militia.

31. There may be appointed an officer, who shall hold rank not below that of colonel in the militia or in His Majesty's regular army, who may be, subject to the regulations and under the direction of the Minister, charged with the military inspection of the militia, and such officer shall be paid at such rate, not exceeding six thousand dollars per annum, as is prescribed.

32. The duties and authority of each of the officers respectively referred to in the two next preceding sections shall be defined by the Governor in Council.

33. There shall be an Adjutant General of Militia at headquarters who shall have the rank of colonel in the militia, and shall be paid at the rate of three thousand two hundred dollars per annum.

34. There shall be a Quarter-Master General at headquarters who shall have the rank of colonel in the militia, and shall be paid at the rate of three thousand two hundred dollars per annum.

35. There may be a Master General of the Ordnance at headquarters, who shall have the rank of colonel in the militia and shall be paid at the rate of three thousand two hundred dollars per annum.

36. The Governor in Council may establish a General Staff, Headquarters Staff, and District Staff, and may

appoint a Chief of the General Staff and such officers to the respective staffs as are deemed necessary, and shall define their duties and authority.

37. In and for each of the military districts there shall be appointed by the Governor in Council an officer, of rank not lower than that of lieutenant-colonel, who shall, subject to the regulations, command the militia in his district, and there shall also be appointed such other officers as are from time to time deemed expedient.

38. The pay and allowances of the officers of the General Staff, Headquarters Staff, and District Staff, not provided for by this Act, shall be fixed by the Governor in Council.

OFFICERS.

39. Commissions of officers in the militia shall be granted by His Majesty during pleasure, and all warrant and non-commissioned officers shall be appointed in such manner and shall hold such rank as are prescribed by the regulations.

40. The Governor General may cause his signature to be affixed to any commission granted or issued under this Act, by stamping the same on such commission with a stamp approved by him, and used for the purpose by his authority; and the signature so affixed shall be, to all intents and purposes, as valid and effectual as if in the handwriting of the Governor General; and neither the authenticity of any such stamped signature, nor the authority of the person by whom it has been affixed to any commission, shall be called in question except on behalf of the Crown; and the forging or counterfeiting of any such stamped signature, or the uttering thereof, knowing it to be forged or counterfeited, shall be an indictable offence punishable in like manner as the forgery of the privy seal or seal-at-arms of the Governor General.

41. Officers of the militia may be appointed to corps, and may be transferred to an unattached list, or may be retired with or without honorary rank, and may be re-appointed from the retired list, under such regulations as are made from time to time; but no officer shall be bound to serve in the militia in a lower grade than that of the rank with which he has been retired.

42. All commissions and appointments in the Militia of Canada existing when this Act comes into force shall be deemed to have been issued and made in the militia under this Act.

43. In time of peace no officer of the militia shall be appointed to a higher permanent rank than that of colonel, except for the purpose of assuming the command of the militia; but the temporary rank of brigadier general may be conferred upon an officer of the rank of lieutenant-colonel or colonel while holding any command or appointment for which such rank is authorized by regulations.

44. Whenever the militia is called out on active service during an emergency, the Governor in Council may appoint officers to a rank superior to that of colonel.

45. The honorary rank of major general may be conferred on retirement upon colonels who have held the higher staff appointments for valuable services rendered to the country.

46. The relative rank and authority of officers in the Militia of Canada shall be as prescribed.

47. An officer of His Majesty's regular army, while serving in Canada, may be granted a temporary commission in the militia of rank equivalent to his army rank and antedated to the date of his imperial commission.

ARMS, CLOTHING AND EQUIPMENT.

48. The uniform, arms, clothing and equipment of the militia shall be of such pattern and design as are from time to time prescribed and shall be issued under regulations.

49. Officers of the militia shall provide their own uniform and equipment, with the exception of mounted officers, to whom saddlery may be issued as prescribed.

50. The value of all such articles of public property as have become deficient or damaged, while in possession of any corps, otherwise than through fair wear and tear or unavoidable accident, may be recovered by the Minister, or by any other person authorized by him, from the officer in command of such corps; and the officer commanding any corps may recover the value of such articles of public property, or property of the corps, as have become deficient or damaged while in possession of his corps, otherwise than through fair wear and tear or unavoidable accident, from the officer, man or men who is or are responsible therefor.

51. Every man serving in the militia who is about to leave Canada, shall first return to the captain or senior officer of his company all articles of public or corps property which he has in his possession, and shall obtain a written discharge from such officer, which discharge shall also be recorded in the books of the corps; and any person who leaves Canada with any articles of public clothing or other public or corps property in his possession, is guilty of embezzlement, and may be tried therefor at any time; and a record in the books of a corps of his having so received and not having returned any articles of public clothing or other public or corps property, shall be evidence of possession.

52. No corps and no non-commissioned officer or man shall, at any time, appear in uniform or armed or accoutred, except when actually on duty or at parade or drill or at target practice or at reviews or on field days or inspections, or by permission of the commanding officer of the corps.

DRILL AND TRAINING.

53. The Governor in Council may order the active militia, or any portion thereof, to drill or train for a period of not more than thirty days in each year.

PAY AND ALLOWANCES.

54. Officers, warrant officers and non-commissioned officers of the permanent force shall be entitled to daily pay and allowances at rates to be prescribed.

(2.) The Governor in Council may, from time to time, fix the sums to be paid to privates of the permanent force, regard being had to length of service, good conduct and efficiency; but the ordinary pay shall not exceed the amounts following, that is to say:—

For privates, per diem.	75 cents.
For buglers under 18 years of age, per diem.	40 cents.

55. When on active service, during the period of annual drill and training, and when otherwise on duty, the pay and allowances of officers and men of the active militia, other than the permanent force, shall be:—

(a.) For officers, warrant officers and non-commissioned officers, such rates as may be prescribed;

(b.) For privates, at the rate of 50 cents per diem, which rate may be increased, as prescribed, up to a maximum of \$1 per diem;

(c.) An allowance of \$1 per diem, or such other rate as is prescribed, to each officer and man for every horse actually and necessarily used by him.

56. Payments for the drill and training of the militia shall only be made upon proof of compliance with the regulations concerning the same.

57. When corps of the militia are ordered to assemble in a camp of exercise for drill and training they shall be considered to be on service during the whole of the period for which they were called out, and when so assembled all ranks shall receive rations and shelter at the public expense in addition to their daily pay.

RIFLE RANGES AND DRILL SHEDS.

58. At, or as near as possible to, the headquarters of every regimental division, there may be provided a rifle range with suitable butts, targets and other necessary appliances; and the Governor in Council may stop, at such time as is necessary during the target practice of the militia, the traffic on any roads, not being mail roads, that cross the line of fire, and may make such other regulations for conducting target practice and registering the results thereof, and for the safety of the public, as are necessary, and may impose penalties for wilful damage to any such butts, targets or appliances; and all such ranges shall be subject to inspection and approval before being used.

59. His Majesty shall be liable to make compensation for the death of any person, or for any injury to the person or to property arising from the use of any such rifle range or of any rifle range under the control of the Department of Militia and Defence for target practice, carried on in accordance with the regulations of the Governor in Council in that behalf; provided that there shall be no claim to compensation where death or injury to the person is due to negligence on the part of the person killed or injured, or where such person at the time death or injury was sustained was present as a spectator at the shooting or for the purpose of taking part in the shooting, or in some official or other capacity in connection therewith, or, in case

of injury to property, where such injury is due to negligence on the part of the owner of the property.

60. For the purpose of erecting works of defence, artillery ranges, or rifle ranges, shooting privileges only may be acquired on land adjoining such works of defence or ranges; and compensation therefor shall be subject to the provisions of The Expropriation Act.

61. Any land now held or hereafter acquired by His Majesty for militia purposes, in connection with drill sheds, rifle ranges, armouries or such like uses, and found unnecessary to be retained therefor, may be sold or disposed of by direction of the Governor in Council; and if any portion of the cost of such lands, or of any building thereon, has been defrayed by the municipality in which the land is situate, a fair proportion of the proceeds, to be determined by the Governor in Council, may be returned to such municipality or expended therein for other militia purposes of a permanent nature.

62. Any person, not being at the time an officer or man of the militia, or a member of a rifle association or club formed or recognized under regulations, who, without the consent of the person in charge of such rifle range, or of some person authorized in that behalf by regulations, uses for target practice a rifle range which has been inspected and approved, shall incur a penalty not exceeding twenty-five dollars.

RIFLE ASSOCIATIONS AND CLUBS.

63. The Governor in Council may make regulations for the management of existing rifle associations and clubs, and those hereafter formed; for prescribing the constitution, objects and duties of such associations and clubs, and the conducting of their business and rifle meetings; and for furnishing rifles and ammunition for the training and practice of persons, whether they are, or are not members of the militia.

64. In case of emergency the members of rifle associations and clubs shall become members of the militia and shall be under the command of the district officer commanding; and so long as the emergency exists, and until lawfully discharged all members of such associations and clubs shall remain members of the militia, and shall be subject to drill, training and discipline to the same extent as other members thereof.

CADET CORPS.

65. The Minister may—

(a.) authorize boys over twelve years of age, who are attending school, to be formed into school cadet corps;

(b.) authorize boys over fourteen years of age, and under eighteen years of age, to be formed into senior cadet corps;

(c.) authorize senior cadet corps, or any portion thereof, to be attached to any portion of the active militia for the purposes of drill and training.

66. All cadet corps shall be subject to the authority and under the orders of the district officer commanding.

67. Cadet corps shall be drilled and trained as prescribed, and may be furnished with arms, ammunition and equipment, under the conditions prescribed.

68. Cadet corps shall not be liable to service in the militia in any emergency, save only in the case of a levée en masse.

CALLING OUT OF THE MILITIA FOR DUTY.

69. The militia or any part thereof, or any officer or man thereof, may be called out for any military purpose other than drill or training, at such times and in such manner as are prescribed.

ACTIVE SERVICE.

70. The Governor in Council may place the militia, or any part thereof, on active service anywhere in Canada and also beyond Canada, for the defence thereof, at any time when it appears advisable so to do by reason of emergency.

71. Whenever the Governor in Council places the militia, or any part thereof, on active service, if parliament is then separated by such adjournment or prorogation as will not expire within ten days, a proclamation shall be issued for the meeting of parliament within fifteen days, and parliament shall accordingly meet and sit upon the day appointed by such proclamation, and shall continue to sit and act in like manner as if it had stood adjourned or prorogued to the same day.

72. In time of war, when the militia is called out for active service to serve conjointly with His Majesty's regu-

lar forces, His Majesty may place in command thereof a senior general officer of His regular army.

73. In time or war no man shall be required to serve in the field continuously for a longer period than one year; but any man who volunteers to serve for the war, or for any longer period than one year, shall be compelled to fulfil his engagement; the Governor in Council may, in cases of unavoidable necessity (of which necessity the Governor in Council shall be the sole judge), call upon any militiaman to continue to serve beyond his one year's service in the field for any period not exceeding six months.

(2.) This section shall not apply to the permanent force.

74. The Army Act for the time being in force in the United Kingdom, the King's Regulations, and all other laws applicable to His Majesty's troops in Canada and not inconsistent with this Act or the regulations made thereunder, shall have force and effect as if they had been enacted by the Parliament of Canada for the government of the militia, and every officer and man of the militia shall be subject thereto from the time of being called out for active service, and also during the period of annual drill or training under the provisions of this Act, and also at any other time while upon military duty or in the uniform of his corps upon or within any rifle range or any armoury, or other place where arms, guns, ammunition or other military stores are kept, or any drill shed or other building or place used for militia purposes, or during any drill or parade of his corps at which he is present in the ranks, when going to or from the place of drill or parade, and also whether in uniform or not at any drill or parade of his corps at which he is present as a spectator.

(2.) Officers and men of the permanent force and members of the permanent staff of the militia shall at all times be subject to military law.

75. Any officer or man charged with any offence committed while serving in the militia, shall be liable to be tried by court martial, and if convicted to be punished therefor, within six months after his discharge from the militia, or after the corps to which he belongs or belonged is relieved from active service, notwithstanding that he has been so discharged therefrom, or that the corps to which he belonged has been so relieved from active service; and any officer or man of the militia may be tried for the crime of desertion at any time, without reference to the length of time which has elapsed since his desertion.

76. Every member of the militia called out for active service shall attend at such time and place as are required by the officer commanding him, with any arms, accoutrements, ammunition and equipment he has received, and with such provisions as such officer directs.

77. Every member of the militia called out for active service who absents himself without leave from his corps, for a longer period than seven days, may be tried by court martial as a deserter.

78. When any officer or soldier is killed on active service, or dies from wounds or disease contracted on active service, drill or training, or on duty, provision shall be made for his wife and family out of the public funds at the prescribed rates.

79. Every case of permanent disability, arising from injuries received or illness contracted on active service, drill or training, or on duty, shall be reported on by a medical board and compensation awarded, under such regulations as are made, from time to time, by the Governor in Council; and any medical practitioner who signs a false certificate in any such case shall incur a penalty of four hundred dollars.

AID OF THE CIVIL POWER.

80. The active militia, or any corps thereof, shall be liable to be called out for active service with their arms and ammunition, in aid of the civil power in any case in which a riot or disturbance of the peace requiring such service occurs, or is, in the opinion of the civil authorities hereinafter mentioned, anticipated as likely to occur, and, in either case, beyond the powers of the civil authorities to suppress, or to prevent or deal with, whether such riot or disturbance occurs, or is so anticipated, within or without the municipality in which such corps is raised or organized.

81. The district officer commanding in any locality, if he is present in the locality and able to act, or if he is not so present, or from sickness or other cause is unable to act, the senior officer of the active militia in any locality, shall call out the same or such portion thereof as he considers necessary for the purpose of preventing or suppressing any such actual or anticipated riot or disturbance, when there-

unto required in writing by such civil authorities hereinafter mentioned ; provided always that so far as the permanent force is available, in the opinion of the officer upon whom the requisition is made, a sufficient number of that force is to be employed upon this duty before recourse is had to other militia corps.

82. The civil authorities by whom such requisition may be made are :

(a.) If the place where such riot or disturbance occurs or is anticipated is municipally organized, the mayor or warden or other head or acting head of the municipality, together with two justices of the peace, or in the event of such mayor, warden or other head or acting head refusing or being unable to act, the county or district court judge or one of the county or district court judges having jurisdiction in such place, acting alone, or if there is no such judge then any judge of a superior court who has jurisdiction there ;

(b.) If the place where such riot or disturbance occurs or is anticipated is not municipally organized, the county or district court judge, or one of the county or district court judges, having jurisdiction in such place, or if there is no such county or district court judge, then any judge of a superior court who has jurisdiction there.

(2.) Wherever under subsection 1 of this section a judge is designated as the civil authority by whom a requisition may be made, and there is no such judge, or the judge, or all the judges, who might have acted are absent, or unable to act, any judge or magistrate who may do alone whatever is authorized by The Criminal Code, 1892, to be done by two or more justices of the peace, and has jurisdiction at the place where such riot or disturbance occurs or is anticipated, may, acting with two justices of the peace, make requisition ; and if there is no such judge or magistrate residing or being at such place and able to act, any three justices of the peace having jurisdiction there may make the requisition.

(3.) Where the requisition is made by a judge, any statements of fact contained therein shall be final and binding upon all parties in any way concerned.

(4.) Where the requisition is made by a judge or magistrate having the powers of two justices of the peace, acting with two justices of the peace, or by three justices of the peace, any statement of fact therein contained shall not be open to dispute by the officer upon whom the requisition is made.

83. The requisition provided for by the next preceding section may be in the following form, or to the like effect, and the form may be varied to suit the facts of the case:—

County of)
To wit :)

Whereas it has been made to appear to our satisfaction that a riot or disturbance of the peace, beyond the powers of the civil authority to suppress (or to prevent, or to deal with) and requiring the aid of the active militia to that end, has occurred and is in progress (or is anticipated as likely to occur) at

(Where the head of the municipality, etc., has declined or is unable to join in the requisition, say)

And whereas the warden *(or as the case may be)* of the has declined (or is unable through) to join in this requisition :

These are therefore to require you to call out the active militia present in or such portion thereof as you consider necessary for the purpose of suppressing (or preventing, or dealing with) such riot or disturbance.

Dated, this day, 19

Warden, etc. *(or as the case may be)* or J.P.

. J.P.

. J.P.

84. In every such requisition in writing, as aforesaid, it shall be stated that a riot, or disturbance, has occurred, or is anticipated, and that the service of the active militia is required in aid of the civil power.

85. Every officer and man of such active militia or such portion thereof, shall, on every such occasion, obey the orders of his superior officer ; and the officers and men, when so called out, shall, without any further or other appointment, and without taking any oath of office, be special constables, and shall be held to act as such as long as they remain so called out ; but they shall act only as a military body, and shall be individually liable to obey the orders of their militia superior only.

86. When any of the militia are so called out in aid of the civil power, the municipality in which their services are required shall pay them, when so employed, the rates authorized to be paid for active service to such officers and one dollar per diem for each man, and one dollar and fifty cents per diem for each horse actually and necessarily used by them, together with an allowance of one dollar to each officer, and fifty cents to each man per diem in lieu of subsistence, and fifty cents per diem in lieu of forage for each horse, and, in addition, shall pay the cost of transport and provide them with proper lodging, and with stabling for their horses; and the said pay and allowances for subsistence and forage and the cost of transport, as also the cost or value of lodging and stabling, unless furnished in kind by the municipality, may be recovered from it by His Majesty in any court of competent jurisdiction.

87. Such pay and allowances of such of the militia as are called out, together with the reasonable cost of transport, shall, pending payment by the municipality, be advanced in the first instance out of the Consolidated Revenue Fund of Canada, by authority of the Governor in Council; but such advance shall not interfere with the liability of the municipality, and such pay, allowances and cost of transport may be at once recovered as a debt to the Crown by the municipality.

BILLETING OF THE MILITIA.

88. The Governor in Council may make regulations for the quartering, billeting, and cantoning of the militia, and may, by such regulations, impose penalties, not exceeding fifty dollars, for any breach thereof.

89. Nothing in this Act or the regulations shall authorize the quartering or billeting of the militia, or any part thereof, in any house occupied solely by females, or oblige the occupiers of any such house to receive the militia, or any part thereof, or to furnish them with lodging or house room.

TRANSPORT.

90. The Governor in Council may make regulations requiring any person in whom any railway, tramway, boat, barge, scow, or steamship or other vessel, or any wagon, carriage, or pack animal is vested, or any employee of any such person, to convey to and from any point or place, any portion of the militia, together with their horses, guns, ammunition, forage, baggage and stores, as may be required to be carried or conveyed; and such person or employee shall thereupon provide the necessary engines, carriages, trucks and rolling stock, boat, barge, scow, steamship, or other vessel, or pack animals, together with the persons and materials necessary for their use, within a reasonable time before the time when such order is to be complied with.

91. Any person lawfully required under this Act, or the regulations, to furnish a car, engine, boat, barge, scow, steamship, or other vessel, wagon, carriage, or pack animal, for the conveyance or use of any portion of the militia, who refuses or neglects to furnish it, shall be liable to a penalty not exceeding five hundred dollars, and in default of payment, to imprisonment for a term not exceeding one year, with or without hard labour, or to both the penalty and imprisonment, at the discretion of the court.

92. The rates of hire or recompense for the transport of the militia, or any portion thereof, and their horses, guns, ammunition, forage, baggage and stores, shall be fixed by the Governor in Council.

93. When the Governor in Council declares that an emergency has arisen in which it is expedient for the public service that the government should have control of the railways in Canada, or any of them, the Minister may, by warrant under his hand, empower any person or persons named in such warrant to take possession in the name or on behalf of His Majesty of any railway in Canada, and of the plant belonging thereto, or of any part thereof, or to take possession of any plant without taking possession of the railway itself, and to use it for His Majesty's service at such time and in such manner as the Minister directs; and the directors, officers and servants of such railway shall obey the directions of the Minister as to the use of the railway or plant as aforesaid for His Majesty's service.

(2.) Any such warrant granted by the Minister shall remain in force so long as, in the opinion of the Minister, the emergency exists.

94. There shall be paid to any person whose railway or plant is taken possession of in pursuance of this Act, out of moneys to be provided by parliament, such full com-

pensation for any loss or injury he sustains by the exercise of the powers of the Minister under the next preceding section as is agreed upon between the Minister and the said person, or, in case of difference, as is fixed upon reference to the Exchequer Court of Canada.

95. Where any railway or plant is taken possession of in the name or on behalf of His Majesty in pursuance of this Act, all contracts and engagements between the person whose railway is so taken possession of and the directors, officers and servants of such person, or between such person and any other person, in relation to the working or maintenance of the railway, or in relation to the supply or working of the plant of the railway, which would, if such possession had not been taken, have been enforceable by or against the said person, shall, during the continuance of such possession, be enforceable by or against the Government of Canada.

COURTS OF INQUIRY AND COURTS MARTIAL.

96. The Governor in Council may convene courts of inquiry, and appoint officers of the militia to constitute such courts, for the purpose of investigating and reporting on any matter connected with the government or discipline of the militia and with the conduct of any officer or man of the force; and may, at any time, convene courts martial and delegate power to convene such courts, and to appoint officers to constitute them for the purpose of trying any officer or man of the militia for any offence under this Act, and may also delegate power to approve, confirm, mitigate or remit any sentence of any such court.

97. The regulations for the composition of courts of inquiry and courts martial, and the modes of procedure and powers thereof, shall be the same as the regulations which are at the time in force for the composition, modes of procedure and powers of courts of inquiry and courts martial for His Majesty's regular army, and which are not inconsistent with this Act or the regulations made thereunder.

98. The remuneration of persons attending such courts may be fixed by the Governor in Council.

99. Every person required to give evidence before a court martial, may be summoned, or ordered to attend.

100. If any person who is not enrolled in the militia is summoned as a witness before a court martial, and, after payment or tender of the reasonable expenses of his attendance, makes default in attending, or being in attendance as a witness—

(a.) refuses to take an oath or affirmation lawfully required by the court to be taken, or—

(b.) refuses to produce any document in his power or control lawfully required by the court to be produced by him, or—

(c.) refuses to answer any question to which the court lawfully requires an answer, or—

(d.) is guilty of any contempt of the court martial by causing any interruption or disturbance in its proceedings,—

the president of the court shall certify the default, refusal or contempt of such person under his hand to a judge of any court of justice in the locality having power to punish persons guilty of like offences in that court; and such court may thereupon inquire thereinto, and, if the person is found guilty, punish him in like manner as he would be punishable in a proceeding in such court for any such default, refusal or contempt.

101. No sentence of any general court martial shall be carried into effect until approved by the Governor in Council.

OFFENCES AND PENALTIES.

102. Any officer who knowingly claims pay on account of any drills performed with his corps for any man belonging to any other corps, or claims pay for officers or men not present, or knowingly includes in any parade state, or other return, the name of any person not duly enlisted, and any man who claims, or has received pay on account of any drill performed in the ranks of any other than his own proper corps, or in more than one corps in any one year, is guilty of an indictable offence.

103. Any officer or man who obtains by means of any false pretense, or who unlawfully retains or keeps in his possession, any of the pay or moneys belonging to any other officer or man, is guilty of an indictable offence.

104. Any officer or man who knowingly signs a false parade state, roll or pay-list, or any false return whatever, is guilty of an indictable offence.

105. Every person of whom information is required by any officer making any roll, in order to enable him to com-

ply with the provisions of this Act, who refuses to give such information or gives false information, shall incur a penalty not exceeding twenty dollars for each item of information demanded of him and falsely stated, and the like sum for each individual name refused, concealed or falsely stated; and every person who refuses to give his own name and proper information, when applied to as aforesaid, or gives a false name or false information, shall incur a penalty not exceeding twenty dollars.

106. Every officer and every man of the militia who refuses or neglects to make any enrolment or ballot, or to make or transmit, as herein prescribed, any roll or return or copy thereof, required by this Act or by the regulations, shall incur a penalty, if an officer, not exceeding fifty dollars, and if a man, not exceeding twenty-five dollars, for each offence.

107. Every man drafted for service in the militia, who refuses or neglects to take the oath or to make the declaration hereinbefore prescribed, when tendered to him by a justice of the peace or by any commissioned officer duly authorized for that purpose, shall be liable on summary conviction before two justices of the peace to imprisonment for a term not exceeding six months, and for every subsequent neglect or refusal to take such oath shall be liable on the like summary conviction to a further imprisonment not exceeding twelve months.

108. Every officer and man of the militia, and every person whatsoever, who falsely personates another at any parade thereof, or on any other occasion, for any of the purposes required by this Act, is guilty of an indictable offence, and liable to a fine not exceeding one hundred dollars.

109. Every officer and man of the militia who refuses or neglects to assist his commanding officer in making any roll or return, or refuses or neglects to obtain or to assist him in obtaining any information which he requires in order to make or correct any roll or return, shall incur a penalty, if an officer not exceeding fifty dollars, and if a man not exceeding twenty-five dollars, for each offence.

110. Every person who refuses or neglects to give any notice or information necessary for making or correcting the roll of any company, which he is required by this Act to give to the commanding officer of such company or to any officer or non-commissioned officer thereof demanding it, at any reasonable hour and place, shall incur a penalty of ten dollars for each offence.

111. Every officer and man of the militia who, without lawful excuse, neglects or refuses to attend any parade or drill or training at the place and hour appointed therefor, or who refuses or neglects to obey any lawful order at or concerning such parade, drill or training, shall incur a penalty, if an officer of ten dollars, and if a man in the militia of five dollars for each offence; and absence for each day shall be held to be a separate offence.

112. Every person who interrupts or hinders any portion of the militia at drill, or trespasses on the bounds set out by the proper officer for such drill, shall incur a penalty of five dollars for each offence, and may be taken into custody and detained by any person by the order of the commanding officer until such drill is over for the day.

113. Every officer and man of the militia who disobeys any lawful order of his superior officer, or who when on service is guilty of any insolent or disorderly behaviour towards such officer, shall incur a penalty if an officer of twenty-five dollars and if a man of ten dollars for each offence.

114. Every man who fails to keep in proper order any arms or accoutrements delivered or entrusted to him, or who appears at drill, parade or on any other occasion, with his arms or accoutrements out of proper order, or unserviceable, or deficient in any respect, shall incur a penalty of four dollars for each such offence.

115. Every person who unlawfully disposes of or removes any arms, accoutrements or other articles belonging to the Crown or corps, or who refuses to deliver them up when lawfully required, or has them in his possession, except for lawful cause, the proof of which shall lie upon him, shall incur a penalty of twenty dollars for each offence; but nothing in this section shall prevent such offender from being indicted and punished for any greater offence, if the facts amount to such greater offence: and such offender may be arrested by order of the justice of the peace before whom the complaint is made, upon affidavit showing that there is reason to believe that such offender is about to leave Canada, carrying with him any such arms, accoutrements or articles.

116. Every officer and man of the militia who, when his corps is lawfully called upon to act in aid of the civil

power, refuses or neglects to go out with such corps, or to obey any lawful order of his superior officer, shall incur a penalty, if an officer, not exceeding one hundred dollars, and, if a man of the militia, not exceeding twenty dollars, for each offence.

117. Any person who resists any calling out of any man enlisted or drafted under the regulations, or any process prescribed for enforcing enrolment by ballot; or counsels or aids any person to resist any calling out or process as aforesaid, or the performance of any service in relation thereto, or counsels or aids any man enlisted or liable to military service, not to appear at the place of rendezvous; or dissuades any man enlisted or liable to military service, from the performance of any duty he is required by law or regulation to perform; or does any act to the detriment of any man enlisted or liable to military service, in consequence of his having performed any such duty; or interferes with the drill or training of any corps or portion thereof; or obstructs any corps or portion thereof, on the march or elsewhere,—shall incur a penalty not exceeding one hundred dollars.

118. Every person who wilfully violates any provision of this Act, shall, when no other penalty is imposed for such violation, incur a penalty not exceeding twenty dollars for each offence; but nothing in this section shall prevent his being indicted and punished for any greater offence if the facts amount to such greater offence.

PROCEDURE.

119. Except where otherwise provided, every penalty incurred under this Act shall be recoverable, with costs, by summary conviction, on the evidence of one credible witness, on complaint or information before one justice of the peace; and in case of non-payment of the penalty immediately after conviction, the convicting justice may commit the person so convicted and making default in payment of such penalty and costs, to the common jail of the territorial division for which the said justice is then acting, or to some lock-up house situate therein, for a term not exceeding forty days when the penalty does not exceed twenty dollars, and for a term not exceeding sixty days when it exceeds that sum.

120. No prosecution against an officer of the militia for any penalty under this Act or under any regulation shall be brought, except on the complaint of the officer for the time being commanding the militia.

(2.) No prosecution against any man in the militia for any penalty under this Act or under any regulation made under the authority thereof, shall be brought except on the complaint of the commanding officer or adjutant of the corps or captain of the company or corps to which such man belongs or belonged; but the officer for the time being commanding the said corps or company may authorize any officer of militia to make such complaint in his name, and the authority of any such officer alleging himself to have been so authorized to make any complaint, shall not be controverted or called in question except by the officer commanding the said corps or company; and no such prosecution shall be commenced after the expiration of six months from the commission of the offence charged unless it is for unlawfully buying, selling or having in possession arms, accoutrements or other articles belonging to the Crown or corps, or for desertion.

121. Every sum of money which any person or corporation is, under this Act, liable to pay or repay to the Crown, or which is equivalent to the damages done to any arms or any other property of the Crown used for military purposes, shall be a debt due to the Crown, and may be recovered as such.

122. Every action and prosecution against any officer or person, for anything done in violation of this Act or of any regulation made under the authority thereof, shall be laid and tried in the judicial district where the act complained of was done, and shall not be commenced after the end of six months from the violation, except as hereinbefore provided: and in any such action the defendant may plead the general issue and give this Act and the special matter in evidence at the trial; and no plaintiff shall recover in any such action if a tender or sufficient amends was made before the action was brought, or if a sufficient sum of money has been paid into court by the defendant after the action was brought; provided, that in the latter case, the plaintiff may in the discretion of the court receive his costs of action down to the time of such payment into court.

123. No action or prosecution shall be brought against any officer or person for anything purporting to be done

under the authority of this Act, until at least one month after notice in writing of such action or prosecution has been served upon him, or left at his usual place of abode, —in which notice the cause of action, and the court in which it is to be brought, shall be stated, and the name and place of abode of the claimant and his solicitor shall be endorsed thereon.

EXECUTION OF WARRANTS AND SENTENCES.

124. The governor, keeper or warden of every jail, prison or penitentiary in Canada, shall receive and detain, according to the exigency of any warrant under the hand of any district officer commanding, or other person authorized under the regulations to issue a warrant, any person mentioned in such warrant and delivered into his custody, and shall confine such prisoner until discharged or delivered over in due course of law; and every such governor, keeper or warden shall take cognizance of any warrant purporting to be signed by any such officer as aforesaid.

125. Any officer or man of the militia sentenced to be imprisoned may, if the Governor in Council by regulation or otherwise directs, be imprisoned in any place specially appointed therefor, instead of in a jail, prison or penitentiary.

REGULATIONS.

126. The Governor in Council may make regulations for carrying this Act into effect, for the organization, discipline, efficiency and good government generally of the militia, and for anything requiring to be done in connection with the military defence of Canada.

127. Such regulations shall be published in 'The Canada Gazette'; and, upon being so published, they shall have the same force in law as if they formed part of this Act.

128. The regulations shall be laid before both houses of parliament within ten days after the publication thereof in 'The Canada Gazette,' if parliament is then sitting; and if parliament is not then sitting, then within ten days after the next meeting thereof.

GENERAL PROVISIONS.

129. For the purpose of legal proceedings, all moneys subscribed by or for, or otherwise appropriated to the use of, any corps, and all arms, ammunition, clothing, equipment, musical instruments, or other things belonging to, or used by, any corps, shall be deemed to be the property of His Majesty; and no gift, sale or other alienation, or attempted alienation, of any such thing by any person shall be effectual to pass the property therein without the consent of His Majesty.

130. It shall not be necessary that any order or notice under this Act be in writing, unless herein required to be so, provided it is communicated to the person who is to obey, or be bound by it, either directly by the officer or person making or giving it, or by some other person by his order.

131. All general orders issued to the militia shall be held sufficiently notified to all persons whom they concern by their insertion in 'The Canada Gazette,' and a copy of the said Gazette purporting to contain them shall be evidence of such orders.

132. Every order made by the commanding officer of any corps of the militia, other than the permanent force, shall be held to be sufficiently notified to all persons whom it concerns, by insertion in some newspaper published in the regimental division in which such corps is situated, or, if there is no such newspaper, then by posting a copy thereof in every post office, or in some other public place, in each company division affected by such order.

133. The production of a commission or appointment, warrant or order in writing, purporting to be granted or made according to the provisions of this Act, shall be prima facie evidence of such commission or appointment, warrant or order, without proving the signature or seal thereto, or the authority of the person granting or making it.

134. Every bond to the Crown entered into before any judge or justice of the peace, or officer of the militia authorized to take it, by any person under the authority of this Act, or according to any general order or regulation made under it, for the purpose of securing the payment of any sum of money, or the performance of any duty or act hereby required or authorized, shall be valid and may be enforced accordingly.

135. All sums of money required to defray any expense authorized by this Act may be paid out of the Consolidated Revenue Fund, upon warrant directed by the Governor General to the Minister of Finance and Receiver General; but, except under section 10 or section 87, no sum of money shall be so paid unless it is included in some appropriation made by parliament; and a detailed account of moneys so expended shall be laid before parliament during the then next session thereof.

REPEAL.

136. The following Acts of the Parliament of Canada are repealed, in so far as the the Active and Reserve Militia Land Force is concerned.—Chapter 41 of the Revised Statutes, intituled 'An Act respecting the Militia and Defence of Canada'; chapter 19 of the statutes of 1898, intituled 'An Act further to amend the Militia Act'; and chapter 18 of the statutes of 1900, intituled 'An Act to amend the Militia Act.'

COMMENCEMENT OF ACT.

137. This Act shall come into force on a day to be fixed by proclamation of the Governor in Council.

DESPATCHES, Etc.

Extract from the *London Gazette*, August 30, 1904.

INDIA OFFICE,

August 25, 1904.

RULES PUBLICATION ACT, 1893.

In conformity with the provisions of the Statute 56 and 57 Victoria, cap. 66, notice is hereby given that the Secretary of State for India in Council proposes, with the advice and assistance of the Civil Service Commissioners, at the expiration of forty days from the date of this *Gazette*, to make alterations as shown below in the regulations for the admission of candidates to the Civil Service of India, under section 32 of the Statute 21 and 22 Victoria, cap. 105.

For Regulation 2, head (ii), which at present stands as follows:—

"That he had attained the age of twenty-one, and had not attained the age of twenty-three, on the first day of the year in which the Examination is held."

It is proposed to substitute the following, that is to say:—

"That he had attained the age of twenty-two, and had not attained the age of twenty-four, on the first day of August of the year in which the Examination is held."

It is intended that the changes should come into force for the Open Competitive Examination of 1906 and subsequent years.

Copies of the foregoing proposed new rules may be obtained from the Secretary, Judicial and Public Department, India Office.

ORDERS IN COUNCIL.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 1st day of November, 1904.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Governor General in Council, in pursuance of the provisions of the 16th section of The Fisheries Act, chapter 95 of the Revised Statutes of Canada, is pleased to order that section 3 of the General Fishery Regulations for the Province of Ontario, established by the Order in Council of the 18th July, 1889, fixing a close season for Whitefish and Salmon-trout, shall be and the same is hereby amended so as to permit the catching of such fish for the year 1904, up to and inclusive of the 15th of November.

JOHN J. MCGEE,

19-3 Clerk of the Privy Council.

[Ref. 943,600]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of August, 1904.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 11th August, 1904, from the Minister of the Interior, stating with reference to the Order in Council of the 6th day of June, 1901, approving of the Report of 31st May, 1901, by Mr. J. A. J. McKenna, Half-Breed Scrip Commissioner, that the report in question deals with a variety of more or less complicated questions relating to scrip, and then proceeds to state in clause six that the claims of persons otherwise entitled to scrip "who have left Canada" and taken up their residence on Indian Reservations "in the United States and participated in the benefits of Indian life thereon and all children admitted to "United States Indian Schools" had been excluded from the distribution of scrip.

The Minister states that he submitted this report for approval and it was accordingly approved as a whole.

The Minister further states that subsequent consideration of the clause above adverted to makes it clear that the ruling set out in clause six thereof is erroneous, in that it results in depriving of the right to scrip, persons whose claims had fully matured in the year 1885, and therefore were in the nature of a vested right, because of the removal of such persons from Canada.

The Minister states that it is quite clear that such removal does not constitute any valid reason for the refusal to recognize property rights fully matured and vested before such removal took place. This principle has been clearly and very properly laid down in former cases where the right to scrip was in question. It is moreover doubtful whether in any case the half-breeds excluded under the above clause have any permanent interest in or right to the benefits derived from the United States Government to which reference is made.

The Minister therefore recommends that the claims preferred before Mr. McKenna and excluded under section 6 of his said report may be investigated by an officer or officers of the Department of the Interior, to be named by the Minister of the Interior, and that such officer or officers have in reference to such claims all the authority formerly exercised by Mr. McKenna under the various Orders in Council relating to his duties or Commission for the investigation of claims to Half-Breed scrip including the taking of evidence under oath either *viva voce* or in writing, and that the Minister of the Interior be authorized to act upon and carry out such reports as from time to time may be made in pursuance hereof.

The Minister further recommends that in case of conflicting claims from assignees of such scrip the assignee whose assignment is filed in the Department first in order of time shall be held to be the legal assignee.

The Committee submit the same for approval.

JOHN J. MCGEE,

16-4 Clerk of the Privy Council.

[Ref. 470,977.]
AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 6th day of October, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Memorandum dated 3rd October, 1904, from the Minister of the Interior, stating that on the 10th September, 1901, a lease was issued to the North American Transportation and Trading Company of an hydraulic mining location on Miller Creek in the Yukon Territory, excluding thereout such placer claims the entries for which were in force on the 22nd of June, 1899, and including any of the claims which have since that date been abandoned or forfeited, or may hereafter become abandoned or forfeited.

The Minister further states that two years previous to the date of the said lease the Gold Commissioner at Dawson gave public notice that he had withdrawn from placer mining entry the whole of the said location, but between the date of such notice and the date of the lease, the Assistant Gold Commissioner granted entries for a number of placer claims within the said location, including twenty-one claims the property of the company, which they considered to be a portion of their location.

That the Inspector of Agencies in the Yukon Territory visited the said location in August last and reported that the company have expended a large sum of money in constructing ditches and a large reservoir for conveying water to be used in hydraulic mining and working an hydraulic elevator; that the works were nearly completed and would be in operation before the close of the present season; and that over ninety men are employed in connection with the work.

The Minister recommends,—as the Department of the Interior agreed to issue a lease to the company of the whole of the location described in the said lease, including the bed of the Creek and Creek claims, excepting those for which the entries were in force at the date the location was closed from placer mining entry by the Gold Commissioner, and to allow the lessees to include in the location any of the said claims, which since that date might become abandoned or forfeited,—that for the better carrying out of the said agreement and for the better assuring the title of the lessees authority be given for the issue of a supplementary lease to the said company, and that the lease annexed hereto, prepared by the Department of Justice, be approved and issued to the company.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

THIS INDENTURE made in duplicate the day of 1904, between His Majesty, King Edward VII., represented herein by the Minister of the Interior of Canada, hereinafter called "the Minister", of the First Part; and The North American Transportation and Trading Company, of the City of Chicago, in the State of Illinois, one of the United States of America, hereinafter called "the lessees", of the Second Part.

Whereas by Indenture of Lease dated the tenth day of September, 1901, His Majesty did grant, demise and lease to the lessees the tract of land in the said lease described and the exclusive right and privilege of extracting and taking therefrom by hydraulic or other mining process all royal or precious metals or minerals from, in, under or upon the said tract of lands.

And whereas prior to the date of the said lease and in pursuance of an application for an hydraulic concession, Edmund Cumming Senkler, Gold Commissioner for the Yukon Territory, did by virtue of section 13, of the Hydraulic Regulations approved by Order in Council dated 3rd December, 1898, publish a notice on the 22nd day of June, 1899, in accordance with said section 13, withdrawing from location under

the regulations governing placer mining the following ground, being five (5) miles on Miller Creek, commencing at the mouth of the Creek (A Tributary of Sixty Mile River) thence running up stream on the said Creek for a distance of five (5) miles, and from summit to summit on either side.

And whereas the said lessees were prior to the said 22nd day of June, 1899, the owners of Creek placer mining claims the upper and lower halves of numbers 1, 2, 4, 5, 6, 7, 11, 12, 13, 14, 23, 28, 29, 30, 32, 33, 34, 35, 36, 37 and 38 below Discovery on Miller Creek and an application has been made by them to the Minister to include the said lastly above described claims within the lease to be granted to them for the said concession, which said application has been granted by the Minister.

And whereas after the posting of the said notices, grants were improperly given for the following creek placer mining claims, all of which said claims are within the limits of the ground described in the lease granted to the lessees on the 10th September, 1901, in pursuance of the application above referred to, namely: Creek claims the upper and lower halves No. 1: the upper and lower halves No. 4: the upper and lower halves No. 5: the upper and lower halves No. 6: the upper and lower halves No. 7: the upper and lower halves No. 11: the upper half No. 12: the upper and lower halves No. 13: the upper and lower halves No. 14: the upper half No. 16: the upper and lower halves No. 20: the upper and lower halves No. 21: the upper and lower halves No. 23: the upper and lower halves No. 24: the upper and lower halves No. 26: the upper and lower halves No. 28: the upper and lower halves No. 29: the upper and lower halves No. 30: the upper and lower halves No. 31: the upper and lower halves No. 32: the upper and lower halves No. 33: the upper and lower halves No. 34: and hill side placer mining claims the upper half left limit No. 3: the upper half left limit No. 8: the lower half left limit No. 15: and the lower half left limit No. 27: all being below Discovery on Miller Creek.

And whereas it has always been the intention of and the agreement between the parties hereto, that the lessees should obtain a lease from the Crown of all the unoccupied ground there was on Miller Creek on the 22nd day of June, 1899, within the following area, commencing at the mouth of the said creek and extending up stream a distance of three and thirty-eight one-hundredths miles, and extending in width from summit to summit: and also all the ground which should become abandoned or forfeited from the 22nd June, 1899 to the termination of the said lease of the 10th day of September, A. D. 1901.

And whereas the ground referred to in the said lease is so described that it is ambiguous whether it is intended to include the bed of Miller Creek or not.

And whereas it has always been the intention that the bed of the said Miller Creek should be included in the said description.

And whereas for the better carrying out of the said agreements and for the better assuring the title of the lessees, the parties hereto have agreed to execute these presents and the Governor in Council has authorized the issue and execution thereof.

How this indenture witnesseth that in pursuance of the premises and in consideration of and subject to the rent, covenants, provisoes, exceptions, restrictions and conditions hereinafter reserved and contained, and by the lessees to be paid, observed and performed, His Majesty doth grant, demise, lease and confirm unto the said lessees the said tract of lands and the exclusive right and privilege of extracting and taking therefrom by hydraulic or other mining process, all royal or precious metals or minerals from, in, under or upon the tract of lands hereby demised and leased, with regard to which the said rights and privileges are hereby granted, which said tract is described as follows, that is to say:—

All and singular that certain parcel or tract of land situate, lying and being on Miller Creek, a tributary of the Sixty Mile River in the Yukon Territory, and extending from the mouth of the said Miller Creek to Discovery on that stream a distance of three and thirty-eight one-hundredths

(3.38) miles more or less, and in width to the limits of the valley, including the bed of the creek, as shown on the plan of the survey thereof, signed by R. J. Jephson, D. L. S., dated the 19th day of June, 1900, and of record in the Timber and Mines Branch of the Department of the Interior; reserving thereout and therefrom Placer Mining Claims numbered Seventeen, Eighteen, and Nineteen below Discovery on the said Creek, and the lower half of Hillside Claim Number Sixteen and the upper half of Hillside Claim Number Seventeen, both on the Left Limit of said Miller Creek, as shown on the supplementary plan attached, bearing date the tenth day of June, 1904, and marked "A." And should any of the five placer mining claims above described, which are now excluded from the operation of this lease, become abandoned or forfeited, the same shall then be deemed to form a portion of and to be included in the tract described in the lease.

To have and to hold the said demised premises for and during the term of twenty to be computed from the 10th day of September 1901 and from thenceforth next ensuing and fully to be complete and ended.

Yielding and paying therefor yearly and every year during the said term unto His Majesty his successors or assigns the yearly rental reserved by the said lease of the 10th day of September, 1901, payable as in the said lease provided.

Provided always and this lease is subject to the following exemptions, restrictions, provisos and conditions, that is to say:

1. That the lessees shall and will well and faithfully pay the rent by the said lease of the 10th day of September, 1901, reserved at the times and in the manner therein reserved.

2. That the lessees shall in addition to the said yearly rent by the said lease reserved pay to His Majesty, his successors or assigns the same royalty upon the output of their said hydraulic or other mining operations, as under regulations under Order of the Governor General in Council is now or may be hereafter provided to be paid in the case of placer mining claims: except that there shall be exempted from the royalty to be paid hereunder by the lessees royalty upon \$25,000 of the annual output; the royalty to be paid in the manner provided for the payment of royalty on placer mining claims in the regulations under order of the Governor General in Council now or hereafter passed to govern the same.

3. That if during any year of the said term by the said lease of the 10th day of September, 1901, and hereby granted the lessees shall fail to expend in such mining operations in about or upon the said mining rights and privileges hereby granted the sum of five thousand dollars—of the fact of which failure the Minister shall be the sole and final judge—the said lease and this lease or demise and the remainder of the term by the said lease and hereby granted and all benefits, rights and privileges hereby granted to the lessees shall become and be utterly and absolutely null and void unless the Minister shall otherwise decide; and that in the event of such pro-determination of the said lease of the 10th day of September, 1901, and of this lease or demise and of the term granted to the lessees or remainder thereof His Majesty, his successors or assigns may thereupon re-enter upon the said demised premises and have, hold, use, occupy, possess and enjoy the same and every part thereof as if the said lease of the 10th day of September, 1901, and these presents had never been executed, and without any compensation or payment of any kind to the lessees for any work done or improvements made thereon; but nothing herein contained shall in anywise affect the right of His Majesty or his successors or assigns to all arrears of rent or royalty to be paid as in the said lease of the 10th day of September, 1901, and as hereinbefore provided, or to any remedy for the recovery of such arrears of rent or royalty.

4. That the lessees shall not nor will assign, transfer or sub-let the said demised premises, or any part thereof, without the consent in writing of the Minister.

5. That the lessees shall not nor will in any way interfere with the general right of the public to use the waters of any creeks or river adjoining or running through the said demised premises, and shall not nor will impede the same nor cause nor suffer the same to be impeded by deposits of tailings or other deposits resulting from the said mining operations or by the accumulation of such deposits in such way as to form bars or banks in the channels of the said creeks or rivers; and shall not nor will obstruct, nor cause nor permit to be obstructed in any material degree, the current stream or flow of the said creeks or river respectively.

6. That any person who under any Placer Mining Regulations in force under any Order of the Governor General in Council as aforesaid has prior to the 22nd day of June 1899, obtained entry for a location and has duly renewed the same on the bank or shore of either of the said creeks or of the said river, shall be entitled notwithstanding anything contained in these presents to run tailings into the said creeks or river at any point thereon.

7. That the lessees will permit and allow the Commissioner of the Yukon Territory or the Gold Commissioner thereof, or of the districts in which the said demised premises are situated, or any person duly authorized by them or either of them in writing so to do during the said term to enter upon and remain and reside upon the said premises for such period as to him or them shall seem expedient and necessary from time to time for the purpose of viewing the premises or watching the progress of the said mining operations, and will also permit any of the persons aforesaid or any surveyor or with his assistants employed for that purpose to survey, examine, and deal with the state and conditions of the said premises and of the said mining operations, and to ascertain the quantity of work done, and material and royal or precious metals or minerals got out of, mined, or extracted or gained from the said premises and to ascertain whether the lessees are working the said premises in accordance with the terms, provisos and conditions of the said lease of the 10th day of September 1901 and of this lease: and for such purpose or any of them will permit any of the persons aforesaid to enter into and go about, ascend or descend, all buildings, works, pits or shafts, to use all engines, machinery, ropes, tackle and other things belonging to the lessees in and about the said premises, as any of the persons aforesaid may deem necessary or expedient without any compensation fee or payment to the lessees therefor, and will otherwise give and allow any of the persons aforesaid liberty of free ingress and egress in, to, out of, or over all buildings, erections and works used by the lessees in connection with the said hydraulic or other mining operations, and will also upon being so requested in writing by the Commissioner of the Yukon Territory or the Gold Commissioner thereof, or of the district in which the said demised premises are situated, furnish such Commissioner or Gold Commissioner of the Territory or district, as the case may be, or any person duly authorized by either of them to inspect the said demised premises for the purposes aforesaid with any information respecting the said mining operations or in any way concerning the said demised premises as the said Commissioner or the Gold Commissioner of the Territory or district may so request to be furnished with.

8. That the lessees shall not nor will in any way damage or obstruct any public ways, drains, bridges, works or improvements now made or hereafter to be made upon, in, over, through or under the said creeks or rivers and that they shall and will substantially bidge, or cover, and protect, to the satisfaction of the Minister at the points where the same may be crossed by any public highway or frequented path or trail, all cuts, flumes, ditches and sluices, and all dangerous places made by them or resulting from the said works or mining operations under these presents.

9. That if the lessees shall at any time during the said term fail to pay the rent or royalty so reserved or any part thereof within sixty days after the same respectively shall have become due or if they shall commit any breach or default in the observance of the

above conditions or any of them other than that referred to in the clause numbered "3" of these presents, then and in every such case the Gold Commissioner may post a notice in a conspicuous place upon the said demised premises and may mail a copy of such notice to the last address of the lessees known to the Commissioner requiring such default to be remedied, and in case such default is not remedied within three months of the date of the posting of the notice upon the location all the rights of the lessees under the said lease or under any order of the Governor General in Council containing regulations for the disposal of mining locations in the Yukon Territory to be worked by the hydraulic or other mining process, referred to in these presents, shall be and become *ipso facto* null and void provided that the claim of His Majesty or his successors or assigns for any rent or royalty then due, or accruing due, or any remedy for the recovery thereof shall be in no wise affected by such cancellation.

10. Provided and it is hereby understood and agreed that there are reserved and excepted from this lease and demise all roads, ways, bridges, drains, and public works and improvements whatsoever, now existing or which may hereafter be lawfully made in, upon or under any part of the said creeks or river and the right of free access to and use of the same also to all persons charged with the construction or maintenance or repair of the same or entitled to construct, maintain or repair the same all rights of entry and other rights and privileges necessary or convenient for that purpose.

11. That the lessees may cut free of dues such of the timber on the said demised premises as may be necessary for working the same in connection with their said mining operations, but not for sale or traffic except in cases where such timber has been granted or disposed of prior to the date of the said lease; provided that the Commissioner of the Yukon Territory may grant a permit to the said lessees to cut and sell any timber which it is necessary to remove in order to work or properly carry on their said mining operations upon the said demised premises and may permit any person to cut and remove from a location cordwood for their own use, when such cordwood cannot otherwise be had within a reasonable distance, unless such cordwood is required by the lessees for their mining operations.

12. Provided also that His Majesty does not in any way warrant that there shall be a sufficient quantity of water in the said creeks or river to admit of operations under this lease and that the lessees shall have no right to compensation should it be found impossible for that or for any other reason to carry on such operations, it being hereby declared and agreed that this lease is taken by the lessees entirely at their own risk.

13. Provided also that no waiver on behalf of His Majesty, his successors or assigns of the breach by the lessees of any condition, proviso, clause, covenant, matter or thing herein contained shall take place or be binding upon His Majesty, his successors or assigns unless the same be expressed in writing under the authority of the Minister and any waiver so expressed shall only extend to the particular breach so waived and shall not limit or affect the right of His Majesty or of his successors or assigns with respect to any other or future breach.

14. Provided also that if at any time during the continuance of the term hereby granted the lessees be permitted in the manner hereinbefore provided to transfer, assign or sub-let for the remainder of the said term or any part thereof, the lands or any part thereof with the rights and privileges hereby granted, all the provisos, terms, exceptions, restrictions and conditions herein contained shall extend to and be binding upon the transferees, assignees, or sub lessees and upon their executors, administrators, successors and assigns respectively and that any breach thereof by them or any of them shall have the same effect as against the lessees as if such breach were made by the lessees during continuance as lessees.

15. Provided also that the word "lessees" in these presents includes the lessees their successors and assigns.

16. Provided also, that no implied covenant or liability of any kind on the part of His Majesty is created by the use of the words "demise" or "lease," or "grant demise and lease" herein, or by the use of any other word or words herein. And that His Majesty does not warrant the title to the said lands or any of them and shall be under no obligation to quiet or defend the same or to pay or indemnify the lessees in respect of the costs of quieting or defending the same.

17. Provided also that any notice, demand or other communication which His Majesty or the Minister may require or desire to give or serve upon the lessees may be validly given or served by his deputy or by the Secretary or the Assistant Secretary of the Department of the Interior or by the Commissioner of the Yukon Territory or by the Gold Commissioner thereof or of the district within which the demised premises are situated.

Provided also that this demise is subject to all other regulations contained and set forth in any order of the Governor General in Council containing regulations for the disposal of mining locations in the Yukon Territory to be worked by the hydraulic or other mining process referred to in these presents, as fully and effectually to all intents and purposes as if they were set forth in these presents.

And the lessees for themselves, their successors and assigns do hereby covenant, promise and agree to and with His Majesty his successors and assigns that the lessees their successors or assigns or some or one of them shall and will well and truly pay or cause to be paid to His Majesty his successors or assigns the said annual rent and the said royalty upon the several days and in the manner hereinbefore appointed for the payment thereof respectively, without any deduction or abatement whatsoever, and shall and will abide by, perform, fulfil and keep or cause to be abided by, performed, fulfilled and kept every clause, condition, proviso, covenant, matter and thing on his or their part to be abided by, performed, fulfilled and kept as hereinbefore set forth and provided.

And it is finally hereby agreed by and between the parties to these presents, that if at the expiration of the said term of twenty years the said lessees, their heirs, executors, administrators or assigns shall be desirous of taking a renewal lease of the said demised premises and shall of such desire prior to such expiration give to the Minister six months' notice in writing and shall have paid the rent and royalty hereby reserved or agreed to be paid and observed, performed, fulfilled and abided by the covenants, provisos, terms and conditions herein expressed and contained on the part of the lessees their successors or assigns to be observed, performed, fulfilled and abided by them the said Minister shall and will grant unto the said lessees, their successors or assigns the said demised premises for a further term of twenty years by a lease containing the like covenants, provisos, terms and conditions as are in these presents expressed and contained.

In witness whereof the said Minister of the Interior of Canada by his Deputy of the said City of Ottawa, Esquire, has hereunto set his hand and affixed the seal of the Department: and the lessees hereunto set their hands and seals.

Signed, sealed and delivered by the said The Honourable the Minister of the Interior of Canada by his Deputy _____ in the presence of _____ and by the said lessees _____ of _____ in the presence of _____ 17-4

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

WHEREAS it appears that the unsurveyed portions lying west of range twenty-six, west of the fourth meridian, between township twenty-six and the International Boundary are so mountainous that the rates fixed by the Orders in Council of the 3rd February, 1903, and the 19th February, 1904, for the payment of township subdivision surveys executed under contract are inadequate,—

Therefore the Governor General in Council is pleased, in pursuance of sub-clause 1 of clause 19 of The Dominion Lands Act, to authorize the payment of an extra allowance of four dollars per mile of township or section line for all subdivision surveys made under contract in such of the townships within the aforesaid limits as were unsurveyed on the 1st January, 1904.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 15th September, 1904, from the Minister of the Interior, stating that by an Order in Council of the 16th March, 1901, Mr. J. A. J. McKenna, now Assistant Indian Commissioner, was appointed sole Commissioner to complete the investigation of the claims of Half-Breeds who were born between the 15th July, 1870, and the end of the year 1885, in the North-west Territories, or in that part of the Province of Manitoba as now constituted which was not included in the province as constituted by the Manitoba Act, 33 Victoria, chapter 3, and that, amongst other claims which were disallowed by Mr. McKenna, the claims which were preferred before him

at Birtle in the Province of Manitoba, on behalf of the heirs of Marguerite Bellehumeur, Pierre Bellehumeur, Alfred Bellehumeur and Marie Louise Bellehumeur, deceased children of Jean Bellehumeur, or Monette, by his wife Marie Bellehumeur née Tanner, were disallowed by the said Commissioner on the ground that they had not been proved to his satisfaction.

The Minister further states that additional evidence has since been filed in the Department of the Interior in support of these claims which, in the opinion of the Minister of the Interior, established the claims in question.

The Minister therefore recommends that he be authorized under the provisions of paragraph (f) of clause 90 of The Dominion Lands Act, to issue scrip in satisfaction thereof for 240 acres of land in each case.

The Committee submit the same for approval.

Wednesday, the 28th day of September, 1904.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report, dated 9th August, 1904, from the Minister of the Interior, submitting that Messrs. Macdonell and Martin, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba, to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report, dated 30th April, 1903, in which they submit, in accordance with the terms of the Order in Council, in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 284,034 acres.

The Minister states that of the area thus examined the Commissioners find an area of 146,274 acres falling to the Province as Swamp Lands.

That by a comparison of the schedules furnished by the Commissioners with the books of the Department of the Interior, and its Agencies in Manitoba, it has been found that of the total area of 146,274 acres selected as such Swamp Lands, an area of 43,192.27 acres is available.

The Minister submits a revised schedule of such of the lands included in the schedule of the Commissioners as are found available comprising an area of 43,192.27 acres, and being satisfied of the accuracy of the same, recommends that the lands enumerated therein be

vested in His Majesty King Edward VII., for the purposes of the Province of Manitoba under the provisions of the 4th section of chapter 47 of the Revised Statutes of Canada.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

SCHEDULE showing lands selected by Messrs. Macdonell and Martin, Swamp Lands Commissioners, during the season of 1902, under the provisions of the Order in Council of 19th June, 1886, and amending Order in Council of 27th February, 1899, all being found vacant in the books of this Department.

[Ref. 931,055.]

AT THE GOVERNMENT HOUSE AT OTTAWA,

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 15th July, 1904, from the Minister of the Interior, stating that it has been represented to him that it would be in the interests of the School Lands Endowment Fund of the Territories to offer for sale by public auction during the coming autumn a number of School Lands in Western Alberta, as well as some in Eastern Assiniboia. The lands it is proposed should be offered for sale are those situated in the vicinity of the line of the Calgary and Edmonton Railway, and of the Crows Nest Branch of the Canadian Pacific Railway in Alberta as well as a certain number in the vicinity of Yorkton and Saltcoats in Eastern Assiniboia.

The Minister is of the opinion as no general auction sale of School Lands in Alberta has been held since the Auction Sale at Calgary in July, 1899, which only comprised a few sections in the neighbourhood of that place and in view also of the fact that there is at present a very strong demand for School Lands especially for those in Alberta and in the Yorkton District in Assiniboia, that if offered now they would realize good prices, and in this view the Government of the Northwest Territories concurs.

The Minister therefore recommends that he be authorized to offer for sale during the coming Autumn the School Lands in the vicinity of the line of the Calgary and Edmonton Railway and of the Crows Nest Branch of the Canadian Pacific Railway in Western Alberta and in the vicinity of Yorkton and Saltoats in Eastern Assiniboia, which are now being inspected and valued for that purpose; the sales to be held on such dates and at such places as may be hereafter determined by the Minister of the Interior and to be subject in every case to an upset price based upon the valuation of the land.

The Committee submit the same for approval.

JOHN J. MCGEE,

18-4 Clerk of the Privy Council.

[Ref. 470,979.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 1st day of October, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Governor General in Council is pleased to order that section 1 of the Regulations governing the disposal of Dominion Lands containing petroleum, established by the Order in Council of the 23rd March, 1904, shall be and the same is hereby rescinded, and the following section substituted therefor:—

1. All unappropriated Dominion Lands in Manitoba, the North-west Territories and within the Yukon Territory, shall be open to prospecting for petroleum by an individual or company desiring to do so. In case there should arise any dispute as to whether lands are or are not unappropriated, the question shall be decided by the Minister of the Interior whose decision shall be final; provided, however, that the Minister may reserve for an individual or company who has machinery on the land to be prospected, an area of 1920 acres for such period as he may decide.

This tract of land may be selected by the said individual or company so soon as machinery has been placed on the ground, but the length of such tract shall not exceed three times the breadth thereof; where the circumstances of the case, however, appear to be exceptional the Minister of the Interior may permit the selection to be made in areas of not less than a quarter-section, or a fractional quarter-section, which may have resulted from the convergence of meridians, in such section affected, and the several parcels of land selected must be contiguous.

JOHN J. MCGEE,

18 4 Clerk of the Privy Council.

RAILWAY COMMISSION.

THE BOARD OF RAILWAY COMMISSIONERS
FOR CANADA.

(Meeting at Ottawa.)

Monday, the 17th day of October, A.D. 1904.

PRESENT :

The Honourable A. G. BLAIR, P.C., K.C., LL.D.,
Chief Commissioner.

The Honourable M. E. BERNIER,
Deputy Chief Commissioner.

JAMES MILLS, Esquire, M.A., LL.D.,
Commissioner.

In the matter of the applications of the Grand Trunk Railway Company, the Canadian Pacific Railway Company, the Canadian Northern Railway Company, and the Père Marquette Railroad Company, for approval by the Board of Railway Commissioners of their forms of bills of lading and other traffic forms, in compliance with section 275, subsections 1 and 2 of The Railway Act.

The above named companies are the only railway companies in Canada which have, up to the present moment, complied with the requirements of section 275; and in respect of these so far received it may be remarked that there is much diversity in the forms of the several railways. The whole subject is of very great importance and will require that much circum-

spection should be exercised in examining into the contracts and forms which the Board hereafter has to approve; and also into the question of limitation of liability on the part of carriers.

In view of these facts, and that the railways generally have not submitted their forms for approval, the Board does not deem it advisable to make any final or definite Order upon the subject at present, but is of opinion that an Interim Order might properly be made, permitting such railways as have made application therefor to continue the use of their present forms until the Board shall otherwise prescribe an order.

It is therefore ordered,—

that the above mentioned applicants do severally have power to use the forms submitted, and they are hereby legally authorized so to do until this Board shall hereafter otherwise order and determine.

And the Board further requires that a select Committee be formed of the legal and traffic officers of the several railway companies named, and others who may hereafter submit their applications, to meet the Board at Ottawa, on a date to be hereafter announced, for the discussion of the said forms and contracts, both freight and passenger, at a session of the Board to be called for such purpose.

AND, G. BLAIR,

Chief Commissioner,

18-3 Board of Railway Commissioners for Canada.

NOTICE.—The Ontario and Quebec Railway Company will apply to the Board of Railway Commissioners at their Court Room in the City of Ottawa, on the eighth day of November, 1904, at the hour at 11 a.m. for authority to construct a branch line in accordance with a plan, profile and book of reference thereof deposited in the Registry Office for the Counties of Hochelaga and Jacques-Cartier at Montreal, on the twenty-second day of September, 1904, and also in the Registry Office within the Registry Division of Montreal-west on the twenty-second day of September, 1904, the said branch commencing at a point on the said Company's railway about two thousand feet North of Highlands Station, and thence running along the property of the Railway Company to the East boundary of the lands of the said railway, thence crossing a portion of Lot 940 of the Parish of Lachine to the Lachine Canal reserve of lands; thence along said reserve of lands and along portions of the highway to the south of the same, opposite Lots 968, 1,007, 1,008, 1,009, 1,010, 1,011, 1,016, 1,017, 1,020, 1,021 and 1,022 of said Parish, and also opposite lot 3,607 of the Municipality of the Parish of Montreal, and lots 3,616, 3,617, 3,620 and 3,621 of the last named Parish to a point on the said reserve at or near Côte St. Paul bridge; thence in a South Easterly direction across Lot 3,929 of the last named Parish and passing between Maisonneuve and Dufferin Avenues, to and across the property of the Fotheringham Estate and the property of the Canadian Carbon Company to a point on the said Canal reserve opposite Ste. Hélène Street in the Town of Côte St. Paul; thence along the said reserve to Atwater Avenue; thence along St. Patrick Street to a point at or near the West boundary of the property of the Canada Sugar Refining Company, as shown on said plan.

The company will also apply for authority to divert the highway south of the said Reserve so as to occupy the portions of the lots above mentioned shown in red on the said plan.

C. DRINKWATER,

15-5 Secretary.

NOTICE TO MARINERS.

No. 88 of 1904.

(Inland Notice No. 23.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

ONTARIO.

(231) RIVER ST. MARY—CANADIAN SAULT STE.

MARIE CANAL—RANGE LIGHTS AT LOWER
ENTRANCE IMPROVED.

The masts with day marks, from which fixed red lights were exhibited to mark the axis of the channel leading to the lower end of the Canadian canal at Sault Ste. Marie, have been replaced by open skeleton, galvanized iron unpainted towers, square in plan, with sloping sides, surmounted by square wooden lanterns from which fixed red lights are shown.

The illuminating apparatus in each case consists of a group of three incandescent electric lamps, each of 65 candle power, placed in the foci of paraboloidal reflectors. These lights should show strong beams in, and over a small arc on each side of, the line of range.

On the channel side of each tower there is a diamond-shaped day beacon of slatwork painted white.

The front tower stands on the shore of the bay north of the entrance to the canal, east of Huron and south of Portage streets. It is 62 feet high from its base to the top of the lantern. The light is elevated 63 feet above the level of the water below the canal, and should be visible 2 miles.

The back tower stands on Hudson street, north of Superior street, 1,150 feet N. 35½° W. from the front

light. It is 72 feet high. The light is elevated 78 feet above the level of the river, and should be visible 2 miles.

To enter the Canadian canal from below, the two lights should be brought in one opposite the power house, and kept in one bearing N. $35\frac{1}{2}^{\circ}$ W. until the axis of the canal is reached.

The light is now 79 feet above the water and 34 feet above the base of the structure and it illuminates the entire horizon.

The approximate geographic position of the light is latitude 55° 26' 42'' N., longitude 131° 52' 53'' W.

About 1st September, 1904, there was established on the structure a bell struck by machinery, during thick or foggy weather, a single blow every 20 seconds.

The structure is a white square pyramidal wooden tower surmounted by an octagonal lantern with black roof and having the bell suspended from its northern face. A white frame dwelling with brown roof stands about 100 feet northeasterly, a white oilhouse about 50 feet easterly, and a white boathouse with brown roof about 100 feet northerly of the tower.

(220) PERIL STRAIT, EASTERN ENTRANCE—FAIRWAY ISLAND—LIGHT ESTABLISHED.

About 1st September, 1904, a *fixed white* lens-lantern light was established at this station, located on the northeastern point of Fairway island, western side of Chatham strait and in the eastern entrance to Peril strait.

The light is 37 feet above the water, 6 feet above the base of the structure from which it is shown, and it illuminates 300° of the horizon, the dark sector covering the island.

The approximate geographic position of the light is latitude 57° 26' 32'' N., longitude 134° 51' 39'' W.

The structure is a white hexagonal wooden tower, surmounted by a hexagonal lantern with black roof. A white one and one-half story wooden dwelling with brown roof stands a short distance to the southward, and a white boathouse, with brown roof, stands to the westward of the light tower.

(221) LYNN CANAL—MANSFIELD PENINSULA—POINT RETREAT—LIGHT ESTABLISHED.

About 15th September, 1904, a *fixed white* lens-lantern light was established at this station, located on the northern end of point Retreat, the northern end of Mansfield peninsula, eastern side of the southern end of Lynn canal and western side of Saginaw channel.

The light is 13 feet above the water, 6 feet above the base of the structure from which it is shown, and it illuminates 300° of the horizon, the dark sector covering the peninsula.

The approximate geographic position is latitude 58° 24' 39'' N., longitude 134° 56' 33'' W.

The structure is a white hexagonal wooden tower surmounted by a hexagonal lantern with black roof. A white one and one-half story wooden dwelling with brown roof stands a short distance to the southward of the light tower and a white boathouse with brown roof stands to the eastward of the dwelling.

(234) STRAIT OF GEORGIA—APPROACHES TO NANAIMO HARBOUR AND DEPARTURE BAY—SHOALS LOCATED—HYDROGRAPHICAL NOTES.

Capt. J. F. Parry, R. N., H.M. Surveying ship "Egeria," engaged in a resurvey of British Columbia waters, reports the following notes, resulting from the resurvey of the approaches to Nanaimo harbour and Departure bay.

(a) A shoal of about one cable in extent, and having several heads, was found outside the 10-fathom line off Angle point, Newcastle island. The outermost and shoalest of these heads has 18 feet on it at l. w. o. s. and from it

McKay point bears S. 77° W., distant 5½ cables.
Snake island summit N. 10° E. 1 mile 4½ cables
Southern "West rock" N. 47° W. 1 " 7⅓ "

(b) Two shoals, 2½ cables apart, with least water of 30 feet over them at l. w., surrounded by deep water, were found off Hammond bay. From the more westerly of these

Five Finger island summit bears N. 79° E., distant 1 mile 4½ cables.

Southern "West rock" S. 74° E., distant 1 mile 2½ cables.

Lagoon head S. 38° E, distant 1 mile 5½ cables.

From the more southerly

Five Finger island summit bears N. 73½° E., distant 1 mile 2½ cables.

Southern "West rock" S. 74° E., distant 1 mile 9⅞ cables.

Lagoon head S. 12½° E, distant 1 mile 3½ cables.

(c) Hammond bay is not recommended as an anchorage, owing to the swell usually prevailing there at all seasons.

(d) Ships should not pass between Five Finger island and the West rocks, several 18 feet patches having been found in this locality.

(e) Ships with masts of over 100 feet in height are warned of the existence of a telephone wire stretching across the Newcastle island passage near "Stone quarry" marked on the chart.

(235) MALASPINA STRAIT—NELSON ROCK—BEACON ERECTED.

A day beacon has been erected by the Government of Canada on Nelson rock, Malaspina strait, one mile S. 62° W. from Farney point, Nelson island

Lat. N. 49° 38' 50''
Long. W. 124 8 19

The beacon consists of a frustum of a square pyramid in stonework, 14 feet square at the bottom, 9 feet at the top, by 16 feet high, surmounted by a wooden staff carrying a latticework drum 6 feet high by 6 feet in diameter; the whole painted black, and showing 26 feet above high water.

Nelson rock dries about 6 feet at low water, and extends half a cable in a N.E. and S.W. direction with a width of 75 feet. The beacon is on the N.E. end of the ledge, and can be approached on the N.E. within half a cable.

TO ADVERTISERS IN THE *GAZETTE*.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

- 1st. Address "The Canada Gazette, Ottawa, Canada."
- 2nd. Indicate the number of insertions required.

3rd. INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

- Notices of applications for divorce—27 insertions.
- Notices of the withdrawal of deposits of Insurance Companies—13 insertions.
- Notices of ordinary applications to Parliament—5 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, \$4 per annum, is invariably payable in advance, and that the "*Gazette*" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

RULES RELATIVE TO NOTICES FOR PRIVATE BILLS.

All applications to Parliament for Private Bills of any nature whatsoever, shall be advertised by a Notice published in the *Canada Gazette*; such Notice shall clearly and distinctly state the nature and objects of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same; and when the application is for an Act of incorporation, the name of the proposed company shall be stated in the Notice. And if the works of any company (incorporated, or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specifically mentioned in the Notice; and the applicants shall cause a copy of such Notice to be sent by registered letter to the Clerk of each municipality which may be specially affected by the construction or operation of such works, and also to the Secretary of the Province in which such works are, or may be located; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

In addition to the Notice in the *Canada Gazette* aforesaid, a similar Notice shall also be published in some leading newspaper, as follows :—

A. When the application is for an Act to incorporate :

1. *A Railway or Canal Company* :—In the principal city, town or village in each county through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company* :—In the principal city or town in each Province or Territory in which the company proposes to operate.

3. A company for the construction of any works which in their construction or operation might specially affect a particular locality; or for obtaining any exclusive rights or privileges; or for doing any matter or thing which in its operation would affect the rights or property of others :—In the particular locality or localities which may be affected by the proposed Act.

4. A Banking Company; An Insurance Company; A Trust Company; A Loan Company; or an Industrial Company without any exclusive powers :—In the *Canada Gazette* only.

B. When the application is for the purpose of amending an existing Act :

1. For an extension of any line of railway, or of any canal, or for the construction of branches thereto :—In the principal city, town or village in each county or district through which such extension or branch is to be constructed.

2. For an extension of the time for the construction or completion of any line of railway, or of any canal, or of any telegraph or telephone line, or of any other works already authorized :—In the place where the head office of the company is, or is authorized to be.

3. For an extension of the powers of a company (when not involving the granting of any exclusive rights); or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers, or for any amendment which would in any way affect the rights or interests of the shareholders or bondholders or creditors of the company :—In the place where the head office of company is situated.

All such Notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week, for a period of five consecutive weeks; and when published in the Provinces of Quebec and Manitoba, shall be in both the English and French languages; and marked copies of each issue of all newspapers containing such Notice shall be sent to the Clerks of the Senate and House of Commons, endorsed "Private Bill Notice"; or a statutory declaration as to due publication may be sent in lieu thereof.

RULES RELATING TO PETITIONS AND PRIVATE BILLS.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of \$200, and a sum sufficient to pay the cost of printing the Act in the Statutes. The fee of \$200 is paid only in the House in which a Bill originates; but charges for reprinting and translation are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

No Petition praying for the incorporation of a railway company, or of a canal company, or for an extension of the line of any existing or authorized railway or canal, shall be considered by the Standing Orders Committees, until there has been filed with the Committee a map or plan, showing the proposed location of the works, and each county or district through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill;—Bills not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51a. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(a.) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed;

(b.) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets;

(c.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51b. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill:—

(a.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same;

(b.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where

and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars (\$200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

DÉPÊCHES, Etc.

Extrait de la *London Gazette*, 30 août 1904.

INDIA OFFICE,
25 août 1904.

ACTE DE LA PUBLICATION DES
RÈGLEMENTS, 1893.

En conformité des dispositions du statut 56-57 Victoria, chap. 66, avis est donné par le présent que le Secrétaire d'Etat pour les Indes en conseil a l'intention, de l'avis et avec le concours des Commissaires du Service Civil, à l'expiration de quarante jours après la date de cette *Gazette*, de faire les changements indiqués plus bas dans les règlements pour l'admission des aspirants au Service Civil de l'Inde, en vertu de l'article 32 du statut 21-22 Victoria, chap. 106.

Au règlement 2, par. (ii) qui se lit aujourd'hui comme ci-dessous :—

"Qu'il avait atteint l'âge de vingt-un ans et n'avait pas atteint l'âge de vingt-trois ans le premier jour de l'année en laquelle l'examen a lieu".

Substituez ce qui suit, savoir :—

"Qu'il avait atteint l'âge de vingt-deux ans et n'avait pas atteint l'âge de vingt quatre ans le premier jour d'août de l'année en laquelle l'examen a lieu".

L'intention est que les changements deviennent en vigueur pour l'examen de concours ouvert de 1906, et les années subséquentes.

On peut se procurer les nouveaux règlements en s'adressant au "Secretary, Judicial and Public Department, India Office". 17-3

Samedi, le 1er jour d'octobre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plaît au Gouverneur général en conseil de décréter que l'article 1 des règlements concernant la vente des terres fédérales contenant du pétrole établis par arrêté en conseil du 23 de mars 1904, soit et il est par le présent rescindé, et remplacé par ce qui suit :—

1. Toutes terres fédérales vacantes dans le Manitoba, les territoires du Nord-Ouest et le territoire du Yukon, seront ouvertes à un individu ou à une compagnie qui désirera y prospecter pour du pétrole. S'il s'élève quelque différend quant à savoir si les terres sont vacantes ou non, la question sera décidée par le ministre de l'Intérieur, et sa décision sera finale. Pourvu toutefois que le Ministre puisse réserver pour un individu ou une compagnie qui a des machines sur le terrain à prospecter une étendue de 1920 acres pour la période qu'il décidera.

Cette étendue de terrain peut être choisie par le dit individu ou compagnie aussitôt que les machines auront été mises sur le terrain, mais la longueur de cette étendue ne devra pas excéder trois fois sa largeur ; toutefois, lorsque les circonstances du cas paraissent exceptionnelles le ministre de l'Intérieur pourra permettre que le choix soit fait dans des étendues d'au moins un quart de section, ou quart fractionnaire d'une section, qui résulte de la convergence des méridiens, dans chaque section affectée, et les divers lopins de terre choisis doivent être contigus.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 15 de septembre 1904, du ministre de l'Intérieur, disant que par un arrêté en conseil du 16 de mars 1901, Mr. J. A. J. McKenna, aujourd'hui sous-commissaire des Sauvages, a été nommé seul commissaire pour compléter l'enquête sur les réclamations des Métis nés entre le 15 de juillet 1870 et la fin de l'année 1885, dans les territoires du Nord-Ouest, ou dans cette partie de la province du Manitoba telle que actuellement constituée qui n'était pas comprise dans la province telle que constituée par l'Acte du Manitoba 33 Victoria, chapitre 3, et que entre autres réclamations qui furent désavouées par Mr. McKenna, les réclamations qui lui furent soumises à Birtle, dans la province du Manitoba au nom des héritiers de Marguerite Bellehumeur, Pierre Bellehumeur, Alfred Bellehumeur et Marie Louise Bellehumeur, enfants décédés de Jean Bellehumeur, ou Monette, par son épouse Marie Bellehumeur, née Tanner, furent désavouées par le dit commissaire pour la raison qu'elles n'étaient pas établies à sa satisfaction.

Le Ministre dit de plus qu'une preuve additionnelle a depuis été produite au ministère de l'Intérieur à l'appui de ces réclamations, laquelle preuve, de l'avis du ministère de l'Intérieur établit les réclamations en question,—

A ces causes, le Ministre recommande qu'il soit autorisé, en vertu des dispositions du paragraphe (f) de l'article 90 de l'Acte des terres fédérales, à délivrer du scrip à cet égard pour 240 acres de terre dans chaque cas.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT qu'il appert que les parties non-arpentées sises à l'ouest du rang vingt-six, à l'ouest du quatrième méridien entre le township vingt-six et la frontière internationale, sont si montagneuses que les taux fixés par les arrêtés en conseil du 3 de février 1903 et le 19 de février 1904, pour le paiement des arpentages de subdivisions de townships exécutés à l'entreprise, sont insuffisants,—

A ces causes, il plaît au Gouverneur général en conseil, conformément au paragraphe de l'article 19 de l'Acte des terres fédérales, d'autoriser le paiement d'une allocation supplémentaire de quatre piastres par mille de ligne de township ou de section pour tous les arpentages de subdivisions faits à l'entreprise dans ceux des townships situés dans les susdites limites qui étaient non arpentés le 1er de janvier 1904.

Mercredi, le 28e jour de septembre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 9 d'août 1904, du ministre de l'Intérieur, exposant que Messieurs Macdonell et Martin, commissaires nommés pour choisir les terrains marécageux dans la province du Manitoba qui seront attribués à cette province en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 30 avril 1903, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste

des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 284,034 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 146,274 acres reviennent à la province comme terrains marécageux.

En comparant la liste fournie par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que sur l'étendue totale de 146,274 acres choisis comme tels terrains marécageux, une étendue de 43,192,27 acres est disponible.

Le Ministre soumet une liste révisée de ceux des terrains compris dans la liste des commissaires qui sont trouvés disponibles, comprenant une étendue de 43,192,27 acres, et s'étant convaincu de l'exactitude de cette liste révisée, le Ministre recommande que les terrains énumérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

LISTE indiquant les terrains choisis par Messieurs Macdonell et Martin, commissaires des terrains marécageux, durant la saison de 1902, en vertu des dispositions de l'arrêté en conseil du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, tous trouvés vacants dans les livres de ce département.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 11 d'août 1904, du ministre de l'Intérieur, énonçant, relativement à l'arrêté en conseil de 6 de juin 1901 qui approuve le rapport du 31 de mai 1901 par Mr. J. A. J. McKenna, commissaire des scribes des Métis, que le rapport en question traite d'une variété de questions plus ou moins compliquées concernant le scribe, et plus loin dans la clause six déclare que les réclamations de personnes ayant d'ailleurs droit au scribe "qui avaient quitté le Canada et s'étaient établies sur les Réserves indiennes dans les Etats-Unis et participé aux avantages de la vie indienne dans ces réserves et tous les enfants admis aux

écoles indiennes des Etats-Unis", avaient été exclus de la distribution du scrip.

Le Ministre dit qu'il a soumis ce rapport pour approbation, qui fut en conséquence approuvé comme un tout.

Le Ministre dit de plus qu'un examen subséquent de la dite clause fait voir clairement que la décision rendue dans la clause six était erronée, et qu'elle a pour résultat de priver du scrip des personnes dont les réclamations étaient pleinement mûries en l'année 1885, et en conséquence étaient de la nature d'un droit acquis, parce que ces personnes étaient sorties du Canada.

Le Ministre dit qu'il est évident que ce déplacement ne constitue pas une bonne raison pour refuser de reconnaître des droits de propriété entièrement acquis antérieurement à ce déplacement. Ce principe a été clairement et très justement posé dans des causes où le droit au scrip s'est trouvé en question. Plus que cela, il est douteux dans tous les cas que les Métis exclus par la dite clause possèdent un intérêt permanent ou un droit aux avantages découlant du gouvernement des Etats-Unis dont il est parlé.

Le Ministre recommande donc que les réclamations produites devant Mr. McKenna et rejetées en vertu de la clause six de son dit rapport, soient étudiées par un officier ou des officiers du ministère de l'Intérieur, et que cet officier ou ces officiers aient à l'égard de ses réclamations toute l'autorité ci-devant exercée par M. McKenna en vertu des divers arrêtés en conseil relatifs à ses devoirs ou sa commission pour l'examen des réclamations des Métis, y compris la prise de témoignages sous serment soit de vive voix ou par écrit, et que le ministre de l'Intérieur soit autorisé à agir d'après les rapports qui seront faits de temps à autre à ce sujet, et les exécuter.

Le Ministre recommande de plus, que dans le cas de réclamations contradictoires de la part d'ayants cause à ce scrip, l'ayant cause dont la cession aura été inscrite la première par ordre de date au ministère, sera réputé être l'ayant cause légal.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

COMMISSION DES CHEMINS DE FER.

COMMISSION DES CHEMINS DE FER POUR LE CANADA.

(Assemblée à Ottawa.)

Lundi, le 17^e jour d'octobre, A.D. 1904.

PRÉSENTS :

L'honorable A. G. BLAIR, C.P., C.R., LL.D.,
Chef de la Commission.

L'honorable M. E. BERNIER,
Chef suppléant de la Commission.

JAMES MILLS, écuyer, M.A., LL.D.,
Commissaire.

Dans l'affaire des demandes des Compagnie du Grand Tronc de chemin de fer, Compagnie de chemin de fer Canadien du Pacifique, Compagnie de chemin de fer Canadian Northern, et Compagnie de chemin de fer Père Marquette à l'effet de faire approuver par la Commission des chemins de fer leurs formules de connaissements et autres formules de trafic, en conformité de l'article 275, paragraphes 1 et 2 de l'Acte des chemins de fer.

Les susdites compagnies sont les seules compagnies de chemins de fer en Canada qui se soient, jusqu'à présent, conformées aux prescriptions de l'article 275 ; et quant aux formules déjà reçues il existe beaucoup de divergence chez celles des divers chemins de fer. Tout le sujet est d'une très grande importance, et exige qu'on apporte beaucoup de soin dans l'examen des contrats et formules que la Commission aura à approuver ; et aussi relativement au degré de responsabilité de la part des voituriers.

Vu ces faits, et que les chemins de fer généralement n'ont pas soumis leurs formules à l'approbation, la

Commission ne juge pas à propos de rendre à présent un ordre final ou défini sur le sujet, mais il est d'avis qu'un ordre provisoire pourrait bien être rendu, permettant aux chemins de fer qui l'ont demandé, de continuer l'emploi de leur formules actuelles, jusqu'à ce que la Commission en ait décidé autrement.

Ordonné en conséquence, que les requérants ci-dessus mentionnés aient séparément la faculté de se servir des formules soumises, et elles sont par le présent légalement autorisées à ce faire jusqu'à ce que cette Commission en décide autrement.

Et cette Commission exige de plus qu'un comité choisi soit formé composé des officiers en loi et de trafic des diverses compagnies de chemins de fer nommées, et d'autres qui ultérieurement soumettront leurs demandes, de se réunir à Ottawa, à une date qui sera annoncée plus tard, dans le but de discuter les dites formules et contrats, tant pour le fret que pour les voyageurs, à une séance de la Commission convoquée à cette fin.

AND. G. BLAIR,

Chef de la Commission
des chemins de fer pour le Canada

18-3

AVIS.—La Compagnie de chemin de fer Ontario et Québec s'adressera à la Commission des chemins de fer, à sa salle en la cité d'Ottawa, le huitième jour de novembre 1904, à 11 heures a.m., afin d'obtenir l'autorisation de construire une ligne d'embranchement en conformité d'un plan, profil et livre de renvoi déposés au bureau d'enregistrement pour les comtés de Hochelaga et Jacques-Cartier à Montréal, le vingt-deuxième jour de septembre 1904, et aussi au bureau d'enregistrement dans la division d'enregistrement de Montréal-Ouest le vingt-deuxième jour de septembre 1904, le dit embranchement commençant à un point sur le chemin de fer de la dite compagnie à environ deux mille pieds au nord de Highlands Station, et de là longeant la propriété de la compagnie de chemin de fer jusqu'à la limite est des terrains du dit chemin de fer, de là traversant une partie du lot 940 de la paroisse de Lachine jusqu'à la réserve de terrain du canal Lachine ; de là longeant la dite réserve de terrain et certaines parties du grand chemin qui se trouvent au sud, vis-à-vis les lots 968, 1,007, 1,008, 1,009, 1,010, 1,011, 1,016, 1,017, 1,020, 1,021 et 1,022 de la dite paroisse, et aussi vis-à-vis le lot 3,607 de la municipalité de la paroisse de Montréal, et les lots 3,616, 3,617, 3,620 et 3,621 de cette dernière paroisse jusqu'à un point sur la dite réserve à ou près du pont de la Côte St-Paul ; de là dans une direction sud-est traversant le lot 3,929 de la dernière paroisse et passant entre les Avenues Maisonneuve et Dufferin, jusqu'en travers de la propriété de la succession Fotheringham et la propriété de la Canadian Carbon Company jusqu'à un point sur la dite réserve du canal vis-à-vis la rue Ste-Hélène dans la ville de la Côte St-Paul ; de là le long de la dite réserve jusqu'à l'Avenue Atwater ; de là le long de la rue St-Patrice jusqu'à un point à ou près de la limite ouest de la propriété de la Compagnie de raffinerie de sucre du Canada, telle que montrée sur le dit plan.

La compagnie demandera aussi l'autorisation de faire dévier le grand chemin au sud de la dite réserve de façon à occuper les parties des lots ci-dessus mentionnés indiquées en rouge sur le dit plan.

AUX ANNONCEURS DANS LA GAZETTE.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.

3. TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA GAZETTE, TELS QUE DONNÉS PLUS BAS ; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—5 insertions.

Les avis de demandes de lettres patentes en vertu de l'Acte des compagnies de prêt (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, \$4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada* ; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires ; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis ; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés ; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

Outre l'avis à publier dans la *Gazette du Canada* susdite, un avis semblable devra aussi être publié dans quelque journal important, comme suit :—

A. Lorsque la demande sera faite pour un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal :—Dans la principale cité, ville ou village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. Une compagnie de télégraphe ou de téléphone :—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. Une compagnie pour la construction de travaux quelconques de nature à affecter une localité particulière par suite de leur construction ou exploitation ; ou pour obtenir quelques droits ou privilèges exclusifs ; ou pour faire quelques opérations pouvant affecter les droits ou la propriété de particuliers :—Dans la localité ou les localités qui pourraient être affectées par la législation projetée.

4. Une compagnie de banque ; une compagnie d'assurance ; une compagnie de fidéicommis ; une compagnie de prêt ; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques :—Dans la *Gazette du Canada* seulement.

B. Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal :—Dans la principale cité, ville ou village dans chaque district ou comté dans lesquels devront être construits les dits prolongement ou embranchement.

2. Pour la prolongation du délai fixé pour la construction ou l'achèvement de quelque ligne de chemin de fer, ou de quelque canal, ou de quelque ligne de télégraphe ou de téléphone, ou de tous autres travaux déjà autorisés :—Dans la localité où le siège d'affaires de la compagnie est situé ou est autorisé à se fixer.

3. Pour l'extension des pouvoirs d'une compagnie (lorsqu'ils n'entraîneront pas l'octroi de quelques droits exclusifs) ; ou pour l'augmentation ou la réduction du capital social de quelque compagnie ; ou pour augmenter ou modifier ses pouvoirs pour émettre des obligations ou pour faire des emprunts, ou pour quelque amendement pouvant affecter les droits ou intérêts des actionnaires ou porteurs d'obligations ou créanciers de la compagnie :—Dans la localité où est situé le siège de la compagnie.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans une feuille publique, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives ; et en ce qui concerne les provinces de Québec et du Manitoba, ils devront y être publiés en anglais et en français ; et des exemplaires marqués de chaque numéro de tous les journaux contenant le dit avis devront être adressés aux greffiers du Sénat et de la Chambre, et devront porter à l'endos 'Avis de Bill Privé' ; ou une déclaration statutaire attestant la publication pourra être envoyée au lieu des dits exemplaires.

RÈGLES RELATIVES AUX PÉTITIONS ET BILLS PRIVÉS.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts. L'honoraire de \$200 ne sera payé que dans la Chambre où le bill a pris naissance ; mais les frais de réimpression et de traduction seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Nulle pétition demandant la construction légale d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne de quelque chemin de fer ou canal existant ou autorisé, ne sera prise en considération par les comités des Ordres Permanents, à moins qu'il n'ait été soumis au comité une carte ou plan indiquant le territoire sur lequel

devront être construits les travaux projetés, et chaque comté ou district dans lesquels devront être construits le chemin de fer ou canal projeté, ou quelqu'embranchement ou prolongement d'eux.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées ainsi; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débetures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie Britannique, ou les Terri-

toires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district: autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

ORDERS IN COUNCIL.

[Ref. 470,977.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 6th day of October, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Memorandum dated 3rd October, 1904, from the Minister of the Interior, stating that on the 10th September, 1901, a lease was issued to the North American Transportation and Trading Company of an hydraulic mining location on Miller Creek in the Yukon Territory, excluding thereout such placer claims the entries for which were in force on the 22nd of June, 1899, and including any of the claims which have since that date been abandoned or forfeited, or may hereafter become abandoned or forfeited.

The Minister further states that two years previous to the date of the said lease the Gold Commissioner at Dawson gave public notice that he had withdrawn from placer mining entry the whole of the said location, but between the date of such notice and the date of the lease, the Assistant Gold Commissioner granted entries for a number of placer claims within the said location, including twenty-one claims the property of the company, which they considered to be a portion of their location.

That the Inspector of Agencies in the Yukon Territory visited the said location in August last and reported that the company have expended a large sum of money in constructing ditches and a large reservoir for conveying water to be used in hydraulic mining and working an hydraulic elevator; that the works were nearly completed and would be in operation before the close of the present season; and that over ninety men are employed in connection with the work.

The Minister recommends,—as the Department of the Interior agreed to issue a lease to the company of the whole of the location described in the said lease, including the bed of the Creek and Creek claims, excepting those for which the entries were in force at the date the location was closed from placer mining entry by the Gold Commissioner, and to allow the lessees to include in the location any of the said claims, which since that date might become abandoned or forfeited,—that for the better carrying out of the said agreement and for the better assuring the title of the lessees authority be given for the issue of a supplementary lease to the said company, and that the lease annexed hereto, prepared by the Department of Justice, be approved and issued to the company.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

THIS INDENTURE made in duplicate the day of 1904, between His Majesty, King Edward VII., represented herein by the Minister of the Interior of Canada, hereinafter called "the Minister", of the First Part; and The North American Transportation and Trading Company, of the City of Chicago, in the State of Illinois, one of the United States of America, hereinafter called "the lessees", of the Second Part.

Whereas by Indenture of Lease dated the tenth day of September, 1901, His Majesty did grant, demise and lease to the lessees the tract of land in the said lease described and the exclusive right and privilege of extracting and taking therefrom by hydraulic or other mining process all royal or precious metals or minerals from, in, under or upon the said tract of lands.

And whereas prior to the date of the said lease and in pursuance of an application for an hydraulic concession, Edmund Cumming Senkler, Gold Commissioner for the Yukon Territory, did by virtue of section 13, of the Hydraulic Regulations approved by Order in Council dated 3rd December, 1898, publish a notice on the 22nd day of June, 1899, in accordance with said section 13, withdrawing from location under

the regulations governing placer mining the following ground, being five (5) miles on Miller Creek, commencing at the mouth of the Creek (A Tributary of Sixty Mile River) thence running up stream on the said Creek for a distance of five (5) miles, and from summit to summit on either side.

And whereas the said lessees were prior to the said 22nd day of June, 1899, the owners of Creek placer mining claims the upper and lower halves of numbers 1, 2, 4, 5, 6, 7, 11, 12, 13, 14, 23, 28, 29, 30, 32, 33, 34, 35, 36, 37 and 38 below Discovery on Miller Creek and an application has been made by them to the Minister to include the said lastly above described claims within the lease to be granted to them for the said concession, which said application has been granted by the Minister.

And whereas after the posting of the said notices, grants were improperly given for the following creek placer mining claims, all of which said claims are within the limits of the ground described in the lease granted to the lessees on the 10th September, 1901, in pursuance of the application above referred to, namely: Creek claims the upper and lower halves No. 1: the upper and lower halves No. 4: the upper and lower halves No. 5: the upper and lower halves No. 6: the upper and lower halves No. 7: the upper and lower halves No. 11: the upper half No. 12: the upper and lower halves No. 13: the upper and lower halves No. 14: the upper half No. 16: the upper and lower halves No. 20: the upper and lower halves No. 21: the upper and lower halves No. 23: the upper and lower halves No. 24: the upper and lower halves No. 26: the upper and lower halves No. 28: the upper and lower halves No. 29: the upper and lower halves No. 30: the upper and lower halves No. 31: the upper and lower halves No. 32: the upper and lower halves No. 33: the upper and lower halves No. 34: and hill side placer mining claims the upper half left limit No. 3: the upper half left limit No. 8: the lower half left limit No. 15: and the lower half left limit No. 27: all being below Discovery on Miller Creek.

And whereas it has always been the intention of and the agreement between the parties hereto, that the lessees should obtain a lease from the Crown of all the unoccupied ground there was on Miller Creek on the 22nd day of June, 1899, within the following area, commencing at the mouth of the said creek and extending up stream a distance of three and thirty-eight one-hundredths miles, and extending in width from summit to summit: and also all the ground which should become abandoned or forfeited from the 22nd June, 1899 to the termination of the said lease of the 10th day of September, A. D. 1901.

And whereas the ground referred to in the said lease is so described that it is ambiguous whether it is intended to include the bed of Miller Creek or not.

And whereas it has always been the intention that the bed of the said Miller Creek should be included in the said description.

And whereas for the better carrying out of the said agreements and for the better assuring the title of the lessees, the parties hereto have agreed to execute these presents and the Governor in Council has authorized the issue and execution thereof.

How this indenture witnesseth that in pursuance of the premises and in consideration of and subject to the rent, covenants, provisos, exceptions, restrictions and conditions hereinafter reserved and contained, and by the lessees to be paid, observed and performed, His Majesty doth grant, demise, lease and confirm unto the said lessees the said tract of lands and the exclusive right and privilege of extracting and taking therefrom by hydraulic or other mining process, all royal or precious metals or minerals from, in, under or upon the tract of lands hereby demised and leased, with regard to which the said rights and privileges are hereby granted, which said tract is described as follows, that is to say:—

All and singular that certain parcel or tract of land situate, lying and being on Miller Creek, a tributary of the Sixty Mile River in the Yukon Territory, and extending from the mouth of the said Miller Creek to Discovery on that stream a distance of three and thirty-eight one-hundredths

(3'38) miles more or less, and in width to the limits of the valley, including the bed of the creek, as shown on the plan of the survey thereof, signed by R. J. Jephson, D. L. S., dated the 19th day of June, 1900, and of record in the Timber and Mines Branch of the Department of the Interior; reserving thereout and therefrom Placer Mining Claims numbered Seventeen, Eighteen, and Nineteen below Discovery on the said Creek, and the lower half of Hillside Claim Number Sixteen and the upper half of Hillside Claim Number Seventeen, both on the Left Limit of said Miller Creek, as shown on the supplementary plan attached, bearing date the tenth day of June, 1904, and marked "A." And should any of the five placer mining claims above described, which are now excluded from the operation of this lease, become abandoned or forfeited, the same shall then be deemed to form a portion of and to be included in the tract described in the lease.

To have and to hold the said demised premises for and during the term of twenty to be computed from the 10th day of September 1901 and from thenceforth next ensuing and fully to be complete and ended.

Yielding and paying therefor yearly and every year during the said term unto His Majesty his successors or assigns the yearly rental reserved by the said lease of the 10th day of September, 1901, payable as in the said lease provided.

Provided always and this lease is subject to the following exemptions, restrictions, provisoes and conditions, that is to say:

1. That the lessees shall and will well and faithfully pay the rent by the said lease of the 10th day of September, 1901, reserved at the times and in the manner therein reserved.

2. That the lessees shall in addition to the said yearly rent by the said lease reserved pay to His Majesty, his successors or assigns the same royalty upon the output of their said hydraulic or other mining operations, as under regulations under Order of the Governor General in Council is now or may be hereafter provided to be paid in the case of placer mining claims: except that there shall be exempted from the royalty to be paid hereunder by the lessees royalty upon \$25,000 of the annual output; the royalty to be paid in the manner provided for the payment of royalty on placer mining claims in the regulations under order of the Governor General in Council now or hereafter passed to govern the same.

3. That if during any year of the said term by the said lease of the 10th day of September, 1901, and hereby granted the lessees shall fail to expend in such mining operations in about or upon the said mining rights and privileges hereby granted the sum of five thousand dollars—of the fact of which failure the Minister shall be the sole and final judge—the said lease and this lease or demise and the remainder of the term by the said lease and hereby granted and all benefits, rights and privileges hereby granted to the lessees shall become and be utterly and absolutely null and void unless the Minister shall otherwise decide; and that in the event of such pro-determination of the said lease of the 10th day of September, 1901, and of this lease or demise and of the term granted to the lessees or remainder thereof His Majesty, his successors or assigns may thereupon re-enter upon the said demised premises and have, hold, use, occupy, possess and enjoy the same and every part thereof as if the said lease of the 10th day of September, 1901, and these presents had never been executed, and without any compensation or payment of any kind to the lessees for any work done or improvements made thereon; but nothing herein contained shall in anywise affect the right of His Majesty or his successors or assigns to all arrears of rent or royalty to be paid as in the said lease of the 10th day of September, 1901, and as hereinbefore provided, or to any remedy for the recovery of such arrears of rent or royalty.

4. That the lessees shall not nor will assign, transfer or sub-let the said demised premises, or any part thereof, without the consent in writing of the Minister.

5. That the lessees shall not nor will in any way interfere with the general right of the public to use the waters of any creeks or river adjoining or running through the said demised premises, and shall not nor will impede the same nor cause nor suffer the same to be impeded by deposits of tailings or other deposits resulting from the said mining operations or by the accumulation of such deposits in such way as to form bars or banks in the channels of the said creeks or rivers; and shall not nor will obstruct, nor cause nor permit to be obstructed in any material degree, the current stream or flow of the said creeks or river respectively.

6. That any person who under any Placer Mining Regulations in force under any Order of the Governor General in Council as aforesaid has prior to the 22nd day of June 1899, obtained entry for a location and has duly renewed the same on the bank or shore of either of the said creeks or of the said river, shall be entitled notwithstanding anything contained in these presents to run tailings into the said creeks or river at any point thereon.

7. That the lessees will permit and allow the Commissioner of the Yukon Territory or the Gold Commissioner thereof, or of the districts in which the said demised premises are situated, or any person duly authorized by them or either of them in writing so to do during the said term to enter upon and remain and reside upon the said premises for such period as to him or them shall seem expedient and necessary from time to time for the purpose of viewing the premises or watching the progress of the said mining operations, and will also permit any of the persons aforesaid or any surveyor with his assistants employed for that purpose to survey, examine, and deal with the state and conditions of the said premises and of the said mining operations, and to ascertain the quantity of work done, and material and royal or precious metals or minerals got out of, mined, or extracted or gained from the said premises and to ascertain whether the lessees are working the said premises in accordance with the terms, provisoes and conditions of the said lease of the 10th day of September 1901 and of this lease: and for such purpose or any of them will permit any of the persons aforesaid to enter into and go about, ascend or descend, all buildings, works, pits or shafts, to use all engines, machinery, ropes, tackle and other things belonging to the lessees in and about the said premises, as any of the persons aforesaid may deem necessary or expedient without any compensation fee or payment to the lessees therefor, and will otherwise give and allow any of the persons aforesaid liberty of free ingress and egress in, to, out of, or over all buildings, erections and works used by the lessees in connection with the said hydraulic or other mining operations, and will also upon being so requested in writing by the Commissioner of the Yukon Territory or the Gold Commissioner thereof, or of the district in which the said demised premises are situated, furnish such Commissioner or Gold Commissioner of the Territory or district, as the case may be, or any person duly authorized by either of them to inspect the said demised premises for the purposes aforesaid with any information respecting the said mining operations or in any way concerning the said demised premises as the said Commissioner or the Gold Commissioner of the Territory or district may so request to be furnished with.

8. That the lessees shall not nor will in any way damage or obstruct any public ways, drains, bridges, works or improvements now made or hereafter to be made upon, in, over, through or under the said creeks or rivers and that they shall and will substantially bridge, or cover, and protect, to the satisfaction of the Minister at the points where the same may be crossed by any public highway or frequented path or trail, all cuts, flumes, ditches and sluices, and all dangerous places made by them or resulting from the said works or mining operations under these presents.

9. That if the lessees shall at any time during the said term fail to pay the rent or royalty so reserved or any part thereof within sixty days after the same respectively shall have become due or if they shall commit any breach or default in the observance of the

above conditions or any of them other than that referred to in the clause numbered "3" of these presents, then and in every such case the Gold Commissioner may post a notice in a conspicuous place upon the said demised premises and may mail a copy of such notice to the last address of the lessees known to the Commissioner requiring such default to be remedied, and in case such default is not remedied within three months of the date of the posting of the notice upon the location all the rights of the lessees under the said lease or under any order of the Governor General in Council containing regulations for the disposal of mining locations in the Yukon Territory to be worked by the hydraulic or other mining process, referred to in these presents, shall be and become *ipso facto* null and void provided that the claim of His Majesty or his successors or assigns for any rent or royalty then due, or accruing due, or any remedy for the recovery thereof shall be in no wise affected by such cancellation.

10. Provided and it is hereby understood and agreed that there are reserved and excepted from this lease and demise all roads, ways, bridges, drains, and public works and improvements whatsoever, now existing or which may hereafter be lawfully made in, upon or under any part of the said creeks or river and the right of free access to and use of the same also to all persons charged with the construction or maintenance or repair of the same or entitled to construct, maintain or repair the same all rights of entry and other rights and privileges necessary or convenient for that purpose.

11. That the lessees may cut free of dues such of the timber on the said demised premises as may be necessary for working the same in connection with their said mining operations, but not for sale or traffic except in cases where such timber has been granted or disposed of prior to the date of the said lease; provided that the Commissioner of the Yukon Territory may grant a permit to the said lessees to cut and sell any timber which it is necessary to remove in order to work or properly carry on their said mining operations upon the said demised premises and may permit any person to cut and remove from a location cordwood for their own use, when such cordwood cannot otherwise be had within a reasonable distance, unless such cordwood is required by the lessees for their mining operations.

12. Provided also that His Majesty does not in any way warrant that there shall be a sufficient quantity of water in the said creeks or river to admit of operations under this lease and that the lessees shall have no right to compensation should it be found impossible for that or for any other reason to carry on such operations, it being hereby declared and agreed that this lease is taken by the lessees entirely at their own risk.

13. Provided also that no waiver on behalf of His Majesty, his successors or assigns of the breach by the lessees of any condition, proviso, clause, covenant, matter or thing herein contained shall take place or be binding upon His Majesty, his successors or assigns unless the same be expressed in writing under the authority of the Minister and any waiver so expressed shall only extend to the particular breach so waived and shall not limit or affect the right of His Majesty or of his successors or assigns with respect to any other or future breach.

14. Provided also that if at any time during the continuance of the term hereby granted the lessees be permitted in the manner hereinbefore provided to transfer, assign or sub-let for the remainder of the said term or any part thereof, the lands or any part thereof with the rights and privileges hereby granted, all the provisos, terms, exceptions, restrictions and conditions herein contained shall extend to and be binding upon the transferees, assignees, or sub-lessees and upon their executors, administrators, successors and assigns respectively and that any breach thereof by them or any of them shall have the same effect as against the lessees as if such breach were made by the lessees during continuance as lessees.

15. Provided also that the word "lessees" in these presents includes the lessees their successors and assigns.

16. Provided also, that no implied covenant or liability of any kind on the part of His Majesty is created by the use of the words "demise" or "lease," or "grant demise and lease" herein, or by the use of any other word or words herein. And that His Majesty does not warrant the title to the said lands or any of them and shall be under no obligation to quiet or defend the same or to pay or indemnify the lessees in respect of the costs of quieting or defending the same.

17. Provided also that any notice, demand or other communication which His Majesty or the Minister may require or desire to give or serve upon the lessees may be validly given or served by his deputy or by the Secretary or the Assistant Secretary of the Department of the Interior or by the Commissioner of the Yukon Territory or by the Gold Commissioner thereof or of the district within which the demised premises are situated.

Provided also that this demise is subject to all other regulations contained and set forth in any order of the Governor General in Council containing regulations for the disposal of mining locations in the Yukon Territory to be worked by the hydraulic or other mining process referred to in these presents, as fully and effectually to all intents and purposes as if they were set forth in these presents.

And the lessees for themselves, their successors and assigns do hereby covenant, promise and agree to and with His Majesty his successors and assigns that the lessees their successors or assigns or some or one of them shall and will well and truly pay or cause to be paid to His Majesty his successors or assigns the said annual rent and the said royalty upon the several days and in the manner hereinbefore appointed for the payment thereof respectively, without any deduction or abatement whatsoever, and shall and will abide by, perform, fulfil and keep or cause to be abided by, performed, fulfilled and kept every clause, condition, proviso, covenant, matter and thing on his or their part to be abided by, performed, fulfilled and kept as hereinbefore set forth and provided.

And it is finally hereby agreed by and between the parties to these presents, that if at the expiration of the said term of twenty years the said lessees, their heirs, executors, administrators or assigns shall be desirous of taking a renewal lease of the said demised premises and shall of such desire prior to such expiration give to the Minister six months' notice in writing and shall have paid the rent and royalty hereby reserved or agreed to be paid and observed, performed, fulfilled and abided by the covenants, provisos, terms and conditions herein expressed and contained on the part of the lessees their successors or assigns to be observed, performed, fulfilled and abided by them the said Minister shall and will grant unto the said lessees, their successors or assigns the said demised premises for a further term of twenty years by a lease containing the like covenants, provisos, terms and conditions as are in these presents expressed and contained.

In witness whereof the said Minister of the Interior of Canada by his Deputy of the said City of Ottawa, Esquire, has hereunto set his hand and affixed the seal of the Department: and the lessees hereunto set their hands and seals.

Signed, sealed and delivered by the said The Honourable the Minister of the Interior of Canada by his Deputy in the presence of and by the said lessees in the presence of 17-4

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 1st day of November, 1904.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council, in pursuance of the provisions of the 16th section of The Fisheries Act, chapter 95 of the Revised Statutes of Canada, is pleased to order that section 3 of the General Fishery Regulations for the Province of Ontario, established by the Order in Council of the

18th July, 1889, fixing a close season for Whitefish and Salmon-trout, shall be and the same is hereby amended so as to permit the catching of such fish for the year 1904, up to and inclusive of the 15th of November.

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 15th July, 1904, from the Minister of the Interior, stating that it has been represented to him that it would be in the interests of the School Lands Endowment Fund of the Territories to offer for sale by public auction during the coming autumn a number of School Lands in Western Alberta, as well as some in Eastern Assiniboia. The lands it is proposed should be offered for sale are those situated in the vicinity of the line of the Calgary and Edmonton Railway, and of the Crows Nest Branch of the Canadian Pacific Railway in Alberta as well as a certain number in the vicinity of Yorkton and Saltcoats in Eastern Assiniboia.

The Minister is of the opinion as no general auction sale of School Lands in Alberta has been held since the Auction Sale at Calgary in July, 1899, which only comprised a few sections in the neighbourhood of that place and in view also of the fact that there is at present a very strong demand for School Lands especially for those in Alberta and in the Yorkton District in Assiniboia, that if offered now they would realize good prices, and in this view the Government of the North-west Territories concurs.

The Minister therefore recommends that he be authorized to offer for sale during the coming Autumn the School Lands in the vicinity of the line of the Calgary and Edmonton Railway and of the Crows Nest Branch of the Canadian Pacific Railway in Western Alberta and in the vicinity of Yorkton and Saltcoats in Eastern Assiniboia, which are now being inspected and valued for that purpose; the sales to be held on such dates and at such places as may be hereafter determined by the Minister of the Interior and to be subject in every case to an upset price based upon the valuation of the land.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

Saturday, the 1st day of October, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Governor General in Council is pleased to order that section 1 of the Regulations governing the disposal of Dominion Lands containing petroleum, established by the Order in Council of the 23rd March, 1904, shall be and the same is hereby rescinded, and the following section substituted therefor:—

1. All unappropriated Dominion Lands in Manitoba, the North-west Territories and within the Yukon Territory, shall be open to prospecting for petroleum by an individual or company desiring to do so. In case there should arise any dispute as to whether lands are or are not unappropriated, the question shall be decided by the Minister of the Interior whose decision shall be final; provided, however, that the Minister may reserve for an individual or company who has machinery on the land to be prospected, an area of 1920 acres for such period as he may decide.

This tract of land may be selected by the said individual or company so soon as machinery has been placed on the ground, but the length of such tract shall not exceed three times the breadth thereof;

where the circumstances of the case, however, appear to be exceptional the Minister of the Interior may permit the selection to be made in areas of not less than a quarter-section, or a fractional quarter-section, which may have resulted from the convergence of meridians, in such section affected, and the several parcels of land selected must be contiguous.

Clerk of the Privy Council.

RAILWAY COMMISSION.

THE BOARD OF RAILWAY COMMISSIONERS
FOR CANADA.

(Meeting at Ottawa.)

Friday, the 11th day of November, A.D. 1904.

PRESENT :

The Honourable M. E. BERNIER,
Deputy Chief Commissioner.
JAMES MILLS, M.A., LL.D.,
Commissioner.

In the matter of the extension of the time fixed by the Board for the filing of tariffs under the order of the Board, dated the 28th day of April, A.D. 1904, and in pursuance of the authority contained in section 311 of The Railway Act, 1903.

It is ordered,—

That the time fixed in the above recited order be extended from the 1st of November to the 31st day of December, A.D. 1904, for the approval and publication, but not the filing, of standard tariffs only, subject to the reservation contained in the original Order.

M. E. BERNIER,
Deputy Chief Commissioner,
Board of Railway Commissioners for Canada.

20-7

THE BOARD OF RAILWAY COMMISSIONERS
FOR CANADA.

(Meeting at Ottawa.)

Monday, the 17th day of October, A.D. 1904.

PRESENT :

The Honourable A. G. BLAIR, P.C., K.C., LL.D.,
Chief Commissioner.
The Honourable M. E. BERNIER,
Deputy Chief Commissioner.
JAMES MILLS, Esquire, M.A., LL.D.,
Commissioner.

In the matter of the applications of the Grand Trunk Railway Company, the Canadian Pacific Railway Company, the Canadian Northern Railway Company, and the Père Marquette Railroad Company, for approval by the Board of Railway Commissioners of their forms of bills of lading and other traffic forms, in compliance with section 275, subsections 1 and 2 of The Railway Act.

The above named companies are the only railway companies in Canada which have, up to the present moment, complied with the requirements of section 275; and in respect of these so far received it may be remarked that there is much diversity in the forms of the several railways. The whole subject is of very great importance and will require that much circumspection should be exercised in examining into the contracts and forms which the Board hereafter has to approve; and also into the question of limitation of liability on the part of carriers.

In view of these facts, and that the railways generally have not submitted their forms for approval, the Board does not deem it advisable to make any final or definite Order upon the subject at present, but is of opinion that an Interim Order might properly be made, permitting such railways as have made application therefor to continue the use of their present forms until the Board shall otherwise prescribe an order.

It is therefore ordered,—

that the above mentioned applicants do severally have power to use the forms submitted, and they are

hereby legally authorized so to do until this Board shall hereafter otherwise order and determine.

And the Board further requires that a select Committee be formed of the legal and traffic officers of the several railway companies named, and others who may hereafter submit their applications, to meet the Board at Ottawa, on a date to be hereafter announced, for the discussion of the said forms and contracts, both freight and passenger, at a session of the Board to be called for such purpose.

AND. G. BLAIR,
Chief Commissioner,

18-3 Board of Railway Commissioners for Canada.

NOTICE TO MARINERS.

No. 88 of 1904.

(Inland Notice No. 23.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

ONTARIO.

- (231) RIVER ST. MARY—CANADIAN SAULT STE. MARIE CANAL—RANGE LIGHTS AT LOWER ENTRANCE IMPROVED.

The masts with day marks, from which fixed red lights were exhibited to mark the axis of the channel leading to the lower end of the Canadian canal at Sault Ste. Marie, have been replaced by open skeleton, galvanized iron unpainted towers, square in plan, with sloping sides, surmounted by square wooden lanterns from which fixed red lights are shown.

The illuminating apparatus in each case consists of a group of three incandescent electric lamps, each of 65 candle power, placed in the foci of paraboloidal reflectors. These lights should show strong beams in, and over a small arc on each side of, the line of range.

On the channel side of each tower there is a diamond-shaped day beacon of slatwork painted white.

The front tower stands on the shore of the bay north of the entrance to the canal, east of Huron and south of Portage streets. It is 62 feet high from its base to the top of the lantern. The light is elevated 63 feet above the level of the water below the canal, and should be visible 2 miles.

The back tower stands on Hudson street, north of Superior street, 1,150 feet N. $35\frac{1}{2}^{\circ}$ W. from the front light. It is 72 feet high. The light is elevated 78 feet above the level of the river, and should be visible 2 miles.

To enter the Canadian canal from below, the two lights should be brought in one opposite the power house, and kept in one bearing N. $35\frac{1}{2}^{\circ}$ W. until the axis of the canal is reached.

TO ADVERTISERS IN THE GAZETTE.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

- 1st. Address "The Canada Gazette, Ottawa, Canada."
- 2nd. Indicate the number of insertions required.

3rd. INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—5 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, \$4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

S. E. DAWSON,

King's Printer and Controller of Stationery

Department of Public Printing and Stationery
Ottawa, October, 1903.

APPLICATIONS TO PARLIAMENT.

RULES RELATIVE TO NOTICES FOR PRIVATE BILLS.

All applications to Parliament for Private Bills, of any nature whatsoever, shall be advertised by a Notice published in the *Canada Gazette*; such Notice shall clearly and distinctly state the nature and objects of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same; and when the application is for an Act of incorporation, the name of the proposed company shall be stated in the Notice. And if the works of any company (incorporated, or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specifically mentioned in the Notice; and the applicants shall cause a copy of such Notice to be sent by registered letter to the Clerk of each municipality which may be specially affected by the construction or operation of such works, and also to the Secretary of the Province in which such works are, or may be located; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

In addition to the Notice in the *Canada Gazette* aforesaid, a similar Notice shall also be published in some leading newspaper, as follows :—

A. When the application is for an Act to incorporate :

1. *A Railway or Canal Company* :—In the principal city, town or village in each county through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company* :—In the principal city or town in each Province or Territory in which the company proposes to operate.

3. *A company for the construction of any works* which in their construction or operation might specially affect a particular locality; or for obtaining any *exclusive rights or privileges*; or for doing any matter or thing which in its operation would affect the rights or property of others :—In the particular locality or localities which may be affected by the proposed Act.

4. *A Banking Company; An Insurance Company; A Trust Company; A Loan Company; or an Industrial Company* without any exclusive powers :—In the *Canada Gazette* only.

B. When the application is for the purpose of amending an existing Act :

1. For an extension of any line of railway, or of any canal, or for the construction of branches thereto :—In the principal city, town or village in each county or district through which such extension or branch is to be constructed.

2. For an extension of the time for the construction or completion of any line of railway, or of any canal, or of any telegraph or telephone line, or of any other works already authorized :—In the place where the head office of the company is, or is authorized to be.

3. For an extension of the powers of a company (when not involving the granting of any exclusive rights); or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers, or for any amendment which would in any way affect the rights or interests of the shareholders or bondholders or creditors of the company :—In the place where the head office of company is situated.

All such Notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week, for a period of five consecutive weeks; and when published in the Provinces of Quebec and Manitoba, shall be in both the English and French languages; and marked copies of each issue of all newspapers containing such Notice shall be sent to the Clerks of the Senate and House of Commons, endorsed "Private Bill Notice"; or a statutory declaration as to due publication may be sent in lieu thereof.

RULES RELATING TO PETITIONS AND PRIVATE BILLS.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of \$200, and a sum sufficient to pay the cost of printing the Act in the Statutes. The fee of \$200 is paid only in the House in which a Bill originates; but charges for reprinting and translation are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

No Petition praying for the incorporation of a railway company, or of a canal company, or for an extension of the line of any existing or authorized railway or canal, shall be considered by the Standing Orders Committees, until there has been filed with the Committee a map or plan, showing the proposed location of the works, and each county or district through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill;—Bills not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51a. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(a.) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed.

(b.) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets;

(c.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51b. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill:—

(a.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same;

(b.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where

and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars (\$200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

ARRETÉS EN CONSEIL.

[Renv. 470,979]

HOTEL DU GOUVERNEMENT A OTTAWA.

Samedi, le 1er jour d'octobre 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil de décréter que l'article 1 des règlements concernant la vente des terres fédérales contenant du pétrole établis par arrêté en conseil du 23 de mars 1904, soit et il est par le présent rescindé, et remplacé par ce qui suit :—

1. Toutes terres fédérales vacantes dans le Manitoba, les territoires du Nord-Ouest et le territoire du Yukon, seront ouvertes à un individu ou à une compagnie qui désirera y prospecter pour du pétrole. S'il s'élève quelque différend quant à savoir si les terres sont vacantes ou non, la question sera décidée par le ministre de l'Intérieur, et sa décision sera finale. Pourvu toutefois que le Ministre puisse réserver pour un individu ou une compagnie qui a des machines sur le terrain à prospecter une étendue de 1920 acres pour la période qu'il décidera.

Cette étendue de terrain peut être choisie par le dit individu ou compagnie aussitôt que les machines auront été mises sur le terrain, mais la longueur de cette étendue ne devra pas excéder trois fois sa largeur ; toutefois, lorsque les circonstances du cas paraissent exceptionnelles le ministre de l'Intérieur pourra permettre que le choix soit fait dans des étendues d'au moins un quart de section, ou quart fractionnaire d'une section, qui résulte de la convergence des méridiens, dans chaque section affectée, et les divers lopins de terre choisis doivent être contigus.

COMMISSION DES CHEMINS DE FER.

COMMISSION DES CHEMINS DE FER POUR LE CANADA.

(Assemblée à Ottawa.)

Lundi, le 17e jour d'octobre, A.D. 1904.

PRÉSENTS :

L'honorable A. G. BLAIR, C.P., C.R., LL.D.,
Chef de la Commission.

L'honorable M. E. BERNIER,
Chef suppléant de la Commission.

JAMES MILLS, écuyer, M.A., LL D.,
Commissaire.

Dans l'affaire des demandes des Compagnie du Grand Tronc de chemin de fer, Compagnie de chemin de fer Canadien du Pacifique, Compagnie de chemin de fer Canadian Northern, et Compagnie de chemin de fer Père Marquette à l'effet de faire approuver par la Commission des chemins de fer leurs formules de connaissements et autres formules de trafic, en conformité de l'article 275, paragraphes 1 et 2 de l'Acte des chemins de fer.

Les susdites compagnies sont les seules compagnies de chemins de fer en Canada qui se soient, jusqu'à présent, conformées aux prescriptions de l'article 275 ; et quant aux formules déjà reçues il existe beaucoup de divergence chez celles des divers chemins de fer. Tout le sujet est d'une très grande importance, et exige qu'on apporte beaucoup de soin dans l'examen des contrats et formules que la Commission aura à approuver ; et aussi relativement au degré de responsabilité de la part des voituriers.

Vu ces faits, et que les chemins de fer généralement n'ont pas soumis leurs formules à l'approbation, la Commission ne juge pas à propos de rendre à présent un ordre final ou défini sur le sujet, mais il est d'avis qu'un ordre provisoire pourrait bien être rendu, permettant aux chemins de fer qui l'ont demandé, de continuer l'emploi de leur formules actuelles, jusqu'à ce que la Commission en ait décidé autrement.

Ordonné en conséquence, que les requérants ci-dessus mentionnés aient séparément la faculté de se servir des formules soumises, et elles sont par le présent légalement autorisées à ce faire jusqu'à ce que cette Commission en décide autrement.

Et cette Commission exige de plus qu'un comité choisi soit formé composé des officiers en loi et de trafic des diverses compagnies de chemins de fer nommées, et d'autres qui ultérieurement soumettront leurs demandes, de se réunir à Ottawa, à une date qui sera annoncée plus tard, dans le but de discuter les dites formules et contrats, tant pour le fret que pour les voyageurs, à une séance de la Commission convoquée à cette fin.

AND. G. BLAIR,
Chef de la Commission
des chemins de fer pour le Canada.

COMMISSION DES CHEMINS DE FER POUR LE CANADA.

(Assemblée à Ottawa.)

Vendredi, le 11e jour de novembre, A.D. 1904.

PRÉSENTS :

L'honorable M. E. BERNIER,
Chef suppléant de la Commission.
JAMES MILLS, écuyer, M.A., LL.D.,
Commissaire.

Dans l'affaire de la prorogation du délai fixé par la Commission pour produire des tarifs conformément au décret de la Commission, daté le 28e jour d'avril, A.D. 1904, et en vertu de l'article 311 de l'Acte des chemins de fer, 1903.

Ordonné, que le délai fixé dans le susdit décret, soit prorogé du 1er de novembre au 31 de décembre, A.D. 1904, pour approbation et publication, mais non la production, de tarifs fixes seulement, sujet à la réserve contenue dans le décret primitif.

AUX ANNONCEURS DANS LA GAZETTE.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.

3. TRANSMETTRE INVARIABLEMENT LE PRIX D'UN EXEMPLAIRE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA GAZETTE, TELS QUE DONNÉS PLUS BAS ; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—5 insertions.

Les avis de demandes de lettres patentes en vertu de l'Acte des compagnies de prêt (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, \$4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada* ; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires ; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis ; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés ; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

Outre l'avis à publier dans la *Gazette du Canada* susdite, un avis semblable devra aussi être publié dans quelque journal important, comme suit :—

A. Lorsque la demande sera faite pour un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal :—Dans la principale cité, ville ou village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. Une compagnie de télégraphe ou de téléphone :—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. Une compagnie pour la construction de travaux quelconques de nature à affecter une localité particulière par suite de leur construction ou exploitation ; ou pour obtenir quelques droits ou privilèges exclusifs ; ou pour faire quelques opérations pouvant affecter les droits ou la propriété de particuliers :—Dans la localité ou les localités qui pourraient être affectées par la législation projetée.

4. Une compagnie de banque ; une compagnie d'assurance ; une compagnie de fidéicommis ; une compagnie de prêt ; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques :—Dans la *Gazette du Canada* seulement.

B. Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal :—Dans la principale cité, ville ou village dans chaque district ou comté dans lesquels devront être construits les dits prolongement ou embranchement.

2. Pour la prolongation du délai fixé pour la construction ou l'achèvement de quelque ligne de chemin de fer, ou de quelque canal, ou de quelque ligne de télégraphe ou de téléphone, ou de tous autres travaux déjà autorisés :—Dans la localité où le siège d'affaires de la compagnie est situé ou est autorisé à se fixer.

3. Pour l'extension des pouvoirs d'une compagnie (lorsqu'ils n'entraîneront pas l'octroi de quelques droits exclusifs) ; ou pour l'augmentation ou la réduction du capital social de quelque compagnie ; ou pour augmenter ou modifier ses pouvoirs pour émettre des obligations ou pour faire des emprunts, ou pour quelque amendement pouvant affecter les droits ou intérêts des actionnaires ou porteurs d'obligations ou créanciers de la compagnie :—Dans la localité où est situé le siège de la compagnie.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans une feuille publique, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives ; et en ce qui concerne les provinces de Québec et du Manitoba, ils devront y être publiés en anglais et en français ; et des exemplaires marqués de chaque numéro de tous les journaux contenant le dit avis devront être adressés aux greffiers du Sénat et de la Chambre, et devront porter à l'endos 'Avis de Bill Privé' ; ou une déclaration statutaire attestant la publication pourra être envoyée au lieu des dits exemplaires.

RÈGLES RELATIVES AUX PÉTITIONS ET BILLS PRIVÉS.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts. L'honoraire de \$200 ne sera payé que dans la Chambre où le bill a pris naissance ; mais les frais de réimpression et de traduction seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Nulle pétition demandant la construction légale d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne de quelque chemin de fer ou canal existant ou autorisé, ne sera prise en considération par les comités des Ordres Permanents, à moins qu'il n'ait été soumis au comité une carte ou plan indiquant le territoire sur lequel

devront être construits les travaux projetés, et chaque comté ou district dans lesquels devront être construits le chemin de fer ou canal projeté, ou quelqu'embranchement ou prolongement d'iceux.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées ainsi; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débetures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie Britannique, ou les Terri-

toires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district: autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

ORDERS IN COUNCIL.

[Ref. 931,055.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 15th July, 1904, from the Minister of the Interior, stating that it has been represented to him that it would be in the interests of the School Lands Endowment Fund of the Territories to offer for sale by public auction during the coming autumn a number of School Lands in Western Alberta, as well as some in Eastern Assiniboia. The lands it is proposed should be offered for sale are those situated in the vicinity of the line of the Calgary and Edmonton Railway, and of the Crows Nest Branch of the Canadian Pacific Railway in Alberta as well as a certain number in the vicinity of Yorkton and Saltcoats in Eastern Assiniboia.

The Minister is of the opinion as no general auction sale of School Lands in Alberta has been held since the Auction Sale at Calgary in July, 1899, which only comprised a few sections in the neighbourhood of that place and in view also of the fact that there is at present a very strong demand for School Lands especially for those in Alberta and in the Yorkton District in Assiniboia, that if offered now they would realize good prices, and in this view the Government of the North-west Territories concurs.

The Minister therefore recommends that he be authorized to offer for sale during the coming Autumn the School Lands in the vicinity of the line of the Calgary and Edmonton Railway and of the Crows Nest Branch of the Canadian Pacific Railway in Western Alberta and in the vicinity of Yorkton and Saltcoats in Eastern Assiniboia, which are now being inspected and valued for that purpose ; the sales to be held on such dates and at such places as may be hereafter determined by the Minister of the Interior and to be subject in every case to an upset price based upon the valuation of the land.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

18—4

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 1st day of November, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Governor General in Council, in pursuance of the provisions of the 16th section of The Fisheries Act, chapter 95 of the Revised Statutes of Canada, is pleased to order that section 3 of the General Fishery Regulations for the Province of Ontario, established by the Order in Council of the 18th July, 1889, fixing a close season for Whitefish and Salmon-trout, shall be and the same is hereby amended so as to permit the catching of such fish for the year 1904, up to and inclusive of the 15th of November.

JOHN J. McGEE,
Clerk of the Privy Council.

19—3

[Ref. 470,979.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 1st day of October, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Governor General in Council is pleased to order that section 1 of the Regulations governing the disposal of Dominion Lands containing petroleum, established by the Order in Council of the 23rd March, 1904, shall be and the same is hereby rescinded, and the following section substituted therefor :—

1. All unappropriated Dominion Lands in Manitoba, the North-west Territories and within the Yukon Territory, shall be open to prospecting for petroleum by an individual or company desiring to do so. In case there should arise any dispute as to whether lands are or are not unappropriated, the question shall be decided by the Minister of the Interior whose decision shall be final ; provided, however, that the Minister may reserve for an individual or company who has machinery on the land to be prospected, an area of 1920 acres for such period as he may decide.

This tract of land may be selected by the said individual or company so soon as machinery has been placed on the ground, but the length of such tract shall not exceed three times the breadth thereof ; where the circumstances of the case, however, appear to be exceptional the Minister of the Interior may permit the selection to be made in areas of not less than a quarter-section, or a fractional quarter-section, which may have resulted from the convergence of meridians, in such section affected, and the several parcels of land selected must be contiguous.

JOHN J. McGEE,
Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 94 of 1904.

(Pacific Notice No. 16.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

BRITISH COLUMBIA.

(247) WEST COAST OF VANCOUVER ISLAND—TEMPLAR CHANNEL—ENTRANCE TO CLAYOQUOT—LENNARD ISLAND—LIGHTHOUSE ESTABLISHED.

A lighthouse, established by the Government of Canada on Lennard island, at the entrance to Templar channel, the southernmost approach to Clayoquot, on the Pacific coast of Vancouver island, will be put in operation on the 1st November, 1904.

Lat. N. 49° 6' 40"
Long. W. 125 55 55

The lighthouse stands on the summit of the southwest point of the island, where the rock rises about 35 feet above high water mark. It is a wooden building, octagonal in plan, with sloping sides, painted white, surmounted by a metal lantern, circular in plan, painted red. It is 80 feet high from its base to the vane on the lantern. A white wooden lightkeeper's dwelling and outbuildings have also been erected on the island.

The light is a flashing white light, giving a flash every eleven and a quarter seconds. It is elevated 115 feet above high water mark, and should be visible 16 miles from all points of approach, except where obscured by trees on Lennard island. The illuminating apparatus is dioptric, of the first order, and the illuminant petroleum vapour, burned under an incandescent mantle. N. to M. No. 94 (247) 27-10-04.

(248) EAST COAST OF VANCOUVER ISLAND—LADY-SMITH—ROCKS FOUND—HYDROGRAPHICAL NOTES.

During the resurvey of Oyster harbour by H. M. S. "Egeria," Comr. J. F. Parry, R.N., the following dangers were found :

(a) A rock, with 6 feet over it at low water, ordinary springs, was found to the eastward of Coffin island. From this rock Coffin island lighthouse bears S. 61° W., distant $1\frac{3}{10}$ cables.

Another head with 12 feet over it was also found $\frac{6}{10}$ cable to the eastward of the above position, and on the edge of the danger line as shown on chart No. 714. From this danger Coffin island lighthouse bears S. 64° W., distant $1\frac{8}{10}$ cables.

(b) The "3½ fathoms" referred to in notice to mariners No. 32 (72) of 1903, and shown on chart No. 714 as lying on the edge of the 20-fathom line, $2\frac{1}{2}$ cables S.W. of Coffin island, was found on examination to be the outer extreme of a narrow ridge extending from the reef off the point in Evening cove lying 3 cables N.W. of Sharp point. This ridge has depths of from 2 to 3 fathoms over it and from its extreme point Coffin island lighthouse bears N. 26° E., distant $2\frac{6}{10}$ cables.

(c) Off the west end of the western Twin island the 3-fathom line was found to extend into the anchorage $1\frac{3}{10}$ cables to the S.W. in the direction of the head of the coaling wharf on the opposite shore; the 5-fathom line extending $\frac{6}{10}$ cable farther in a similar direction. This extension is in the nature of a spit running off the above point. Vessels are cautioned against anchoring in this vicinity.

(249) STRAIT OF GEORGIA—MALASPINA STRAIT—UNCHARTED ROCK.

On 10th September, 1904, Captain A. J. Bjerre, of the steamer "Active" found an uncharted rocky shoal, on which a depth of 12 feet was obtained at low water, in Malaspina Strait, off Sechart peninsula, mainland of British Columbia.

From the shoal, which is about 200 feet in extent, Point Upwood bears S. 2° W. and Gowlland point S. 62° E.

Position, to be considered approximate only :

Lat. N. 49° 33' 40''
Long. W. 124 2 48

Caution must be exercised in navigating deep draught vessels in this neighbourhood, as the shoal is nearly in the fairway to Welcome pass.

(250) LYNN CANAL—POINT SHERMAN—LIGHT ESTABLISHED.

About 20th October, 1904, a fixed white lens-lantern light was established on Point Sherman, eastern side of Lynn canal, and about $\frac{3}{4}$ mile south of Seward city.

Approximate position :

Lat. N. 58° 51' 12''
Long. W. 135 8 23

The light is 38 feet above the water, 6 feet above the base of the structure from which it is shown, and it illuminates 300° of the horizon.

The structure is a white, hexagonal, wooden tower, surmounted by a hexagonal lantern with black roof. A white, one-and-one-half story, wooden dwelling, and a white boathouse, each having a brown roof,

stand a short distance to the eastward of the light-tower.

A beacon light has been established by the Government of Canada on White islet, lying off Mission point, and southeasterly from Seechelt peninsula, in the Strait of Georgia, in place of the beacon described in part ii of Notice to Mariners, No. 60 of 1901.

Lat. N. 49° 24' 50''
Long. W. 123 42 32

The light is an unwatched light, shown from a Wigham 31-day oil lamp standing on a small white enclosed wooden tower, supported on a black wooden framework. The light is fixed white, elevated 36 feet above high water mark, and should be visible 6 miles from all points of approach.

To prevent confusion amongst the numerous geographical features called "White" this light will be known as "Seechelt" light.
